# Preface

---

The House Select Committee to Investigate Covert Arms Transactions with Iran and the Senate Select Committee on Secret Military Assistance to Iran and the Nicaraguan Opposition, under authority contained in the resolutions establishing them (H. Res. 12 and S. Res. 23, respectively), deposed approximately 290 individuals over the course of their 10-month joint investigation.

The use of depositions enabled the Select Committees to take sworn responses to specific interrogatories, and thereby to obtain information under oath for the written record and develop lines of inquiry for the public hearings.

Select Committees Members and staff counsel, including House minority counsel, determined who would be deposed, then sought subpoenas from the Chairmen of the Select Committees, when appropriate, to compel the individuals to appear in nonpublic sessions for questioning under oath. Many deponents received separate subpoenas ordering them to produce certain written documents.

Members and staff traveled throughout the United States and abroad to meet with deponents. All depositions were stenographically reported or tape-recorded and later transcribed and duly authenticated. Deponents had the right to review their statements after transcription and to suggest factual and technical corrections to the Select Committees.

At the depositions, deponents could assert their fifth amendment privilege to avoid self-incrimination by refusing to answer specific questions. They were also entitled to legal representation. Most Federal Government deponents were represented by lawyers from their agency; the majority of private individuals retained their own counsel.

The Select Committees, after obtaining the requisite court orders, granted limited or "use" immunity to about 20 deponents. Such immunity means that, while a deposed individual could no longer invoke the fifth amendment to avoid answering a question, his or her compelled responses—or leads or collateral evidence based on those responses—could not be used in any subsequent criminal prosecution of that individual, except a prosecution for perjury, giving a false statement, or otherwise failing to comply with the court order.

An executive branch Declassification Committee, located in the White House, assisted the Committee by reviewing each page of deposition transcript and some exhibits and identifying classified matter relating to national security. Some depositions were not reviewed or could not be declassified for security reasons.

In addition, members of the House Select Committee staff corrected obvious typographical errors by hand and deleted personal and proprietary information not considered germane to the investigation.

In these *Depositions* volumes, some of the deposition transcripts are followed by exhibits. The exhibits—documentary evidence—were developed by Select Committees' staff in the course of the Select Committees' investigation or were provided by the deponent in response to a subpoena. In some cases, where the number of exhibits was very large, the House Select Committee staff chose for inclusion in the *Depositions* volumes selected documents. All of the original

---

exhibits are stored with the rest of the Select Committees' documents with the National Archives and Records Administration and are available for public inspection subject to the respective rules of the House and Senate.

The 27 volumes of the *Depositions* appendix, totalling more than 30,000 pages consist of photocopies of declassified, hand-corrected typewritten transcripts and declassified exhibits. Deponents appear in alphabetical order.

Whereupon,

SUSAN CRAWFORD

having been first duly sworn, was called as a witness here  
and was examined and testified as follows:

EXAMINATION ON BEHALF OF THE HOUSE SELECT COMMITTEE

BY MR. SABA:

Q Ms. Crawford, for the record, could you please  
state your full name and give us background as to your  
present duties, when you came to your present station and  
a little bit of an explanation about the [REDACTED]  
system?

A My name is Susan Crawford. I am the General  
Counsel for the Department of Army and have been General  
Counsel since September of 1983.

For two years prior to that, from September '81  
to '83, I was the principal Deputy General Counsel for the  
Department of Army. I report directly to the Secretary of  
the Army, Jack Marsh. When I was the Deputy, I reported to  
the then General Counsel, and of course the office reported  
to the Secretary of the Army.

In the fall of '84, largely in regard to a number  
of systemic problems that had been uncovered as a result of  
the so-called "swallow fruit" investigation, the Army estab-  
lished a new office [REDACTED]

1 purpose of that office was to get centralized control of all  
2 classified programs both in the procurement and special  
3 projects special support to other agencies, as well as all  
4 special access programs that the Army would deal in.

5 The office worked directly under the Vice Chief of  
6 Staff of the Army, and is the central clearinghouse for  
7 Army support to other agencies that would be in the  
8 sensitive or classified arena. This office establishes a  
9 paper flow, a trail, an audit of requests coming through  
10 the Army through the [REDACTED]

11 This office contains [REDACTED] people, including  
12 an Army Judge Advocate, an Army lawyer, and they work up  
13 the paper that becomes the request that flows through the  
14 Army leadership and basically from the [REDACTED]  
15 [REDACTED] the action, the request for Army support would  
16 go to the Judge Advocate General, the legal member of the  
17 Army staff, to the Vice Chief of Staff and the Chief of  
18 Staff, and then come to Secretary, the civilian leadership,  
19 which includes my office, before it finally goes to the  
20 Office of the Secretary of the Army.

21 So we have basically three legal reviews along the  
22 way, the initial one [REDACTED]  
23 by an Army General Advocate, a review by the Office of the  
24 Judge Advocate General as the action goes to the Army staff,  
25 and when it comes to the Secretariat, it comes to my office,

1 and I personally review the actions as they come through.

2 I have an attorney in my office assigned to be  
3 the action officer who would first review the action, and  
4 then bring it to me with his recommendations, and we would  
5 then review it together, and then it would go on to the  
6 Secretary of the Army. This is our normal [REDACTED]  
7 procedure in the headquarters of the Department of the  
8 Army and to the best of my knowledge until the TOW missile  
9 incident arose in January '86, I was not aware of any  
10 actions that had been outside of this [REDACTED] system  
11 or outside of this process.

12 Q If you would, could you explain for us how the  
13 [REDACTED] would work if, for example, in early  
14 January '86 a request from the CIA for support were to come  
15 to the Army? What type of paper would normally be generated  
16 by the agency in its request, and if you could briefly  
17 walk us through the movement of that paper to the point where  
18 the agency would receive the equipment, let's just call it  
19 the equipment requested.

20 A To the extent that I am knowledgeable, at some point  
21 along the way my involvement either hasn't begun yet or has  
22 ceased to exist --

23 Q If you could also recall not only the titles of  
24 persons to whom it would go, but if you could at that time  
25 January '86, mention for us the names of the persons to whom

~~UNCLASSIFIED~~

5

1 it would go.

2 A We are talking about requests here as they come in.  
3 That is an important distinction, because looking at the  
4 TOW transfer and later the Hawks that was not a request  
5 coming through the system, that was an order to execute.

6 Q Let's take the pre January 15th --

7 A The normal type of action.

8 Q Let's assume for the sake of our example January 6,  
9 1986, we don't know anything about what is going to happen  
10 and it is what you might view as a routine request for  
11 equipment from the agency.

12 I would like you to explain to us how that would  
13 enter the system and how it would be processed.

14 A It would come to the Army from the JCS. The  
15 agency would send the request to the joint staff, the joint  
16 staff would then take it to the Army, and I assume to the  
17 other services, although I can't speak to that.

18 [REDACTED]  
19 [REDACTED]  
20 Q So the JCS would receive the paper from the  
21 agency and one of the members of the JCS would then  
22 take it [REDACTED]

23 A They would have [REDACTED]

24 Q Who was the person at that time who headed it up?

25 A In the JCS I do not know. In the Army in January

UNCLASSIFIED

~~UNCLASSIFIED~~  
~~TOP SECRET~~

1 of '86 it would have been [REDACTED]

2 [REDACTED]

3 [REDACTED]

4 Q So the request would go to the JCS and they would

5 refer to [REDACTED]

6 A I don't think they call [REDACTED] I don't

7 know what they would call it. [REDACTED] office is how

8 we refer to it.

9 Q All right.

10 A In the Army's [REDACTED]

11 would then be a piece of paper that would describe what

12 it is that is being requested with specificity, what type

13 equipment and the quantity of the equipment. If a

14 presidential finding, for example, were involved, the

15 request would reference that this is in support of a

16 presidential finding on whatever country it may be, or

17 whatever year of the finding, perhaps a month of the finding.

18 Q Typically would the existence of a presidential

19 finding be known?

20 A The existence of a presidential finding would be

21 known. The Army, until recently, has not been permitted

22 to review presidential findings. That has been a very

23 recent development, and in the Army only the Secretary and

24 I are authorized to review presidential findings.

25 So in January of '86, no one in the Army would

~~UNCLASSIFIED~~  
~~TOP SECRET~~

~~TOP SECRET~~

7

1 be<sup>N</sup> authorized to review a presidential finding. However,  
2 we would have known that one existed, there would be a  
3 reference to it, specific finding and the date of the  
4 finding.

5 Of course, not all requests would reference a  
6 presidential finding. Some requests would be simply to  
7 replenish stocks of the agency and if that were the case,  
8 the request would then say so.

15 We have a master data list called the Army  
16 Master Data File, the famous AMDAF, and that generally  
17 has a price listing for goods, for items of equipment,  
18 and I understand that we follow that in most cases. But  
19 those sorts of details would be worked out

1 [REDACTED]  
2 [REDACTED]  
3 [REDACTED]  
4 [REDACTED]  
5 [REDACTED]  
6 [REDACTED] then the paper, the action  
7 would start its flow through the Army leadership and  
8 going first, as I described earlier, through the Office  
9 of the Judge Advocate General, and then to -- the  
10 Judge Advocate General in January '86 was and still is  
11 today, General Hugh Overholdt.

12 There might be another Army staff office that  
13 would be involved depending on the nature of the request.  
14 could be the Office of the Deputy Chief of Staff for lo-  
15 gistics if it were an equipment issue or an intelligence  
16 issue -- in January of '86 that was General Ben Register,  
17 General Russo was his deputy.

18 If it were an intelligence-related issue, the ma  
19 would go through the Office of the Deputy Chief of Staff  
20 for Intelligence. At that time, the Assistant Chief of  
21 Staff for Intelligence, the ACSI, that is General Tom  
22 Weinstein, and it was in January '86 as well. It may be  
23 an operational issue which would take it through the Office  
24 of the Deputy Chief of Staff for operations, January of  
25 '86, Colonel Vuono, soon to become the Chief of Staff.

1 And then it would, of course, come through the Vice Chief of  
2 Staff, General Max Thurman, to the Chief of Staff, John  
3 Wickham, to complete. It would not go through all of those  
4 Army -- each action would not go through all those staff  
5 offices.

6 It would depend upon the nature of the request,  
7 but any one of those could be a stop along the way. The  
8 Judge Advocate General is always a stop along the way as  
9 is the Chief of Staff of the Army.

10 Q What would be the review that the Judge Advocate  
11 General would do?

12 A Very similar to the review in my office, and  
13 that would be one for making sure there was an underlying  
14 authority for the transfer, reviewing the terms of  
15 reference to make sure that they were adequate,  
16 reviewing -- of course making sure that if it were a  
17 transfer of equipment that the Economy Act would be used.

18 If there were any restrictions on funding,  
19 restrictions on activities, congressional restrictions,  
20 statutory restrictions, we would look to review those  
21 as well in addition to any regulatory restrictions that may  
22 be there. There are some activities that the Secretary --

23 Q Would this include congressional notification  
24 requirements, if any?

25 A Yes. Normally, the Army has included that almost

UNCLASSIFIED  
~~TOP SECRET~~

~~TOP SECRET~~  
~~UNCLASSIFIED~~

10

1 as boiler plate in the terms of reference from the very  
2 early days of [REDACTED] we have  
3 insisted upon the user notifying Congress. So that is --  
4 that is just a given from the Army -- as one of the  
5 Army's conditions.

6 Q So normally it would be correct to say the process  
7 provides that the Judge Advocate General would be the first  
8 legal review and among his reviews would be questions as to  
9 Congressional notification?

10 A Actually, the first legal review would be done  
11 by the [REDACTED]  
12 [REDACTED] office. There is [REDACTED]  
13 [REDACTED] independent of the Judge Advocate General  
14 [REDACTED] just to assist in the write-ups.

15 That is an early legal review, but that is not  
16 a substitute for the Judge Advocate General reviewing it.

17 Q Does the Judge Advocate General himself usually  
18 give an opinion on these matters?

19 A Normally, it is a concurrence, sometimes with  
20 a caveat here or there. Now that the general counsel is  
21 permitted to review the presidential findings, the Judge  
22 Advocate will concur subject to general counsel review of  
23 the presidential finding.

24 Q What other legal reviews might have been involved  
25 in early '86 in addition to the Judge Advocate General's

~~UNCLASSIFIED~~

11

1 review and a review of [REDACTED]

2 A A review done by the General Counsel's office in  
3 my office. Once the action leaves the Chief of Staff of the  
4 Army, it then leaves what we call the Army staff, the uniformed  
5 leadership of the Army, comes over to the civilian leadership  
6 side, which generally is the Secretary of the Army, sometimes  
7 the Under Secretary of the Army, depending upon the nature  
8 of the request, and always the General Counsel of the Army.

9 So it would come to my office before it would go  
10 to the Secretary or to the Under Secretary for final  
11 approval.

12 Q And what would you be reviewing the matter for?

13 A Basically, the same items that I outlined that  
14 the Judge Advocate General would look to. I perhaps carry  
15 it one step further in that although my responsibilities are  
16 not in the policy area in many of these activities, if I  
17 see something that just doesn't sound right or perhaps  
18 look dumb -- I call it the "Suzie from Pittsburgh<sup>h</sup> test."  
19 Something doesn't strike me right, I will raise it in my  
20 office to see if we should raise it with the Secretary.

21 I don't substitute my judgment for that DCS/OPS  
22 in an operational matter, or the ACSI in an intelligence  
23 matter, but give it a litmus test there as to whether or not  
24 the Army is doing a smart thing.

25 Q And your opinion would go to the Secretary of the

~~UNCLASSIFIED~~  
~~TOP SECRET~~

~~TOP SECRET~~

1 Army?

2 A Yes. From time to time I have put my opinion  
3 a memorandum going to the Secretary. None of the legal  
4 reviews work in a vacuum, however. When the action [REDACTED]  
5 [REDACTED] if the lawyer  
6 [REDACTED] has a problem with it, he will call  
7 upon the lawyer in the Office of the Judge Advocate General  
8 as well as in my office and try to work that out before  
9 it goes through the formal staffing process. So we are  
10 not working independent of one another, but working together  
11 to prevent problems from arising.

12 Q Would there be other legal reviews of a request?

13 A In the Army there would not be. I can't speak  
14 to what would be outside of the Army. I know that the  
15 Office of the General Counsel of the Department of Defense  
16 occasionally gets involved. Maybe there is a review at  
17 the JCS level as well, and I don't know what review the  
18 agency or CIA or requesting agency might do. But in the  
19 Army, those would be the three principal legal reviews.

20 Q As of January '86 prior to the 17th of January  
21 that year, had there been requests received from other  
22 agencies which were reviewed by the [REDACTED] system?

23 A Had requests for support from other agencies come  
24 through our [REDACTED] system?

25 Q Yes.

UNCLASSIFIED  
~~TOP SECRET~~

~~TOP SECRET~~

13

1 A Yes.

2 Q So that the system had been used --

3 A Yes.

4 Q You and others were familiar with the system and  
5 prepared to implement it should the requirement arise?

6 A Yes, it had been used and is still being used  
7 as we speak, I'm sure.

8 Q I would like to turn to the events of February 1986  
9 in connection with the provision of TOWs to the CIA, and  
10 I would ask you to explain to us in your own words how  
11 you first came to know of the matter, with whom you met  
12 and if you would explain to us the events which led to your  
13 writing the memo-- your memo of 13 February 1986, which  
14 we will enter as Exhibit 1.

15 (The document referred to was marked as Exhibit 1  
16 for identification.)

17 BY MR. SABA:

18 Q In your narrative, please work up to the memo  
19 rather than backwards from it.

20 A Sometime in late January or early February of  
21 1986 the attorney in my office who I have described as the  
22 action attorney on requests for support that would come  
23 through the [REDACTED] system, his name is Tom Taylor--  
24 came to me and brought with him an Army major by the name  
25 of Chris Simpson. Chris Simpson was described to me by Tom

~~TOP SECRET~~

14

1 as a DCS/LOB action officer, Deputy Chief of Staff for  
2 Logistics, someone <sup>with whom</sup> ~~whom~~ Tom had worked on a variety  
3 of [REDACTED] Tom said that Chris had a particular action  
4 that he was working that sounded a little curious, and  
5 he thought I should know about it.

6 Tom and Chris came into my office and closed  
7 the door and Chris described to me what I learned he  
8 had previously described to Tom Taylor; that the Army  
9 was about to transfer something like a Stinger missile.  
10 We were not told, Tom Taylor and I, what it was specifically  
11 but it was something like a Stinger missile.

12 He couldn't tell us how many and therefore he  
13 couldn't tell us how much it cost, what the transfer would  
14 be, nor could he tell us where it was going, but he wanted  
15 a legal review. Obviously, we advised Major Simpson --

16 Q Standard form.

17 A That we could not give him a complete legal  
18 review. He was very respectful. He did not just come  
19 in demanding a legal review, but that we could not give  
20 him a complete legal review without more information. We  
21 did establish the transfer should be done pursuant to  
22 the Economy Act on a reimbursable basis, but beyond that  
23 we couldn't comment further because we didn't have enough  
24 facts on which to operate.

25 It was obvious to me at that meeting that Major

1 Simpson was very nervous. I don't recall if he said so  
2 at that meeting or if Tom Taylor told me afterwards. I think  
3 it came up during the meeting, but Major Simpson had been  
4 instructed that he wasn't to talk to anybody about this action.

5 Q Did he indicate who instructed him as to that  
6 matter?

7 A As I recall, it would have been his superior,  
8 General Russo, and he may have indicated that General  
9 Russo was under the same sort of admonitions, but that  
10 it was highly sensitive. There was to be no paperwork  
11 on the activity. It had already received a legal review  
12 at the highest levels of government without being specific  
13 as to what those levels were.

DOTSON/bap 14

1:45

15 Q So he didn't indicate anything other than the  
16 highest levels of government?

17 A That is right.

18 Q He didn't tell you who else had reviewed it?

19 A No.

20 Q Did he mention any statutes or particular laws or  
21 particular concerns?

22 A No. In fact, I am not even sure he knew who would  
23 have reviewed it at the highest levels of government.

24 Q He had the impression somewhere there had been a  
25 review at a high level of government?

A Yes. And he was, as I said, nervous because I

16

1 think he realized that he was probably going against order  
2 not to discuss it. But, being the good action officer that  
3 he was, he wanted as complete a staffing as he could get.

4 During that meeting, I remember asking him does  
5 the Secretary of the Army know about this? He did not  
6 know. He did not know whether or not Secretary Marsh knew  
7 about it. And I, out loud, in thinking and talking with  
8 Tom Taylor, said perhaps we need to alert the Secretary  
9 to make sure he knows about it, at the same time protect  
10 Major Simpson from coming forward and speaking to us.

11 I thought it was good he had done what he had done  
12 but I did not want to expose him to any difficulties, which  
13 is why the memo that Leonard wrote to the Secretary was  
14 somewhat subtle in terms of what the issue was. I am  
15 not sure it could have been more specific, not knowing  
16 more facts.

17 Q I take it you are referring to --

18 A The 13 February memo.

19 Following our meeting with Major Simpson --

20 Q Do you recall the date of that meeting?

21 A It would have been prior to the 13 February memo  
22 quite clearly. It could have been some time in the first  
23 week of February. I do not recall the date, to answer your  
24 question specifically. Early February of 1986 is as best  
25 I recall. I kept no records of that meeting.

17

1 Prior to me sending the memo to the Secretary of  
2 the Army on 13 February, I do know that Tom Taylor was  
3 called to Vince Russo's office, General Russo's office, to  
4 discuss the same matter we discussed with Chris Simpson.  
5 We had talked about the issue of congressional notification  
6 with Major Simpson in addition to wanting to let the  
7 Secretary of the Army know about the transfer. Congressmen  
8 to be notified was something that came up.

9 Major Simpson could not answer either of those  
10 questions. I was not present at the meeting with Tom  
11 Taylor and General Russo. I believe Tom Taylor has been  
12 interviewed by the committee, and has talked about that.  
13 That precipitated.--

14 Q I take it Mr. Taylor returned from the meeting  
15 and reported to you.

16 A Yes. That he had been --

17 Q What did he report to you?

18 A He reported to me that he had discussed further  
19 the matter that he and I discussed with Major Simpson with  
20 General Russo and that he basically told General Russo  
21 what we had told Major Simpson and that is without more  
22 facts we cannot give you a complete legal review.

23 Q Did he say why General Russo had called him in?

24 A He did not know specifically why. He and I  
25 surmised-- we speculated, perhaps, Major Simpson, and this

~~UNCLASSIFIED~~ ~~SECRET~~

18

1 is only our guess. I don't know. Perhaps Major Simpson  
2 was nervous that he had come to us and thought he had  
3 better report it to General Russo. Otherwise General  
4 Russo might find out about the it otherwise. That is  
5 the only explanation.

6 Q But the request for Russo to Taylor came about,  
7 as you understand it, to discuss this particular  
8 provision of TOWs. It was not some other matter?

9 A Yes, TOWs, as we found out later. Something  
10 like a Stinger is what -- something like a Stinger missile.

11 Q What did Mr. Taylor tell you about that meeting?

12 A He said that he discussed the issue of  
13 congressional notification with General Russo, and also the  
14 provision of the fiscal year 1986 Intelligence Authorization  
15 Act, which was the subject of that 13 February memo. But  
16 again, as I said earlier, he could not give General  
17 Russo a complete legal review.

18 Q Had General Russo asked for that?

19 A General Russo had not asked for that. General  
20 Russo had not asked for that. I know that it is --  
21 that at some point there was a meeting in my office with  
22 Tom Taylor and General Russo and Major General Bill Suter.  
23 Bill Suter is the Assistant Judge Advocate General. General  
24 Overholdt was out of town when this happened. I believe he  
25 was in the Far East, and General Suter was the acting

1 Judge Advocate General, I think, as it is officially called.  
2 So my dealings with the Office of the Judge Advocate  
3 General on this matter were at that time with General  
4 Suter.

5 Q I take it this meeting was prior to the 13th?

6 A I do not recall whether or not it was prior to  
7 the 13th. I see that General Russo has a little note here  
8 on the bottom of the memo dated 13 February that we had  
9 discussed a date, and it could well have been that very  
10 same day.

11 Q I take it in looking at Exhibit 1 and the hand-  
12 written note on the bottom, you recognize that to be  
13 General Russo's note.

14 A Yes. I have no reason to think that it is not. I  
15 believe that would be General Russo's note.

16 Q Do you recall did you provide this memo to  
17 General Russo on that day in the meeting?

18 A I do not recall. Obviously I did provide him  
19 a copy when I sent it to the Secretary, but I don't --  
20 we may have met-- discussed the issue. Then I sent the  
21 memo and then sent him a copy of it. It could have been  
22 that way. I just don't recall.

23 Q Could you tell us about those discussions?

24 A Well, we generally discussed the issue of  
25 congressional notification and the requirement to notify

**UNCLASSIFIED**

1 Congress if it should fall within the provisions of the  
2 fiscal year '86 Intelligence Authorization Act. General  
3 Russo wanted to know whose responsibility it was to notify  
4 Congress, and I advised him that it has been the position  
5 of the Office of the Secretary of Defense that the user  
6 agency bears the ultimate responsibility for congressional  
7 notification; not the supplying agency.

8 Q Just so we understand the context of this  
9 conversation, had General Russo informed you in this  
10 meeting of the details of the transaction?

11 A No. I learned the details of the transaction  
12 in November like everybody else. November of 1986.

13 Q Correct me if I am wrong, the conversation  
14 essentially between General Russo and the attorneys  
15 involved is somewhat abstract in the sense that TOWs  
16 were not mentioned.

17 A That is correct.

18 Q The agency was not mentioned.

19 A I believe we knew the agency was the requestor.

20 Q We knew the materials were to go to another  
21 United States Government agency, the CIA.

22 A Which is why the Economy Act was the governing  
23 legal provision.

24 Q Did you know the weapons were intended for another  
25 country, or another purchaser?

1           A     We did not know that. I surmised they were

4     Although with all the secret activities surrounding this, I  
5     didn't think this would be a normal replenishment

7           Q     Did General Russo tell you for whom the missiles  
8     were intended?

9           A     No, he did not. To the best of my knowledge, he  
10    did not know.

11          Q     Was the meeting at his initiative or your own?

12          A     I believe it was his.

13          Q     And why did he think, there might be a congressional  
14    notification problem?

15          A     Well, he would be the best one to answer that.  
16    I really could not answer that for him. But the issue  
17    had been raised by my office to Major Simpson and surmised  
18    back to General Russo.

19          Q     Was the fiscal year '86 Intelligence Authorization  
20    Act discussed at this meeting?

21          A     Yes.

22          Q     Could you tell us to your recollection what that  
23    discussion was?

24          A     Simply it was Tom Taylor and I informed General  
25    Russo of the provision and of the congressional notification

1 requirement of that provision just to -- I believe that he h  
2 more facts than I did as to type of missile and quantity  
3 and cost and would be able to tell from me pointing out  
4 the provision to him whether or not we were in harm's way.

5 Q At that time, do you recall what you informed  
6 General Russo the requirements of that Act were or what  
7 you thought they were at that time?

8 A I described for him what the Act-- what my  
9 understanding of the Act was as I put in the memo to the  
10 Secretary.

11 Q I am interested in what your understanding of  
12 Act was at the time.

13 A My understanding-- and I have later learned  
14 my understanding was perhaps not correct. My understanding  
15 was that if the articles in the aggregate exceeded  
16 \$1 million that there was a notification requirement.  
17 It has later been pointed out to me that perhaps I should  
18 have viewed it as individual items costing a million  
19 dollars each.

20 Q But at the time you thought --

21 A It was in the aggregate.

22 Q -- a request for items which aggregate \$1 million  
23 or more required congressional notification?

24 A That is correct.

25 Q And your understanding was who would bear the

UNCLASSIFIED  
TOP SECRET

~~TOP SECRET~~

23

1       burden of the notification?

2           A     The agent -- in this particular action it would be  
3       the CIA.

4           Q     Just so the record is clear, because there is some  
5       confusion on the matter, your understanding was that if  
6       there were \$1,500,000 worth of bullets requested, that  
7       would trigger the notification requirement?

8           A     Yes.

9           Q     That it would not be necessary that there be a  
10       single item costing \$1 million; is that correct?

11          A     That was my understanding at the time.

12          Q     And that is what was conveyed to General Russō.

13          A     Yes.

14          Q     Did he have any response to that opinion?

15          A     I do not recall that he did specifically other than  
16       asking whose responsibility, who bears the responsibility  
17       of notifying Congress.

18          Q     And do you recall conveying your memo of 13  
19       February '86, Exhibit 1, to the Secretary, to Secretary  
20       Marsh?

21          A     Yes. I sent it to the Secretary of the Army.  
22       As I mentioned earlier, I did not -- one of my chief  
23       concerns was is the Secretary informed-- does he know of  
24       this transfer. I harken back to the days before

25       [REDACTED] the Army was, as we

1 learned, supplying equipment to other agencies without the  
2 knowledge of the senior civilian leadership and sometimes  
3 without the knowledge of the senior military leadership,  
4 and so one of my principal concerns was whether or not  
5 Secretary Marsh was personally informed.

6 Q At this point I will interrupt for a moment --  
7 in your meeting with General Russo, did he refer to the  
8 transaction as a requirement or a request?

9 A I do not recall what specific language he used.  
10 It was pretty clear to me by the unusual nature of the  
11 action that the Army was, that the equipment <sup>needed</sup> had been  
12 ~~execute~~ <sup>acutely</sup> needed. Send these, whatever they were, how <sup>ever</sup> many of  
13 them there were, to the CIA.

14 That had come from the Office of the Secretary of  
15 Defense directly to the Army and we were marching out to  
16 execute.

17 Q Also --

18 A But I don't recall -- to answer your question, I  
19 don't recall what specific description <sup>of</sup> General Russo  
20 put on the transaction. That is what was in my mind.

21 Q So you then gave the memo to Secretary Marsh  
22 because you were concerned he may not be informed.

23 A Yes.

24 Q And how did Secretary Marsh receive the memo?

25 A I received it back with a note from him across the

UNCLASSIFIED

25

1 top that said, "What's the next step," which caused me to  
2 schedule a meeting with the Secretary, which I believe  
3 was held on the 24th of February, as I recall. It was  
4 Monday afternoon, which I believe was the 24th, on or about  
5 the 24th of February.

6 Q Do you recall who was present?

7 A Yes, I do. General Bill Suter, the acting Judge  
8 Advocate General and myself. Of course the Secretary was  
9 there [REDACTED]

10 [REDACTED] I believe that Brigadier General  
11 Carmen Cavezza, C-A-V-E-Z-Z-A, who was the executive to  
12 the Secretary of the Army <sup>at</sup> was present, and General Russo,  
13 was also present.

14 As I recall, we started the meeting without  
15 General Russo, and they asked us to find General Russo and  
16 have him join us.

17 At that meeting, again, the type of missile, to  
18 the best of my recollection, was not discussed, the  
19 quantity and the price were not discussed.

20 Q Destination?

21 A Destination was never discussed. And the Secretary  
22 had been aware, but not with any specificity, as to what  
23 the action was. He had been informed. I don't know by  
24 whom. This request had come to the Army. But it was clear  
25 to me when we started the meeting he was searching his own

~~UNCLASSIFIED~~  
~~TOP SECRET~~

~~UNCLASSIFIED~~

26

1 mind to recall what the activity was.

2 Q Did he ask where the orders or where the line of  
3 direction had been?

4 A I believe he did, because we discussed Colin  
5 Powell, General Colin Powell, Colin Powell's involvement  
6 and the fact General Russo had been dealing directly  
7 with Colin Powell without paper work, just verbally dealing  
8 with him.

9 The Secretary told General Russo to do two things.  
10 He told him to make a memorandum for the record, a memcom,  
11 as the Secretary calls them, of the matter so that there  
12 would be a record, and secondly, to raise the issue of  
13 congressional notification with General Powell.

14 Q And those were instructions to General Russo.

15 A To General Russo.

16 Q And General Russo's response?

17 A That he would do so; that he would do so.

18 Q Do you know if in fact General Russo did so?

19 Did he report back?

20 A He did not report back to me at that time. I  
21 found out some months later that he had done so. Of  
22 course he had no reason to report back to me. The Secretary  
23 asked him to do it, and he said he would do so, so I  
24 assumed that was --

25 Q We will return to that in a moment. Did

27

1 Secretary Marsh ask further details about the transaction  
2 during that meeting?

3 A Not during that meeting. Not that I can recall.

4 Q Do you recall any other subject other than  
5 congressional notification arising in that meeting?

6 A I think I probably kicked off the meeting by  
7 raising the issue of what I called an off-line action that  
8 was not within the [REDACTED] process.

9 Q What was the nature of that?

10 A Just that I had become aware that there was  
11 this action in the Army for us to handle a number of missiles  
12 without knowing what kind of missile and that it concerned  
13 me. I wanted to be sure that he was aware of it and that  
14 all the legal bases and other bases the Army could touch at  
15 least had been considered by the Army.

16 Q Would it be correct to state that you were  
17 concerned about this off-line transaction?

18 A I was concerned -- yes, that is correct. The  
19 Army, as I described for you earlier, in earlier days did  
20 not have control; senior leadership did not have control  
21 of these types of actions, and that is why [REDACTED]  
22 [REDACTED] was established, to get control  
23 so that the Army would not be an open conduit in terms of  
24 supplying other agencies. Not that we were an open conduit,  
25 but there were some activities that would usually not be

~~UNCLASSIFIED~~

28

1 going on.

2 Q Would it be fair to state you were suggesting  
3 to the Secretary of the Army the [REDACTED] system would  
4 be bypassed in this particular case?

5 A I told him it was my understanding the normal  
6 process had not been invoked in this case; that is  
7 correct.

8 Now, I did not say to him I thought it should  
9 have been. I can accept the fact there may be activities  
10 that are so sensitive that normal procedures would be  
11 bypassed. But my concern was does the Secretary himself  
12 know what is going on. He makes the decision.

13 If senior leadership makes the decision to bypass  
14 it, I can accept it. But I wanted to be sure he knew  
15 about it.

16 Q Were there any other subjects discussed at the  
17 meeting.

18 A No. The purpose was to discuss this subject.

19 Q Just so we are clear, other than requesting the  
20 memcon of the matter and requesting General Russo to raise  
21 the issue of congressional notification with General Powell  
22 did Secretary Marsh request any further action?

23 A Not that I can recall.

24 Q Did General Russo, to your knowledge, provide  
25 any indication that in fact he had created that memo or

~~UNCLASSIFIED~~

~~UNCLASSIFIED~~  
~~TOP SECRET~~

29

1 had reported to General Powell to you, to your knowledge  
2 or to Secretary Marsh?

3 A He did not report that to me. I believe he  
4 reported back to the Secretary of the Army, perhaps, through  
5 the Director of the Army staff.

6 Q I would like to show you a set of documents  
7 which we will mark Exhibit 2. You may not have seen them  
8 before. I will provide them to you and give you a moment to  
9 look at them.

10 (The documents referred to, were marked as Exhibit  
11 2 for identification.)

12 THE WITNESS: I am ready when you are.

13 BY MR. SABA:

14 Q Have you ever seen any one of these three  
15 documents before?

16 A Yes. I have seen all three of these documents.  
17 I believe they came to my attention within the last six  
18 weeks. We had searched for the third document here, the  
19 March '86 memo from General Arthur Brown to Colin Powell.  
20 We had searched for that in early November or mid November  
21 of 1986 when the matter first became one of public concern.

22 In fact, I sat with General Brown in his office.  
23 He thought he had sent a memo to Colin Powell, but no one  
24 could find it because he hadn't kept a copy of it. I  
25 remember going through his note books with him as to dates

1 following the meeting with the Secretary and he was  
2 thinking in his own mind, "Did I really write one or did I  
3 walk up and tell him? I think I wrote a memo." But  
4 we couldn't find it.

5 So this is finally surfaced I think about a  
6 month to six weeks ago.

7 Q For the sake of clarity, do you know how the request  
8 from Secretary Marsh to General Russo may have channeled  
9 its way through General Brown? Would that have been  
10 a normal channel?

11 A Yes, it could well have been normal, although  
12 I don't have any specific knowledge. It is not at all  
13 unusual for the Secretary of the Army to call upon  
14 General Brown on matters such as this on any other matters.

15 Director Brown's position is one of interface  
16 not only with the military, but ~~sometimes outside the~~  
17 Army as well.

18 Q Did you have any occasion between the time you  
19 first learned of this matter in early February until the  
20 time of General Brown's memo to discuss the matter with  
21 General Brown?

22 A To the best of my knowledge, I never discussed  
23 it with him during that time frame. General Brown thought  
24 when he and I were searching his files, he thought perhaps  
25 he had -- asked General Suter, Bill Suter, to draft the

1 memo for him. I don't know whether -- Bill Suter had no  
2 recollection of drafting the memo.

3 Q Directing your attention to the document dated  
4 12 March 1986, marked with a Senate stamp Number N-9899,  
5 a memo for Vice Admiral Poindexter and signed by General  
6 Powell, had you seen this document contemporaneously with  
7 its execution or before three weeks ago?

8 A I did not see it contemporaneous with its  
9 execution. I saw it at the same time that I saw the earlier  
10 memo I described from General Brown to General Powell.  
11 I saw all three of these at the same time as a package,  
12 which would have been the last month to six weeks, whenever  
13 it was discovered.

14 Q But not in 1986.

15 A No. Apparently the Army did not keep a copy  
16 of the General Brown memo, and I think we got it through  
17 the FBI or independent counsel or whatever channels.  
18 Maybe I shouldn't have said that on the record.

19 Q After having had a chance to review this, would  
20 it comport with what your memory was at the time it was  
21 executed?

22 A My understanding of the Secretary's concern, the  
23 issue of congressional notification be raised?

24 Q Yes. Specifically, I refer to the second sentence,  
25 which I believe refers to your views at the time. I am

1 asking whether or not that sentence is an accurate  
2 reflection of your views at the time.

3 A Yes, it is an accurate reflection of my views at  
4 the time.

5 Q And it was correct that your understanding was  
6 that the Army did not have responsibility for congressional  
7 notification?

8 A That is correct. It has been the OSD position that  
9 it is the receiver. That is not to say I don't think the  
10 Army had responsibility to raise the issue.

11 As I said earlier, they practically make that  
12 boiler plate in their terms of reference.

13 Q At the time General Powell wrote this memo, or  
14 shortly before, but after February 13, 1986, were you asked  
15 to provide any additional legal memo on the fiscal year '86  
16 Intelligence Authorization Act or any other statute that  
17 might have governed this transaction?

18 A No, I was not.

19 Q Did there come to your attention any other legal  
20 memorandum prepared by the Department of the Army or any  
21 other U.S. Government organization concerning the transfer  
22 during that period?

23 A Of this specific transfer, no. Later in the fall  
24 then, of course, I became aware of that. I did not link  
25 the two of them together until November.

1 Q I would like to show you a document dated April 18,  
2 1986, which we will refer to as Exhibit 3. I will give  
3 you a moment to read it.

4 (The document referred to was marked as Exhibit  
5 3 for identification)

6 THE WITNESS: This document looks familiar, which  
7 is the 18 April 1986 memo from Carl Vuono, then the Deputy  
8 Chief of Staff for Operations and Plans, written to the  
9 Director of the Joint Staff. I did not see this  
10 contemporaneous with its execution.

11 I believe during <sup>our</sup> subsequent investigation  
12 after November 26 of 1986 this document came to my  
13 attention, either during our own Army Inspector General's  
14 investigation of the issue or thereafter as we were  
15 supplying documents to the committees or to the  
16 independent counsel.

17 BY MR. SABA:

18 Q Do you know what caused General Vuono to  
19 execute this memo?

20 A Specifically, no, I do not. Although he  
21 references his concern here in paragraph 2, I can only  
22 assume that is what -- I do not know specifically what he  
23 is referring to.

24 Q Could you explain to us briefly what General  
25 Vuono's position was at that time and his duties that

~~UNCLASSIFIED~~  
~~TOP SECRET~~

~~TOP SECRET~~  
**UNCLASSIFIED**

1 might have caused him to create such a memo?

2 A Well, of course as the DCS/OPS, as we call him  
3 he, as a member of the Army staff, would work very  
4 closely with the joint staff, the JCS staff. He, along  
5 with the Chief of Staff of the Army, would probably have  
6 the most interface with the JCS staff.

7 I note this memo is directed to the Director  
8 of the Joint Staff, which is a position that would be  
9 somewhat equivalent, I suppose, to the Director of the Army  
10 staff.

11 Q I mention this because at the time we learned that  
12 the JCS did not have direct knowledge in February and March  
13 of the transaction and had not entered into the JCST  
14 mode system, and it was, as we have been told by others  
15 and yourself, closely held.

16 Among those shown on the list as having knowledge  
17 of the action at that time, we don't normally find General  
18 Vuono seeking your assistance in determining the back-  
19 ground to this memo.

20 A Equipment types of requests of course would come  
21 through a desk log on the Army staff, although issues of  
22 training, issues of readiness would be within General  
23 Vuono's expertise as the desk opens. So it could be -- a  
24 I recall, there was a readiness issue on some of the Hawk  
25 spare parts requests. I am only guessing.

3 MR. SABA: Back on the record now.

4 BY MR. SABA:

5 Q Ms. Crawford, I now would like to direct your  
6 attention to the fall of 1986, roughly the period September  
7 and October. I presume that following the period in  
8 February, perhaps early March, and the meetings you had  
9 then with Army Secretary Marsh, that you were not further  
10 involved in the matters which we now refer to as the  
11 Iran initiative.

12 A That is correct. I was not.

13 Q What was your next involvement in the transfer  
14 of weapons?

15 A My next involvement came in late September,  
16 early October of 1986 when the [REDACTED]

17 [REDACTED]  
18 [REDACTED] came to me with an action that had already  
19 been ongoing for sometime, and that was the action for  
20 Hawk missile radar component spare parts.

21 [REDACTED] specifically had a memo for  
22 the Judge Advocate General, asking us to give a legal  
23 review to the transfer. Really, an after-the-fact legal  
24 review, because some items had already been transferred.  
25 Yet, there was an ongoing request we were still transferring,

~~TOP SECRET~~

1 and I believe he indicated he had discussed with General  
2 Wickham, the Army Chief of Staff, the need for a legal  
3 review.

4 [REDACTED] indicated to me that he had not  
5 been involved in the early commencement of this action,  
6 early transfer of materials, but at some point along the  
7 way during the summer this requirement found its way  
8 into the [REDACTED] and he realized it had not  
9 received a legal review and was asking for one.

10 Q I would like to show you a document which we  
11 will mark Exhibit 4, and give you a moment to review it.

12 (The document referred to was marked as Exhibit

14 THE WITNESS: Okay.

16 Q Can you tell us if you are familiar with the

18 to the Vice Chief of Staff Army. The subject is room  
19 stock support. The author is Colonel Robert T. Howard.

20 A I believe I have seen this document.  
21 [REDACTED]  
22 [REDACTED]

23 It looks familiar.

24 Q Did [REDACTED] mention to you how the requ  
25 for Hawk spare parts, which is known as project Crocus,

1 [REDACTED] system?

2 A Not with any specificity, but he did explain  
3 to me that it had started outside of the system and that  
4 somehow in the summer, I believe in August sometime, it  
5 found its way into the system; that it had been recognized  
6 in the system.

7 Q Did he indicate --

8 A He did not indicate how, no.

9 Q Did he indicate any distinction in the way the  
10 matter was tasked that caused it to come into the system?

11 A I do not recall whether or not he might have  
12 discussed that.

13 Q How did you respond to his request?

14 A By reviewing the package with the action officer  
15 in my office, which prompted me to send the memo of 10  
16 October 1986 to the Secretary of the Army.

17 Q The memo of 10 October 1986, which is a memo from  
18 the Secretary of the Army, signed by Susan J. Crawford  
19 will become Exhibit 5.

20 (The document referred to was marked as Exhibit 5  
21 for identification.)

22 BY MR. SABA:

23 Q Can you give us some additional information about  
24 the memo, what you understood accomplished?

25 A I recall that when Colonel Howard came to visit me

**UNCLASSIFIED**  
**TOP SECRET**

~~UNCLASSIFIED~~

1 he had -- we discussed the fact that here we have another  
2 activity coming through the Army that had not gone through  
3 the [REDACTED] process, and he sort of jogged my memory  
4 as to this January/February 1986 time frame and the  
5 missiles, which is why I felt it necessary to register  
6 my concern to the Secretary that we have an activity  
7 coming through that had not had legal review.

8 Also, it caused me to be a little pickier than  
9 I normally would, although I pointed out that I did not  
10 have sufficient information upon which to base a complete  
11 legal review. Normally, I might have stopped there,  
12 but he went on a little bit further in this particular memo  
13 and noted, as you can see in the memo, that if we  
14 supported the request, we would have a zero inventory balance  
15 in a couple columns there and that raised some question  
16 about the readiness issue.

17 That is a little pickier than normal because we  
18 had another off-line request coming through. I raised the  
19 issue of the Iranian claims tribunal noting some of the  
20 Hawk radar was impounded awaiting resolution of those  
21 claims. Again, never having any indication these items  
22 were going to Iran, were destined to go to Iran.

23 Q In this case you did not mention congressional  
24 notification. Is there a reason this time you did not?  
25 Particularly find this --

~~UNCLASSIFIED~~

~~TOP SECRET~~  
UNCLASSIFIED

39

1 A I don't think any -- again, congressional is  
2 usually presumed by the Army. We have just as a long-  
3 standing matter made that a condition of doing business,  
4 Congress be notified. I don't recall why he didn't  
5 specifically mention it in this memo.

6 Q What was the result of your memos being provided  
7 to the Secretary? Did you discuss it with him? Did you  
8 comment?

9 A I did not discuss this with the Secretary. It  
10 is my understanding he-- and I have this on second-hand  
11 information. The Secretary met directly with Mr. Taft to  
12 discuss some of these matters, but I was not party to that  
13 meeting.

TEIN/bap  
:30

14 Q Did [REDACTED] provide you with information  
15 at that time as to the ultimate destination of the spare  
16 parts?

17 A No, he did not. I do not believe he knew.

18 Q So the reference in the first page of the memo  
19 in a subparagraph marked small A, and in parens, upper case  
20 S, as I read the first sentence, there is some indication  
21 to me that perhaps you knew or guessed what -- where these  
22 weapons were headed.

23 A You are on the first or second page?

24 Q I am on the first page.

25 A The second paragraph --

UNCLASSIFIED

**UNCLASSIFIED**

40

1 Q Yes, Paragraph A, (s), I am referring to both  
2 sentences.

3 A No, I indicated there that the purpose of the  
4 request and the destination of the material were not known  
5 to me.

6 Q I am referring then having said that, the next  
7 sentence perhaps suggestions that you might have guessed  
8 or that someone had told you perhaps.

9 A No, the review by the DUSDP?

10 Q Yes.

11 A That is a pretty standard requirement, a  
12 regulatory requirement internal to DOD and the Army that if  
13 any one of those activities should be involved, any one  
14 of those risks involved that the Secretary of the Army  
15 himself does not have the authority to approve it, it  
16 must go through an OSD policy review. I was trying  
17 to think of -- I was being picky.

18 Q Was any issue as to pricing of the TOWs raised  
19 at the time or the Hawks?

20 A No.

21 Q Or the Hawk spare parts. Was any issue at that  
22 time raised as to any of the intermediaries which might be  
23 involved in the transfer of the weapons?

24 A You mean other than within the Department of  
25 Defense or the CIA?

**UNCLASSIFIED**  
**TOP SECRET**

~~UNCLASSIFIED~~

41/42

1 Q Other than U.S. Government.

2 A Oh, no.

3 Q So your understanding was that these spare parts  
4 were to be delivered to the CIA and other than the CIA  
5 you didn't have any specific knowledge of further transferees?

6 A That is correct.

7 Q Could you tell us a little bit about the Hawk  
8 radars for the record? Did you have information  
9 concerning Hawk radars at the time, the Iranian assets  
10 question?

11 A There were some Hawk radar components on the  
12 list, as I recall. I don't have the list in front of me,  
13 but on a number of different items of spare parts that were  
14 requested, including radars for the Hawk system, and that  
15 caused me to raise the issue of paragraph small case C  
16 there at the top of the second page; that somebody ought  
17 to check and make sure that if they are going to transfer  
18 radars that they aren't those radars that are part of the  
19 frozen Iranian assets, because I knew we had some that  
20 were frozen at Fort Hood.

21 Q I take it that the last paragraph on page 2  
22 indicates your continuing concern at the method in which  
23 these transactions are taking place?

24 A That is correct. The original additional request,  
25 what I am referring to there are the Hawk requests. I had

~~UNCLASSIFIED~~

~~UNCLASSIFIED~~  
~~TOP SECRET~~

1 not made a connection with this request and the earlier  
2 TOW request. I did not know --

3 Q That was my next question as to whether your  
4 reference to original and additional is to distinguish  
5 request for Hawk spare parts from the request in January  
6 1986 for TOWs?

7 A No, it was not. This relates only to the Hawk  
8 I knew that there had been an ongoing request and that the  
9 Army had continuously supplied that request as far as the  
10 Hawks go.

11 Q What was the reaction to -- if any -- to your

12 A I did not discuss my memo with the Secretary  
13 personally. 

14   
15 General Overholdt, as you note from  
16 memo, the Judge Advocate General, was out of town. I  
17 discussed the matter with him upon his return to inform  
18 him, because I did use his name.

19 Q I would like to show you a document dated 22 October  
20 1986, a memorandum through the acting Chief of Staff  
21 Army for the Secretary of the Army on Project Crocus, and  
22 is signed by Robert Howard and bears a handwritten note  
23 on the bottom of page 2, and this will become Exhibit 6

2 Q Are you familiar with the document?

3 A I have seen this document. Again, I believe it  
4 came to my attention some time after the latter part of  
5 November as we were gathering together documents for the  
6 various investigators.

7 Q Are you familiar with the events mentioned in the  
8 handwritten note on page 2?

9 A Personally, no, I am familiar because of reading  
10 this document and what I have learned afterwards, after  
11 this all occurred.

12 Q Did you inform General Kavezza or Secretary Taft  
13 of the matters?

14 A No, I did not.

15 Q Did Colonel Howard request additional information  
16 from you or support following your October 10th memo  
17 whether in connection with this memo or subsequently?

18 A To the best of my knowledge, no.

19 Q Were you involved further in Project Crocus?

20 A Not as a project.

21 Q How were you further involved?

22 A I became further involved both with Project  
23 Snowball, which was our name for the TOW transfer, and  
24 Project Crocus after the publicity came out that in early  
25 to mid November about the U.S. dealing with Iran.

1 Q And is it correct that after approximately Octo  
2 10th when you wrote the memo that you didn't have further  
3 involvement with either project?

4 A That is correct.

5 Q Did you have any knowledge of or involvement in  
6 a request from the agency to provide yet further TOWs whi  
7 we now know were to have replenished Israeli stocks, in  
8 1986?

9 A No, I did not have any involvement in that, tha  
10 I can recall. I had been involved in an earlier matter,  
11 earlier than '86, dealing with TOWs, but it was with the  
12 Customs Service or the FBI in a Sting operation in  
13 Florida run by the U.S. Attorney's Office in Orlando.

14 An Army lieutenant colonel by the name of Giles  
15 was caught up in that investigation.

16 Q Returning back to the fall of '86, could you  
17 tell us your involvement with the matter, which I will ca  
18 the Iran initiative, Project Snowball, Project Crocus,  
19 following the disclosure of the initiative?

20 A Following the disclosure --

21 Q I would also appreciate for the record your own  
22 reactions as General Counsel to the Army having been  
23 involved certainly with several memoranda and some legal  
24 opinions in the abstract, so I would be interested in you  
25 involvement, but in your reactions to those events and you

1 coming to know of what the facts were?

2 A Following the disclosures for the first time,  
3 I learned what it was that we were transferring, the TOW  
4 missiles and where they were intended to go and linked the  
5 two activities, both Crocus and Snowball together. Our  
6 immediate -- my immediate concern, and I think the  
7 Secretary's as well, I won't pretend to speak for him, was  
8 there any illegality or wrong<sup>3</sup> doing? Does the Army share  
9 any blame as far as that goes?

10 Our immediate concern was how did we price the TOW  
11 missiles. As you may recall that became an issue early on.  
12 We had different types of TOWs that were transferred. The  
13 Army had done some modification to the TOWs, changed  
14 warheads to take TOW 2 and make it into a basic TOW.  
15 I didn't know there were so many types of TOW missiles.

16 [REDACTED] learned a lot about them in November. That  
17 caused the Under Secretary to get involved and look at the  
18 pricing. Another attorney and I met with him early in the  
19 morning after Thanksgiving. I am referring to James  
20 Ambrose, the Under Secretary of the Army, and ended up in  
21 the Secretary's office making the recommendation that we  
22 ask the Army Inspector General to look into the Snowball and  
23 Crocus activities, and particularly look at how did we  
24 price the TOW missiles.

25 You probably have a copy of that I.G. report.

~~UNCLASSIFIED~~ ~~TOP SECRET~~

**UNCLASSIFIED**  
**TOP SECRET**

1 But that was our immediate involvement; was there anything  
2 improper about the way the Army priced the missiles?  
3 Personally, I was concerned that if a profit was made on  
4 missiles in selling them to Iran and some of the press  
5 stories were indicating that at the time, did anyone in the  
6 Army purposefully keep the price low in order to drive the  
7 profit up on the other end?

8 I think the I.G. report clearly showed that that  
9 was not the case, but that was a concern that we shared,  
10 the Army leadership and the Judge Advocate General and  
11 the Inspector General, and a two-month I.G. investigation  
12 ensued.

13 At the same time I knew that the Department of  
14 Justice was looking into the matter, and he was very quick  
15 to get some of the knowledgeable people over to meet with  
16 officials at the Department of Justice to tell what they  
17 knew and then to meet with the FBI and various agents of the  
18 FBI that had questions for people in the Army.

19 This is before the independent <sup>Council</sup> ~~council~~ was  
20 established.

21 Q Do you recall about when that was?

22 A As I recall, the first meeting with the Department  
23 of Justice was two days prior to Thanksgiving, a Tuesday--

24 Q Late November '86?

25 A Yes, the same day, as I recall, that Admiral

1 Poindexter and Colonel North were relieved of their  
2 assignments and then that weekend following Thanksgiving  
3 we had a number of FBI interviews with people in the  
4 Army.

5 Q I have two documents, the first of which we will  
6 label as Exhibit 7. It is a 26 November '86 memorandum for  
7 the Deputy Chief of Staff Logistics; subject: Department  
8 of Justice Questions, and it is signed by Susan J. Crawford.

9 (The document referred to was marked as Exhibit 7  
10 for identification.)

11 MR. SABA: The second document is a memorandum for  
12 the record also dated 26 November '86; subject, meeting,  
13 with Department of Justice. This memorandum consists of  
14 four pages and is signed by Tony Gamboa, Deputy General  
15 Counsel, Logistics. Attached to that memo originally was  
16 Exhibit 7, which we just referred to, and in addition,  
17 an undated partial draft letter to Mr. Chuck Cooper, Office  
18 of Legal Counsel, Department of Justice.

19 I would appreciate your looking at both of the  
20 exhibits at the same time and then explaining their contents  
21 to us.

22 (The document referred to was marked as Exhibit 8

1 believe as this memorandum for the record indicates, it  
2 was the evening of 25 November '86. I remember that it  
3 was a Tuesday, and we within the Army with the  
4 Under Secretary and people in DCS/LOG were attempting to  
5 reconstruct what the Army had transferred and how many  
6 we had transferred. This was the same day, I believe,  
7 that Admiral Poindexter and Colonel North were relieved  
8 of their duties and the Department of Justice was involved  
9 in trying to ascertain the facts.

10 Chuck Cooper, Charles Cooper, the head of the  
11 Office of Legal Counsel, had called me several times by  
12 telephone to try to ascertain some of the numbers and some  
13 of the facts. I told him I didn't feel that we  
14 should be discussing classified information over open  
15 lines. Why didn't I gather up the knowledge of the  
16 people in the Army and get over to his office and sit  
17 down with him and tell him what we could, which we did  
18 that, I think.

19 BY MR. SABA:

20 Q Who is we?

21 A From my office I went, Tom Kranz, who was the  
22 principal Deputy General Council, and Tony Gamboa, who was  
23 the Deputy General Counsel for Logistics, and we took with  
24 us a Lieutenant Colonel Armbright, Larry Armbright, who  
25 worked in the Office of the Deputy Chief of Staff for

1 Logistics. He had been the key action officer on Project  
2 Crocus and had taken over Project Snowball from  
3 Chris Simpson and a civilian by the name of Jim Emahiser,  
4 a senior civilian in the Deputy Chief of Staff for  
5 Logistics. And we went to Chuck Cooper's office and  
6 present were Chuck Cooper and Bradford Reynolds and Mr.  
7 John McGinnis, who worked for Mr. Cooper at the Department  
8 of Justice. and basically went through what we knew in terms  
9 of numbers of missiles and price of missiles and explained  
10 how the Army would price missiles using the master data file.

11 Colonel Armbright and Mr. Emahiser were the  
12 Army experts in this area and they, of course, carried the  
13 ball in terms of the discussion. The people at the Department  
14 of Justice had a number of questions, some of which we  
15 attempted to answer that evening; others we could not.

16 You will note my list of questions here referring  
17 to the Department of Justice meeting. I asked, and I  
18 believe Tony Gamboa had some phone conversations with  
19 John McGinnis following that meeting, and was able to  
20 transcribe the specific questions.

21 Q Other than questions concerning price and  
22 quantities, did Mr. Cooper or any other person from the  
23 Department of Justice focus questions on any other matter?  
24 Did a matter other than pricing arise?

25 A The quantity seemed to be more important to

~~TOP SECRET~~

51

1 Mr. Cooper than the price at the time, and he -- one of our  
2 transfers was either for 508 or 509 missiles and the  
3 distinction as to which it was, 508 or 509 was very  
4 important to him.

5 The reason he told me was that 508, I believe,  
6 represented the number that he thought Israel had  
7 already transferred to Iran in 1985, and that is why it was  
8 important to him to establish whether the request was for  
9 508 or 509.

10 Q Was he trying to establish the difference between  
11 a replenishment of Israeli stocks and weapons which were  
12 directly transferred?

13 A I am not sure exactly what he was trying to  
14 establish. We discussed the differences between a foreign  
15 military sales activity. I tried to explain for him what  
16 [REDACTED] system was. We really covered the waterfront  
17 that evening for two and a half or three hours.

18 That is why I had Tony Gamboa along, because he was  
19 our legal expert on logistics matters and foreign military  
20 sales.

21 Q Was there any focus that evening on the issue of  
22 congressional notification and a threshold number of 14  
23 missiles?

24 A That may have come up. I don't recall that specifi-  
25 cally, but as I said, we covered so many topics that evening

~~UNCLASSIFIED~~

1 and it had been a very hectic day. That is when this was all  
2 breaking and I recall walking into the Pentagon that  
3 morning and my Secretary met me and took my coat and said,  
4 "Go up to the Under Secretary's office." And the same  
5 group that I described was huddling with the Under  
6 Secretary, trying to reconstruct after the fact when  
7 suddenly it became clear to us that it was the Army's TOW  
8 missiles.

9 Q So the evening of the 25th was your meeting at the  
10 Department of Justice?

11 A Yes. This was a Tuesday evening, as I recall.

12 Q It was primarily an oral session?

13 A Yes.

1 Q Were there notetakers, do you recall?

2 A Well, the attorneys for the Department of Justice  
3 may have taken notes. I believe Mr. McGinnis was taking  
4 notes. I don't recall Chuck Cooper or Brad Reynolds  
5 taking notes, although they have have been.

6 Q I take it that meeting led to your preparation  
7 of what is Exhibit 7?

8 A Yes.

9 Q Could you explain to whom, in terms of a name,  
10 the memorandum is addressed?

11 A Well, it went to Lt. Gen. Ben Register, who was  
12 the Deputy Chief of Staff for Logistics. Specifically,  
13 his deputy, General Russo's replacement, a General  
14 K-i-c-k-l-i-g-h-t-e-r. who had become the assistant to the  
15 Deputy Chief of Staff for Logistics, who had really inherited  
16 all this from General Russo, he was taking charge there.

17 What we were doing was attempting to comply with  
18 requests for information from the Department of Justice.

19 Q Are the handwritten notes of this photocopy of  
20 the exhibit yours on the side next to the questions?

21 A AMC, SASA, AMC, yes.

22 Q What do they refer to?

23 A SA would refer to the Secretary of the Army;  
24 AMC would refer to the Army Material Command. I don't know  
25 whose notes those are. They are not mine.

1 Q They are not yours?

2 A They are not mine.

3 Q Turning to Exhibit 8, are you familiar with  
4 the cover letter, the three-page letter by Gamboa?

5 A Yes, I am. In fact, I asked him to prepare  
6 this memorandum for the record so that we would have a  
7 written record of our meeting with the Department of  
8 Justice on 25 November.

9 Q So you would say that the memorandum was pre-  
10 pared at your request?

11 A Yes.

12 Q Did you review it?

13 A I did. I probably reviewed it in draft, may  
14 have made a suggestion or two to Tony, although I don't  
15 recall. Normally I would have done that.

16 Q So that in general you would say that you are  
17 in agreement with the letter?

18 A Yes, although I haven't looked at this in some  
19 time, but this would be a pretty accurate -- touching  
20 upon the main topics that we would have discussed that  
21 evening.

22 Q I notice that in the third paragraph, which  
23 commences on page 1 and carries over to page 2, there is  
24 some discussion indicating -- initiated apparently by  
25 the Department of Justice as to FMS prices for basic TOWs.

1 A Yes.

2 Q And certain prices. Do you recall from the  
3 meeting how the issue of FMS came up, an FMS is an acronym,  
4 as I understand it, for Foreign Military Sales --

5 A That is correct.

6 Q Which is handled by DSAA?

7 A Yes, which would be an OSD activity. I don't  
8 recall specifically how it came up but I know that there  
9 were a lot of questions early on about what type of  
10 transaction this was, was it a foreign military sales, or  
11 was it an Economy Act transfer. Clearly it wasn't an  
12 Economy Act transfer. How would the price of an Economy  
13 Act transfer compare with a foreign military sales trans-  
14 action? Would the price be different?

15 Q I take it you referred to the Department of  
16 Justice officials to Jerome Silver, then the DSAA  
17 counsel?

18 A That is correct.

19 Q Is it correct that in your understanding of  
20 the matters brought to your attention that the issue of  
21 foreign military sales had not arisen?

22 A That is correct. This had been an Economy Act  
23 transfer between two Federal Government agencies.

24 Q In the normal course of events, would an FMS  
25 type sale come to your attention?

~~UNCLASSIFIED~~  
~~TOP SECRET~~

UNCLASSIFIED

1 A Normally not.

2 Q Would a transaction in which the United States  
3 was replenishing the arms of a foreign nation which had  
4 acquired such arms through FMS come to your attention?

5 A Normally, no. I say normally because I really  
6 can't think of any FMS transactions that my office has  
7 had occasion to review. I suppose if one were to raise  
8 a question and the Secretary would ask us to look at it,  
9 or another member of the Army leadership would, we would  
10 do so, but I can't recall that.

11 Q Just for the sake of the record, if the United  
12 States were replenishing the stocks of Israel for Hawk  
13 missiles, is it correct that such a replenishment would  
14 be an FMS-type transaction and that the legal review would  
15 go to Mr. Silver?

16 A I don't know that it would be an FMS transaction  
17 exclusively, but you are correct in the second assumption  
18 that it would go to Mr. Silver for review if it were an  
19 FMS activity.

20 What role the general counsel of the Department  
21 of Defense would play, I don't know, but there may be a  
22 role played there as well, my counterpart of the Office  
23 of the Secretary of Defense.

24 Q Who would that be?

25 A That is Larry Garret.

1 Q Referring back to the exhibit, which is Exhibit 8,  
2 page 2, the second full paragraph on page -- which commences  
3 with "Mr. Cooper," could you explain this paragraph?

4 A I believe I touched upon this earlier when I  
5 said the number 508 was very significant to Mr. Cooper  
6 because he had explained to me that that is the number he  
7 thought that Israel had earlier in 1985 transferred to  
8 Iran. Which brings up a question of replenishment, I would  
9 assume, of Israeli stocks. Code A assets, condition code  
10 A assets, I learned through this review that we have  
11 different condition codes attached to the missiles, and  
12 at the time that the order came into the Army to transfer  
13 X number of TOWs, we did not have sufficient number in the  
14 condition code ready to go so we had to do some modifica-  
15 tions to the missiles.

16 In some cases, the modifications involved adding  
17 a safety device; in other instances, it occasioned the  
18 Army actually changing warheads from a more modern version  
19 of the TOW back to the basic TOW in order to satisfy the  
20 number demand in the condition code that had been  
21 requested.

22 Q Let me ask you if you knew at the time, the  
23 time being February, 1986, that the missiles were destined  
24 for Iran, would that have changed your views any, and  
25 how?

~~UNCLASSIFIED~~

~~TOP SECRET~~

1 A You mean in terms of my legal opinion?

2 Q Yes, and I would give you the opportunity what  
3 you think you would have responded then and what you think  
4 you would respond now if there is a difference.

5 A It is always easy to play Monday/morning quarter-  
6 back. If I had known that the ultimate destination were  
7 Iran, I would still want to know the quantity and the price  
8 and I would want to know what was the underlying authority  
9 for the transfer. And in this case, of course, as I found  
10 out after the fact, there was a Presidential Finding that  
11 was the underlying authority. Then, in terms of legal  
12 review, I think that some of the missing factors that were  
13 not known to me in February of 1986 would be satisfied.

14 From a pure legal review point of view, I  
15 possibly would have passed on it had I been satisfied that  
16 the authorities were in order and the price and quantity  
17 were within the reporting threshold of the requirements to  
18 Congress.

19 Q In your view, would you have thought that a  
20 Presidential Finding would have been necessary in that  
21 case?

22 A For this transaction, as I understand it to be,  
23 yes. By that I mean it is not a foreign military sales  
24 action, it is a transfer and a Presidential Finding would  
25 have been required.

12 Q Do you recall if these answers were provided

14 A It took some time to gather these answers together,

16 proceeded to the point where we were dealing with agents of  
17 the Federal Bureau of Investigation and the Independent

A I believe that following General Russo's interview by agents of the FBI, he called me to give me a backbrief via telephone, and these are my notes on his report to me his interview with the FBI. Early on in this, I would say right around the Thanksgiving timeframe, the Secretary of the Army appointed the General Counsel's office as the [REDACTED] because that confuses it, [REDACTED] the central clearing house for all release of information, all information to be released to investigators, whether they be Independent Counsel or Department of Justice or Congressional, would be provided to my office, and we would then alert the Office of the Secretary of Defense through the General Counsel at OSD and then release the information, a procedure that we are still following today.

The Secretary of Defense did the same with his General Counsel so we would have a centralized office to gather the information and turn it over to the investigators.

18 through the General Counsel was asking a lot of questions,  
19 questions that we were trying to answer internally within the  
20 Army as to quantity and price, and that is why I believe I  
21 added in here, sort of covered myself -- I know you are  
22 aware -- we had discovered an error in pricing. How big an  
23 error and why it occurred, we didn't know as of 12 December.

10 Q The third page of the exhibit is entitled,  
11 "Memorandum for the Secretary of Defense, TOW Missile Trans  
12 Pricing<sup>g</sup>. This memo does not bear a date, though it appear<sup>t</sup>  
13 to have been prepared by Mr. Garret<sup>t</sup>, and judging from the  
14 date of your cover memo, it was probably prepared, I think,  
15 after 12 December 1986. Do you know when it might have  
16 actually been prepared?

17 A I think your guess is probably as -- fairly  
18 accurate. It would have been shortly thereafter. I know  
19 that Mr. Garret<sup>t</sup> -- I don't want to say he was pressuring the  
20 Army, but he was under a great deal of pressure himself to  
21 try to get the facts out as quickly as he could.

22 Q Would it be fair to say that these three papers  
23 demonstrate the flow of information concerning pricing from  
24 the Army to the Secretary at that time?

25 A Yes. The conduit was my office to the General

1 Counsel, Department of Defense, for most information.

2 Q So that if, for example, the Secretary in late  
3 December thought the price for a TOW was \$8,435, it is  
4 reasonable to presume he might have obtained that information  
5 from this paper?

6 A That is a reasonable assumption, I am sure. The  
7 Army Inspector General report was not concluded until some  
8 time in late January during one of the snow storms, I know.

9 Q For the sake of the record, I show you what will  
10 be Exhibit 11, which is a memorandum, dated 15 December  
11 1986, and it is signed by Susan Crawford.

12 (The Following Document was Marked as Crawford

14 BY MR. SABA:

15 Q Can you give us a little bit of information on this  
16 memorandum?

17 A Yes, actually I was a little uncomfortable in  
18 sending this memo. I didn't think it was my place to inform  
19 the Army leadership that the transaction Project Snowball  
20 was to cease. As you probably know, we had not transferred  
21 all the missiles that had been in the requirement, and some of  
22 them are still sitting in the Anniston, Alabama Army Depot.

23 In a phone conversation with Larry Garret<sup>t</sup>, he  
24 informed me that the Secretary of Defense had said that we  
25 were to discontinue support of Project Snowball. When I

1 passed that on, Garret asked me if I would pass that on to  
2 the Army leadership -- I said I would be happy to do so, but  
3 I thought that it would be more appropriate if the Secretary  
4 of Defense were to inform the Army leadership. He responded  
5 that the Secretary of Defense had informed him, and he was  
6 informing me so I took on the task of informing the Army  
7 leadership through this memo.

8 As a practical matter, the Under Secretary had  
9 prior to December 1986 said we are not going to ship any  
10 more, so the Army practically had already stopped.

11 Q This would not be the normal channel to use --

12 A No, that is why I was uncomfortable doing it, but  
13 the General Counsel asked me to do it, so I did it.

14 Q The appearance is that the lawyers have taken over

15 A More properly, this should have come from the  
16 Secretary of Defense to the Secretary of the Army, and maybe  
17 it had through other channels I was not aware of.

18 Q I have ~~another exhibit, Exhibit 12, which is a~~  
19 memorandum for the General Counsel, Department of the Army,  
20 from General Register, dated 18 December '86, and there is  
21 a six-page memorandum attached to it untitled and undated.  
22 I would ask you to comment on this.

3 in phone conversations the next day or so thereafter.

4 BY MR. SABA:

5 Q Were these provided by you to the Department of  
6 Justice?

7 A As I said, by that time -- I am sure they were  
8 provided to the investigators. I probably provided them to  
9 Larry Garret, and then they went on from there to the  
10 investigators. By that time, Charles Cooper and Brad  
11 Reynolds were not the preeminent investigators for the Depart-  
12 ment of Justice. I don't recall whether or not the Independent  
13 Counsel was operating at the time.

14 Q General Register would have provided you with this  
15 memo, and your recollection is that you would have provided  
16 this to whom?

17 A To Garret<sup>e</sup> or to his office. He has an attorney by  
18 the name of Ed Shapiro who was his key man to gather the  
19 information for him.

20 Q Would you also have provided that at that time to  
21 the Independent Counsel?

22 A Either Garret<sup>r</sup> would have done that or asked us to  
23 do that and give Garret<sup>r</sup> a copy.

24 Q Do you have any recollection of providing that memo

1 A No. When you say the Department of Justice, you

3 Q Let's start with that, yes.

4 A We would have provided it to ~~investigators~~. I  
5 don't recall whether or not we would have sent it to Coope  
6 and Reynolds or to Cooper's office, because I believe by  
7 this time he was no longer actively investigating the matt

12 Q During the period November and December 1986, di  
13 you provide at any time memoranda to anyone on the Nationa  
14 Security Council staff?

15 A No.

16 Q We come to the last exhibit -- this is the 1st

18 appears to be addressed to you, and it is signed "George".

DOTSON

BY MR. SABA:

Q Can you tell us for the record what has been the procedure in 1987 concerning the transmission of information from the Department of Army to other Executive agencies of the government?

I am specifically excluding all committees.

I would prefer --

A You mean in terms of the investigation?

Q Yes.

A We have had a number, as you know, Our own investigation, the GAO, Congressman Aspin's staff, the House Foreign Affairs Committee, the HPSCI, SSCI and of course the select committee, in addition to the Independent Counsel, now the Independent Counsel or the FBI. The procedure basically has been that within the Army, my office would gather the information, the documents, and transmit them to the Office of the General Counsel of the Department of Defense. In some instances, General Counsel for the Department of Defense would ask us to transmit the documents directly to the requestor, just notifying the Office of General Counsel of DoD we had done so.

Some places we would leave copies with DoD General Counsel. In any event, we would not release without at least notifying the General Counsel of DoD we

~~UNCLASSIFIED~~ ~~SECRET~~

1 had done so.

2 Q I have a few questions of a more general nature.

3 You mentioned earlier in your testimony and I  
4 believe in other interviews that since these events have  
5 unfolded, there has been a change with respect to your  
6 access as the General Counsel to the Department of the  
7 Army to findings.

8 Can you provide us with more information about  
9 that? Specifically, when did the change occur? Is there  
10 a requirement you see the finding? Is it that you had  
11 access to the finding? What is the current situation?

12 A Actually, the change has been that the Army now  
13 has access to review a Presidential Finding and specifically  
14 within the Army, the Secretary and I are authorized to  
15 review a finding. That change occurred in the early spring  
16 of this year, 1987.

17 From time to time in the past, the Army, whether  
18 it be through [REDACTED] or my  
19 predecessor as General Counsel of the Army has requested  
20 access to a Presidential Finding and that request has been  
21 denied. I have always felt, as did my predecessor, that  
22 in order to truly meet a legal review, I need to review  
23 the finding to make certain that the support that is  
24 requested of the Army is within the scope of that finding.

25 And, as I mentioned, since the early spring

~~UNCLASSIFIED~~

~~UNCLASSIFIED~~

71

3

1 of this year I have had access -- by access, that means  
2 when a transaction comes through my office, the underlying  
3 authority of which is a Presidential Finding, I call the  
4 Deputy's office, the office of the Under Deputy of Defense  
5 Policy; there are two people designated in that finding  
6 to me and remain with me while I review it and then take  
7 it back and lock it up in their safe. I'm permitted to  
8 take limited notes, which I have retained a copy in our own  
9 internal files, so if I'm absent from the record and an  
10 activity comes through, the action officer can check the  
11 register of findings I have reviewed to make certain the  
12 activity falls within the scope of the findings I have  
13 reviewed.

14 Q How would you know there isn't a finding?

15 A Normally a finding, the fact of a finding has  
16 been known to us for a number of years. The request  
17 coming into the Army would reference a finding by country  
18 and by date.

19 It is just that we in the Army have not sat down  
20 to read the text of the finding. We know that one  
21 exists.

22 Q As an example, I point out that in this case,  
23 there was no information provided as to a finding, although  
24 we know there in fact was a finding on approximately  
25 17 January 1986. How would that situation be avoided

~~UNCLASSIFIED~~

UNCLASSIFIED  
TOP SECRET

1 under current procedures?

2 A I'm not sure that it would be. The SNOWBALL  
3 transaction was, as I say, outlined. It wasn't a normal  
4 request that came through the [REDACTED] It was  
5 an order to execute, a requirement; here's a requirement,  
6 Army, fulfill the requirement, and I'm not sure that just  
7 referencing a finding would avoid that from happening.

8 Q My concern, as you appreciate then, is what  
9 triggers a [REDACTED] review and the possibility that it  
10 can be by-passed through what you refer to as a requirement  
11 as opposed to a request. Could you define for us the  
12 difference in your mind between a requirement and a  
13 request?

14 A Well, a request obviously gives us some discretion  
15 and flexibility and the opportunity to say no, which a  
16 requirement does not. But perhaps I can better describe  
17 it, I think perhaps I touched on this earlier, I can  
18 accept the fact there are some activities or transactions  
19 or operations that are so sensitive that perhaps there  
20 would be no paperwork, and reviews would be limited.

21 For example, in the invasion of Grenada, I did  
22 not know about that in advance, nor do I think I needed to  
23 know about that in advance. There may be other such  
24 activities that would be similar.

25 My concern would be, does the head of the Army,

5

1 the Secretary of the Army, know, is he satisfied all of  
2 the appropriate reviews are in place; whether or not the  
3 Army has done them, has somebody done them? Has there been  
4 a legal review, has there been a policy review or a concern  
5 of congressional notification addressed? If he is  
6 satisfied with that, I can accept the fact there are some  
7 activities that would be of so sensitive a nature they would  
8 not go through our normal staffing process.

9 I think those are exceptional and I think that  
10 is the exception, not the rule.

11 Q Other than Project CROCUS and Project SNOWBALL,  
12 do you know of any other provisions of equipment to the  
13 CIA by the Army since the initiation of the [REDACTED]  
14 system which have gone outside that system?

15 A I'm not aware of any others. These are the  
16 only two that I'm aware of. That is not to say there  
17 aren't others, but I'm not aware of any others.

1 Q In an earlier interview you had mentioned that  
2 in an ideal world you would want to have additional facts.  
3 I think you indicated that because of an embargo, in  
4 reference to Iran. You would have been curious about  
5 the existence of a presidential finding.

6 Do you recall that general line of discussion?

7 A Yes. I believe that I do recall that. Although  
8 I suppose one can say the Army's responsibility is to  
9 transfer to the CIA and the Economy Act governs that, and  
10 perhaps that is where our responsibility ends, but I am  
11 always curious as to what happens after that. Whether or  
12 not the Army should be curious about that, I suppose  
13 one could debate.

14 Q Leaving aside the issue of a transfer to the CIA,  
15 assuming that that is not the case, what would your  
16 understanding have been legally in the event of a transfer  
17 directly to the Army? ~~That is, what would that be?~~

18 A ~~Army transfers directly?~~

19 Q Yes. A sale by the United States Government.

20 A By the United States Government.

21 Q Yes.

22 A What would be the nature of the transaction?  
23 Foreign military sales or what type of transaction?

24 Q Let me strike the first -- the nature of the  
25 transaction. First, a sale directly by the United States

~~TOP SECRET~~

75

ap-2

1 government of Iran.

2 A Well, it is my understanding there is an embargo  
3 placed upon such sales by the President, and would take  
4 the President lifting that embargo in order to authorize  
5 that transaction to take place.

6 Q Do you recall, are you referring specifically to  
7 something under the Arms Export Control Act? Do you have  
8 specific concept of what you mean by embargo?

9 A It is my general understanding rather than  
10 specific, that the United States Government, by presidential  
11 decree, was not to deal with the government of Iran and  
12 that that related back to the taking of the hostages in 1979  
13 the storming of our embassy.

14 Q Suppose the transaction was the replenishment  
15 of Israeli weapons and let's assume this replenishment would  
16 be at a value greater than \$14 million.

17 A I would be speculating off the top of my head to  
18 that. I would need to review that, the authorities. I  
19 am not prepared to answer that one.

20 Q Let me tell you what we have come to know, and that  
21 might help you to see where I am going. We know that in  
22 the middle of November 1985 there was a request made over  
23 to DSAA as to the availability, modalities of transfer of  
24 a substantial number of Hawk missile systems, and it became  
25 known very shortly in November we were discussing Iran as

**UNCLASSIFIED**

~~UNCLASSIFIED~~  
~~TOP SECRET~~

bap-3

1 the ultimate destination of these Hawk missile systems.

2 Let us say it was not clear at the time as to the  
3 nature of the transfer whether it be to an official of  
4 the government of Iran or whether Israel would transfer  
5 weapons immediately, but for their own security reasons  
6 wished almost immediate replenishment of those missiles.  
7 Let us say also that it is unlikely that Israel would have  
8 made the transfer to Iran, sale to Iran without the  
9 United States' consent, but the transaction would have been--  
10 Israel would have sent, sold to the government of Iran  
11 more than 100 Hawk missiles. Iran would have paid Israel  
12 for these missiles in cash up front and Israel in turn  
13 would have purchased those missiles almost immediately  
14 from the United States.

15 Assuming that were the transaction, the time period  
16 is November and the first week of December 1985, and that  
17 request had come into the Army. What would have been the  
18 response?

19 A I am sure I would have raised a lot of questions  
20 in terms of the underlying authority for the transaction.  
21 I would need to determine the applicability of the Arms  
22 Export Control Act for military sales provisions. Was  
23 this a classified activity? What sort of intelligence  
24 ramifications, if any, would be there and whether or not  
25 a presidential finding would be necessary.

1           It is possible to accomplish that, but I think  
2           several factors would need to be considered ahead of time to  
3           make sure the authorities were there.

4           Q     These factors would be needed to be considered  
5           ahead of time. Do I take it you are not prepared to give  
6           me an instant legal opinion?

7           A     No, I am really not prepared to do that.

8           Q     So you don't want me to ask you --

9           A     You are welcome to ask. You get what you pay  
10          for. I haven't done my homework on all that.

11          Q     Had anyone asked you for such an opinion in that  
12          time frame?

13          A     No.

14          Q     Have you ever developed a legal memorandum or  
15          opinions in 1985, second half of 1985 or in 1986 concerning  
16          the possibility of such transfers?

17          A     No.

18          Q     Would it have been your understanding in 1985  
19          that a transfer by Israel or replenishment of Israeli  
20          weapons, a value which would exceed \$14 million, would  
21          have required advance congressional notification?

22          A     If the transfer were done pursuant to the Arms  
23          Export Control Act, I believe the \$14 million threshold  
24          is a provision of that amount.

25          Q     Did anyone discuss with you in the period of

5 MR. GENZMAN: I have no questions.

6 EXAMINATION ON BEHALF OF THE HOUSE SELECT COMMITTEE

7 BY MR. KREUZER:

8 Q We discussed earlier that it is the policy of the  
9 Secretary of Defense that the recipient of I guess Economy  
10 Act transfer items has the responsibility to notify  
11 Congress if they exceed the threshold of the value  
12 established by Congress. Is that something you were  
13 discussing earlier?

14 A Yes.

15 Q Do you happen to know the origins of that policy?  
16 Is that a recent policy?

17 A I don't think it is recent. I think -- I believe  
18 my predecessor, former general counsel, dealt with it also.  
19 That has been the position of the Office of the Secretary  
20 of Defense since I have been involved in reviewing these  
21 types of transactions.

22 Q Would you comment on what you perceive to be the  
23 rationale behind that policy?

24 A The primary responsibility is with the receiver,  
25 with the idea the receiver is the user, and it is the

~~UNCLASSIFIED~~

CAS-2

1 user/receiver's activity that would be of principal concern  
2 to the Congress.

3 Q Would this be a question that would be primarily  
4 addressed in an Economy Act transfer such as we are looking  
5 at at the CIA or foreign military sales? What would the  
6 scope be?

7 A I am talking Economy Act, because the underlying  
8 basis for most of our transfers of equipment, virtually  
9 all I can think of to the CIA would be the Economy Act.

10 Q Then would you say that most of the Economy Act  
11 transfers that occur involve the CIA?

12 A The ones that would come through the  
13 [REDACTED] We have a lot of other  
14 Economy Act transfers with other agencies in the Federal  
15 Government, but those with the special access type of nature  
16 or classified transaction would be with the CIA.  
17 [REDACTED]  
18 [REDACTED]

19 MR. SABA: I think I can ask the question a little  
20 different way.

21 BY MR. SABA:

22 Q Is it correct that once the transaction is  
23 structured such that the Army is transferring weapons to  
24 another United States Government agency, in the absence of  
25 a specific statutory requirement, the Army believes it is

UNCLASSIFIED

~~UNCLASSIFIED~~  
~~TOP SECRET~~

80

CAS-3 1 governed by only the Economy Act, which essentially  
2 establishes pricing?

3 A The Economy Act governs the pure transfer of the  
4 equipment. It does not govern the usage of the  
5 equipment; it governs the actual transfer itself.

6 Q Asked another way, once the transaction is  
7 structured such that the agency receives the equipment,  
8 the Army believes that it has no further obligation as to  
9 other statutes for congressional notification?

10 A Well, that is stated a little strongly. The  
11 Army leadership, and by that I mean John Wickham, the  
12 outgoing Chief of Staff, and Secretary of the Army,  
13 are very concerned about the end usage of Army equipment  
14 and that all legal authorities are complied with whether or  
15 not it is the Army's job to comply with them or responsibility  
16 to comply with them, and that includes congressional  
17 notification.

18 Q I will be blunt and frank. There were individuals  
19 in the Department of Defense, and including in the Army,  
20 who in January 1986 were aware that these weapons would  
21 ultimately go to Iran. It has been argued that the  
22 Department of Defense, specifically the Army, had no duty to  
23 comply with any statute in general regarding notification to  
24 Congress because the transfer was structured in such a way  
25 that it became an Economy Act transfer.

~~UNCLASSIFIED~~  
~~TOP SECRET~~

**UNCLASSIFIED**

CAS-4 1

2 The implication, when we say Economy Act transfer  
3 is that the DOD becomes absolved of notification  
4 requirements that would otherwise pertain if DOD were making  
5 the transfer. The question then is: does the Army believe  
6 that even if it knew weapons were going to Iran it would  
7 no notification requirements?

8 Suppose they told you, suppose General Russo  
9 had now said to you, "I know these weapons are going to  
10 Iran", would your answer still have been the same, that the  
11 obligation for notification rests with the agency?

12 A I would say, first of all, I am surprised General  
13 Russo knew --

14 Q I don't say he did. But let's assume that he  
15 did.

16 A I think, technically speaking, the Army is not  
17 in a position to countermand the policy of the Office of  
18 Secretary of Defense. That office has made it clear it is  
19 not the Army's responsibility to notify Congress. Now  
20 having said that, and knowing Jack Marsh, as I do, I think  
21 he would have been very uncomfortable, extremely  
22 uncomfortable, in not knowing whether or not Congress has  
23 been notified.

24 I would, I am sure, make it a condition the  
25 congress be -- in fact, in this case he raised the issue.

Q It is troubling, because there is in your memo

**UNCLASSIFIED**  
**TOP SECRET**

UNCLASSIFIED

CAS-5

1 and other memos in the Army a certain discomfort, a  
 2 certain unease, others call it a sort of gut feeling  
 3 that we are not happy about this. Yet it appears that the  
 4 transaction is structured in such a way that as a legal matter  
 5 that the Department of Defense is absolved from any  
 6 congressional notification.

7 I ask the question in a technical sense now,  
 8 because we are also looking to writing a report making  
 9 recommendations and the Members of Congress will consider  
 10 current statutes and whether they are sufficient or  
 11 insufficient, and so I would distinguish between what some  
 12 might feel is a moral obligation or a gut reaction and  
 13 what the legal requirement is.

14 Leaving aside questions of moral unease, even if  
 15 General Russo had come to you and said, assuming he knew,  
 16 "These weapons are being transferred by the agency to Iran",  
 17 and I point out that it is likely that General Powell  
 18 certainly knew that, and if they had come to you and said,  
 19 "These weapons are going to Iran", would it make a difference  
 20 in your legal opinion as to congressional notification?

21 A It would have raised the uneasiness factor a  
 22 couple <sup>decibels</sup> ~~decibels~~ to be sure.

23 Technically, the primary legal responsibility  
 24 to notify Congress would still rest with the CIA. Whether  
 25 or not I would feel compelled to recommend to Jack Marsh,

1 whether or not he would feel compelled to buck the system  
2 and have the Army independently raise the issue, which is a  
3 rather drastic countermanding of a superior, I don't know.  
4 I don't know whether we would have considered that at the  
5 time.

6 I believe the Army, that General Russo did not  
7 know, he has so stated, and that the Army was purposely  
8 not told. Whether it was to protect the Army or just keep us  
9 from learning --

10 Q This is a wonderful loophole. We can do it but  
11 not do it, because we are going to give it to the agency to  
12 do it.

13 A You are talking about a dual reporting system  
14 then or making the DOD main responsibility and not --

15 Q I am asking if the Economy Act was, in fact, a  
16 convenient loophole to avoid congressional notification as  
17 a legal, technical matter, and place that responsibility  
18 or permit it to fall on another agency.

19 A Under existing authorities, though, I don't --  
20 the Economy Act governs most of our transfers of equipment  
21 not only to the CIA but to other agencies. I don't think  
22 people will just, looking back on it, I don't think people  
23 had a choice to go this way, this way or that way. The  
24 Economy Act is really the only way we do it. I don't  
25 know if it was searching for a loophole.

Q I don't mean the Army. I am taking an overview,  
I am looking at the entire role of the Department of  
Defense and the United States Government.

Because the issue of congressional notification  
is obviously what our members are concerned about, and  
there is this unease in the memos throughout the Army. The  
Army clearly <sup>was</sup> has not told who the weapons were going to.  
One gets the impression this was done very carefully and the  
Army was not told. Yet, frankly, there were those who  
knew, I am not saying those in the Army who ~~knew~~ but there  
were people who knew.

A No one assigned to an Army activity, of course, he is  
an Army General, but assigned to OSD.

Q There were also other civilians but not in the  
Army. I am looking as a lawyer, though, because I am  
looking to determine whether the laws are adequate or not.  
If the sense of the people, including the sense of the Army,  
there should have been notification, then I have to look at  
the statutes to see if, in fact, it is required. If it was  
not, then I make another decision and it falls that way.  
That is why I asked you.

If you knew it was Iran anyway, apart from unease,  
would your opinion have come out the same anyway? That is,  
the burden of notification of the statutes would have passed  
to the agency and it would come to the location of the department

CAS-8

1 of the Army would have no congressional notification  
2 requirements?

3 A Technically I believe that would still be my  
4 conclusion, but as I said, the unease factor would have  
5 been raised to a level of perhaps the Secretary of the  
6 Army and with others would have considered raising the  
7 issue -- we would have been in a better position to raise  
8 it more strongly if we had known where the missiles were  
9 intended to go.

10 Q So it might be said, it might be a better statement  
11 that one way to circumvent the [REDACTED] and  
12 possibly circumvent, I don't mean illegally, notification  
13 requirements would be simply to not tell the Army, or another  
14 agency, not to tell the Army what the end use of the weapon  
15 is going to be?

16 A Or perhaps the activity of the transaction was  
17 so sensitive, as I mentioned earlier, I can accept there  
18 would be some that would be so sensitive that I certainly  
19 do not need to know and for national security reasons  
20 I would be better off not knowing and others in the Army.

21 Q That is one way I could get weapons out of the  
22 Army and not raise all these concerns in the Army.

23 A I think it would be a little harder to get them  
24 today than it was a year ago. But for the sake of  
25 argument, yes. That possibility would exist.

9 Colonel North called up and asked for the price of a

11 A No. I heard that also again when the I.G. was  
12 doing its investigation a year or so later, but I had no  
13 knowledge of that in 1985.

14 Q When you heard about it a year later, what was  
15 the context of your hearing about it?

16 A The context was during the course of the  
17 Army Inspector General's interview of a number of witnesses  
18 attempting to re-do, re-look the transaction as to how  
19 we priced the TOW missiles, the allegation, I guess, or --  
20 I will call it an allegation, was raised that Colonel North  
21 had called someone in the Army and asked about pricing  
22 of TOWs. I think that allegation did not bear out in the

## MEMORANDUM FOR THE SECRETARY OF THE ARMY

SUBJECT: Support to Intelligence Operations

During a recent review of an issue in our office, we noted a significant provision in the Intelligence Authorization Act for Fiscal Year 1986 that we wanted to call to your attention.

During Fiscal Year 1986, the transfer of defense articles or services exceeding one million dollars by an intelligence agency to a recipient outside that agency is considered a significant anticipated intelligence activity for the purpose of reporting to Congressional intelligence oversight committees. In addition, an intelligence agency may not transfer any defense articles or services outside the agency in conjunction with any intelligence or intelligence-related activity for which funds were denied by the Congress.

These provisions appear to reinforce our view of the importance of Congressional notifications in connection with support to intelligence operations.

MEMORANDUM FOR VICE ADMIRAL POINDEXTER

The attached memorandum from the Director of the Army Staff is self-explanatory. It reflects the unease of the Army General Counsel's office over the transfer of items with which you are familiar. As you know, we have been handling this program on a very close hold basis, and the Army has been told nothing with respect to destination. Per guidance received from NSC, the Army has been told that they have no responsibility for Congressional notification. The Army has also been told that whatever notifications are to be made will be taken care of at the appropriate time by the appropriate agency and that the Attorney General has provided an opinion that supports this position.

The Secretary asked that I make you aware of the Army's concerns in the event you wish to advise the DCI or the Attorney General.

MEMORANDUM FOR THE MILITARY ASSISTANT TO THE SECRETARY OF DEFENSE *Colin*

SUBJECT: Congressional Notification of Significant Intelligence Activities (U)

1. (TS//NOFORN) On 18 January 1986, the Army responded to a verbal tasking from your office to provide 1,000 TOW missiles to the Central Intelligence Agency with a contingency for 1,309 more at later date. The first 1,000 missiles were delivered on 14 February 1986 to the CIA.

2. (TS//NOFORN) This request for support circumvented the normal [redacted] System for reasons of security, yet the support exceeded the \$1 million threshold established in the FY86 Intelligence Authorization Bill for reporting to Congress as a "significant intelligence activity." Funds in excess of \$3.5 million were provided by the CIA to reimburse the Army for the first 1,000 missiles. Billing and payment will occur within 60 days, or when all missiles are delivered, whichever is shorter. The Agency expects to complete the project within 60 days.

3. (TS//NOFORN) SECDEF memorandum of 13 June 1983, subject: DoD Support [redacted] (S), establishes responsibility for notification of Congress of DoD support to the Agency with the Deputy Under Secretary of Defense for Policy. It also confirms that primary responsibility resides with the Director, Central Intelligence. In the case of the TOW missiles, the Army understanding on responsibilities for notification conforms with your June 1983 memorandum.

4. (TS//NOFORN) This memo is to assure understanding of statutory requirements should this issue be raised by one of the Congressional intelligence committees in the future.

SUBJECT: [REDACTED] System (U)

1. (S) The [REDACTED] System provides a single channel for requests for support from the Central Intelligence Agency to the Department of Defense. The system protects extremely sensitive information from both inadvertent and deliberate disclosure, allows for covert support to Agency operations worldwide, and insures adequate Service review of the requests.
2. (S) Recently, a number of requests involving transfer of high technology weapons, large quantities of limited, sophisticated missiles, and/or spares for low density weapons have bypassed the [REDACTED] System. These requests have been made by members of the Office of the Secretary of Defense directly to Service officials. [REDACTED] has either not participated or has done so after the fact.
3. (S) Requests which bypass the [REDACTED] System receive less Service and no Joint Staff scrutiny, yet may impact on the Service's warfighting capabilities. The Secretary of Defense should be made aware that using ad hoc channels to support the CIA may degrade security overall and impair national security.

Although the Chief, [redacted] was advised of the required support, taskings did not flow through the [redacted] System. ## MEMORANDUM FOR THE SECRETARY OF THE ARMY

SUBJECT: Additional Support of Project Crocus (U)

(U) The action memorandum to you of September 8, 1986, SAB, concerns additional support for this project beyond that already provided in May 1986. The Chief, TMO provided me with the action memorandum and supporting documentation because the original request was not processed through the prescribed [REDACTED] System and did not receive the legal reviews required by the DASP(U). The action memorandum on additional support also omits TMO, OTJAG, and my office.

TSX I have not been provided with sufficient information on this project to permit a complete legal review or concurrence, but the available information (or lack thereof) does raise serious legal and policy concerns that should be resolved prior to your action on this request. Specifically:

a. TSX Since the ultimate purpose of this request and destination for the materiel have not been disclosed, I cannot address statutory or other restrictions that might apply, or the approval authority required under DOD Directive 5210.36. Review by the DUSD(P) is required if this request involves substantial risk of embarrassment to the United States or DOD, or, if in your judgment, it involves questions of policy or propriety.

b. TSX The request, if supported, will result in an inventory zero balance on three items and impact on the Army's air defense capability. Both DOD Directive 5210.36 and the DASP set forth a policy of providing support to non-DOD agencies if it will not interfere with, or impede, the performance of the missions and functions assigned to DOD. Thus, the impact of this requested support on the Army should be carefully evaluated.

c. (S) It is not clear from the supporting memoranda whether Roam Stock still contemplates transferring radar systems that were previously identified as Iranian assets pending settlement of claims by the U.S. - Iranian Claims Tribunal. Any such proposed transfer should be reviewed by OSD. This would be treated as a separate request for end items, rather than repair parts.

(U) I am concerned that it was deemed necessary to handle both the original and additional requests through other than the established [REDACTED] System and to exclude both OTJAG and my office from the review process. Due to his attendance at the JAG Conference, MG Overholt has not yet had an opportunity to review this matter, but I am confident that he would concur in my view that sensitive programs should be given proper legal review before the Army leadership is committed to their support.

**MEMORANDUM FOR RECORD****SUBJECT: Meeting with Department of Justice**

(U) In response to questions raised by Mr. Chuck Cooper, Assistant Attorney General, Office of Legal Counsel, Department of Justice (Tab A), a meeting was held with Mr. Cooper at 1920 hours, 25 November 1986, in his office at the Department of Justice. Army representatives included Mrs. Susan Crawford (General Counsel), Mr. Thomas Kranz (Principal Deputy General Counsel), Mr. J. B. Emahiser (Deputy Director, Supply and Maintenance Directorate, ODCSLOG), Mr. Anthony H. Gamboa (Deputy General Counsel (Logistics)), and LTC Armbright (Log Accounts Office, ODCSLOG). In addition to Mr. Cooper, Mr. Brad Reynolds and Mr. John McGinnis represented the Department of Justice.

(U) Mrs. Crawford began the meeting by stating that the formulation of the Justice questions necessitated some background discussion. Accordingly, a meeting was the best approach.

(U) Before addressing the specific questions asked of the Army, Mr. Cooper asked if a chronology of events existed concerning these transactions. LTC Armbright provided three documents, one a chronology for Project SNOWBALL and two chronologies on Project CROCUS. These documents along with others provided during the meeting are listed in and attached to classified ODCSLOG Memorandum for Record, subject: Projects SNOWBALL and CROCUS (U), dated 26 Nov 1986.

missiles transferred. Mr. Emahiser stated that the Army transferred a total of 2008. A quantity of 1508 were basic TOW in Condition Code A and 500 were I-TOWs modified to basic TOW at Anniston Army Depot. It was also pointed out that the original request from the CIA was for 4509 (oral request). To meet this requirement a check was made of Condition Code A assets.

(U) A determination was then made to convert 2500 I-TOW to basic TOW. Justice was also informed that the 2008 were shipped in three increments, the first of 1000, the next of 508 and the last of 500.

(U) Mr. Cooper asked several questions about the numbers requested and fluctuations in Condition Code A assets. The Justice attorneys appeared to attach great significance to the quantity of 508 which constituted the second shipment. Mr. Cooper then requested that the Army reconstruct the fluctuations in Condition Code A assets going back to 1 July 1985. He also wanted to know if the Army had any record of requests by any source for price and availability figures for TOW assets prior to the instant order of 18 January 1986.

(U) The discussion next turned to "valuation," the scope of the initial DOJ questions. Mr. Gamboa and Mr. Emahiser explained that the transfer was made between governmental agencies under authority of the Economy Act, 31 U.S.C. § 1535. Mr. Gamboa explained that use of the term "value" was not technically correct and that different costs were charged depending on the type of transaction involved. Army Regulation 37-60 (based on DoD 7220.9-M and 4000.19R) called for charging the standard price for sales to other government agencies. This standard price is based on the current procurement or production cost of the item at the time the price is established. For the TOW missile the standard price is published in the Army Master Data File (AMDF) and is \$3169 for basic TOW, the last basic TOW contract price of 1976. Mr. Gamboa pointed out that a different formula was used for FMS pricing under applicable regulations based on the Arms Export Control Act. The Army personnel did not have an accurate FMS price and were not prepared to speculate. However, it was

stated that the FMS price for basic TOW would likely be higher. Mr. Cooper then requested the FMS price for a basic TOW from Army stocks. Mr. Cooper also asked what a basic TOW would cost today. Mr. Emahiser answered that based on Army estimates, the price would be about \$8400.

(U) The Justice attorneys also asked what the most favored nation, such as Israel, cost for TOW would be. Mr. Gamboa stated that "most favored nation" was not a term used in the Security Assistance contract. There are not separate costs depending on the customer involved. However, some countries would be eligible for military assistance or credit. In short, there was not a separate FMS price for Israel. Mr. Gamboa also provided some explanation of Security Assistance procedures and the applicability of the Foreign Assistance Act and the Arms Export Control Act. For additional detail, Mrs. Crawford referred Justice to Mr. Jerome Silber, the DSAA Counsel.

(U) Mr. Cooper also stated that he understood that TOW missiles were only available through FMS and that they could not be sold directly by U. S. industry. He asked if such a policy existed. Mr. Gamboa explained that industry required an export license to transfer Munitions List items to other governments. These licenses were granted by the State Department who coordinated with the DOD in significant cases. Army representatives were unsure of the policy cited by Mr. Cooper, but agreed to look into the matter. The Justice attorneys also inquired whether TOWs were available from other countries. Mr. Gamboa answered that other countries may be authorized to coproduce TOW, but that the United States required its approval before a coproducing country could sell to a third country.

(S) In reviewing the chronologies, Mr. Cooper inquired about who directed the Army to provide the equipment to the other agency. Reference was made to MG Russo's MFRs and these were provided to Justice. Mrs. Crawford explained that this was an "off line" transaction which did not follow normal procedures. Mr. Cooper asked who tasked the Army. However, the Army representatives present did not

~~SECRET~~

know and Mrs. Crawford stated that he would have to ask LTG Russo. There were, however, references to MG Powell in the margins of MG Russo's MFR. Mrs. Crawford also made reference to her memoranda to the Secretary of the Army upon learning of the possible existence of off-line transactions.

(U) The Justice attorneys next asked about the actual procedures of the transfer which LTC Armbright provided in detail. He stated that he had letters from CIA certifying fund availability and requesting shipment. He also had copies of checks and transfer receipts. Justice asked for copies of the CIA letters.

(U) In closing Mr. Kranz asked what the purpose of the Justice inquiry. Mr. Reynolds responded that they were trying to reconstruct the entire transaction and determine how the entire complex affair fit together. He also stated that the congressional hearings were very likely and that the Administration should conduct its own inquiry of what happened.

(U) A list of all the Justice questions was provided by memorandum from the General Counsel to the DCSLOG dated 26 November 1986 (Tab B).

(U) The Justice attorneys expressed their appreciation to the Army representatives for their responsiveness and cooperation.

2. Provide the FMS price of basic TOW from stock and break out the elements of this price.
3. Does the Department of State or the Department of Defense have a policy which precludes approval of export licenses for direct commercial sale of TOW missiles and requires all sales to other governments be by FMS?
4. Does the Army have any record of requests for price and availability of TOW missiles from any other U. S. Government entity prior to the 18 January 1986 request?
5. Provide the number of TOW missiles sold or transferred to Israel by grant, FMS, direct commercial sale, coproduction, or U. S. approved transfer from a third country and the dates of such transfers.

6. Provide the same information relative to Israel as called for in question five for HAWK missiles and equipment.
7. With regard to questions 5 and 6, the Under Secretary has directed that the same information be compiled for all Middle East countries.

## INFORMATION PAPER

SUBJECT: TOW Missile Pricing Action

1. (S) Purpose: To provide the Secretary of Defense with information on how the price for TOW missiles transferred to the CIA was determined.

2. (S) Facts:

a. (S) The initial request on 18 Jan 86 for missiles was a Basic TOW missile, (BGM-71A) (NSN 1410-00-087-1521). The initial price quoted, \$3,169 was correct for the BGM-71A. On or about 26 Jan the request was modified to serviceable condition code A missiles (Basic missile with Missile Ordnance Inhibit Circuit (MOIC)). This changed the configuration of the originally requested missile to a BGM-71A2 (NSN 1410-01-139-1512) which had an AMDF price of \$8,435. A pricing error was made at that time. The price charged was \$3,469 (\$3,169 plus the cost of the MOIC, \$300) rather than charging the AMDF price of \$8,435 for the BGM-71A2.

b. (S) The final 500 missiles were I-TOWS that were converted to Basic TOWS with extended range, BGM-71A1 (NSN 1410-01-007-2507) by exchanging warheads, because an adequate number of BGM-71A2s were not available. The correct AMDF price for the BGM-71A1 was \$8,435. Another pricing error was made. The same price of \$3,469 was charged for the final 500 missiles.

c. (S) The DAIG is investigating all the facts and circumstances concerning the TOW missile transfer. They have not completed their investigation at this time.

## MEMORANDUM FOR SECRETARY OF DEFENSE

**SUBJECT: TOW Missile Transfer Pricing - INFORMATION MEMORANDUM**

(U) The DAIG is investigating all the facts and circumstances concerning the TOW missile transfer. The investigation is not yet complete, but the facts presently known are set forth below.

(S) The initial request on January 18, 1986 was for a Basic TOW missile, (BGM-71A) (NSN 1410-00-087-1521). The Army quoted a price of \$3,169, which was correct for the BGM-71A. On or about January 26 the request was modified to require "Condition Code A" missiles (Basic TOW with Missile Ordnance Inhibit Circuit (MOIC), a safety device). The Army's cost of adding a MOIC to a 71A was \$300 per missile. The price to be charged was therefore changed to \$3,469. However, the Army had no MOICs in stock and could not effect the modification. Instead, the Army could fulfill the request only by providing another basic TOW (BGM-71A2) which already included a MOIC. Further repricing was either not considered, or was rejected (investigating to determine which), because the MOIC was seen as the only significant difference between the 71A and the 71A2. However, the 71A2 (NSN 1410-01-139-1512) had been built later than the 71A, and had a price of \$8,435 in January 1986. 1508 units shipped. Undercharge: \$7,488,728.

(S) The last 500 missiles shipped were I-TOWs that were converted to Basic TOWs with extended range, BGM-71A1 (NSN 1410-01-007-2507) by exchanging warheads, because not enough BGM-71A2s were available. The same price of \$3,469 was charged for these missiles because of the same error described above. (The correct price for the BGM-71A1 was \$8,435.) The \$300/unit charge for MOICs in this transfer was an error in the Army's favor, because these missiles were inadvertently provided without MOICs. 500 units shipped. Undercharge: \$2,333,000. Total undercharge: \$9,821,728. (Undercharges approximate; certain associated costs still under review.)

1. Q: WHAT PRICE DID DOD CHARGE FOR THE MISSILES?

A: A unit price of \$3,469.00.

2. Q: HOW WAS THE PRICE COMPUTED?

A: The \$3469 per item cost equals the Army Master Data File (AMDF) price for a Basic TOW (model no. BGM 71A) plus the cost of the Missile Ordnance Inhibit Circuit (MOIC) ( $\$3169 + 300 = \$3469$ ). It has been discovered that the AMDF has an entry for a Basic TOW Missile with a MOIC (model no. BGM-71A-2) with a range of 3000 meters priced at \$8435 (in Jan 86). This fact was missed due to the restricted nature of the action and time constraints. The only difference between the two(2) missiles is a MOIC installed at the depot. The Army never procured Basic TOW Missiles with a MOIC. Rationale for price changes is under investigation.

3. Q: THE PRICE CHANGED IS IN 1976 DOLLARS. WHY WASN'T IT ADJUSTED FOR INFLATION OR CURRENT MANUFACTURING/REPLACEMENT COST?

A: The AMDF price is based on the last price paid by the Government for an item. This includes the manufacturers cost plus the cost of Government Furnished Equipment (GFE) and associated administrative costs. The provisions of AR 37-60 (per 2-6 and Tables 2-1 and 2-2) provide for reductions on reimbursable transfers to purchasers outside of the Department of Defense. Factors of age, deferred maintenance, and repairs influence the utility or desirability of an item and should be used for price reductions of items when reimbursable transactions are made. These factors were not considered. Rationale for price changes is under investigation.

4. Q: WHAT TYPE AND HOW MANY MISSILES WERE SHIPPED?

A: A total of 2008 Basic TOW Missiles were transferred in three separate shipments (1000, 508, and 500 each). The final 500 shipped were Basic TOW Missiles that were originally configured as I TOW Missiles. The missiles were converted by exchanging the I TOW warheads with Basic TOW Missile warheads taken from a stockpile of excess Basic TOW Missile warheads.

~~UNCLASSIFIED~~  
~~SECRET~~

~~SECRET~~

5. Q: WHY WERE I TOWS CONVERTED TO BASIC TOW?

A: The customer requested 4500 Basic TOW Missiles (model no. BGM 71A) and subsequently the customer requested that the missiles be in Condition Code A (i.e., no restrictions or limitation on use). Sufficient quantities of Basic TOW Missiles in Condition Code A were not available in the 45-day time frame specified by the customer due to a lack of NOICs. A total of 2500 I TOW Missiles were converted to Basic TOW Missiles. The Basic TOW Missile warheads came from a stockpile of excess TOW Missile warheads being considered for demilitarization.

6. Q: WAS THE PROPER PRICE CHARGED FOR THE MISSILES?

A: The initial missile request on 18 Jan 86 was for a Basic TOW Missile, (BGM-71A) (NSN 1410-00-007-1521). The initial \$3,169 price quoted was correct for the Basic TOW Missile without NOIC, BGM-71A. On or about 26 Jan the request was modified to serviceable Condition Code A missiles (Basic TOW Missile with Missile Ordnance Inhibit Circuit (NOIC)). This changed the configuration of the originally requested missile to a Basic TOW Missile with NOIC, BGM-71A2 (NSN 1410-01-139-1512) which had an ANDP price of \$8,435. A pricing error was made at that time. The price charged was \$3,469 (\$3,169 plus the cost of the NOIC, \$300) rather than charging the ANDP price of \$8,435 for the BGM-71A2. The final shipment of 500 missiles were I-TOW Missiles (range 3750 meters). There had been converted back to Basic TOWs (with extended range, BGM-71A1 (NSN 1410-01-007-2507)) by exchanging warheads because an adequate number of BGM-71A2s were not available. The correct ANDP price for the BGM-71A1 was \$8,435. Another pricing error was made. The same price of \$3,469 was charged for the final 500 Basic TOW Missiles. The following table provides a summary of shipment

## 7. Q: WERE FMS PRICING PROCEDURES FOLLOWED? WHY?

A: No, this was not an FMS transaction but rather a transfer to another U.S. Government agency accomplished under the Economy Act. This transfer was consistent with previous transactions and has been determined to be proper and in compliance with the law. FMS pricing procedures only apply to sales to foreign countries and utilize a pricing system that allows the Government to recoup various developmental and engineering costs, recurring support costs such as shelf-life surveillance, documentation changes and technical assistance. It should also be noted that FMS prices may be discounted for expended useful life.

## 8. Q: HOW MANY REPAIR PARTS FOR THE BAWK SYSTEM WERE TRANSFERRED?

A: 218 different line items were transferred.

## 9. Q: WHAT PRICE DID DOD CHARGE FOR THE PARTS? HOW WAS IT COMPUTED?

A: The price for each part was the standard unit price published on the Army Master Data File (AMDF) or was consistent with the current contract price. The AMDF unit price was then multiplied by the number of units

5 EXAMINATION ON BEHALF OF THE HOUSE SELECT COMMITTEE

6 BY MR. SABA:

7 Q Sir, for the record would you please state  
8 your name, your rank, your current station and duties.

9 A William J. Crowe, Jr., I am an Admiral in the  
10 U.S. Navy, Chairman of the Joint Chiefs of Staff.

11 Q Admiral Crowe, we have had a discussion prior  
12 to this deposition and I believe you met once on

14 Committee.

15 MR. SAXON: And Roger Kreuzer. April 10, 1987.

16 BY MR. SABA:

17 Q And that the purpose of that discussion was to  
18 review the matters on the Iran issue, what has become known  
19 as the Iran Initiative as well as certain assistance  
20 provided to the contras.

21 With respect, sir, to the Iran Initiative,  
22 could you tell us when you first came to know of the  
23 transfer of HAWKS and TOWs to Iran and the circumstances  
24 by which you came to know?

25 A Well, I was first aware that transfers had been

made to Iran I believe in late June of 1986.

I came into my post on the First of October in 1985 and had not been in there very long until I began to see various pieces of information concerning and regarding our hostages in Beirut. I then from then on occasionally saw [REDACTED] and was briefed occasionally on matters concerning the hostages and proposals that might be made to either free the hostages or improve that situation.

I have a special assistant, General Moellering who attends a great many meetings on my behalf around town and one of the groups that he belonged to was the TWG, I believe that is the Terrorist Incident Working Group.

MR. SAXON: And General Moellering is Lt. General John Moellering, Army General?

THE WITNESS: Yes, and his title is special assistant to the Chairman.

This group as I understand it is siezed with terrorist problems, incidents, counters, and a great many covert, or I should say a great deal of covert information regarding terrorists and U.S. plans to do something about it.

In late June General Moellering attended a meeting and I must tell you that late June is the best that

1 he and I can pin down. I am not absolutely confident the  
2 day or the week of this information, but in later  
3 reconstruction I am pretty sure we are -- it is either late  
4 June or early July that he attended a meeting where there  
5 were some references made to arms transfers to Iran, which  
6 confused him. He had not heard of this. He didn't  
7 understand what it was about and when he raised some  
8 questions, one of the attendees from our Department,  
9 Rich Armitage said, "I will talk to you about it later,  
10 John."

11 They returned to the Pentagon and Rich Armitage  
12 told John Moellering about in a sort of general fashion,  
13 about some of the things that had been going on with Iran  
14 and in particular, that some arms transfers had been made  
15 to Iran.

16 Whereupon John Moellering came in to see me and  
17 told me or repeated his conversations with Armitage.

18 BY MR. SABA:

19 Q When do you recall that he told you specifically  
20 in that conversation?

21 A That evidently there had been some contacts made  
22 between I believe he said North and the Iranians and  
23 that he wasn't aware of all the substance of those  
24 contacts, but that one of the purposes was to deal with  
25 the hostages and that evidently was the reason it came up

1 in the TWG and that in the process some arms transfers  
2 had been made to Iran, specifically TOW missiles.

3 Q Did he tell you when those TOWs had been  
4 transferred?

5 A No, he did not.

6 Q Did General Moellering provide you information  
7 about how many or the circumstances?

8 A We were under the impression it was somewhere  
9 between a thousand and 1500.

10 Q Did he indicate whether or not the transfers had  
11 taken place in 1985?

12 A No. He did not know exactly when the transfers  
13 had taken place. Or if he did he did not repeat it to me.

14 Q So he relied for his information on the oral  
15 briefing, at this point from an oral briefing of  
16 Secretary Armitage and he conveyed that information to you  
17 and that involved TOW missiles in 1986 of 1000 to 1500.  
18 That was my understanding.

19 MR. KREUZER: And -- excuse me.

20 BY MR. SABA:

21 Q And upon hearing this information, did you inquire  
22 further to seek additional information?

23 A Well, he and I talked about it and I told him  
24 that if he had any additional information he was to give  
25 it to me.

**UNCLASSIFIED**

**UNCLASSIFIED**

6

Q And did he do so?

A We came back and talked a couple of times about, number one, what we felt the impact of it was and if he had heard anything else that would nail it down, and he said that -- well, he didn't change the original estimates at all. But, no, there was nothing on dates or more specifics of the deliveries.

Q Did he discuss anything about HAWKS?

A I believe we did subsequently in another meeting shortly after that, he had learned that there were some spare parts on HAWKS but he did not know how much or any of the details.

Q Were HAWK missiles or HAWK missile systems discussed?

A Between he and I?

MR. SAXON: Separate from HAWK repair parts.

BY MR. SABA:

Q As opposed to HAWK repair parts.

A No, not as part of the transfers, no. At no time did I hear HAWK missile launchers had been transferred.

Q Did you understand at the time that the transfers were coming from the United States Army?

A Yes.

Q Did you come to know of the mechanisms for those transfers?

**UNCLASSIFIED**

**UNCLASSIFIED**

7

1 A No, not until the story had become more public.

2 Q When did you first learn that the TOWs which  
3 were transferred in 1986 were transferred from the  
4 Army's point of view pursuant to the Economy Act type  
5 transfer to the CIA?

6 A When I talked to Secretary Weinberger.

7 Q And when was that, sir?

8 A A few -- within 2 or 3 weeks after that.

9 Q You are referring to November 1986?

10 A The middle of the summer 1986.

11 Q I understand. So in the middle of the summer  
12 1986 then you spoke to the Secretary on this matter?

13 A Yes.

14 Q Was this a -- at his initiative?

15 A No, at my initiative.

16 Q At your initiative. Did you seek to speak  
17 with him specifically on this issue?

18 A Yes. We were alone and I told him I had  
19 learned of it and we talked about it for a few minutes.

20 Q Can you please relate to us the substance of this  
21 conversation?

22 A Well, I was interested in whatever background he  
23 could tell me and why I had not been kept informed, and he  
24 told me that he had known about it for some time and that  
25 he had opposed it and that the decision had been made by

1 the President and that there had been some transfers in a  
2 specific way in order to keep distribution to a low level,  
3 and that it was his understanding that a conscious  
4 decision had been made that it was not a military matter  
5 so it was not necessary to bring in the military and  
6 that he had made strong representations opposing it, and  
7 that it was an accomplished fact and we talked in a few  
8 more minutes and both agreed that the Commander-in-Chief  
9 of the United States can do what he wants to do. That  
10 is within his <sup>purview</sup> ~~per~~view.

Whether it is wise or not is a separate question.

11  
12 MR. SAXON: Did you agree with Secretary  
13 Weinberger's definition of what constitutes a military  
14 matter?

15 THE WITNESS: I don't know that he told me what  
16 constituted a military matter, no.

17 BY MR. SABA:

18 Q Did he indicate there would be additional  
19 transfers following that summer?

20 A No, he did not, if he knew about it he  
21 didn't say. I really had the impression that it was winding  
22 down if not completed.

23 Q Did he indicate, provide you with information  
24 regarding the legalities of that?

25 A No, we did not talk about a finding.

**UNCLASSIFIED**

9

1 Q So there is nothing about a finding?  
2 A No.  
3 Q Or the Economy Act transfer?  
4 A No.  
5 Q Or the financial details?  
6 A No.  
7 Q Okay.  
8 A I clearly concluded number one, it was intended  
9 as a covert operation, it was a sensitive matter and  
10 that obviously some deliberate decisions had been made  
11 to do it in a certain way which didn't include me.  
12 Q Did the Secretary make a reference to transfers  
13 in 1985?  
14 A No, he did not.  
15 Q By Israel?  
16 A No, he did not.  
17 Now, Israel -- I had never heard that mentioned  
18 by Moellering or the Secretary.  
19 Q Sir, independently of the Secretary and  
20 General Moellering and prior to November of 1986 when these  
21 matters became public, did you have information brought  
22 to your attention or did you acquire information from  
23 whatever source that Israel had or was in the process of  
24 making a transfer of weapons to Iran?  
25 A No, I was not aware of that.

1 Q Sir, I would like to show you a document that  
2 I would like to make an exhibit in this deposition, and I  
3 suspect you have not seen it before so we will take a few  
4 minutes to review it. It is referred to as a Prof note.

5 (Exhibit Crowe No. 1 was marked for identification.)

6 BY MR. SABA:

7 Q The date and time of the message is at the bottom  
8 I would call your attention to that if I may, sir.

9 A Okay.

10 Q My question is not about the specifics of [REDACTED]  
11 [REDACTED] which is referenced but several  
12 other matters.

13 As you might notice from the note and the date  
14 which is March of '86, apparently there were some  
15 discussions with General Moellering about [REDACTED]  
16 and putting a request through the [REDACTED] system and  
17 this involved discussions with Oliver North who is the  
18 author of this paper.

19 He also makes reference to General Secord being  
20 upset about the [REDACTED] system.

21 Do you recall becoming involved in the request  
22 in connection with [REDACTED]

23 A This specific request?

24 Q Yes, sir.

25 A I am not quite sure what the request is for.

**UNCLASSIFIED**

~~TOP SECRET~~  
~~UNCLASSIFIED~~

11

1 Q Well, apparently the request was a request which  
2 they wanted to put through the [REDACTED] system from the  
3 agency to DoD to provide certain equipment and  
4 backup assistance.

5 A Incidentally we have a number of these, you  
6 understand. This goes on all the time, particularly as  
7 we were dealing with specific hostages, et cetera. We  
8 also had a number of operations which started and never  
9 came to anything that were handled with the [REDACTED]  
10 system, et cetera, et cetera.

11 MR. SAXON: We have no interest, sir, in getting  
12 into anything that is operational.

13 MR. SABA: Right.

14 MR. SAXON: Not even --

15 THE WITNESS: My instincts tell me that is what  
16 this was.

17 BY MR. SABA:

18 Q Would most of these have gone through  
19 General Moellering?

20 A Yes.

21 Q And come to your information?

22 A Yes, I think so.

23 Q We have provided that information to you in most  
24 cases.

25 A Yes. Yes.

Q So that you were generally informed about all

1 matters?

2 A I felt I was. Matters where we had a role in  
3 furnishing [REDACTED] furnishing  
4 trained people or furnishing some equipment [REDACTED]  
5 [REDACTED]

6 Q I take it you understand that the transfers in  
7 1986 and for that matter 1985 did not go through the [REDACTED]  
8 [REDACTED] system?

9 A Yes.

10 Q Just to leave this for a moment, do you recall  
11 making an inquiry as to why they did not go through the  
12 [REDACTED] system in the case of the earlier transfer?

13 A As it was explained to me this was set up at  
14 NSC request to do this. Part of the [REDACTED] system  
15 was used but not the normal [REDACTED] system.

16 Q All right.

17 Do you know of any other requests from the CIA  
18 which bypassed the [REDACTED] system?

19 A No, we have not. And in retrospect we have tried  
20 to track down whether there were any and so forth.

21 Q Thank you. Do you recall being briefed by  
22 General Moellering in this time frame as to [REDACTED]  
23 system request in connection with [REDACTED]

24 A I don't recall it specifically, but I must tell  
25 you that we have had a number of these, quite a number of

1 them.

2 Q There is an implication in this message that you  
3 may see that General Secord had been quite unhappy with  
4 the [REDACTED] system and there is some implication that  
5 the matter should be dealt with further, and the message  
6 at the bottom states that at some point in the not too  
7 distant future it would be good if you, Casey,  
8 Weinberger and Crowe, can sit down and review both [REDACTED]  
9 [REDACTED] and the OSG.

10 Do you recall if such a meeting shortly after  
11 this time took place?

12 A No, I do not.

13 Q He is writing to Admiral Poindexter at this  
14 point.

15 A I don't recall such a meeting.

16 Q In connection with this particular --

17 A The OSG I never go to OSGs. I don't know  
18 what --

19 Q General Moellering would be the person who  
20 would attend.

21 A He might. He has a whole series of those that  
22 he attends.

23 Q Do you recall in this time frame, sir, whether  
24 General Moellering might have informed you that the NSC  
25 and some others were involved in this operation and that

~~UNCLASSIFIED~~

~~TOP SECRET~~  
**UNCLASSIFIED**

14

1 it included General Secord?

2 A I don't recall him informing me of that. I would  
3 think that if his suspicions were aroused that he would  
4 have. I don't recall Secord's name ever coming up in  
5 any of those plans [REDACTED] or whatever.

6 Q Do you remember it coming up in the context of  
7 the transfers to Iran during '86 --

8 A When I was being informed about this?

9 Q Yes, sir.

10 A No, they were not. People who talked to me  
11 about it didn't seem to know the details.

12 Q I take it, sir, this is, today is the first day  
13 you have seen this message?

14 A Yes.

15 Q Had there been any other occasion on which a  
16 member of the NSC staff had brought a matter to your  
17 attention seeking to bypass the [REDACTED] system or  
18 complaining that it was unable to handle these matters?

19 A No, I don't think so. Now, you understand that  
20 as far as the [REDACTED] actually procuring equipment,  
21 et cetera, et cetera, the JCS is not in the process of  
22 procuring but they were in the [REDACTED] network to  
23 be kept informed from operational standpoint and on many  
24 operations we were asked to provide instead of getting a  
25 gun or something, that would be in the [REDACTED] network

**UNCLASSIFIED**

~~UNCLASSIFIED~~

15

1 but would come from one of the services who happened to own  
2 the gun. We would be arranging [REDACTED] services,  
3 arranging clearances, we would be arranging some of the  
4 schedules and also notifying military commanders.

5 Q So I take it that even in the case of very closely  
6 held covert incidents that it is a general rule that  
7 requests from other agencies for DoD assistance would pass  
8 through the [REDACTED] system?

9 A [REDACTED] system, yes, and that is the mechanism  
10 that we assumed that would keep us informed.

11 Q I have gone through this line because we have  
12 gone through some conversation indicating that the  
13 incident of the TOW transfer was not informed to you or  
14 went through the [REDACTED] system. There was some  
15 implication that that is because it was covert, but what  
16 I obviously am trying to develop is that in virtually  
17 every other case that we are aware of, that you are aware  
18 of, even covert requests for assistance to the DoD  
19 pass through the [REDACTED] system.

20 A Oh, yes, absolutely. This is all covert.

21 Q So in your learning of this, I take it, that  
22 this TOW transfer incident was a unique surprise.

23 A That is absolutely correct.

24 Q In general, sir, are you now and were you then --  
25 "then" being summer '86 -- satisfied with the response of

~~UNCLASSIFIED~~

**TOP SECRET**  
**UNCLASSIFIED**

16

1 the [REDACTED] system?

2 A I -- of course John Moellering and I talked about  
3 our participation and we didn't have any reason to object  
4 to the [REDACTED] system, but it became clear to me I  
5 think very quickly that I wasn't totally satisfied with  
6 the NSC relationship to the JCS.

7 Q All right, sir, that is exactly the next point  
8 I wish to go into, and that is what is that relationship  
9 and I would appreciate if you would expand on that statement  
10 further.

11 A Well, I can expand on it. I hope it is  
12 germane. I mean if you are just going to hear some of my  
13 own personal biases that I am not so sure are germane  
14 to what we are talking about at all, but it was my  
15 reluctant conclusion that there were military people on the  
16 NSC that in certain instances were willing to, in order to  
17 keep something closed for whatever the purpose, would say,  
18 well, we will provide the military advice. So you have  
19 the military input and you don't need to worry about  
20 going further afield outside of this very small select  
21 circle and I didn't necessarily appreciate that.

22 And that was a deduction, not a -- nobody told  
23 me that. This was over a period of time on a variety of  
24 issues.

25 Q How would the NSC, being relatively small staffed

**UNCLASSIFIED**  
**TOP SECRET**

**UNCLASSIFIED**

17

1 acquire the means to provide that advice on military  
2 matters?

3 A Well, of course my theory was they didn't have  
4 the means. You better inquire of them. Of course  
5 they are speaking from experience in particular areas of  
6 their expertise, they were speaking from some time in the  
7 job and they were speaking from great knowledge of how the  
8 mechanism works and there were ways to -- obviously there  
9 were ways to manipulate the mechanism.

10 Now, from my perspective, if an item came to the  
11 National Security Planning Group or to the National Security  
12 Council, I was invited and I attended the meeting, and I  
13 immediately knew something was afoot or what the decision  
14 was and what was being discussed, and I had an input. But  
15 as in so many things in this town, the top level was  
16 sort of the tip of the iceberg, there is a whole huge  
17 iceberg of things going on at the working level, and so  
18 forth.

19 Q To focus and relate what you have just said  
20 to the matters we are currently concerned with, do you  
21 know of any studies done to relate or to assess the impact  
22 of the transfer of the TOWs and the HAWK parts and  
23 earlier TOWs and HAWK missiles to Iran given that Iran  
24 was then engaged in and is engaged in a war?

25 A When I learned about it I did considerable

18

1 looking into it on my own initiative without -- I was  
2 dealing with a sensitive covert matter here which I was  
3 not necessarily supposed to know about, so I attempted to  
4 keep my own investigations, my own inquiries restricted  
5 and without connecting them to anything, but I looked at  
6 the TOW situation both in our own military and also what  
7 impact I felt it had on hostilities in the Iran-Iraq war  
8 as well as our ability to deal with it if we had to confront  
9 it.

10 'I really didn't feel that the HAWK parts were  
11 going to be that crucial or critical one way or another.  
12 The TOWs worried me.

13 Q Why is that, sir?

14 A Well, we were transferring arms with some  
15 capability, at least that was my initial conclusion until  
16 I knew more about it, that was my conclusion. Of course  
17 the U.S. Army inventory at that time was about [REDACTED]  
18 TOWs. When we left Iran we left [REDACTED] TOWs in Iran. The  
19 had already run through that inventory, of quite a few  
20 TOWs. The TOWs we were transferring were [REDACTED] TOWs,  
21 2000 of them, no launchers. My people thought that Iran  
22 probably had [REDACTED] launchers left, not fewer. That  
23 was just our best estimate.

24 I went back and looked over a lot of the  
25 information we had on the battles, how the TOWs had been

~~TOP SECRET~~  
~~UNCLASSIFIED~~

19

1 used and our information was by no means complete, but I  
2 could find no evidence first of all that Iran had  
3 employed the TOWs in a very skilled fashion. As a  
4 matter of fact, it looked like they worked through the  
5 original inventory very quickly in '82 and '83 with very  
6 little result.

7 Q I take it you are basing your analysis on  
8 information which the Pentagon has at its disposal.

9 A And we follow the Iran-Iraq war further. This  
10 had nothing to do with anything. This is just the analysis  
11 of the battles we followed day by day, the way the  
12 Iranians and Iraqis were using tanks didn't necessarily  
13 lend itself to a TOW battle.

14 I could find no evidence after that, of course  
15 there was a little quid, there was no way to show how soon  
16 they would show up, I could find no evidence the TOWs  
17 were influencing the course of the war. Now, whether they  
18 influenced the course of the individual action or battle is  
19 another matter, and I couldn't really nail it down.

20 Q But to your knowledge, sir, prior to the time  
21 you did such an inquiry, do you know that resources of  
22 the Pentagon were employed prior to that transfer of TOWs  
23 initially?

24 A The arms transfer?

25 Q Yes.

~~UNCLASSIFIED~~

~~TOP SECRET~~  
~~UNCLASSIFIED~~

20

1 A No, not to Iran, no.

2 Q So those transfers which you first learned in  
3 approximately June '86 had gone forward, correct me if I am  
4 wrong, had gone forward without the benefit of the analysis  
5 and the resource, the analytic resource of the Pentagon?

6 A That is correct.

7 Q And in your opinion, sir, did the NSC then in  
8 existence and the staff which we are acquainted with now  
9 that made its own decisions on these matters, did they  
10 have at their fingertips the kinds of resources to make  
11 these analytical decisions?

12 A They may have, but I am not aware of it. Now,  
13 they have access to the DIA, they have access to the studies  
14 of the battles and so forth like I do. They have access  
15 to the intelligence sources.

16 I think if I could express an opinion on it that  
17 they concluded that the number was so small that it was  
18 giving the size of the opponents and scope of the battle  
19 that it was not that important.

20 And to be frank about it, in retrospect looking  
21 at it I am not so sure it was. But I suspect that their  
22 judgment was an intuitive one, not an analytical one.

23 Q I take it that one purpose of the [REDACTED]  
24 system --

25 A Would be to draw our judgments in, absolutely.

~~UNCLASSIFIED~~

~~UNCLASSIFIED~~ SECRET

21

1 Q And that by avoiding [REDACTED] system the  
2 transaction proceeds without the sure benefit of those  
3 procedures and analyses.

4 A Absolutely.

5 Q And in this case it proceeded without even the  
6 knowledge of the top military leadership?

7 A You are essentially right.

8 Now, please understand that the Commander-in-  
9 Chief, if he is playing for stakes he feels justifies  
10 something like that -- you can rationalize a move like  
11 that.

12 Q I do understand that, sir.

13 A You don't want to put it in a cut and dried light  
14 that everything must be done in a certain way for certain  
15 reasons where the Commander-in-Chief has no discretion or  
16 other way.

17 Q Do you know, sir, in looking back now and  
18 having perhaps looked at these events more closely, how it  
19 came to be specifically that the [REDACTED] system was  
20 bypassed? That is, it was a decision by the Commander-in-  
21 Chief.

22 A I think it was done by discretion.

23 Q And there was a finding -- well, do you know  
24 where that direction actually came from?

25 A No, I understood it came from the NSC but I do

~~UNCLASSIFIED~~

**UNCLASSIFIED**

22

1 not know that personally.

2 Q I am as you appreciate trying to determine -- I  
3 understand that the Commander-in-Chief can make a  
4 decision. We know today that there was a finding. But  
5 in other circumstances where similar events have taken  
6 place with a finding and an order, the [REDACTED] system  
7 came into play.

8 A And I suspect the decision to go around the [REDACTED]  
9 [REDACTED] system was not made by the Commander-in-Chief.

10 Q Do you know who made that decision?

11 A No, I do not.

12 Q Do you have any advice for us as to a way that  
13 we might assure that it wouldn't happen again in that  
14 manner?

15 A I don't have any practical advice for you. You  
16 know, I have been in the Service for 40 years and we can  
17 have a man pull out at 45, shoot himself in the foot and  
18 we then issue 25 instructions to prevent this, and next  
19 year some guy will pull something out of his holster  
20 and shoot himself in the foot.

21 MR. SAXON: That is an interesting analogy.

22 THE WITNESS: You are asking me to draw up a  
23 Constitution of the United States that covers all problems

24 Now, I don't have any flaw-proof advice for

3 BY MR. SABA:

4 Q Yes. I take it what you are saying is that  
5 you are satisfied with the current procedures provided  
6 they are followed.

7 A Provided they are done right, that is right.  
8 And I cannot design a system that a man with great authority  
9 cannot get around without unduly hampering him so he  
10 cannot do his job. That is the dilemma. If you think that  
11 the most important thing in the world is for him to never  
12 do anything wrong, you can design a system that will keep  
13 him from that and you will also design a system so that  
14 the United States never achieves anything. It is a  
15 terrible dilemma. I don't find it a comforting one.

16 Q Returning to our historical chronology, I believe  
17 you said you met with the Secretary in approximately --

18 A In a matter of weeks.

19 Q Did you have further meetings with the  
20 Secretary on this matter? 1986?

21 A No, we did not discuss it.

22 Q Were there meetings following the public

24 A Yes.

Q And that would have been in November of '86?

A Shortly after the --

Q Can I ask, as I am sure you know, the public assumes that, as does the world I suppose, that we know everything, how is it do you think that intelligence information or other papers would not have come to your attention indicating the transfers?

A Well, of course, I am just not in the transfer business. My staff is not in the transfer business. If it doesn't show up in that [REDACTED] system, I just don't know how we would know.

Q I am looking at the 1985 transfers by Israel of Tows and then some Hawk missiles. I will tell you that we heard earlier today from DSAA that they had no knowledge of the transfer of those weapons which were provided to Israel pursuant to foreign military sales, military assistance program contracts.

A I find that quite astounding, because that is their sole concern. That is what they do. That is their business. I don't see how -- all they do by any means.

Q Were you aware before a few moments ago that DSAA did not have knowledge of that transfer?

A No, I was not aware.

Q So --

A See, I would think a lot of things go on that somebody in my shop, my staff and so forth might see, but

~~UNCLASSIFIED~~

**UNCLASSIFIED**

1 they would not flag for me unless there was something very  
2 unusual about it. Some antenna were pulsed, or that some-  
3 thing was going on that they didn't quite understand.

4 Q Would it be --

5 A I don't see everything that comes through my shop.

6 Q Would it be fair to say then that you might have  
7 presumed prior to today that DSAA would have come to know of  
8 those transfers other than the newspapers?

9 A Well, not necessarily. As I understand the way  
10 the system was handled, they went straight from NSC to the  
11 Secretary's office to the Army.

12 Q So that was in the case of the 1986 transfers of  
13 Tows?

14 A I didn't know there was a distinction between that  
15 and '85.

16 Q The method, if I can, the method of transfer was  
17 quite different. In 1986 --

18 A That I am not aware of.

19 Q In 1986 in the case of the Tows in August and  
20 September they were Israeli Tows being provided by Israel  
21 directly to the Iranians with an interesting question as to  
22 who knew what and when in the United States.

23 That was followed in November by an attempted  
24 shipment of -- take your pick -- a good guess is 80 Hawks  
25 of which 14 Hawks were delivered, 13 returned in 1986.

**UNCLASSIFIED**

~~TOP SECRET~~  
~~UNCLASSIFIED~~

1 A From Israel to Iran, returned?

2 Q Yes. Through the intervention in that case of  
3 General Secord, who provided some pilots and support in  
4 Israel to help the transfer over.

5 Those Hawks and Tows that were transferred in 1985  
6 were provided to Israel pursuant to the usual FMS sale.

7 A That wouldn't come to my attention if it was a  
8 usual situation and decision.

9 Q And it should have been subject to the usual  
10 procedures involving American consent in order to transfer  
11 those.

12 In the case of the 1986 Tows, which were provided  
13 in parts, there was a finding the CIA did a provision  
14 pursuant to complicated modalities --

15 A But the normal transfer I would not be brought  
16 into. I don't know any reason I would or should.

17 Q Would it be, though, that the NSC would have not  
18 only full information on this but would have actively  
19 participated in these movements of weapons while the Pentagon  
20 essentially didn't have the information?

21 A I don't think that the NSC would have participated  
22 in it without everybody having the information. You are  
23 looking backwards at the connection now established that was  
24 not clear at the time the transfer was made. I don't know if  
25 DSAA elaborated on it, but they do a lot of weapons transfers

Q They simply were not involved and they didn't take charge. Again, what I am trying to develop is whether or not in this case also, as in 1986, there were sets of procedures which otherwise would have picked up the transfer and in this case, did not.

A If there were, I wouldn't know about it.

Q So, you were unaware of that?

A Yes.

MR. SABA: Do you have further questions in this area?

MR. SAXON: I have a number of questions, but maybe it is better just to wait until you finish all your questioning.

MR. SABA: I want to move to a different area, if you want to deal with Hawks and Tows --

MR. SAXON: You are going to go to the contra area?

MR. SABA: And other general areas.

MR. SAXON: Then let me go ahead.

MR. KREUZER: I have one for clarification.

BY MR. KREUZER:

Q Sir, you discussed earlier about General Moellering's coming back initially to you in June of '86 and saying I have just had a conversation with Mr. Armitage about something that I wasn't aware of and that is the Tow missiles

**UNCLASSIFIED**

~~UNCLASSIFIED~~

1 for Iran proposal, and did he say at the time that Armitage  
2 had said that the hostage exchange was involved?

3 A It had come up in the TWG in the context of  
4 hostages. But he did not connect the two as being not  
5 anything else but hostages. He didn't say that. He just  
6 said some dealings <sup>were</sup> done with Iran and one of the problems was  
7 hoping to get more movement on the hostages or one of the  
8 others.

9 BY MR. SAXON:

10 Q Admiral, I would like to ask you a number of  
11 questions. When we first met back in April -- April 10,  
12 1987, and I interviewed you, I believe you indicated that  
13 you had not been interviewed by the Tower Commission, is that  
14 correct, sir?

15 A That is right.

16 Q I recall that you expressed some surprise that you  
17 had not, is that correct?

18 A Yes, I was surprised.

19 Q When you learned of the arms shipments to Iran in  
20 late June or ~~X~~early July '86 I believe you told me previously  
21 that that reaffirmed in some way the suspicions you had about  
22 the NSC, and you talked about that relationship, is that  
23 correct, sir?

24 A Yes.

25 Q And would it be fair to say that you weren't sure

~~UNCLASSIFIED~~

**UNCLASSIFIED**

30

whether, which was the chicken and which was the egg, there had been ongoing problems?

A Well, yes, I think that would be a fair characterization. On the other hand, I really thought that -- this was a personal conclusion -- that this was a questionable proposition that the purpose, unlike on some other matters that we deal with, was to keep dissent out of the decision-making calculus.

Q So if this asks for a pin, then you can clearly denominate it as such and I guess that it does, but are you saying that your sense is that individuals on the NSC staff thought that the fewer people who knew something which you could perhaps justify, because of the sensitivity, would also mean you didn't have a lot of people criticizing you?

A That was my conclusion.

Q How would you characterize your reaction to General Moellering when he first told you about the arms to Iran?

A Characterize his reaction?

Q No sir, your reaction.

A Well, I was startled.

Q Would it be --

A I have been around a long time, though.

Q Would it be you were startled, sir, because of the underlying nature of the transaction itself, or because

**UNCLASSIFIED**

**UNCLASSIFIED**

31

7

1 you weren't included?

2 A By the nature of the transaction.

3 Q Let's talk about that a moment. If someone had  
4 asked you whatever date that was -- June, July, '86 -- Mr.  
5 Chairman can we, do we, will we send arms to Iran? What  
6 would have been your answer based on your understanding of  
7 U.S. policy at that time?

8 A Of course, it depends on the question you are  
9 asking me. If you say on the basis of U.S. policy, I would  
10 say I find that rather strange, because that is contrary to  
11 our policy.

12 If you were asking me can we do this militarily,  
13 et cetera, that would be a different question.

14 Q If you were say the typical case testifying on  
15 the Hill before one of the Armed Services Committees at that  
16 time and someone had said to you, Mr. Chairman, do you think  
17 it wise as a matter of policy for us to trade arms for  
18 hostages, what would have been your response?

19 A Well, it is pretty hypothetical. I think I will  
20 just say given our avowed policy that is not a good idea.

21 Q What do you mean, given our avowed policy?

22 A Because we don't ransom hostages. Now, in a  
23 number of cases that I talked about where we did put our  
24 minds to hostages and the possibility of releasing them, I  
25 think off and on a number of offers have been made in screwy

1 channels -- "I get a man for so much" or something -- and  
2 as far as I knew, we never took that over or really ever  
3 explored it.

4 Q I believe you told us when we interviewed you  
5 previously, that relations with the NSC have improved  
6 considerably since Mr. Carlucci took over. Is that correct?

7 A That certainly is my impression.

8 Q Let me go to --

9 A I think that is reflected in a number of ways and  
10 by a number of sources.

11 Q Let me go to your meeting with Secretary  
12 Weinberger, which I assume was the first one <sup>or</sup> ~~on~~ one meeting  
13 you had after finding out about these transfers?

14 A Yes.

15 Q What do you recall being the way in which you  
16 expressed your dissatisfaction at not having been included  
17 in the process?

18 A Well, I don't know that I was up there complaining  
19 so much as I was there to try to find out a little more about  
20 it and obviously number one interest was to find out if  
21 opinions had been expressed on the matter. And he is my  
22 boss. The President is the Commander-in-Chief, but I also  
23 work for the Secretary of Defense, and he has greater access  
24 than I do, et cetera, et cetera, and when it became clear  
25 that he had waded in rather heavily on this matter, that was

**UNCLASSIFIED**

**TOP SECRET**  
**UNCLASSIFIED**

9

1 was really the primary piece of information I was looking  
2 for.

3 And the decision to overrule that argument had  
4 been a deliberate and conscious<sup>one</sup> and that it just had not been  
5 made because people got out of the way, it had been made in  
6 the face of opposition -- the decision was.

7 Q You told us earlier, in response to a question  
8 from Mr. Saba, that the Secretary indicated he didn't consider  
9 this a military matter.

10 A I think he said that the decision had been made  
11 that it wasn't. I don't know that he said that.

12 Q Please understand that I am not trying to --

13 A No, I understand.

14 Q To get at odds with the Secretary or for that  
15 matter, anyone else, but we are trying to make sense of this  
16 and as somewhat novices in the field, we are trying to  
17 determine what is an appropriate reaction when we find  
18 something out and what isn't.

19 So let me indicate one way that someone could  
20 characterize this.

21 A All right, sir, go ahead.

22 Q We are providing lethal equipment, missiles, and  
23 missile repair parts out of U.S. inventories which, whether  
24 it is significant or not, draws down our stocks to some  
25 extent. We are giving them to a country that is on the

1 State Department's list of being involved in promoting or  
2 supporting or assisting, facilitating terrorism. That  
3 particular country -- Iran -- is engaged in open hostilities  
4 has been at war with Iraq for some number of years. We have  
5 a professed U.S. policy of neutrality in that war. We have  
6 been pressuring our allies not to send arms to Iran. And  
7 notwithstanding all of these things, the decision is made  
8 by somebody that the Chairman of the Joint Chiefs of Staff  
9 and our top men in uniform had no business being involved in  
10 this or even being apprised of it.

11 To some people that would be startling.

12 A Well, it will come as no surprise, I am sure,  
13 that I don't know a lot of things that go on in the U.S.  
14 Government and I don't expect to know a lot of things and  
15 I don't think I should know a lot of things.

16 Q Do you believe you should have known this?

17 A There are areas where I should very definitely  
18 know about, but whether I should have known this is probably  
19 a question of judgment, considering all the facts and all  
20 the information. And I am well aware that the President  
21 has some very deep concerns on his mind, and it was pretty  
22 obvious to me that he was playing for high stakes in this  
23 move. I don't find that so amazing.

24 MR. SABA: Sir, did you discuss this with the  
25 President?

**UNCLASSIFIED**

**UNCLASSIFIED**

35

11

1 THE WITNESS: No, I did not. That is the kind of thing  
2 that he is paid for, that is what we expect of him.

3 I guess you can say that my ego was dented or  
4 something. On the other hand, if in fact he was playing for  
5 a new regime in Iran, if he was playing for the end of the  
6 war or playing for long term stakes with United States  
7 relationships with Iran, I don't think he is bound by any  
8 particular rules in that regard, and I don't think you can  
9 design a formula that he must adhere to in every instance.  
10 That is a judgment decision.

11 BY MR. SAXON:

12 Q Let me ask you, sir, about the questions that you  
13 raised. You said questions were raised in your mind once  
14 you found out about this with regard<sup>AR</sup> to specific types of  
15 analysis that you thought should have been examined. You  
16 touched on this briefly in response to a question from Mr.  
17 Saba, but when we interviewed you back in April, I believe  
18 you indicated there were three specific questions.

19 A There were, yes.

20 Q What can you tell us about those?

21 A I looked at the question of what we do to U.S.  
22 inventories.

23 Q The readiness impact?

24 A Yes. I concluded that given the overall numbers  
25 and amount transferred and what was coming off the production

1 line that really it was negligible.

2 Q I believe you said, second, you looked at the  
3 strategic impact of the Iran/Iraq War?

4 A The impact on the Iran/Iraq War and I could find  
5 no measurable impact.

6  
7  
8  
9  
10  
11  
12  
13  
14 Q So after this --

15 A Incidentally, the people in NSC that did this ma  
16 have done a similar look at it. I cannot say they didn't.

17 Q If they did, sir, we have not found it.

18 A Okay.

19 Q Let me just say to make sure we have this clear  
20 on the record then, after you did that examination or had  
21 your staff assist you in taking that look at these three  
22 issues, you concluded that there would have been no object  
23 raised to having gone forward?

24 A I concluded the military questions were -- if  
25

**UNCLASSIFIED**

**UNCLASSIFIED**

37

there were good reasons to do this, the military questions were probably not influential, or shouldn't be.

Q But it is fair to say as far as you know, in terms of the Pentagon, this examination had not taken place with their input previously?

A It did not, that is right.

MR. KREUZER: Are you going to stay on that topic? I have a question on that.

MR. SAXON: Go ahead.

BY MR. KREUZER:

Q What if you were to know, sir, that individuals were to take the Iraqi battlefield strategy and order of battle and reveal it to the Iranians, and reveal that information to them? What would you say if you knew that had been passed?

A I would say "wow."

Q Would you say that that is something the Chairman of the Joint Chiefs should know about, or have input?

A Yes.

BY MR. SAXON:

Q You indicated, Admiral, that the readiness concern which you might have had, really was more addressed to the Tows than the Hawks.

A Yes.

Q But I also recall when we met in April, that I

**UNCLASSIFIED**

1 provided some data to you which we took directly from the  
2 IG report from the Department of the Army that indicated  
3 with regard to the 234 repair parts for the Hawks, which w  
4 requested, and most of which were transferred to the CIA  
5 and ultimately to Iran, that the Army concluded that at th  
6 time the decision was made to meet the requirement and sen  
7 it forward, that those 234 repair parts there would have b  
8 46 on which there would have been something classified at  
9 level of significant depletion -- specifically, 15 of those  
10 repair parts would have been totally depleted, 100 percent  
11 of our inventories.

12 Eleven of those repair parts would have been in  
13 excess of 50 percent depletion, and 20 percent of the repa  
14 parts would have been under 50 percent but still significant  
15 depletion. And I recall having asked you what your reacti  
16 was when you found out about those figures, and I believe  
17 I am correct in saying you indicated that that had not bee  
18 brought to your attention until --

19 A No, it did not, and I found that rather, that  
20 a rather significant finding, that if I understood at the  
21 time should have been flagged.

22 Q I should make clear for the record that the DA  
23 at the time it conducted in late '86 concluded that with  
24 things that had come on line, with some different snapsho  
25 of a different day of the U.S. inventories that the numbe

1 A No, I don't remember that.

2 Q Do you recall whether Secretary Weinberger  
3 indicated that he himself had ever indicated to the President  
4 or anyone else that he had some questions about the legality  
5 of these transfers?

6 A No, I don't recall him saying that. He did  
7 describe warning him vigorously against it.

8 Q Am I correct in saying that in mid-1986 when you  
9 first found out about these transfers, you did not know  
10 anything about the Israelis as an intermediary?

11 A I did not.

12 Q I have got just a couple more questions.

13 Going back to the [REDACTED] system, sir, I had  
14 an interview about the same time as the one we conducted  
15 with you with retired General Richard Stilwell who, in his  
16 capacity at the Pentagon had the [REDACTED] system DoD-wide.

17 General Stilwell, in response to the question,  
18 said that the [REDACTED] system was, as far as he knew, designed  
19 as the exclusive means for transfer stocks from one of the  
20 services to the CIA.

21 Would you concur with that assessment?

22 A As far as I know.

23 Q And I think it is clear from Mr. Saba's line of  
24 questioning that we have had some very sensitive transfers  
25 made to the agency which, nonetheless have gone through the

1 [REDACTED] system?

2 A To the agency that have gone, yes. I believe,  
3 as I understand it, that those transfers were made by people  
4 in the [REDACTED] system, that it was just an abbreviated  
5 [REDACTED]

6 Q That is one of the things I wanted to get to. You  
7 stated a few minutes ago that there is a real dilemma that  
8 we want to have the proper review for something like this,  
9 but we don't want to hamstring people, unduly hamper.

10 But it is true, is it not, that there are pro-  
11 cedures written into the [REDACTED] system to speed up the process  
12 of review?

13 A But I don't think that is to reduce the network.  
14 I think that there are ways to move things quicker.

15 Q Through the [REDACTED] system?

16 A Yes.

17 Sometimes a requirement arises with a very, very  
18 short fuse on it. If you can't meet the fuse, it is useful.

19 Q And there is included through the [REDACTED]  
20 review process legal review at several levels; is that  
21 correct?

22 A Yes.

23 Q And there is also readiness review, one of the  
24 things that is looked at is readiness?

25 A You understand the great bulk of these things

EXAMINATION ON BEHALF OF THE HOUSE SELECT COMMITTEE

BY MR. GENZMAN:

Q I might have missed your answer regarding use of an abbreviated [REDACTED]

In what instances was that used?

A This is the only one I know of, the TOW transfer and the HAWKS.

Q That was an abbreviation of the [REDACTED]

A To my understanding, it was. This was an understanding subsequent to November.

MR. SABA: So your understanding of what you call an abbreviated [REDACTED]

THE WITNESS: I was talking about from the NSC to the Secretary's office to the Army to CIA, with no other distribution.

You probably know more about that than I do.

MR. SABA: That is essentially correct, sir.

THE WITNESS: But these were [REDACTED] contacts.

EXAMINATION ON BEHALF OF THE SENATE SELECT COMMITTEE

BY MR. SAXON:

Q These were people normally involved in the [REDACTED] system?

A That is my understanding.

Q But the requirement itself did not go through the normal [REDACTED] process?

~~UNCLASSIFIED~~

**UNCLASSIFIED**

44

1           A       That is probably right, yes.

2           MR. SABA: If I can be more specific, we have now  
3 had interviews with most of the individuals involved and ver  
4 specifically, General Thurman, who happened to be on duty at  
5 the time you came, stated that as he put it, he is by chance  
6 the [REDACTED] note, but he did not understand them coming  
7 him in that capacity.

8           THE WITNESS: That is another matter.

9           MR. SABA: But in a different capacity, and he is  
10 on the note, among other things, but others including the DA  
11 report, I believe, have all concluded that certainly in the  
12 case of the TOWs, the [REDACTED] system was bypassed.

13           I think --

14           THE WITNESS: I said you know more about it than  
15 I do.

16           MR. SABA: Apparently there was some application  
17 of the system in the case of the HAWK radars, and again the  
18 DAIG report indicates how the [REDACTED] systems, the over-  
19 view and readiness review by example, were, in fact, applied  
20 to the provision of the spare parts and there had been a  
21 request for radars which did not go.

22           So the [REDACTED] system from the testimony we  
23 have in the DAIG report appears to have been brought to bear  
24 in part on the HAWK spares and radar request or requirement  
25 but in the case of the TOWs, it would seem to be the conclus

**UNCLASSIFIED**

45

of the individuals involved at the DAIG that it was bypassed.

I relate all this, not to testify myself, but in terms of background because I think it is crucial in a way to our investigation to understand how and why, in this case, the system was bypassed and whether, in fact, the system is adequate.

If it was bypassed because it was not responsive and that has been the thrust in part of our questioning on this matter to you.

MR. SAXON: But what is interesting to note is even with regard to the HAWK repair parts, the first request for HAWK repair parts did not go through the [REDACTED] system itself and the second request, which was a follow-on for additional HAWK repair parts, sort of went through the [REDACTED] system, but only because the Army forced it through rather than it coming through the agency to [REDACTED] and down through the process and the Army made the determination that the additional request for HAWK repair parts beyond the 234 initially asked for did not qualify as part of the first request, but was a new request and they wanted to treat it through their system.

So the system worked. The Army forced it back through the process. It got sat on and was never complied with.

THE WITNESS: My instincts would tell me that is a

**UNCLASSIFIED**

1 result of reservations from what had been done earlier.

2 MR. KREUZER: But no request entered through

3 [REDACTED] which is the front door to the [REDACTED] system, the  
4 [REDACTED] is where a request would come in to be looked at and a  
5 decision made whether or not it is valid, to whom it should  
6 go for action?

7 THE WITNESS: I didn't understand -- you may be  
8 right. I didn't realize that it did go to other members as  
9 well. [REDACTED] was the mailbox for everybody else.

10 MR. KREUZER: That is sort of the way I read

11 [REDACTED] is that the one that says  
12 this where the first rung is, this is the entry to the system

13 THE WITNESS: They are an important rung on the  
14 ladder, no question.

15 EXAMINATION ON BEHALF OF THE HOUSE SELECT COMMITTEE

16 BY MR. SABA:

17 Q Did you have occasion, following your acquisition  
18 of knowledge of these events, to have any discussions further  
19 with General Wickham or General Thurman about it?

20 A No, not consciously and deliberately. I think once  
21 time it was mentioned in the tank, but in the context that  
22 I am going to be giving a deposition or something --

23 Q These would be 1987 --

24 A You have got to understand, that once something  
25 like this starts, people are very careful about the

1 information -- everybody says I would like to know and the  
2 standard answer is you will know, you will get all the

5 So I remember it coming up in the tank that time  
6 and nobody queried or explored it or probed.

7 Q The question is directed to 1986 when you acquired  
8 knowledge of the transactions. You would agree that the Army  
9 provided the TOWs and the parts and my question was whether  
10 you had gone to General Wickham or anyone else in the Army  
11 to inquire as to what had gone on?

12 A The standard answer, okay, we are going to get  
13 all the dope when it is put together here. I am not about  
14 to embarrass the Chief of Staff of the Army when he thinks he  
15 is under -- you have got to understand the environment.

16 It is not that he is not going to be forthcoming,  
17 and he will. This would be hashed at great length, but  
18 there is quite a production being made of this right now.

19 Two or three things that are missing in this kind  
20 of query or inquiry, that is that the normal press of  
21 business in the Pentagon is unbelievable, and while today on  
22 the television and so forth this is the item of great  
23 interest, and it sounds from listening to people testify as  
24 if there was nothing going on but this, you have to realize  
25 that a lot of this stuff gets lost in the background noise of

**UNCLASSIFIED**

**UNCLASSIFIED**

48

9

1 the everyday business of the Pentagon.

2 The hard part of the Pentagon, which comes with  
3 experience, is picking low-level signals out of the back-  
4 ground noise as to something going on.

5 These things don't come across your desk with a  
6 great big red tag on it or anything. There is -- in trips,  
7 travel going back and forth when you are looking at the  
8 people in the [REDACTED] system, you will find that a lot of times  
9 they are not there when something happens, somebody else was  
10 there.

11 That is sort of the ambiance that seems to me  
12 gets totally ignored and lost.

13 Incidentally, that is with any system you design,  
14 whatever you conclude, you have got to design a system that  
15 will operate inside of a tremendous amount of business.

16 Q I have one more question on the TOW HAWK business  
17 and that is, I take it you were, since the time you assumed  
18 your position as chairman, aware of Operation STAUNCH and  
19 our public policy against providing weapons to Iran.

20 Would you describe that as a well understood  
21 policy, not only within the military, but also generally?

22 A I think so.

23 Q Did you have --

24 A At least as a general policy proposition, yes.

25 Q Did you have occasion to discuss this with foreign

1 military personnel?

2 A With foreign military -- yes, in a social way in  
3 NATO and so forth.

4 Q Would you say that we made it our business to  
5 inform our allies and friends, our trading partners, that we  
6 were sincere in our opposition to providing weapons to Iran?

7 A Oh, I think so, yes. Of course, you understand in  
8 the groups I deal with, the military, this is preaching to  
9 the choir. Also, in parts of this conversation, I was  
10 lectured many times on the fact of life -- I am talking about  
11 in foreign countries -- and my counterpart might say while I  
12 understand the wisdom of that and I think you are right and  
13 so forth, companies in my country are going to sell to Iran  
14 no matter what.

15 Q But is it correct that you found yourself in the  
16 position always of stating American policy against that  
17 trade?

18 A If it came up, yes.

19 Q That would be through 1985 and then again in 1986?

20 A Again going back to what I said about so much  
21 business, that wasn't a prominent topic in discussions and  
22 meetings.

23 There were many countries that pay very little  
24 attention to the Iran-Iraq war.

25 Q By any chance did any foreign person ever bring

6 A No.

7 EXAMINATION ON BEHALF OF THE SENATE SELECT COMMITTEE

8 BY MR. SAXON:

9 Q Since these matters have become public, given  
10 that we had a stated public position on sale of arms to I  
11 by other nations and we were pressuring our allies and ye  
12 apparently we were doing that ourselves, have you had  
13 occasion to be lectured, as you say, by any of our allies

14 A Yes.

15 Q Without naming names, can you tell us --

16 A I just took a trip through the Gulf a short tim  
17 ago. The references weren't too direct, but the implicat  
18 were clear.

19 Q I guess we can understand a little bit of that.  
20 Do you personally foresee a serious damage with our allies  
21 because of this distinction between stated policy and the  
22 actual circumstance?

23 A That is a difficult question to answer.

24 Number two, my instincts tell me that the damage  
25 doesn't come from the instant, per se, as it comes from

1 accumulation.

2 I am talking about damage to our Arab relations  
3 primarily. It is just another brick in the wall that worries  
4 them. And they have -- they keep tab, they keep a ledger  
5 on the United States, and in fairness, this is not as impor-  
6 tant in our Arab relations as the turndown by Congress of the  
7 arms packages.

8 That is the number one item. And then these  
9 other things fall in line. And this is another straw in the  
10 haystack.

11 But they have been remarkably restrained about it,  
12 to be frank.

13 EXAMINATION ON BEHALF OF THE HOUSE SELECT COMMITTEE

14 BY MR. SABA:

15 Q I would like to turn to the other hemisphere.  
16 Sir, on assuming your position as Chairman of the Joint  
17 Chiefs in October 1985 and subsequently, were you provided  
18 briefings, and I am thinking primarily legal briefings in  
19 this question, as to what could and could not be done pur-  
20 suant to various statutes in force at the time in terms of  
21 support for the anti-Nicaraguan Government forces?

22 A Well, I received a number of briefings on South  
23 and Central America, but I don't think it was very express on  
24 that aspect of it.

25 Q Did General Galvin provide you with any

1 information as to the status of our military forces and an  
2 support which may or may not be provided to the contra  
3 forces?

4 A He encouraged me to visit Central America and he  
5 also talked to me about his relationship with El Salvador,  
6 Honduras and particularly the Panamanian situation and some  
7 of the work that he did in Latin America proper.

8 And I did visit Panama, El Salvador, and Honduras  
9 in January of 1986. I had a trip scheduled in November.  
10 I canceled it and visited in January.

11 Q I take it then shortly after taking on your post  
12 as chairman, you did take an interest shortly in Central  
13 America?

14 A Yes, I did, primarily because I was very shy in  
15 my background on Central America. I had never been associ-  
16 ated with the area, I had never been there.

17 Q Admiral, I am going to introduce another exhibit  
18 here which is Exhibit No. 2. This is, I believe, your  
19 letter.

20 Do you recognize the letter as being a copy of  
21 one of your letters?

22 A Yes.

24 BY MR. SABA:

25 Q Could you provide us some information about the

~~UNCLASSIFIED~~

1 letter, the circumstances surrounding its creation and  
2 perhaps specific information on paragraph 2?

3 A Well, I think this was in response to a number of  
4 requests from a number of sources to [REDACTED] and  
5 improve intelligence. That expansion took quite some time  
6 and didn't take place right away.

7 Q I am sorry --

8 A The expansion took some time. It didn't take  
9 place for quite some time.

10 Q Do you recall when it may have occurred?

11 A It says the first phase is scheduled to begin in  
12 January. I don't think we had the people in place for  
13 several weeks after that. I don't know exactly when it was.

14 Q Sir, I am particularly interested in the second  
15 paragraph, the last sentence, which, in an earlier copy,  
16 has been highlighted and, therefore, it appears slightly  
17 shaded in the exhibit.

18 A In what regard?

19 Q Do I understand it that the intention was that  
20 the [REDACTED] would provide intelligence information to the anti-  
21 Sandinista --

22 A I don't believe that was the intention.

23 Q Well, perhaps you could explain what was intended.

24 A Well, the main thing was to provide it to our own  
25 people, to the Pentagon and to users here as well as on

1       Galvin's staff.

2               In any event, I am informed that it never was us

4               Q     Sir, do you recall whether instant to preparatio  
5       of this letter and matters that are discussed in it, if yo  
6       were provided a legal briefing at the time as to whether  
7       tactical intelligence could or could not be provided at th  
8       time or in the near future to the anti-Sandinista resistan

9               A     I guess the fair answer is I don't recall, but I  
10      don't believe it was provided.

11              Q     Do you recall now whether at that time it was or  
12      was not permitted by the legislation then applicable?

13              A     At the time of the memorandum -- my understanding  
14      of it, it was permitted in 1986.

15              Q     Do you know as a matter of fact whether or not  
16      any support was, in fact, provided during 1985?

17              A     Well, it didn't even form until 1985, the expand  
18      group. I am told that it never provided anything to the  
19      Sandinistas.

20              Q     So to the best of your knowledge, the group in  
21      existence at that time had not provided?

22              A     That is right.

23              MR. SABA: I have one more exhibit, which will n

4 A It is mine.

5 Q Could you please give us some information about  
6 the letter, the circumstances leading into its preparation  
7 and events subsequent that are discussed in it?

8 A Well, as I recall, this was a request by the CIA  
9 for this kind of support and that was the purpose of the  
10 letter.

11 Q Would you view this letter as being part of a  
12 [REDACTED] system review of that CIA request?

13 A Part of a [REDACTED]

14 Q Yes, sir.

15 A No, I don't think so.

16 Let's see - [REDACTED] are now

18 mechanism --

19 Q So I take it the intention here --

20 A I assume I did feel that way. That is what the  
21 sentence says. There was a legal look at this, I recall

Q So you obtained advice as to what could and could not be done prior to this letter?

A Yes.

Q I would also be interested, sir, because we have had some other testimony as to the best kind of support that could be provided, as to your view, if you care to express it, as to the provision of DoD support, being whether that should be a direct provision of support or continue being, through another agency request and continuing to run this through the system.

A I think that was part of the legal review, that should come through the agency as I recall.

COLONEL RICHARDSON: I think the question is military versus civilian aid through the --

MR. SABA: That is correct.

COLONEL RICHARDSON: General Galvin's proposal was that it primarily should be a militarily-run operation as opposed to being a CIA-run operation using substantial military assets.

I think the question is as to how you feel about the two proposals.

MR. SABA: That is right. We have had the advantage of having spoken to General Galvin.

THE WITNESS: I think our judgment on balance was that it should be a CIA-run operation with military support.

**UNCLASSIFIED**

1 and that this reflects that.

2 Is that your understanding, Colonel?

3 COLONEL RICHARDSON: Yes. General Galvin  
4 initially proposed that he would have preferred a military  
5 operation and after discussion with the agency, this was  
6 deemed to be the best way to go.

7 BY MR. SABA:

8 Q So these [REDACTED] presumably are dealt with through  
9 the [REDACTED] system?

10 A Yes.

11 Q I take it you are satisfied with the functioning  
12 of that system?

13 A Yes. In this case --

14 COLONEL RICHARDSON: Essentially, everything  
15 relating to the new legislation of which this is a part is --  
16 all goes through the [REDACTED] system religiously and this  
17 was just part of it.

18 BY MR. SABA:

19 Q My next question, for the sake of a complete record  
20 is whether in the case of this new legislation, you know of  
21 any circumstances which, in the case of Central America  
22 being bypassed or not going through the [REDACTED] system?

23 A I don't know.

24 Q So we don't have a situation where we had an order  
25 and a bypass of the system?

~~UNCLASSIFIED~~

**UNCLASSIFIED**

58

19

1           A     I don't think so. This was a different type of  
2 matter. We were setting up a system here which was widely  
3 discussed even though it was a sensitive matter by the  
4 participants in the agencies with meetings, et cetera, at all  
5 levels and of all agencies.

6           Q     During the period you have been Chairman of the  
7 Joint Chiefs, have you had any substantive input into issues  
8 involving security assistance to the Central American  
9 countries?

10          A     I have been kept familiar with, for example,  
11 El Salvador and Honduras because we have a particular inter-  
12 est there. And I visited there, as I said in January, and  
13 heard their view.

14          Q     January of 1986?

15          A     1986.

16          Q     Are you familiar, sir, with the request by  
17 Honduras for F-5Es?

18          A     Yes.

19          Q     And can you tell us your understanding of that  
20 situation?

21          A     Well, we felt it was a request on their part to,  
22 as a matter of fact, an interim fix for aircraft that were  
23 becoming rapidly obsolete and outmoded and one that they  
24 felt very strongly about. When I was there in January, I  
25 received some information from their military on their

1 security assistance request and this was a prominent -- not  
2 to elaborate on, but obviously a prominent item that they  
3 were very interested in.

4 Q At that time during that meeting in January 1986,  
5 did their military express to you/ concerns about the  
6 contras?

7 A No, certainly not in regard to the F-5s.

8 Q I will take it separately.

9 My question will be whether or not they had  
10 indicated concerns about [REDACTED] the contras at that  
11 time.

12 A No, I don't think so.

13 Q My next question --

14 A It was an orientation visit, a short visit,  
15 my first visit, and in the official meetings I had with the  
16 military, no.

17 Q Did you have subsequent visits or meetings?

18 A Obviously in the social context, they are aware  
19 that there are contras [REDACTED]  
20 and so forth and that that is of interest to them, but I had  
21 no approaches to me.

22 As a matter of fact, a couple of calls I made,

5 military in January 1986, you have had no additional contact

6 A President Azcona came to Washington once and I  
7 attended a meeting with Secretary Weinberger.

8 Q On that occasion, did the subject of the F-5Es

6 From the overall perspective, the health of the  
7 relationship between the United States and Honduras is  
8 important to our whole policy in Central America.

12 [REDACTED]  
13 [REDACTED]

16 Q No, sir. These would be end-user certificates

My first question to go back to the impact of the TOW transfer on the strategic balance in the Iran-Iraq war, I believe when you met with us back in April, sir, you did indicate there was some evidence that in small battles the Iranian use of the TOWs had been effective in knocking out Iraqi tanks, is that correct, sir?

A Well, they looked like there might be some evidence to that effect. It was pretty tough to even connect the two but it looked like they might have enjoyed some success that they have not previously enjoyed, and this might be attributed to it.

1 structural or institutional mechanism changes that are  
2 required.

3 Do you have any thoughts for us and for the  
4 members of the committee who will read this deposition on  
5 those matters?

6 A I think obviously I have given some thought to  
7 my relationship with the NSC and what I think is a proper  
8 relationship, and I think that the question of military  
9 officers serving on the NSC should be examined. I don't  
10 mean served or eliminated, but I think that the  
11 question should be examined primarily with a view to putting  
12 some kind of fixed limit on the term of service over there  
13 for a military officer.

14 Q Is there not in fact a limit now but it can  
15 be extended?

16 A As a practical proposition the limits are sort of  
17 irrelevant because if an officer does well it is requested  
18 to extend him and they give him a position of prestige  
19 on the NSC and it is always honored, et cetera, et cetera.  
20 One of the attractions to be frank about it to a military  
21 officer is that we pay their salary, not the NSC.

22 Q So I assume --

23 A I assume for most of the officers that are  
24 extended, I assume it is their talent involved in their  
25 extending and keeping someone on. But the problem in the

**UNCLASSIFIED**

**UNCLASSIFIED**

68

m4

1 military, is the problem of having very talented people,  
2 and we do send talented people and often they become  
3 very important on the NSC staff, and they do very good  
4 service, so much so that they end up over there for a  
5 period of time and their military skills, their  
6 military usefulness degrades. On the other hand nobody in  
7 the NSC can understand why the military doesn't reward this  
8 man who has performed great service in important tasks  
9 for his country. I can understand that attitude but he  
10 is a military officer and I think it is a mistake to,  
11 there are other options available. These have been exercised  
12 on occasion, where an officer left the Service and stayed  
13 in that line of work and went another path which is  
14 just fine.

15 But to retain his rank and expect to be promoted  
16 with his contemporaries in the individual services, that is  
17 asking quite a bit of a service if you keep him a long time.  
18 And yet the NSC sort of operates unto itself.

19 MR. KREUZER: Keeping in mind, sir, that when the  
20 inquiry comes from the NSC to the military departments,  
21 would you spare this individual for another term of one year  
22 as it always does, do you think that in the future the  
23 military departments might take on a little bit more stiffer  
24 attitude with the Executive Branch when they respond?

25 THE WITNESS: Well, it is tough to -- it is easy

**UNCLASSIFIED**

**UNCLASSIFIED**

1 to express that attitude but it is tough to sustain that  
2 position. I know that in these cases time and again it has  
3 been said, look, you can keep that fellow, we know he is  
4 important to you and he is a fine man, but you are  
5 jeopardizing his promotion and the answer comes back, I will  
6 take care of that, or I will handle that.

7 MR. KREUZER: That is from the requester?

8 THE WITNESS: Yes. You know what he is saying is  
9 I will get somebody of great influence to protect that  
10 man. But I don't think that is fair to the man or to the  
11 Service.

12 Now, if that man is of such tremendous value to  
13 the nation -- and incidentally some of them are, they  
14 really are, then I think he should decide that is his  
15 profession, that is his line of work and leave the Service  
16 and --

17 MR. KREUZER: Give that space to somebody who is  
18 going to come along.

19 THE WITNESS: That is right. There are a lot of  
20 people out on the battlements doing dirty work in the  
21 battlements and [REDACTED] and Pentagon, I don't mean  
22 necessarily out of town, but that are doing a lot of work  
23 and they should -- their prospects shouldn't be jeopardized  
24 either. And I understand it is a difficult proposition.  
25 I would not propose anything that freezes the military out

1 of the NSC because I think the exchange and having the  
2 talents in both places and the points of view is a worthwhile  
3 one and profitable to both sides. It is just that I think  
4 to have a man in a position for too long -- and I don't  
5 think an active military man should lead the NSC, I just  
6 really don't believe that. That is a very prejudiced  
7 view because as the Chairman, I think if you want a military  
8 bias in the sense of the Chiefs, you should go to the  
9 chairman, not to the NSC adviser.

10 BY MR. SAXON:

11 Q But I assume you would not object, to the NSC  
12 adviser having a military assistant?

13 A No, I do not.

14 Q Thank you.

15 A You know, the best guard of all is to get good  
16 people and sometimes you succeed at that and sometimes  
17 you don't.

18 MR. SABA: Mr. Saxon asked my general questions  
19 so I have nothing further, sir.

20 MR. KREUZER: I have nothing.

21 MR. GENZMAN: Nothing further. Thank you for  
22 your time.

23 MR. SABA: Sir, on behalf of the House Committee  
24 we wish to thank you very much. We certainly do appreciate

10 *Special Agent* for the FBI at the Miami division.

11 MS. NAUGHTON: This is a deposition taken in exe  
12 session, which means it is secret material. I provided a  
13 copy of the committee rules to the FBI liaison, Bruce Ash  
14 I wonder if you had a chance to discuss that with him or  
15 a copy.

16 MR. CURRIER: He discussed the matter briefly with

18 MS. NAUGHTON: For the record, here is my copy,  
19 you can look at it, should you have any questions or want  
20 consult.

7 Whereupon,

8 KEVIN W. CURRIER

9 was called as a witness and, having been duly sworn, was  
10 examined and testified as follows:

11 EXAMINATION

12 BY MS. NAUGHTON:

13 Q Mr. Currier, you are here today without counsel;  
14 is that correct?

15 A Yes, it is.

16 Q Did you have personal counsel to attend this  
17 deposition?

18 A No, I don't, or I haven't.

19 Q It is your option. I just want to explain to you.  
20 I don't see it is necessary, but under the rules you have a  
21 right to a personal attorney at the deposition.

22 Do you understand that?

23 A Yes, I understand.

24 Q Let's begin, then.

25 How long have you been with the FBI?

**UNCLASSIFIED**

**UNCLASSIFIED**

- 1 A Over six years.
- 2 Q And what did you do before that?
- 3 A I was an attorney in Puerto Rico.
- 4 Q What law school did you go to?
- 5 A University of Puerto Rico.
- 6 Q And how long were you in Puerto Rico?
- 7 A Approximately 13 years.
- 8 Q How old are you?
- 9 A I am currently 31 years old.
- 10 Q And what did you do with the FBI?
- 11 In other words, what places were you stationed?
- 12 A I was in San Juan for approximately one year,
- 13 and I have been at Miami division for five years.
- 14 Q So, this is your second office?
- 15 A Yes, it is.
- 16 Q How long will you be stationed in Miami; do you know?
- 17 A No, I don't.
- 18 Q What unit do you work in?
- 19 A I am a member of the anti-terrorist squad.
- 20 Q Have you always been in that unit?
- 21 A Since it was formed in approximately 1983,
- 22 I believe.
- 23 Q And does that take your full time?
- 24 A Yes, it does.
- 25 Q Could you give a little idea what the squad does?

**UNCLASSIFIED**

**UNCLASSIFIED**

1 A Well, I worked the Omega 7 terrorist group in  
2 Miami for several years, and we neutralized that group. We  
3 deal with bombings, terrorist organizations. We try to  
4 neutralize terrorist activity in Miami, gathering information  
5 regarding terrorist groups, etc.

6 Q Now, did there come a point at which you became  
7 involved with Agent Kiszyngski?

8 A George Kiszyngski -- K-I-S-Z-Y-N-G-K-I. George R.  
9 Kiszyngski.

10 Q Did there come a time that you became involved with  
11 Mr. Kiszyngski?

12 I am going to ask you about two separate  
13 investigations, if you recall as to the Posey investigation,  
14 involving CMA and any alleged attempts to invade Nicaragua.  
15 Were you involved in that investigation?

16 A I got involved in that investigation. Our  
17 neutrality investigation started in early August 1985. George  
18 had worked the Posey matter in January of 1985. I was not  
19 involved in the case, that other case at that time, Thomas  
20 V. P-O-S-E-Y.

21 Q He worked the Posey case in when -- the winter,  
22 early spring?

23 A I am aware that George was involved in the case at <sup>in</sup>  
24 least January of 1985. ^

25 Q By the time you began working with him, in the summer

**UNCLASSIFIED**

UNCLASSIFIED

1 of 1985, had the Posey case ceased? That is the first one.

2 A There were two separate investigations. I was not  
3 involved with the Posey, wasn't involved in the Posey  
4 investigation at all. I think the investigation was out  
5 of Alabama -- Huntsville, Alabama area.

6 We were just an auxiliary office covering leads  
7 when they arose. And George worked on that case briefly.  
8 Then the case was assigned to another agent.

9 George had a separate investigation he was  
10 conducting in Miami regarding the Continental Bank bombing  
11 in -- I think it was March of 1983 that brought him in  
12 contact with a lot of the subjects who would later become  
13 important in our investigation which is titled Rene Corva  
14 et al; Neutrality Investigation.

15 So, George was working with individuals that we would  
16 later come in contact, earlier than January. But the actual  
17 investigation was initiated in August of 1985.

18 Q Let's talk about August of 1985.

19 How is it you came to participate in the investiga-  
20 tion?

21 A There was a newspaper article in the Miami Herald -  
22 I think it <sup>was</sup> Sunday, I believe, <sup>the</sup> July 21, <sup>1985</sup> -- Miami Herald.  
23 It was on the front page, statements by an individual in jail  
24 in Costa Rica by the name of Steven Carr, regarding an arms  
25 shipment that had left Fort Lauderdale <sup>airport</sup> ~~See to~~ [REDACTED]

UNCLASSIFIED

UNCLASSIFIED

1 [REDACTED] We thought that article was very interesting.  
 2 He brought it to the attention of my supervisor. He  
 3 concurred in initiating an investigation into those  
 4 allegations.

5 <sup>notified</sup>  
 6 We ~~visited~~ the Bureau of our interest which is the  
 7 procedure. We have to get authorization from FBI headquarters  
 8 to initiate a neutrality case.

9 In about a week we did get the authorization, and we  
 10 initiated the investigation. By the way, during this period,  
 11 George was in Europe -- George Kiszynski.

12 Q So, this stemmed from your reading the article on  
 13 the Carr interview.

14 A I was unaware of George's involvement in similar  
 15 matters before August. He instructed me about his involvem  
 16 in the case when he returned to Miami later. We decided  
 17 to work together, as we have done in other things. We  
 18 worked on the Omega 7 together.

19 Q Was Carr incarcerated at that time?

20 A Carr and four other mercenaries were incarcerated  
 21 at the La Reforma Prison.

22 Q And where was that?

23 A San Jose, Costa Rica.

24 Q What were they in prison for?

25 A They had been arrested at Pocosol, Costa Rica on  
 April 23, 1985, for Costa Rican neutrality violations and

UNCLASSIFIED

UNCLASSIFIED

1 weapons charges, along with approximately 15 other  
2 Nicaraguan contras.

3 Q Was this for hostile acts?

4 A Yes, that was the term used.

5 Q So, what did you do once you got authorization to  
6 conduct the investigation?

7 A Mr. Kiszyński was working on the Continental Bank  
8 case with a Miami detective by the name of ~~Sicence~~ <sup>Diaz</sup> Diaz.  
9 ~~I have~~ <sup>had</sup> helped George while he was in Europe. I helped  
10 Diaz in a few matters.

11 Mr. Diaz is very well informed regarding terrorism  
12 and neutrality matters <sup>in</sup> the Cuban community in Miami, so  
13 I approached him regarding the article and the people  
14 identified in it. <sup>The article</sup> ~~And they~~ had mentioned police officers  
15 who had given weapons, and he gave me a list of people that  
16 were possible subjects.

17 By chance that weekend -- let me ~~progress~~ <sup>regress</sup> here --  
18 so, I had a general idea of the people involved in the  
19 article through speaking to Mr. Diaz and our own  
20 investigation.

21 That weekend, by chance, I was the duty agent.  
22 I got a call from Secret Service. They had been telephoned  
23 by an individual by the name of Allan Saum who had made  
24 allegations regarding a plot to bomb the Soviet and Cuban  
25 embassies in Nicaragua.

UNCLASSIFIED

UNCLASSIFIED

1 I telephoned Mr. Saum. He sounded irrational over  
2 the phone, but because of the phone call from the Secret  
3 Service, I met with Saum that afternoon at a Miami  
4 restaurant. I met with him in the car for three to four  
5 hours.

6 We discussed several issues, but the one that was  
7 of special interest -- he spoke about the Cuban underground  
8 involved with transporting large amounts of weapons from  
9 Miami for the contras. He spoke about other matters. He was  
10 irrational. He lied during, <sup>and</sup> ~~or~~ provided inaccurate statements  
11 during the interview, but he did mention an individual  
12 by the name of Jesus Garcia, and I had heard about  
13 Mr. Garcia from Diaz. <sup>Also</sup> I heard about him from the ~~Corrections~~  
14 Administration, because Mr. Garcia was implicated in ~~the~~ an  
15 attempt, the alleged attempt to get prisoners out of jail,  
16 narcotic-related individuals, out of jail.

17 Mr. Saum stated Mr. Garcia was in possession of an  
18 automatic machine gun and described the briefcase and machine  
19 gun.

20 Q Excuse me. What was Saum's background?

21 A Secret Service said over the phone they had run a  
22 check on Mr. Saum, that he was briefly in the Marines. He  
23 had been discharged after a short period of time, that he had  
24 helped FBI in the Tylenol matter, provided information which  
25 didn't work out, and they provided some additional information

UNCLASSIFIED

**UNCLASSIFIED**

1 on Saum, nothing really important.

2 Q Did he have any connections to anyone in the  
3 Administration?

4 A Saum has no connection with anyone in the  
5 Administration that I am aware of.

6 Q Were any numbers or letters or anything found in  
7 his possession that would connect him with anyone in the  
8 Administration?

9 A That is right, he mentioned that he was in conta  
10 with Vernon Walters at the United Nations. He rambled on,  
11 like I said, for hours.

12 We did make copies later of certain papers and  
13 documents that he had on him when he went to the FBI offi

14 Q I am interested in that.

15 A He had been given some telephone numbers by Thom  
16 Posey. There was an Oscar Lagatina on them, General Alva  
17 Martinez.

18 Q What about Donald Gregg?

19 A No.

20 Q Anyone from the Vice President's staff?

21 A No. The Secret Service had mentioned that he ha  
22 contacted the White House and Secret Service mentioned  
23 Mr. Gregg's name and another individual who worked for th  
24 Vice President. That is the reason they called us.

25 Q I don't want to get bogged down in the details o

1 investigation, because that is not the purpose of our focus.

2 What I am interested in is eventually you made a case  
3 against Mr. Garcia regarding the machine guns; is that  
4 correct?

5 A That is correct.

6 Q And when was he indicted; do you recall?

7 A He was arrested in early August. I don't remember  
8 when he was indicted. He went to trial in early December  
9 of that year.

10 Once we got the machine gun ATF assumed jurisdiction  
11 in the machine gun matter. We conducted interviews in the  
12 case with Garcia's associates at the flower shop, narcotic-  
13 related individuals, and the person we believed provided  
14 Garcia with the machine gun.

15 Q Who was that?

16 A Enrique <sup>Buricaudy</sup> ~~Borricaudy~~. I had personally known  
17 <sup>BURICAUDY FROM</sup> ~~Borricaudy~~ during the Omega 7 investigation.

18 Q Now, during the trial or in any statement that  
19 <sup>BURICAUDY</sup> Mr. Borricaudy made during the investigation, what was his  
20 defense to the gun charge?

21 A I don't recall at that time during the trial what  
22 his defense was. I was not that actively involved with that  
23 aspect of the case. I did testify in it briefly.

24 Q After he was convicted, but before sentencing, he  
25 offered to cooperate; is that correct?

UNCLASSIFIED

**UNCLASSIFIED**

1 A That is right.

2 Q And did you interview him?

3 A Yes, on January 7, 1986.

4 Q Who was with you?

5 A Special Agent George R. Kiszynski, an investiga  
6 from the United States Public Defender's Office by the n  
7 of Rafael Maestri. I think that is it.

8 Q And did Mr. Garcia tell you that he had heard o  
9 had knowledge of a plot to assassinate Ambassador Tambs?

10 A That is correct.

11 Q Did he also tell you about any gun running acti  
12 to the contras in Nicaragua?

13 A See, in the press over the last few months he h  
14 said that he provided all this to the United States  
15 government, detailed information regarding gun running i  
16 contras, etc., etc.

17 It should be made clear, <sup>that</sup> Mr. Garcia, during the  
18 interviews, was very, extremely hesitant to provide any  
19 information on anybody Latin. He was only interested to  
20 about the Americans he believed had betrayed him and set  
21 up.

22 Especially he was angry about Thomas Posey, bec  
23 he believed Posey had sent Allan Saum to Miami to get him  
24 of the way.

25 We had between that period between August and J

**UNCLASSIFIED**

UNCLASSIFIED

1 had done a great deal of investigation on this matter. We  
2 had very, very good information of what actually had  
3 occurred regarding gun running, the truth regarding that  
4 flight and other flights, extremely good information.

5 Q What was that?

6 A The information?

7 Q As a summary, you don't have to name sources.

8 A Well, we were aware of the people involved, Miami  
9 Cubans involved in the gun running, weapons, ammunition, on  
10 several occasions from Miami to Central America -- the  
11 people involved, where the guns had been stored, how the  
12 money was raised, etc.

13 So, when we spoke to Garcia we were well aware of  
14 what had occurred, but Garcia was very hesitant to provide  
15 any information. He would only speak about the Americans.

16 He said a lot -- made a lot of inaccurate  
17 statements, a lot of things that <sup>WERE</sup> later totally disproved  
18 themselves.

19 He did talk about a plot to assassinate Ambassador  
20 Tambs. He mentioned several names. Through our investigation  
21 we have not been able to substantiate through reliable  
22 information which would support the allegations that such a  
23 plot actually took place.

24 Garcia put people in Miami at meetings <sup>who</sup> ~~that~~ were not  
25 even here at the time. The people who were here strongly

UNCLASSIFIED

UNCLASSIFIED

1 denied any involvement in such a plot. Garcia was  
2 afforded a polygraph regarding the plot on January 14th.  
3 I want to make it clear Garcia, <sup>the</sup> ~~was~~ information we did get  
4 from Garcia regarding gun running, we had to get it out of  
5 him -- isn't it true, this, this, this.

6 He did not speak about the Cuban contras, Miami  
7 Cubans. He did not speak about narcotics trafficking with  
8 the Cubans, and we questioned him regarding that. He was  
9 afforded a polygraph on January 14 in two areas.

10 The first area was regarding the meetings, alleged  
11 meeting at Howard Johnson's where the plot to assassinate  
12 Tambs was discussed. The results of that were inconclusive.

13 The second area was Thomas Posey's involvement in  
14 such a plot, and he was deceptive in that area. After the  
15 polygraph, he admitted being confused regarding Posey's  
16 involvement and retracted much of what he had told us  
17 regarding Posey.

18 Q I want to get back to one thing. When you said  
19 you had knowledge of the gun running, the information of  
20 shipments, did you learn where these shipments were stored?  
21 Were they stored in [REDACTED]

22 A At that time? From our Miami investigation we were  
23 not aware where they were stored. We were aware of what was  
24 occurring or what had occurred in the Miami division.

25 We -- FBI Miami -- spent a lot of time on this

UNCLASSIFIED

**UNCLASSIFIED**

1 investigation between August and January.

2 Q What was your knowledge regarding the amount of  
3 weapons going down?

4 A It was not a large amount of weapons.

5 Q Could you give me an idea?

6 A The individuals in this investigation would obtain  
7 donations of weapons from the Cuban community, and the  
8 Cuban community being as anti-communist as it is, readily  
9 opened there, whatever they could do to fight the communists  
10 providing weapons, money, whatever.

11 Q So this is under one hundred guns, shall we say?

12 A Yes.

13 Q Was any C-4 involved?

14 A We heard allegations regarding explosives. We have  
15 yet to substantiate that explosives were on board any of  
16 those shipments. Well, like C-4 or things like that, no.  
17 I guess mortars are explosives.

18 Q And at this point in the fall of 1985, was Posey  
19 implicated in the gun running aspect of the investigation?

20 A Yes, he was. The Miami Herald had implicated  
21 Posey from the outset.

22 Q After you interviewed Garcia and after he did not  
23 do so well in the polygraph, did you discuss abandoning the  
24 case with the Assistant U.S. Attorney?

25 A Never.

**UNCLASSIFIED**

## UNCLASSIFIED

1 Q Why not?

2 A Well, we tried to substantiate Garcia's allegation  
3 Anybody who starts talking about plots to assassinate an  
4 ambassador deserves at least an investigation. We attempt  
5 to corroborate everything Garcia said. We sent out leads  
6 other offices. We all agreed that it was indispensable  
7 to get <sup>CORROBORATION</sup> cooperation from the individuals who are incarcerated  
8 at La Reforma Prison <sup>WHO</sup> Garcia said were definitely involved  
9 the alleged plot.

10 We sent out leads for these individuals to be  
11 interviewed by U.S. officials in Costa Rica. We made  
12 ourselves available for the <sup>interview</sup> interview, and they were  
13 interviewed later in January of that year.

14 Q By whom?

15 A By U.S. embassy officials in Costa Rica.

16 Q Who?

17 A I think James Nagle, Robert Thompson, and Stephen  
18 Carr were interviewed by U.S. embassy officials in late  
19 January 1986.

20 Q Is Mr. Nagle a security officer?

21 A Yes.

22 Q Is he employed by the State Department?

23 A I think he is, yes.

24 Q Did you receive a report of the interview?

25 A Yes, we were sent the results of the interviews o

1 Carr and Thompson.

2 Q Without going into the nitty-gritty of what both of  
3 them told Nagle, I am interested in what you later went in  
4 April to interview Thompson and Carr. Was it the same story?

5 In other words, did they give the same version that  
6 was reported by Nagle in January?

7 A Basically, yes. They denied any involvement or  
8 knowledge in a plot to assassinate Tambs, Ambassador Tambs.  
9 Carr did admit involvement in gun running weapons from  
10 Fort Lauderdale to Central America.

11 Q And in that January interview, did Carr  
12 incriminate anybody else in the gun running plots?

13 A Yes, he did.

14 Q Whom did he implicate?

15 A The same subjects we were investigating.

16 See, Carr had given the same story to the Miami  
17 Herald which initiated the whole investigation -- Rene  
18 <sup>Q</sup> ~~Cervantes~~ <sup>PAPITO HERNANDEZ</sup>, Rapito-Fernandez, and others like that.

19 Q In January, did Carr mention to Nagle the name Robert  
20 Owen?

21 A I don't recall. I do not think so.

22 Q What about the name John Hull?

23 A Yes, he did.

24 We were aware of Hull ourselves.

25 Q How did you become aware of John Hull?

1           A     Source information. We were aware of Mr. Hull  
2 as far back as August of 1985. [REDACTED]

3 [REDACTED]  
4 [REDACTED]  
5 [REDACTED] we didn't know what Hull was. There  
6 were so many allegations regarding him, among them being an  
7 operative for the Central Intelligence Agency.

8           Q     Now, during this period of time when Garcia is  
9 cooperating and takes the polygraph and you are doing your  
10 background investigation, did you have periodic meetings with  
11 Mr. Feldman, the Assistant U.S. Attorney?

12          A     Yes, we did.

13          Q     What was his attitude toward the investigation?

14          A     Mr. Feldman, Garcia's public defender by the name of  
15 John Mattes, all agreed it was necessary to get the  
16 corroboration to substantiate the allegations Garcia had  
17 made.

18          Q     Would you describe Feldman's attitude as enthusiastic  
19 about the investigation or disinterested, or did he think it  
20 was weak as a general proposition?

21          A     None of the above.

22          Q     I don't want to put words in your mouth. I am  
23 trying to give a range of options.

24          A     He was open to the investigation, but he  
25 understood that Garcia's allegations, especially after the

UNCLASSIFIED

1 polygraph, were not <sup>enough</sup> alone to pursue the matter actively.  
2 He left it in our hands as investigators to pursue the  
3 investigation to substantiate the Garcia allegations, which  
4 we did.

5 Q When did you first request the use of any Grand  
6 Jury subpoenas?

7 A Agents Kiszynski and myself spoke to Mr. Feldman  
8 about the possibility of impaneling a Grand Jury as early  
9 as February 1986, Mr. Feldman specifically mentioning  
10 impaneling a Grand Jury on several occasions in March of  
11 1986.

12 Q When he mentioned it, did he want to?

13 A He agreed that the Grand Jury was necessary to  
14 investigate not only the gun running but the allegations  
15 regarding the plot against Ambassador Tambs.

16 Q Did he say he needed to get permission to use the  
17 grand jury?

18 A No, he said he anticipated invoking, impaneling  
19 a Grand Jury to investigate this matter in March. He said  
20 as much on several occasions.

21 Q Have you done work on terrorism -- have you done many  
22 criminal cases?

23 A The Omega 7 case was an extremely complex case  
24 where, like I said, we were very instrumental in the <sup>that</sup>  
25 investigation. We took it to trial and they convicted the

UNCLASSIFIED

UNCLASSIFIED

1 leaders of the group.

2 Q But what I am getting at -- in terms of your  
3 experience in the Miami office, is there some special  
4 permission or special step that has to be taken in a criminal  
5 investigation to issue a Grand Jury subpoena?

6 A I don't --

7 Q Well, in other words, let's say you are doing a  
8 routine fraud case and you need to get bank records for a  
9 witness or for a suspect. Would anything else be required  
10 than just going into the U.S. Attorney's office and asking  
11 the assistant assigned to the case to issue you a Grand  
12 Jury subpoena for bank records?

13 A No, that would be how we would do it. That is one of  
14 the reasons we wanted the Grand Jury, to obtain records.

15 Q What I am getting at -- what puzzles me is the huge  
16 discussion that goes on throughout this spring of 1986 in the  
17 U.S. Attorney's Office regarding whether or not to use a Grand  
18 Jury, even to obtain routine documents.

19 A I am not aware of the discussions.

20 Q I was wondering from your perspective if something  
21 special was required to go to use the Grand Jury.

22 A Not that I am aware of.

23 Q Now, were you aware that the U.S. Attorney Kelner<sup>1</sup>  
24 had inquired about the case? Were you aware of his interest  
25 in it?

UNCLASSIFIED

# UNCLASSIFIED

1 A I met with Mr. Kelner and Mr. Feldman on March 14,  
2 1986, where this case was discussed.

3 Q Was Kiszynski there, too?

4 A No, he wasn't.

5 Q Why not?

6 A Well, I had gone to Mr. Feldman's office to provide  
7 him with some Customs records which I had obtained a few day  
8 before.

9 While I was there he went to show the documents  
10 that substantiate -- went to show them to Ayina Barnett, while  
11 we were in Barnett's office. She had been inquiring...  
12 Mr. Kelner had been asking questions if anybody knew anything  
13 about this case. He had been getting inquiries from <sup>the</sup> Justice  
14 Department regarding the case.

15 We proceeded to Mr. Kelner's office. Like I said,  
16 I was there, Mr. Feldman was there, I believe, Ayina Barnett  
17 was there, and, of course, Mr. Kelner.

18 He stated he had just been on the phone with high-  
19 ranking officials in the U.S. Department of Justice who were  
20 inquiring regarding the Garcia matter and regarding the  
21 mercenaries incarcerated at La Reforma.

22 Q Did Mr. Kelner say the focus of their inquiry  
23 was the assassination plot or the mercenary gun running  
24 activity or was there a distinction?

25 A At that time, Mr. Kelner did not appear to be aware

UNCLASSIFIED

**UNCLASSIFIED**

22

1 of the investigation.

2 A That is why we -- Feldman and myself -- we briefed  
3 <sup>1</sup>  
Kelner about the investigation.

4 Q I understand that I am asking about the inquiry  
5 from the Department of Justice. In other words, you said  
6 he wanted to know about the assassination plot. Did he  
7 say or did he say they wanted to hear about the Garcia matter  
8 or --

9 A I recall first regarding the mercenaries in Costa  
10 Rica and I believe the discussions regarding the alleged plot  
11 against the life of Ambassador Tambs.

1 BY MS. NAUGHTON:

2 Q What did you tell Mr. Kelner<sup>1</sup> about the case?

3 In other words, how the investigation was progressing?

4 A As I recall, we fully ~~believed~~<sup>briefed</sup> him about the  
5 investigation.

6 Q Did he ask any questions?

7 A Yes, he did. I really don't recall what the  
8 questions were.

9 Q Do you recall how long you spent with him at that  
10 meeting?

11 A At least an hour.

12 Q Did you discuss using the Grand Jury at that time?

13 A I don't recall that we did discuss the Grand  
14 Jury.

15 Q And what was the sense of Mr. Kelner<sup>1</sup>'s comments?  
16 On the other hand, was he encouraging, was he discouraging?  
17 Did he tell you to go forward as quickly as possible or was  
18 there any sense of any direction?

19 A I don't recall any sense of direction. He just  
20 want<sup>d</sup> to become informed as to our investigation.

21 Q So it was clear when you ended the discussion  
22 that you would proceed with your investigation?

23 A Oh, yes.

24 Q Did you discuss whether or not to go to  
25 New Orleans to interview Jack Terrell?

UNCLASSIFIED

jm 2

UNCLASSIFIED

24

1 A The question about interviewing Mr. Terrell came  
2 about through other information in Miami. *In* the attempt to  
3 substantiate Garcia, we heard that an individual by the  
4 name of Jack Terrell, Colonel Flaco, <sup>who</sup> ~~and~~ <sup>C</sup> would substantiate  
5 specific allegations regarding the plot.

6 Q Where does Colonel Flaco come from?

7 A An individual by the name of Jose Coutin mentioned  
8 that Garcia -- no, mentioned that Terrell had told him that  
9 he had information regarding the plot. We had New Orleans  
10 agents immediately go out and interview Mr. Terrell regarding  
11 the allegations, and he was interviewed by New Orleans division

12 Q When was that?

13 A Early March, 1986.

14 Q That was before you interviewed him?

15 A Yes.

16 Q I still don't understand Colonel Flaco. Who is  
17 Colonel Flaco?

18 A He is Jack Terrell. Jack Terrell is Colonel Flaco

19 Q Where does that come from, Colonel Flaco?

20 A Late 1984, Mr. Terrell was a member of the CMA  
21 led a expedition of CMA members to Los Vegas, Honduras, to  
22 the FDN's camp, and he assumed the rank of Colonel, and took  
23 the name Flaco as his pseudonym. That was in November  
24 1984, that specific Terrell CMA expedition.

25 Q Did you discuss the New Orleans trip with Mr.

UNCLASSIFIED

jm 3

**UNCLASSIFIED**

1 Kelner or was that discussed later just with Mr. Feldman?

2 A I did not speak with Mr. Kelner again for a long  
3 time.

4 Q So the New Orleans trip was not discussed in that  
5 first meeting with Mr. Kelner?

6 A I do not believe it was. It may have though. We  
7 received the information, the teletype, from New Orleans.  
8 We thought it was extremely interesting, so we decided to  
9 interview him ourselves.

10 Q Why did Jeff Feldman go along?

11 A Because he was the Assistant United States Attorney  
12 in charge of the investigation. He wanted to go. He requested  
13 to go and ~~help~~ Mr. Terrell, and the other agent who went  
14 was George Kiszynski. I did not go.

15 Q Do you know whether or not Mr. Terrell was  
16 questioned regarding the gun running accusations?

17 A He was questioned for over 14 hours. I am sure  
18 it was discussed with him. We have the statement. I am  
19 sure it is on there.

20 Q Could you tell me how the trip to Costa Rica came  
21 about?

22 A Mr. Feldman and ourselves, after all these inter-  
23 views, reached the conclusion that it was necessary to settle  
24 this matter once and for all, to discuss with the people who  
25 allegedly took an active part in the plot, specifically Mr.

**UNCLASSIFIED**

1 Steven Carr, whom Garcia had stated was one of the leaders  
 2 of the plot, the individual who had <sup>the</sup> U.S. <sup>floor</sup> Embassy's plans  
 3 on him, et cetera, so we arranged the trip to Costa Rica  
 4 which we did on March 31, 1986.

5 Q Prior to leaving, do you know whether or not Mr.  
 6 <sup>1</sup>Kelner was briefed by Mr. Feldman?

7 A No, I don't. I am not aware of that.

8 Q Also prior to going, do you recall Mr. Feldman  
 9 putting together a little chart, with little boxes, and trying  
 10 to map out who was on this investigation?

11 A Yes, but by that time we had a pretty good idea  
 12 regarding the allegations, gun running, contras, the plot  
 13 against the ambassador. I don't know if Jeff did that  
 14 specific diagram in Miami or over there in Costa Rica before  
 15 the meeting with Ambassador Tambs. I believe he did the  
 16 diagram over there, but I definitely recall the diagram.

17 Q And he showed the diagram to Ambassador Tambs?

18 A Yes.

19 Q I think we are jumping ahead. Im am sorry.  
 20 For the record -- so we are talking about the same chart,  
 21 is this the chart that on the top of it has Oliver North?

22 A Yes. There wre names in <sup>descending</sup> order from  
 23 Rene Corvo, on top of Corvo's name was John Hull, on top of  
 24 Hull's name was Robert Owen, and on top of Mr. Owen's name  
 25 was Oliver North. It had other names on the chart also.

UNCLASSIFIED

UNCLASSIFIED

27

jm 5

1 Q From where had you obtained Mr. North's name?

2 A A good question. Mr. Owen's name had first come  
3 up in late 1985, and Mr. North's name probably came up in  
4 around February or March of 1986. I can tell you later  
5 where we first heard about each of the individuals.

6 Q That is what I asked.

7 A I don't recall right now off the top of my head,  
8 but it was in that time frame.

9 Q When you say Owen came up in late 1985, I think  
10 you told me earlier that Garcia had mentioned Owen?

11 A No, I do not recall Garcia mentioning -- no, <sup>it</sup>  
12 Garcia did not mention Robert Owen. Jack Terrell mentioned  
13 Robert Owen. Investigator Mattes, Public Defender <sup>MATTES</sup> ~~Maddis~~,  
14 mentioned Robert Owen, and several other individuals.

15 Q When you went to Costa Rica, what did you under-  
16 stand Owen's role to be? Did you have any idea?

17 A There were allegations that he was a lobbyist working  
18 for Gray and Company, who was assisting John Hull in the contra  
19 network in Northern Costa Rica.

20 Q Do you know where he was getting his money?

21 A Not at that time. I take that back. Mr. Terrell  
22 had made allegations, I believe, I am not sure, that Mr. Owen  
23 had connections with the United States Government. I think  
24 he mentioned the Central Intelligence Agency.  
25

Q And as to Oliver North, do you recall when you

UNCLASSIFIED

UNCLASSIFIED

jm 6

1 first learned about him?

2 A Not right now. I don't.

3 Q When you got to Costa Rica, did you check  
4 in at the embassy?

5 A We spoke to several United States embassy officia  
6 there, George Mitchell, James Nagel, and then we were taken  
7 to see Ambassador Tambs.

8 Q What did you think about that?

9 A Well, our purpose of the trip was to ascertain if  
10 such a plot against the life of Tambs occurred, so we wanted  
11 to question him about that.

12 Q Is that what you---

13 A If he had any knowledge.

14 Q Is that what you thought was the purpose?

15 A One of the purposes.

16 Q And when you did meet with him did you ask him  
17 these questions?

18 A Mr. Feldman did most of the talking. Mr. Feldman  
19 briefed Mr. Tambs thoroughly about our investigation. He  
20 took out his diagram and he proceeded to go <sup>up</sup> to the different  
21 aspects of the diagram, and then he went up that little  
22 ladder from Corvo to Hull to Owen and North.

23 Q Let me set the background just for a minute.  
24 Before you went to see Tambs, did you discuss with Jeff  
25 Feldman the wisdom or whether or not you should tell these

1 people anything in terms of what you were here for and

2 what questions you had?

3 A Yes, we discussed generally what we would discuss

4 with the ambassador.

5 Q And what did you conclude?

6 A What was on the diagram.

7 Q So you all agreed to tell him everything?

8 A Yes, discuss the investigation with him. He was

9 United States Ambassador to Costa Rica.

10 Q And when you came into meet the Ambassador, what

11 did he say he wanted? In other words, how did he express his

12 interest in the investigation?

13 A We were there basically explaining to him the

4 A Myself, Special Agent George Kiszynski, Assistant  
5 United States, Jeffrey Feldman, our Legat in Panama, Patricia  
6 Lang, and James Nagel.

7 Q Now, as Mr. Feldman took out the chart and began  
8 explaining it to Ambassador Tambs, can you tell me what  
9 happened?

10 A Well, after Mr. Feldman finished with the diagram,  
11 and very soon after he mentioned the names Robert Owen and  
12 Oliver North, he told Nagel, [REDACTED] and  
13 [REDACTED] came into the room.

14 Q Was that the Ambassador's only comment when Oliver  
15 North's name was mentioned?

16 A That is the comment I can recall. I don't remember  
17 what else he may have said. He didn't seem to react,  
18 make any comments regarding the diagram. He just wanted  
19 [REDACTED] in there.

20 Q So, [REDACTED] came into the room.

21 A Yes, he did.

Q What did he say about Hull?

Q You were aware at this time of the Boland Amendment?

A Yes, I was.

Q And what did [redacted] say about Robert Owen, if anything?

A I don't recall [redacted] making any statement regarding Mr. Owen.

Q What about Oliver North?

A The same, no statements that I recall regarding Oliver North.

Q Do you recall Mr. [redacted] saying anything about Oliver North had introduced him to the President?

A That wasn't [redacted]

1 Q Okay.

2 Who made that statement?

3 A Later -- I believe it was on April 3rd --  
4 Mr. Nagel made a certain statement to us.

5 Q We are skipping ahead, but that is okay. What  
6 did he say?

7 A Regarding the President?

8 Q Yes.

9 A Something to the effect that Mr. Hull was a friend  
10 of President Reagan's, and Hull personally knows Mr. Reagan  
11 if you understand what I mean.

12 Q Getting back to the [REDACTED] meeting on -- I guess  
13 it would be April 1st.

14 A Yes, it was on April 1st.

15 Q Did [REDACTED] say anything to the effect that Oliver  
16 North had introduced him the week earlier to the President?

17 A No.

18 Q Did he ask you if you knew who Oliver North was?

19 A Not that I recall.

20 Q What else do you recall about that meeting?

21 A They were very polite with us, very cordial. But  
22 the same time there was a reluctance on their part to us  
23 They seemed protective of Mr. Hull and people that we were  
24 there to discuss about, but I want it to be made clear that  
25 we were very cooperative with us during the time we were there.

1           They took us to La Reforma. They never got in the

3 certain reluctance on the part of these individuals.

4           Q     Did they let you interview people by yourselves.  
5 or did they insist on being present?

6           A     We were allowed to interview people alone, even  
7 though Mr. Nagel was with Mr. Kiszynski for the interviews  
8 of Peter Glibbery and Robert Thompson.

9           Because of manpower limitations, there were only  
10 three of us, and because of time constraints, myself and  
11 Feldman did the interviews of some of the people at La  
12 Reforma, while Kiszynski and Nagel did the interviews of  
13 others.

14          Q     Did you ever get the impression for the several days  
15 you were down there that they were keeping close tabs on your  
16 actions or that they were following you or that they were  
17 listening to conversations, anything along those lines?

18          A     They were there <sup>when</sup> ~~where~~ we did our investigations.  
19 They were the ones who took us there and back, from the jail  
20 to the hotel, so they were there almost all the time, except  
21 when we were at the hotel.

22          Q     Did you know of or overhear any person employed at

24 of any such references?

25          A     I heard about such calls through Assistant United

UNCLASSIFIED

UNCLASSIFIED

1 States Attorney, Jeff Feldman.

2 Q What did you hear?

3 A Can I <sup>give</sup> ~~to~~ a little history on this?

4 Q Sure.

5 A From day one there, we attempted to interview  
6 John Hull. At the beginning we thought it would be very  
7 easy. Somehow we did make contact with Hull through embas  
8 officials, I believe, and he agreed to be interviewed on  
9 April 3rd.

10 On, I believe it was, April 2nd at the hotel.,  
11 Mr. Feldman got a telephone call from Mr. Hull. Mr. Hull  
12 said to the effect that we had caused problems with our  
13 interviews, and that he had been told not to speak to us.

14 Mr. Feldman asked if he had been told that by  
15 anyone at the United States embassy, which Hull denied.

16 The next day, when we did go to the United States  
17 embassy, we were made aware by U.S. Consul Kirk Kutola tha  
18 Hull had been to the embassy on April 2nd, that he had made  
19 inquiries about if he had to speak to us or if he needed  
20 a counsel present.

21 Mr. Kutola told us that he had informed Mr. Hull  
22 that it was his right to have a counsel present and that i  
23 was his decision to talk to us or not.

24 While we were speaking with Kutola in the <sup>U.S. Con</sup> ~~counsel~~

1 individual by the name of Paul Fitzgerald, who was an

3 knowledge of this, but Feldman told me this soon after, that  
4 Fitzgerald had told him that Hull had been to the embassy, had  
5 spoken to Ambassador Tambs, and that he had been in contact  
6 with National Security Council officials in Washington  
7 regarding our inquiries.

8 Q That Hull had been or Tambs had been?

9 A That Hull had been to the U.S. embassy the day  
10 before, had spoken to Tambs, and had been in contact with  
11 National Security Council officials in Washington regarding  
12 our inquiries.

13 Q What did you think about this when Feldman told you  
14 that?

15 A Very interesting.

16 Q Did you do anything to follow up on that?

17 A We all thought we were on to something. We thought  
18 that the matter, the whole investigation should be  
19 pursued. We were all optimistic about returning to Miami  
20 and initiating -- I ~~mean not~~ <sup>don't mean</sup> initiating, but pursuing this  
21 matter aggressively.

22 I believe we spoke about the Grand Jury investigation;  
23 I mean getting a Grand Jury to help us in this matter.

24 Q Did you prepare a report of your interviews in

2 Q Did you also prepare information regarding the  
3 things of which you just told me?

4 In other words, that is, NSC had talked to -- the  
5 you had reports that NSC had talked to Hull.

6 A I reported our conversations with the Ambassador  
7 to FBI HQ.

8 Q HQ is a big<sup>9</sup> place. Whom did you send it to when  
9 you send the ~~air~~<sup>airtel</sup> ~~letter~~, the teletype?

10 A To the terrorist section, to the supervisor .  
11 who was in charge of our investigation at Headquarters.

12 Q Was that in Division 6?

13 A International Terrorist Unit. I don't know. And  
14 I don't recall the supervisor on the case. We have had  
15 many.

16 Q In Miami?

17 A No -- supervisor in Headquarters who was handling  
18 the investigation up in D.C.

19 Q There are many of them?

20 A No, we have had several supervisors on our case  
21 the course of the investigation. I think we have had five  
22 or six supervisors, so I don't want to give you any names  
23 now of the person it was sent to.

24 Q But what I am getting at, when you say  
25 "supervisors", do you mean in D.C. or Miami?

2 Q Do you know who Buck Revell is?

3 A Yes, I do.

4 Q Have you ever discussed this case with him?

5 A No, I haven't.

6 Q Has he ever inquired of the case, to your knowledge,  
7 either in writing or verbally?

8 A Yes, he has.

9 Q When was that?

10 A In March 1986.

11 Q Can you tell me how that came about?

12 A To the best of my recollection, myself and George  
13 Kiszynski were told by an ~~Assistant~~ <sup>A</sup> ~~Special~~ <sup>S</sup> ~~Agent~~ <sup>A</sup> in Charge  
14 in Miami by the name of Jim Freeman that Mr. Revell wanted  
15 a summary of our investigation in the Renee Corvo matter

17 We spent a lot of time. When an ~~Assistant~~ <sup>A</sup> ~~Director~~ <sup>D</sup>

19 head memorandum, <sup>and</sup> ~~in~~ a cover <sup>airtel</sup> ~~air telegram~~ to FBI HQ with a  
20 summary of the case up to that time.

21 Q Did that include the reference to the NSC?

22 A Owen was mentioned because we included Terrell's  
23 statement in the LHM, and on the cover <sup>airtel</sup> ~~air telegram~~ we  
24 mentioned that we anticipated the ~~Grand~~ <sup>J</sup> Jury, and we again  
25 mentioned Mr. Owen, Mr. Hull, Sam Hall as targets, <sup>as</sup> possible

2 Q Did you mention Oliver North in the LHM?

3 A I don't recall.

4 Q Your office maintains a copy of that?

5 A Sure.

6 Q Did you mention NSC?

7 A I believe Terrell mentioned Owen and the NSC. I  
8 not sure.

9 Whatever Terrell said was in the LHM.

10 Q But your LHM didn't go into the facts of the .  
11 embassy, what Hull had done?

12 A No, because it was in March. This was before our  
13 trip to Costa Rica.

14 Q Oh, yes. I am sorry.

15 A We were in Costa Rica from March 31 to April 4.  
16 The LHM, I believe, is dated March 20.

17 Q Did you show the LHM to Jeff Feldman?

18 A We probably presented -- I am not sure. We proba  
19 gave Mr. Feldman a copy of the LHM. It was about 38 pages

20 Q And after you sent the LHM, did you hear any  
21 response from anyone at headquarters, including Mr. Revell

22 A No, we didn't speak. Normally we don't.

23 Q No questions or follow-ups or directions?

24 A No. An LHM is very customary in investigations.

25 It just summarized what we <sup>had</sup> done to date, and we forwa

UNCLASSIFIED

1 it to Headquarters for their information. We didn't expect  
2 a reply.

3 Q Had you or had Mr. Revell asked you about any of  
4 your other cases or, you know, come through channels?

5 A I may have in previous cases. I really don't recall  
6 I probably have.

7 Q Were you asked at any time up until December of  
8 1986 to provide updates on that LHM?

9 A No.

10 Q That is the only one you prepared in terms of.  
11 summary of the facts?

12 A No. I provided one before March. I provided one  
13 in October 1985. You want to know where I summarized the  
14 facts?

15 Q Yes.

16 A On a <sup>small letters</sup> Prosecutive <sup>Report</sup> Report dated July 31, 1986.

17 Q And that is the one that went to Mr. Kelner?<sup>1</sup>

18 A That is right.

19 Q Was a copy of that sent to Headquarters?

20 A Yes, it was.

21 Q Do you know to whom?

22 A Eight copies were sent to Headquarters. It is  
23 formal procedure to disseminate that to Headquarters, ~~in~~ <sup>to</sup>  
24 the Department of Justice.

25 I don't recall specifically who got copies of the

UNCLASSIFIED

UNCLASSIFIED

1 LHM or the <sup>P</sup>Prosecutor<sup>ive</sup> Report.

2 Q Did you send either the March LHM or the  
3 Prosecution<sup>ive</sup> Report to any field offices?

4 A Later, because it is a pretty good summary of the  
5 investigation, I sent copies of the <sup>P</sup>Prosecutor<sup>ive</sup> Report.  
6 I believe I sent one to New Orleans, who was handling the  
7 Posey matter or had the case on Posey, and I may have sent  
8 it to other offices. I don't really recall, but at the time  
9 it was written I believe I only sent copies -- we only sent  
10 copies to ~~H~~Headquarters and, of course, the United States  
11 Attorney's Office and Customs, Miami U.S. Customs.

12 Q Do you deal with any particular individual at  
13 Customs in Miami?

14 A <sup>Jim</sup>~~Jim~~ Kilfoil. He is still helping in the  
15 investigation.

16 Q Did you ever hear from a Mr. Rosenblatt from  
17 Customs?

18 A Rosenblatt works for Mr. Kerry?

19 Q No, that is a different name. This is  
20 Mr. Rosenblatt, the director with Customs.

21 A Not that I am aware.

22 Q Do you know whether or not Mr. Revell made further  
23 inquiries regarding your case after asking for the March  
24 summary?

25 A Not that I am aware.

1 Q Do you have any reason to believe that the contents  
2 or the LHM itself was disseminated to anyone other than  
3 personnel at FBI headquarters or field offices?

4 A Not that I am aware.

5 Q Do you have any reason to believe that?

6 A Recently in the media I have read that some people  
7 have memos that were written in early 1986, but I don't know  
8 if that is the LHM or what, so I really don't know.

9 Q While we are on the subject of memos, then, did  
10 there come a time in which Jeff Feldman prepared a memo for  
11 his boss?

12 A Yes, there did.

13 Q And did you get a copy of that from him?

14 A I got a copy of the second version.

15 Q Just for the record now, there are many versions.  
16 They are all dated May 14.

17 A That is correct.

18 Q So, we are talking about the same memo.

19 I think it was actually four versions, just so we  
20 set the record straight.

21 Mr. Feldman does a rough draft in which there is not  
22 very much of a conclusion other than going forward. It is  
23 sent back for revision.

24 The conclusion is elaborated. It is still going  
25 forward. Mr. Kelner concurs. Then there is a meeting and the

**UNCLASSIFIED**

UNCLASSIFIED

1 conclusion is redrafted by Mr. Kelner's assistant?

2 A Then there are five versions.

3 Q There is another version?

4 A Yes.

5 Q What is that?

6 A What I understand, because I was in the office with  
7 Feldman -- he had already prepared the rough draft, but he  
8 hadn't done the recommendations, the conclusion, so we were  
9 seated there. We put in -- can I regress?

10 Q Sure, start from the beginning.

11 A He called me in, because he wanted to go over this  
12 memo that he had prepared, so he reads it to me. I generally  
13 do not like the tone of the memo, and I said so to  
14 Mr. Feldman. I thought it down-played the investigation.  
15 It wasn't strong enough.

16 But he did include our statement in there, that we  
17 wanted a Grand Jury, and he put some of the reasons why we  
18 wanted the Grand Jury, so I was happy with that.

19 He also stated -- he wrote a paragraph at the end  
20 that he did recommend the Grand Jury, ~~and~~ I was with him when  
21 he wrote that.

22 I left. I thought that was it. I thought we were  
23 going to have our Grand Jury.

24 I later got a copy -- no, I was later told by  
25 Mr. Feldman that Kelner had told him to change the

UNCLASSIFIED

UNCLASSIFIED

1 recommendation for the Grand Jury, and that now the conclusion  
2 stated that the Grand Jury was premature. I was given  
3 a copy. I asked for a copy of that version, and I got it,  
4 and that is the one I have, but that copy is not the one that  
5 I have become aware of recently, which mentions in the last  
6 paragraph, a "fishing expedition." So, the only copy the FBI  
7 has -- and I did forward this to our headquarters in, I believe  
8 June of 1986 -- the only version that I am aware of that  
9 I have, and, therefore, I believe Headquarters has, is the one  
10 which says, "Grand Jury is premature" but makes no mention of  
11 a "fishing expedition."

12 Q For the record, I am going to show you a  
13 memorandum dated May 14, 1986, "Subject Costa".

14 The last page, page 21, refers -- makes this  
15 reference here to a "fishing expedition." So is it my  
16 understanding now -- correct me if I am wrong -- that this  
17 is not the version that you received from Mr. Feldman,  
18 the last version you received from Mr. Feldman? Is that  
19 correct?

20 A That is correct. I have never seen this  
21 specific page to this memorandum.

22 Q Why don't you take a minute, then, since you  
23 haven't seen this, and starting at the conclusion on  
24 page 20, read through that.

25 Had you read that before?

UNCLASSIFIED

UNCLASSIFIED

1 A The initial part of the conclusion, the first  
2 and second paragraphs, are similar to the version that  
3 I have about the initial conclusion and the FBI request  
4 for a Grand Jury, and the reasons described therein.

5 The last paragraph after the first sentence --  
6 the second sentence -- is new to me.

7 Q What was your opinion of the reasons given for not  
8 using the Grand Jury, especially for the request, just to  
9 routine documents?

10 A As I say, these are some of the reasons we had for  
11 the Grand Jury.

12 I mentioned to Feldman several more. I don't rec  
13 them now. He said, "No, that is enough," because we  
14 anticipated the Grand Jury.

15 What was the question again?

16 Q What you think -- I mean, in your experience from  
17 this case and other cases, what do you think of the reasons  
18 given there for not seeking the power of the Grand Jury,  
19 especially to issue subpoenas for routine documents?

20 A As case agent, one of the case agents on the case  
21 we would have liked the Grand Jury to be able to at least  
22 have the opportunity to get the documents we needed in the  
23 investigation. It would have been a very helpful tool.

24 Q I assume you received this memo -- not this memo  
25 your version, what you got, from Mr. Feldman some time in

UNCLASSIFIED

UNCLASSIFIED

1 late April.

2 Would that be about right?

3 A No, May.

4 Q Mid-May?

5 A Yes, around the date, this date, because upon  
6 hearing from Feldman that Kelner<sup>1</sup> had asked him to change  
7 the memo, we wanted a copy of the memo. He provided it  
8 to us, and, of course, we forwarded it to our Headquarters  
9 afterward.

10 We were disappointed, but we did continue  
11 forward with the investigations, and we did some extremely  
12 important interviews, including the main subjects, some of the  
13 main subjects in the investigation, who had made a lot of  
14 admissions regarding the gun running.

15 Q Did those interviews include Robert Owen?

16 A No.

17 Q Did they include Tom Posey?

18 A No, but we interviewed -- you see, at this time,  
19 we were mainly interested in the Miami <sup>SIDE</sup> site. We were  
20 investigating CMA and Posey and Owen, but ~~we had~~ <sup>we had</sup> to build it  
21 up.

22 We interviewed Rene Corvo, who was in charge of the  
23 <sup>CUBAN COMRA</sup> ~~the~~ camp down there, <sup>the</sup> second in command at <sup>the</sup> camp, people who  
24 <sup>the</sup> piloted flights from Miami -- I mean, from Fort Lauderdale --  
25 and we were able to corroborate that the flights had, indeed,

UNCLASSIFIED

UNCLASSIFIED

1 occurred, that weapons were on board the flight, and more  
 2 important, that Mr. Corvo and others were recruiting  
 3 individuals from Miami to go fight with the contras in  
 4 Central America.

5 Q When you sent your version of the May 14 memo  
 6 to headquarters, did you send with it any recommendation or  
 7 any memorandum explaining it?

8 A We made it a custom to send Headquarters copies of  
 9 all of our investigative reports, of our interviews, just  
 10 for their information.

11 Q Did you at any time during the period from May until  
 12 let's say October of 1986, make any attempt through  
 13 Headquarters or through any of your superiors to try to get  
 14 the U.S. Attorney to change his position?

15 A Yes, we did.

16 Q Can you tell me what you did in that regard?

17 A The main thing we did, we wrote the <sup>P</sup>Prosecutor <sup>ive</sup>  
 18 Report. My supervisor was sick. At the time, I spoke to  
 19 the relief supervisor, by the name of Eduardo Sanchez, and  
 20 we discussed what could be done to get this case going,  
 21 especially after <sup>the</sup> interviews of some of the main subjects in  
 22 the case, who basically admitted to the allegations that we  
 23 were investigating.

24 We agreed that the <sup>P</sup>Prosecutor <sup>ive</sup> Report would force  
 25 their hand, That . . .

→ the United States Attorneys, upon seeing the <sup>302's</sup> ~~1022~~ and the evidence we had, would have to make a decision, one way or the other regarding the ~~Grand Jury~~ <sup>this</sup> in ~~other matter~~ ... or taking it to prosecution, so, therefore, myself and George Kiszynski -- I did most of the writing myself -- we put together about a 200-page <sup>small letter</sup> Prosecutive Report which outlined the violations and the evidence we had obtained up to that time to support the prosecution of this matter.

Q This went over to Headquarters, I assume?

A The ~~Prosecutor's~~ <sup>we</sup> Report was dated July 31. I believe I personally took it to the United States Attorney's Office in Miami on that same date and delivered two copies to a Jeff Feldman, one of them for Mr. <sup>1</sup> ~~Kelner~~.

Q Now, what was done in terms of the FBI hierarchy?

A We sent the necessary copies which you normally send ~~Prosecutor's~~ <sup>we</sup> Reports to Headquarters. We sent, I think, about eight copies to Headquarters, not for any particular reason, except <sup>that is</sup> as the number that is required to be sent up there.

Q What I am getting at, though -- did you or any of your supervisors or Mr. Kiszynski have any conversations with anyone at headquarters to get them to perhaps go up your chain and up the Department of Justice chain to get pressure?

A After we wrote the ~~Prosecutor's~~ <sup>we</sup> Report, we waited

UNCLASSIFIED

UNCLASSIFIED

1 a while, because we anticipated the United States Attorney's  
2 Office either invoking a Grand Jury or prosecuting the matter  
3 or at least making a decision.

4 Nothing happened. Nothing. We became aware later  
5 that Mr. Kelner told Mr. Feldman not to do anything on the  
6 case until he made a decision on the <sup>P</sup>Prosecutor's <sup>P</sup>Report. We  
7 didn't know that.

8 We continued our investigation, but at the same  
9 time, as time went by, nothing was happening. We started  
10 to telephone the supervisors, our supervisors in  
11 Washington <sup>at</sup> ~~and in~~ FBI HQ, letting them know that the  
12 United States Attorney's Office was, I would say, dragging  
13 their feet in this matter.

14 At the same time, we frequently went to Mr. Feldman's  
15 office <sup>at</sup> ~~in~~ the United States Attorney's Office to pressure  
16 Mr. Feldman <sup>and</sup> ~~in~~ the United States Attorney's Office to make  
17 a decision in this matter.

18 We would call Mr. Feldman two or three times a  
19 week, asking him, "What about this? What is happening?"

20 At the same time, I personally spoke to Headquarters  
21 to see if they could go directly to the Justice Department  
22 to see if they could force the United States Attorney's  
23 Office in Miami to take action in this matter. ~~and~~ I went  
24 on vacation in October -- early October, I believe -- and  
25 George Kiszyński also telephoned Headquarters and spoke to

UNCLASSIFIED

1 the supervisor or agent who was handling the case to ask  
2 them to go to Justice.

3 Q First of all, who did you speak to at Headquarters?

4 A Like I said, we had so many. It depends who was  
5 handling the case at the time.

6 It could have been Simeon<sup>e</sup>. I don't want to give  
7 names, but we could get the names from the file, whoever  
8 was handling the case.

1 Q Did you ever get a positive response?

2 A Sure.

3 Q In other words, did anyone plan to go to the  
4 Department of Justice?

5 A They were very receptive. They understood our  
6 dilemma. They said they would try to help us, and they said  
7 they would and that they did. They told that to George,  
8 that they would, and they did go across the street to Justice.

9 Q Do you know that they did?

10 A They told George that they did.

11 Q Do you know to whom they spoke in the Department of  
12 Justice?

13 A No, I don't.

14 Q Do you know who from the FBI went?

15 A No, I don't. I assume the supervisor we spoke to.

16 Q Do you know whether or not Mr. Revel was involved  
17 at all in this process?

18 A No, I don't. Like I said, Headquarters appeared  
19 very receptive to our inquiry. They appeared to really  
20 want to help us in the investigation.

21 Q Regarding the May 14 memo, you referred before to  
22 press accounts of this memo. Had you heard at any time  
23 that this had been leaked to the press?

24 A Yes, recently.

25 Q Did you give a copy of this memo to anyone other than

**UNCLASSIFIED**

**UNCLASSIFIED**

1 an employee of the FBI?

2 A I don't have a copy of this memo.

3 Q All right. The version you have, did you give one  
4 to anyone other than an employee of the FBI?

5 A I may have given one to Feldman.

6 No, I take that back. Feldman had it. Just to the  
7 FBI.

8 Q Do you know whether Mr. Kiszynski gave a copy of  
9 this to anyone not employed by the FBI?

10 A Not that I am aware.

11 Q Do you know whether Mr. Kiszynski gave a copy of this  
12 to Buck Revel?

13 A No, I do not. No, he did not give a copy to  
14 Buck Revel.

15 Q Do you know of anyone, either at the U.S. Attorney's  
16 Office of at FBI headquarters, who disseminated this memo to  
17 anyone not a Department of Justice employee?

18 A No, I don't.

19 Q Do you have any idea?

20 A Yes.

21 Q We can go off the record if you want to.

22 A Okay.

2 Q Do you know whether or not either this memorandum  
3 of May 14, 1986, your HHM, or any other investigative  
4 reports were sent to the National Security Council by  
5 anyone at the Bureau?

6 A I have heard in the media and in the Webster  
7 confirmation hearings that Mr. North has copies of --  
8 I know for a fact he has copies of teletypes which were  
9 sent in early 1985 regarding the James Adair matter.

10 Q That is the Posey Alabama case?

11 A Right. Right, but on our case I have no knowledge

12 Q Did you ever hear Mr. Kiszyngski make any reference  
13 to any contacts with the NSC on this matter or any other  
14 matter?

15 A There have been allegations to that, but George  
16 Kiszyngski does not know Mr. North or anyone else with the  
17 NSC that I am aware of.

18 Q Do you know whether or not, though, that he might  
19 have sent any information on this or any other matter to the  
20 National Security Council?

21 A Through FBI channels, he sent copies of a January  
22 teletype. He asked that it be disseminated to Mr. North,  
23 but that was because of the previous teletype from Los  
24 Angeles, and he did it through FBI HQ. He has no direct

1 Q When Mr. Feldman told you that Kel<sup>1</sup>ner had told him  
2 to stop working on it until he had made a decision, do you  
3 recall when that was? Was it after your memo, your  
4 prosecution memo had been given to Mr. Feldman?

5 A He told us that just a few weeks ago.

6 Q And what did he tell you?

7 A That Kel<sup>1</sup>ner had told him not to take any action,  
8 not to issue any subpoenas, not to do anything, period,  
9 regarding the investigation pending his review of the  
10 Prosecu<sup>r</sup> Report.

11 Q Did Feldman tell you that Kel<sup>1</sup>ner referred to  
12 political reasons?

13 A No.

14 Q Was there any mention of politics involved?

15 A None at all.

16 Q Did Feldman mention to you that Kel<sup>1</sup>ner had gone to  
17 the Department of Justice in August to discuss this matter?

18 A I don't recall he did.

19 Q Did you ask your SAC or your assistant SAC to  
20 contact Kel<sup>1</sup>ner directly to get the matter moving?

21 A We never met with our SAC to discuss getting this  
22 moving. We discussed ways of getting <sup>it</sup> moving among ourselves,  
23 the supervisor, and we decided, if I recall, that it was  
24 best to do it through Headquarters, which is what we did.

25 Q Were you aware of the Attorney General's visit in

2 A Yes, I was.

3 Q Were you aware of that before he went?

4 In other words, were you aware he was coming?

5 A Yes, I was.

6 Q Were you part of that convoy or the escort detail?

7 A I was at the funeral, and I recall Mr. -- well,  
8 I was at the funeral when the Agents were buried.

9 Q Was Mr. Meese present?

10 A I believe he was.

11 Q Do you know whether or not Meese inquired of anyone  
12 either at the U.S. Attorney's Office or the FBI, about your  
13 case?

14 A No, I don't.

15 Q Have you since been told by anyone who inquired  
16 about your case?

17 A I read about it in the Village Voice and other  
18 related articles, Newsweek, etc.

19 Q When you read about it, what was your reaction?

20 A Surprise.

21 Q Why?

22 A I was more curious if it was true or not. Like  
23 I said, I am not aware of any facts to substantiate or dispr  
24 such allegations. I still am not.

1 A Could I add something? When we have spoken to  
2 Mr. <sup>1</sup>Kelner, he just appears to be ignorant regarding the  
3 specific allegations in the case.

4 He to this date, I believe, still thinks that the  
5 case has to do with a few weapons. I have no indication that  
6 he ever conspired to obstruct justice or anything of that  
7 nature.

8 Q Had you or Mr. Kiszynski ever briefed <sup>1</sup>Kelner other  
9 than that very first conversation you described in March of  
10 1986?

11 A We spoke to him during December of 1986 briefly,  
12 at a party at the United States Attorney's Office. George  
13 and I were there, and Mr. <sup>1</sup>Kelner walked in and approached  
14 us and started talking to us about the case, and again  
15 in January <sup>we</sup> discussed it briefly with him again.

16 In December he didn't understand what all the  
17 commotion was all about, because all it dealt with was a few  
18 weapons. We tried to explain to him it was a lot more than  
19 that because of the recruitment of people that were being  
20 sent down there and consequently had been arrested and  
21 incarcerated there and probably would be in jail a long, long  
22 time, either in Nicaragua or Costa Rica.

23 Then again in January we spoke to him, again, and  
24 he made more or less the same comments.

25 May I go back to December? He said -- the only thing

UNCLASSIFIED

UNCLASSIFIED

1 he did in the case was to leave the <sup>P</sup>Prosecutor's <sup>IVE</sup>Report on his  
2 desk for several months.

3 Q That is your report?

4 A Yes.

5 Q Did he indicate to you that he had read your report?

6 A Not that I am aware.

7 Q Did he say anything which indicated that he hadn't?

8 A I think he said he briefed through it.

9 Q Scanned it?

10 A Yes, briefly went through it.

11 Q During this period of time that the case sort of --  
12 for lack of a better word -- stagnated in the U.S. Attorneys  
13 Office and Mr. Feldman was working other cases, was there  
14 any discussion of asking the U.S. Attorney to re-assign  
15 it to an assistnat who was less busy with other things?

16 A No; we have always been very happy with the way --  
17 when Feldman works on the case, he is very good as a  
18 prosecutor, very good attorney, extremely thorough. You  
19 couldn't ask for a harder working <sup>A</sup>Assistant to handle the  
20 case with you.

21 So we have no complaints on the way Mr. Feldman  
22 has handled the investigation aspects of the case once the  
23 case got forward.

24 Q My question was, during the summer months he is  
25 pre-occupied with other cases. Was there ever discussion of

UNCLASSIFIED

UNCLASSIFIED

3

1 assigning another even to just help him with your case?

2 A Not during the summer.

3 Q Was there ever any discussion of giving any help  
4 to Mr. Feldman?

5 A After we finally got the ~~Grand Jury~~, October or  
6 November, there was a discussion about getting assistance  
7 for him to help out in the investigation.

8 Q How much renewed effort do you see attributed to  
9 the Hasenfus crash?

10 A What I know is that we did get the ~~Grand Jury~~ after  
11 the Hasenfus incident. I really can't say if it was a  
12 direct result of that or not.

13 Q Did you ever see any memorandum written by  
14 Mr. Gregory<sup>ic</sup>, the chief of the criminal division, in October  
15 regarding this case?

16 A No, but I heard about it.

17 Q What did you hear?

18 A I don't recall, but there was something regarding  
19 Gregory<sup>ic</sup>'s memorandum for the initiation of ~~Grand Jury~~ to  
20 investigate this matter. I think Feldman may have mentioned  
21 it, where it was recommended that the ~~Grand Jury~~ be initiated  
22 in this matter.

23 Q Do you know whether or not Mr. Kelner<sup>1</sup> during this  
24 period from, let's say April of 1986 to October of 1986 -  
25 whether or not he had been confirmed as U.S. Attorney?

UNCLASSIFIED

1 A I don't think he had been confirmed as U.S.  
2 Attorney.

3 Q Was there any discussion between you and  
4 Mr. Kiszyngki or anyone else at the FBI regarding why  
5 Mr. Kelner was proceeding so cautiously in the case?

6 A There was a small incident -- I don't recall the  
7 details of it -- that Kiszyngki allegedly had made a comment  
8 that the reason for the delay was because Mr. Kelner<sup>1</sup> had not  
9 been given his appointment. At least the statements were  
10 attributed to Kiszyngki and later they were attributed to our  
11 supervisor, by the name of Paul Philip~~X~~.

12 Paul ~~and ours~~<sup>had</sup> never, I never heard Paul saying  
13 anything to that effect, <sup>what</sup> that came to the attention ~~so of~~  
14 Mr. Kelner<sup>1</sup>, who telephoned our office, and then there was  
15 a brief commotion regarding the statements -- who had made  
16 them and who said what. Then it <sup>was cleared up.</sup> ~~descended~~.

17 Q Was there ever any discussion either with Mr. Kelner<sup>1</sup>  
18 personally or that you heard of where Mr. Kelner<sup>1</sup> expressed  
19 concerns that innocent people might be dragged into a  
20 Grand Jury investigation or names disclosed that shouldn't  
21 be?

22 A Not that I am aware of.

23 Q Regarding the Hasenfus investigation, did you  
24 participate in that at all?

25 A No, I did not.

A Initially, it was generated by our Miami office,  
to the best of my recollection.

A Yes, as I stated earlier, so they may have. I do really -- I do know several of our squad members did go out to Southern Air the day after or something after the revelations were made, but I don't know that much about the case afterward.

A I am not sure, but certain individuals from FBI Headquarters did contact individuals on our squad regarding the Hasenfus matter -- specifically, I believe, Mr. Revell. Mr. Revell may have telephoned Eduardo Sanchez, but like I was not that involved with the case, not involved with at all, just what I have heard. So, I am basically aware, generally, about the case, though I was not an active part of the investigation, per se.

Q What was the sentiment amongst the people who worked the case of how serious his crimes were?

In other words, he was charged with a very serious offense, and yet the sentence he receives is fairly lenient.

A I am not that familiar.

I am aware that the FBI investigators who handled that investigation did an outstanding job throughout the whole investigation. You couldn't ask for harder workers.

Q Were they disappointed in the guilty plea bargain and then the sentence?

A I don't know. You must ask them.

Q In your work on that case, as participating in the search team or any other connection, were you aware of any kind of connection between [REDACTED] and the National Security Council or people acting as consultants or on behalf of any agency of the U.S. Government?

2               We did have dinner with Mr. Feldman and his wife  
3       Saturday. We hardly discussed -- this is our families,  
4       George Kiszynski, his wife, myself and my wife and Feldman  
5       and his wife. We went out to dinner, and we had been  
6       planning to do so for a long, long time, and he basically  
7       said that he had been here, which we were aware of before  
8       that he was coming down and that he had been questioned  
9       regarding the delays.

10              He didn't give any type of details, and we didn't  
11       ask for them. He was aware that we were coming down here  
12       this week.

13              Q     What, if anything, did he tell you?

14              A     That it was regarding -- the inquiry was regarding  
15       the United States Attorneys Office and that nature, and  
16       because of the Village Voice article we assumed there would  
17       be in that nature ourselves.

18              No, he never mentioned any type of questions he  
19       asked or provided, or we didn't ask any type of details.  
20       We assumed what we would be asked about.

21              Q     He didn't tell you about the thumb screws?

22              A     No, he said he was a little nervous before he was  
23       in. He was interviewed for about five hours. That is all  
24       it.

25              Q     Did he mention any conversations he had with

Mr. Kelner either before or afterward?

2           A     I know that Mr. Feldman had been in contact with  
3           <sup>1</sup>  
Mr. Kelner before he went in, but I don't know the nature.

4                     I know they had meetings together. I assume it was  
5     to discuss this, but I have no direct knowledge nor has  
6     Feldman discussed -- he does not tell us about his discussion:  
7     with Kelner, even if we ask.

8           Q     Have you met Agent Michael Boone from Los Angeles?

9           A     I have not met him.

10          Q     Have you spoken to him?

11          A     No, I have not.

12          Q     Did you ever run Oliver North's name through any  
13     checks, either at the FBI or through any other law  
14     enforcement system or any other type of check?

15          A     Not Mr. North's.

16          Q     What about Mr. Owen?

17          A     I think we did.

18          Q     What did you come up with?

19          A     I believe we ran his name through the CIA, but  
20     I do not recall that much. We ran most of the names of the  
21     subjects in our case throughout the course of the  
22     investigation. I don't remember specifically what the reply  
23     was. It wasn't anything earth-shattering or I would have  
24     recalled it.

25          Q     Did you request at any time to interview

1 Oliver North?

2 A No, we haven't.

3 Q Were you aware that he had been interviewed by  
4 agents on other occasions?

5 A No, I wasn't. We wanted to start at the bottom

6 Q Okay.

7 MS. NAUGHTON: I think those are all the questions  
8 I have. As I said, my colleagues from the Senate couldn't  
9 make it today because the hearings started this morning.  
10 So, they may have additional questions for you which I hope  
11 we can do by telephone, through some sort of conference  
12 or something, so you won't have to come back up.

13 THE WITNESS: You don't anticipate me going before  
14 any committee or anything?

15 MS. NAUGHTON: I can't answer that, because that  
16 is a joint decision not made by me, but I don't anticipate  
17 it. I don't think I will recommend it, but we did want  
18 to get your entire statement on the record, so if there  
19 anything else you want to make clear for the record, even  
20 will go into the committee report and records of the committee  
21 into our final report.

6 EXAMINATION BY COUNSEL FOR THE HOUSE SELECT  
7 COMMITTEE

8 BY MR. EGGLESTON:

9 Q [REDACTED] for the record, my name is Neil  
10 Eggleston, Deputy Chief Counsel for the House Select Com-  
11 mittee to Investigate Covert Arms Transactions with Iran.  
12 Also present are two representatives of the Senate Select  
13 Committee. Both committees were established pursuant to  
14 resolutions and have various enacting rules. The State  
15 Department was provided with copies of both the resolutions  
16 and rules. If you want copies for any reason, we can  
17 certainly provide them to you.

18 The mandate of both the House and Senate Committees  
19 which are now conducting joint hearings, is to investigate  
20 the circumstances surrounding primarily the Iran affair,  
21 but also the United States Government's involvement with the  
22 contras. This is being conducted pursuant to those rules.

23 Let me just ask you at the outset to tell us a  
24 little bit about your background in a very brief fashion.

10 A That is right. The way the embassy is structured,  
11 the American Embassy, it is a little different. The Deputy  
12 Chief of Mission doesn't have a line responsibility. He,  
13 like the ambassador, has general responsibility for all of

5 Q Let me ask you then -- now that I have established

7 off the record, the principal area I wanted to ask you  
8 questions about is the time period primarily, say, November  
9 20 through the end of your own involvement in this particular  
10 operation. Could you just, without questions or promptings  
11 from me, relay the best you can recall what your involvement  
12 was when you arrived into the operation of the various  
13 functions that you performed.

14 A Yes. There was, I suppose, one event prior to my  
15 actual involvement that's worthy of note. On the 21 of  
16 November, the political consular, who was the Acting  
17 Deputy Chief of Mission since I was in charge at the time,  
18 was called over to the Foreign Ministry and was told that  
19 there was an American who claimed to be a retired General  
20 seeking [REDACTED] concurrence for transfer of  
21 arms to Iran, and the [REDACTED] was confused by  
22 this and wanted to know what our policy was since we had on  
23 many occasions told them our policy was to discourage such  
24 shipments.

25 The Acting DCM confirmed to the government that

6

1 our policy was to discourage shipment of arms to Iran. We  
2 reported that in a telegram, which I believe you have access  
3 to.

4 Q That occurred on November 21?

5 A Yes. And I think we sent the report out the 22.

6 CIA CHIEF Now, on about noon on the 22, the [REDACTED]  
7 [REDACTED] came to me, and he said that he was involved  
8 in a very difficult situation, it wasn't exactly how he  
9 described it, and he needed my help and guidance, and he  
10 said that he received instructions, I believe, the night  
11 before or early in the morning to come in [REDACTED]  
12 open up his communications and act upon whatever communica-  
13 tions were received. The first telegram that he received  
14 instructed him not to inform the ambassador.

15 He came in, he was told to get in touch with some  
16 one acting under a pseudonym at a local hotel or at a  
17 telephone number which he assumed was a hotel, and to help  
18 him. The pseudonym was R. Copp.

19 He called him and -- this is as related to me,  
20 and probably not in the precision that it was related,  
21 because it's been a year and a half -- but essentially he  
22 was asked to assist with [REDACTED] in gaining  
23 authorization for the arrival of aircraft bearing arms for  
24 Iran, which would be transshipped in [REDACTED] to Iran. [REDACTED]

25 [REDACTED] was not cooperating because they real

~~TOP SECRET~~ UNCLASSIFIED

7

1 didn't know what was going on, they were confused. At least  
2 that was the sense of it.

3 <sup>CIA CHIEF</sup> [REDACTED] said that [REDACTED]

4 [REDACTED] the Foreign Minister, Prime Minister or someone  
5 who worked in those offices to be helpful in this process.

6 [REDACTED]  
7 [REDACTED]  
8 [REDACTED]

9 didn't know how to go about it and didn't feel he would be  
10 successful in any event.

11 He said he had told Headquarters that he would need  
12 the help of the Charge to get these things done; if they  
13 wanted it done, they should engage the Charge. I said to  
14 him at that point that -- well, we both agreed it was an  
15 astounding operation. But, beyond that, I said that I would  
16 be prepared to cooperate, but first he needed authorization  
17 to tell me what he had told me, and, second, I needed to know  
18 that the Secretary of State knew about and approved the  
19 operation.

20 Late that afternoon, I think about 5:00 o'clock or  
21 so, he received -- all of this was in CIA channels -- he  
22 received a telegram which was purportedly from John Poindexter  
23 which asked that I be shown the communication and be asked to  
24 pull out all the stops to get approval for the transit, and  
25 he said the Secretary knew and approved of the operation and

~~TOP SECRET~~

~~UNCLASSIFIED TOP SECRET~~

8

1 asked that State Department communications channels not be  
 2 used because only the Secretary and Assistant Secretary  
 3 Oakley were aware of the operation, given its obvious  
 4 sensitivity.

5 Based on that, I got in touch with [REDACTED]  
 6 [REDACTED] and  
 7 said I needed to talk to the Foreign Minister. He told me  
 8 the Foreign Minister was in a Cabinet meeting and was in-  
 9 accessible unless I could tell him that my request was coming  
 10 from the highest levels of the United States Government. I  
 11 said I could, based on the assumption this was, in fact,  
 12 from John Poindexter, who was National Security Adviser to  
 13 the President at the time.

14 He then explained to me why they had been negative  
 15 to this point. He went back over the contact that they had  
 16 received from a so-called retired American General, and why  
 17 they had summoned our political consul, Acting DCM, to ask  
 18 him about our policy, and based on our reiteration of our  
 19 policy that we were trying to stop shipment of arms to Iran,  
 20 they had decided not to cooperate. This is just by means of  
 21 explanation.

22 Q Is this now your first contact?

23 A This is my first contact with [REDACTED]

A

Q Okay.

A I did not talk to the Foreign Minister that evening. My interest in getting the cooperation of [REDACTED] [REDACTED] was passed on to him, but I did not actually talk to him.

Late that evening, it was about 11:00 o'clock or so at night, I received a call from [REDACTED] <sup>CIA CHIEF</sup> He had received a telegram indicating that Robert McFarlane, who was then in Rome I was told, I am not sure, but he was in Europe in any event, had talked to the Foreign Minister on the telephone and that the Foreign Minister had agreed to facilitate the transshipment.

I was asked to get in touch with the Foreign Minister's staff and confirm that. I was unable to do so at that time.

At 7:00 o'clock the next morning, the 23, I was called again by [REDACTED] <sup>CIA CHIEF</sup> Whoever was sending him the telegrams back here was anxious that we get that confirmation as soon as possible because they wanted to go ahead with the operation. They asked I move as quickly as possible to get

1 the confirmation.

2 Finally, mid-morning I was able to talk to [REDACTED]  
3 [REDACTED] the Foreign Ministry, who said he was  
4 aware of a conversation but not aware of any commitment to  
5 facilitate the shipment without a diplomatic note requesting  
6 it and explaining the reasons for it.

7 I subsequently talked to the [REDACTED]  
8 [REDACTED] Foreign Minister who said the same thing, he said the  
9 note needed to contain where the aircraft were coming from,  
10 where they were going, the reasons for the operation and the  
11 cargo. I communicated all of this, or [REDACTED] did,  
12 back to Washington. We were authorized to deliver a note,  
13 which, as I recall, and I am sure you have the text of it, it  
14 was rather skimpy, it did not give details about cargo or  
15 reasons. I can't remember, but it was by [REDACTED] it  
16 didn't meet [REDACTED] request.

17 I took that over and delivered it to [REDACTED]  
18 [REDACTED] the Foreign Ministry,  
19 [REDACTED] Anyway, he  
20 received the note, complained to me about the way we had  
21 handled it, the whole operation, and noted at the time the  
22 note didn't look like it met their needs.

23 That afternoon we went back and forth several  
24 times between the Foreign Ministry and myself, between [REDACTED]  
25 [REDACTED] and Washington, about how we might embellish upon

~~TOP SECRET~~

~~TOP SECRET~~ UNCLASSIFIED 11

1 the note to make it acceptable [REDACTED] The

2 [REDACTED] meanwhile were meeting rather regularly, the Foreign  
3 Minister meeting with the Prime Minister to decide whether or  
4 not they would cooperate.

5 [REDACTED]  
6 [REDACTED]  
7 [REDACTED]  
8 [REDACTED]  
9 By late afternoon, I had a good sense of what kind  
10 of note would meet [REDACTED] needs, it had to have  
11 some information about cargo, but it didn't have to be  
12 specific. It had to make some reference to humanitarian  
13 purposes, and it had to have the origin and ultimate destina-  
14 tion of the cargo.

15 At this point, the second effort to put this opera-  
16 tion together was running up against a deadline, as I under-  
17 stand it. That is, planes were in the area and on route [REDACTED]  
18 [REDACTED] and had a turn-around time that was getting fairly  
19 short.

20 Sometime in the afternoon of Saturday, they turned  
21 around, and I guess whoever was running the operation back  
22 here decided they would do it some other way, because I  
23 received instructions to deliver a rather short and curt note  
24 that essentially said "thanks for not helping this humanitarian  
25 operation."

 3 [REDACTED] meanwhile had been hard

 5 prepared to agree if we provided the information that they

13 I must say. Anyway, we met, there were  
 14 about five of us in the room. He had two staff members with  
 15 him. I showed him the note, and they were very upset because  
 16 it was in a sense impolite.

17 Also, we had turned them inside out for about 24  
 18 hours, and now we were simply saying "thanks, but no thanks",  
 19 we don't -- we are not proceeding down this track.

20 That's essentially it. I am sure there are gaps.  
 21 Maybe you can ask questions.

22 Q I will. There are actually not that many gaps.

23 Let me start by asking you if you could just go  
 24 over the telegram that you sent or that was sent on the 21.  
 25 This has been previously marked ERC-1. Maybe, so the record

BY MR. EGGLESTON:

Q Let me show you [REDACTED]-1 and ask you, as best you can recall, if you can elaborate on this, the early conversation of the 21 about the contact between the Acting Deputy Chief of Mission with regard to this contact by the retired General.

A Yes. As I said earlier [REDACTED] who was Political Consular, was called over by the Deputy Political Director and told that an official from [REDACTED] dealing -- well, an arms dealer I guess [REDACTED], who, as I understand, by the way, is related to one of the officials in the Foreign Ministry, and that's why that contact was made. He was a brother-in-law. That's why the contact was made in that fashion -- had said that he was working in cooperation with a retired American General or a person who claimed to be a retired American General and that they wanted to arrange for the shipment of some arms to Iran.

The Foreign Ministry, knowing of our general policy in this regard, was confused and they had asked [REDACTED] to come over and reiterate our policy essentially, which he did. We reported back the following day.

Q I take it, as of this time, the Acting Deputy Chief [REDACTED] did not know the name of the supposed retired American General?

A No.

Q Was there any indication whether the retired General

~~TOP SECRET~~ ~~UNCLASSIFIED~~

~~UNCLASSIFIED~~ ~~TOP SECRET~~

15

1 had indicated this was a United States Government operation?

2 A My impression is yes, but I don't recall precisely.

3 Q Is this [REDACTED] a telegram that you sent back to the  
4 State Department here in Washington? Is this your cable  
5 essentially?

6 A Yes. It was actually written by [REDACTED] I  
7 saw it before it went out and approved it.

8 Q Let me just take a look at it and make sure there  
9 is nothing in it I wanted to ask you about.

10 You may or may not know, based upon whether you  
11 read the Tower Commission or all sorts of things, there came  
12 a time when General Secord receives a letter signed by Colonel  
13 North with a signature indication of Mr. McFarlane indicating  
14 that Mr. Secord's services are needed with regard to a  
15 particular operation. Did you ever see that letter during  
16 the course of this time period?

17 A No, I didn't.

18 Q So he never showed it to you or to your knowledge  
19 did not show it to [REDACTED]?

20 A To my knowledge, he did not. He certainly didn't  
21 show it to me, because I have never met General Secord.

22 Q From your conversations with [REDACTED] <sup>LIA CHIEF</sup>, do you  
23 know whether he ever showed it to him?

24 A I do not know. I don't think he did.

25 Q This cable suggests that the Acting Deputy Chief of

~~UNCLASSIFIED~~

1 Mission responded immediately and forthrightly that this was  
2 not a United States Government operation; at least as far as  
3 he knew, it was not. I take it, I don't see why there would  
4 be, ~~there~~ was no effort by anyone in your office to check  
5 with the State Department to see whether or not it was an  
6 official United States Government operation.

7 A No. Our policy was longstanding and fairly clear,  
8 quite clear, so there was no attempt to check.

9 Q And prior to the time that this contact takes  
10 place, as far as you know, General Secord, or Mr. Copp, had  
11 not contacted anyone at the embassy for help or authorization  
12 before contacting officials of the [REDACTED]

13 A I am certain he had not.

14 Q As of the 21, I take it, you probably think that  
15 this is a dead American mission.

16 A Exactly.

17 Q You indicate around noon or so, you speak to the  
18 [REDACTED], and he says he needs help in a difficult  
19 situation. Did he describe at that time what he had been  
20 asked to do by Headquarters?

21 A Yes. He brought me up to date on everything at  
22 that point.

23 Q Just as best you recall, what is it he told you  
24 as of noon on the 22nd?

25 A He had been asked to get in touch with this

~~UNCLASSIFIED TOP SECRET~~

~~CONFIDENTIAL~~

1 individual, and he had done so on the phone, and the person,  
2 R. Copp, had told him the United States Government was seek-  
3 ing to assist in the transit of some arms from Israel to  
4 Iran through [REDACTED] and he had been asked to get [REDACTED]  
5 [REDACTED] approval for this.

6 Q So it was your notion what he needed was approval  
7 for the airplanes to land [REDACTED] reload, or whatever?

8 A Exactly. Airplanes to come in with the cargo, re-  
9 load into other airplanes and take off.

10 Q As of this time, when you have this conversation  
11 with him on the 22nd, did you connect this event with what  
12 you had learned the previous day?

13 A I began to, yes.

14 Q I take it, as of this time, you don't know whether  
15 R. Copp is a retired American General.

16 A Not until later when <sup>CIA CHIEF</sup> [REDACTED] actually met with  
17 him and talked with him, and he told him who he was.

3 you began to be somewhat concerned before taking steps along  
4 these lines, you get authority from your own agency and not  
5 merely instructions from the CIA,

6 A Yes. I told <sup>CIA CHIEF</sup> [REDACTED] that I would be glad to help,  
7 but only if first of all he had authorization to tell me  
8 that I had -- that I was actually requested to do so and that  
9 I knew the Secretary of State knew and approved it.

10 Q I take it, though, at no time -- you followed the  
11 instructions not to use the State Department communications  
12 system.

13 A I did.

14 Q And your communications then are through the CIA  
15 channels.

16 A Total. Under today's ground rules, I would not,  
17 but at the time it seemed like a reasonable thing to do.

18 Q I assume a lot of things may have changed after  
19 this both here and in Central America.

20 Did you involve anybody else in your office, on  
21 the embassy staff, in this?

22 A No.

23 Q Did you have any conversation with -- you gave us  
24 his name, and I forgot it.

1 Q About this after the 21st?

2 A No. I told him --

3 Q Nothing?

4 A I told him he didn't want to know. He knew. He  
5 knew there were strange things going on, because I was going  
6 to a dinner party at his house Saturday night and was about  
7 two hours late for it. Since I was at the Foreign Ministry,  
8 he knew where I was.

9 Q So he did not help you?

10 A No.

11 Q Or speak to [REDACTED] about it?

12 A No.

13 Q You indicated that you never spoke to or never met  
14 Mr. Copp?

15 A No.

16 Q You indicated on the 22nd, around 11:00 a.m., you  
17 received a call from [REDACTED] <sup>CIA CHIEF</sup> indicating he received a cable  
18 telling him McFarlane had actually spoken to the Foreign  
19 Minister, and you said you then took steps in order to confirm.  
20 Those steps took place the evening of the 22nd, which were  
21 unsuccessful.

22 Then you had conversations with people on the 23rd.  
23 I was a little confused as you went through whether you were  
24 ever actually able to confirm that phone call and the agreement  
25 that seemed to be reflected to you in the cable.

1           A     In my conversations the next morning, yes, there  
2 was a confirmation the phone call had occurred. The Foreign  
3 Minister that Saturday evening told me he had talked to  
4 Mr. McFarlane. The difference between the telegram we received  
5 on the evening of the 22 and what [REDACTED] told me on  
6 the 23 was the perception of the agreement of the telephone  
7 call. Mr. McFarlane believed that he had agreement from the  
8 Foreign Ministry to permit the transit, and [REDACTED]  
9 said that they had agreed to consider it promptly and  
10 positively, or whatever. They had some -- once they had the  
11 necessary background information.

12           Q     And one of the things they asked you for was a  
13 formal diplomatic note that requested their assistance?

14           A     Exactly.

15           Q     You indicated one of the things they wanted was an  
16 indication of what the cargo was going to be.

17           A     That is right.

18           Q     Did you have conversations with them that the note  
19 would reflect the cargo was going to be weapons?

20           A     They knew by the time I was involved that the cargo  
21 consisted of weapons, but I don't believe they knew what kind  
22 of weapons.

23           Q     Did they know that from the conversation they had  
24 on the 21st or from conversations with [REDACTED] <sup>in chief</sup> or from  
25 conversations with you?

1           A     They knew that from either [REDACTED] or from the

3           Q     But in your conversations with the people in [REDACTED]  
4 [REDACTED] it was always clear the cargo that was  
5 going to be on these planes was going to be weapons?

6           A     Yes.

7           Q     Was there any discussion about how you would phrase  
8 that in the note, how much specificity they wanted in the  
9 note?

10          A     They wanted -- yes, there was. They wanted types  
11 and amounts. We didn't provide that in a formal fashion  
12 ever.

13          Q     Did they want exactly what kinds of missiles?

14          A     I can't recall that we got into that kind of detail.

15          Q     But they wanted --

16          A     They wanted those things, yes.

17          Q     They wanted formal acknowledgement they were being  
18 asked to help in a weapons shipment.

19          A     Exactly.

20          Q     I take it, that is one of the things that concerned  
21 them, they wanted a formal request from us to them they help  
22 in this somewhat unusual initiative sending weapons to Iran.  
23 Is that fair?

24          A     Yes.

2 think you indicated there came a time when [REDACTED] met with

4 A Yes.

5 Q Was that on the 23rd, or do you recall?

6 A As I recall, it was the 23rd. I can't remember  
7 whether it was mid-morning or late afternoon. It was some-  
8 time on the 23rd.

9 Q Did he tell you about the meeting he had with --

10 A Yes, he did.

11 Q Can you tell me what you recall he related to you  
12 about the meeting?

13 A It was a brief meeting, only about, as I recall,  
14 15 minutes, Coppel identified himself as Richard Secord,  
15 retired American Air Force General, who was working for the  
16 National Security Council trying to put together this ship-  
17 ment of arms. And he simply urged him to be responsive.  
18 He also told him what arms were involved.

19 Q Do you recall today what the <sup>CIA</sup>Chief [REDACTED] told  
20 you Coppel had said to the <sup>CIA</sup>Chief [REDACTED]?

21 A In precise terms, no, although I do know they were  
22 Hawk missiles. I was told that by [REDACTED] <sup>CIA CHIEF</sup>

A Yes, I do recall. Apparently Secord, Copp, and probably [REDACTED] tried to intercept the Foreign Minister and Prime Minister at the VIP lounge of the airport they were returning from some trip, the idea being they would try to persuade them to go ahead and agree with all this without going through normal channels.

It didn't work because they landed on the military side of the airport and didn't go through the VIP lounge. Meanwhile, hanging around this place, which has high security and is very visible, they had created -- suspicions is probably a gentle word, but suspicions, antagonism.

Q Do you have any recollection today of how much -- approximately what day it was the Foreign Minister and the Prime Minister had returned from whatever trip and had gone through this airport?

A My guess is that that was either the 20th or 21st, but I don't know.

Q [REDACTED]

A [REDACTED]

Q I take it there comes a -- you sort of basically have taken us through the 23rd.

1 I am sure you have those notes.

2 But essentially one explained their understanding  
3 of the terms under which they would have agreed, and the other

5 tion.

6 Q I have a cable here that may help you refresh your  
7 recollection. Did you receive instructions to keep the  
8 possibility of using [REDACTED] alive and possible as a place in  
9 which this operation could be undertaken?

10 A I don't recall that I did.

11 Q This may or may not refresh your recollection, but  
12 it is CIIN 2211-A, it is a cable to [REDACTED] from -- and again  
13 this is a CIA cable -- from Headquarters to [REDACTED] dated  
14 November 27, Zulu time of [REDACTED], and just ask you -- this  
15 actually makes reference to other things that go previously.  
16 If you need it, that would be fine.

17 A Yes, I do recall this cable. I was shown it at the  
18 time. The reason for it, the background is I was fairly  
19 confident if we handled it correctly, we could get [REDACTED]  
20 cooperation for a sensitive operation if it was in our national  
21 interest to do so.

22 But these instructions suggest I not raise it with  
23 the Prime Minister, but if he raised it, that I sort of keep  
24 it open. I didn't talk to the Prime Minister about this case.  
25 In talking to the Foreign Minister, I think I left the case

2 Q I take it no one ever came back to you again for  
3 help in moving shipments of arms through [REDACTED] in order to  
4 get them through Tehran?

5 A No. To the best of my knowledge, General Secord  
6 had left [REDACTED] and moved on to greener pastures. I gather  
7 I was wrong.

8 Q Have you ever discussed the events surrounding  
9 November 21 to the 27th or so of '85 with the Secretary of  
10 State?

11 A I have not.

12 Q Have you discussed them -- I guess you have not  
13 discussed them with Ambassador Oakley either?

14 A I have not.

15 Q Do you know Dewey Clarridge?

16 A I met him about 1980 or '81 when he was [REDACTED]  
17 [REDACTED]

18 Q You did not have any contact with him except through  
19 these cables?

20 A That is correct.

21 Q Do you know Colonel North?

22 A I never met him.

23 Q Do you know Admiral Poindexter?

24 A I have met him in meetings when he was with the  
25 National Security Council. I can't say I know him. I am sur

5 A No.

6 Q Have you discussed the events of this week in  
7 November, '85 with anyone else at the State Department?

8 It is kind of an open-ended question.

9 A Yes. The answer is yes, I have. I have discussed  
10 it with, not in this detail, but with the Assistant Secretary  
11 of State for [REDACTED]

12 Q [REDACTED]

13 A [REDACTED]

14 [REDACTED]

15 Q Was that a contemporaneous conversation?

16 A No, it was not.

17 Q Do you recall when it was?

18 A Last summer. Nearly a year later.

19 Q But before all these events became public in  
20 November, 1986?

21 A No, on the contrary. I do not believe I ever dis-  
22 cussed it -- I am trying to think back. I assumed I had dis-  
23 cussed this with [REDACTED] but I probably had not. I did not open  
24 the subject up to any conversation with anybody in the State  
25 Department. It was not public knowledge then, I simply didn't

~~TOP SECRET~~  
~~TOP SECRET~~

~~TOP SECRET~~

1 do it.

2 Q You were following instructions to only discuss it  
3 with Oakley or --

4 A Exactly. The only other person I did discuss it  
5 with was [REDACTED]. When he returned, I told him  
6 what had occurred, and besides saying, "Thank God, I wasn't  
7 here," he really didn't have anything to add. I feel fairly  
8 confident he didn't discuss it with anybody at the State  
9 Department.

10 Q [REDACTED]

16 A [REDACTED]

17 [REDACTED]

18 MR. EGGLESTON: I don't have any other questions.

19 BY MR. SMILJANICH:  
CIA CHIEF

20 Q Did [REDACTED] ever put a name behind who at  
21 Headquarters was giving instructions?

22 A Ever is a long time. He did afterwards. I am trying  
23 to remember whether he did at the time. He explained the type  
24 of channel he was receiving the instructions on, which was a  
25 privacy channel, and it came from the operations side, but I

~~TOP SECRET~~

~~TOP SECRET~~

31

1 don't know that he mentioned Clarridge's name.

2 Q What about after the fact?

3 A After the fact, yes.

4 Q Anyone else?

5 A No. I mean, I know that Clarridge, Deputy Director  
6 of Operations, theoretically might have been involved, although  
7 I also gather he may have been out of town at the time.

8 Q There are independent communication channels that  
9 are available to you that run directly to the Secretary of  
10 State, is that correct, as Charge?

11 A I could use State Department channels and have a  
12 highly restricted distribution on this end, but none that I  
13 would feel confident using under the circumstances at the  
14 time.

15 Q So there is, in fact, no way in which you could have  
16 directly communicated only with the Secretary of State and  
17 no one else?

18 A Not at the time. I have a telephone now. But at  
19 that time, we didn't have.

20 BY MR. WOODCOCK:

21 Q [REDACTED] I am Tim Woodcock with the Senate Com-  
22 mittee. I am going to have to jump around a little bit, as  
23 I was following these notes. The information that you first  
24 received from [REDACTED] I take it [REDACTED]  
25 [REDACTED] received it first --

~~UNCLASSIFIED~~  
~~TOP SECRET~~

~~TOP SECRET~~

32

1 A That is correct.

2 Q That referred to a manager of the firm [REDACTED]?

3 A I believe that was [REDACTED].

4 Q So that from your understanding [REDACTED] was involved  
5 early on, as well as the person waiting in the VIP lounge?

6 A That is my understanding. I was not in the VIP  
7 lounge, so it is second-hand information.

8 Q [REDACTED]

19 A [REDACTED]

20 [REDACTED]

21 Q In his pre-hearing remarks, General Secord said  
22 that he personally had some reservations about the use of

23 [REDACTED] because he said [REDACTED] was "not smooth". Do you

24 know enough about [REDACTED] to know why he would be considered  
25 not smooth?

~~TOP SECRET~~

~~TOP SECRET~~

33

1 A I have an impression that [REDACTED] is heavy-handed,  
2 but that is an impression, not based on my knowledge. To my  
3 knowledge, I haven't met the man.

4 Q When you say heavy-handed, what do you mean by that?

5 A Too direct, rather blunt, given to bluster.

6 Q Do you have knowledge at all of [REDACTED]?

7 A I have met [REDACTED].

8 Q He is also a partner in [REDACTED], is that correct?

9 A That is correct. I think he and [REDACTED] own equal  
10 shares, perhaps. I am not sure. But he is partners with him.

11 Q Do you know of any involvement -- I am speaking  
12 broadly here -- of Thomas Clines in [REDACTED]?

13 A I do not.

14 Q Do you know Thomas Clines?

15 A No.

16 Q Do you recall at what point you learned that Copp  
17 was, in fact, Richard Secord?

18 A When [REDACTED] CIA CHIEF returned from the meeting with  
19 him, which was sometime during the day of the 23rd.

20 Q Did the name Secord mean anything to you?

21 A No, it didn't.

22 Q When Ambassador [REDACTED] returned, you testified  
23 you briefed him on the matter. Is it also true [REDACTED] CIA CHIEF  
24 participated in that briefing?

25 A I am certain he did at ont point. Whether -- I

~~UNCLASSIFIED~~  
~~TOP SECRET~~

~~TOP SECRET~~

34

1 can't recall whether I briefed the ambassador independently  
2 first or we did it altogether. I am not sure. The normal,  
3 of course, event would have been that I would have given him  
4 a very brief summary of what happened and asked ~~\_\_\_\_\_~~ *CIACHIEF*  
5 to go through it all. But I can't recall that's the way it  
6 happened. It's a question of trust involved here. *CIACHIEF*

7 I have very high regard for ~~\_\_\_\_\_~~ as an  
8 honest person, as a person of integrity, and I think that's  
9 probably reciprocated. I wouldn't want you to read into what  
10 I have said anything that suggests I have cut him out or he  
11 is trying to cut me out of any conversation with the ambassador.  
12 That was not the case.

13 Q Thanks.

14 Did ~~\_\_\_\_\_~~ *CIACHIEF* advise you that he was in regular  
15 communication with Headquarters?

16 A Yes.

17 Q Did he advise you that he had relayed to Headquarters  
18 the information that General Secord had told him about the  
19 nature of the airplane mission?

20 A Yes.

21 Q Did he advise you of that on November 23 or long  
22 after the fact?

23 A On November 23, ~~\_\_\_\_\_~~  
24 ~~\_\_\_\_\_~~ and although I did not see all of those, I  
25 did see some of them. He told me what was in them. Normally

~~TOP SECRET~~

~~TOP SECRET~~  
~~UNCLASSIFIED~~

35

1 I saw them, and he provided a running account of what was  
2 going on [REDACTED] to Headquarters.

3 Q Your understanding --

4 A Within that running account was the conversation  
5 with Secord and the indication the aircraft would be carrying  
6 Hawk missiles, yes.

7 ~~Q~~ <sup>CIA CHIEF</sup> You are referring to a running account, and I  
8 gather that is the account [REDACTED] has given you. Is  
9 that correct?

10 A No, I mean that he was giving Langley.

11 Q I want to divide this into two parts. There are  
12 actual communications going to Langley from [REDACTED] <sup>CIA CHIEF</sup>, is  
13 that correct?

14 A Yes.

15 Q When you refer to a running account, that is what  
16 you are referring to?

17 A Exactly.

18 Q With respect to the communication which [REDACTED] <sup>CIA CHIEF</sup>  
19 made to Langley recounting the substance of the Secord  
20 conversation, did he simply tell you about it, or did you  
21 actually see it?

22 A I don't know.

23 Q You don't recall?

24 A No.

25 Q I gather some of the messages he sent out you

~~UNCLASSIFIED~~  
~~TOP SECRET~~

~~TOP SECRET~~

36

1 actually saw, and others he told you about, is that correct?

2 A That is correct.

3 Q But I gather --

4 A [REDACTED] I can't recall I saw that

5 Q That specific one?

6 A That is correct.

7 Q Your memory is clear, I gather, on the point he did  
8 tell you contemporaneously with sending the message he had  
9 communicated with Headquarters on the substance of the Secor  
10 conversation.

11 A That's what I recall.

12 Q I gather -- you have already testified to this, ju  
13 to make it clear -- that conversation recounted the nature o  
14 the cargo being Hawk missiles to the destination point being  
15 Iran and the purpose being for the release of the hostages.  
16 is that correct?

17 A That is correct.

18 Q Do you recall whether Ambassador [REDACTED] com-  
19 municated any dismay to CIA after the fact about the manner  
20 in which this whole operation had been handled?

21 A My impression is that he did not. He intended to,  
22 he said he was going to. My impression is that he did not.

23 Q Now, was that at your suggestion, or was that his  
24 idea?

25 A Well, he was appalled by it, let's put it that way

~~TOP SECRET~~

~~TOP SECRET~~

37

1 so I can't recall whether it was my suggestion or his idea,  
2 but it could have been either.

3 Q You were in accord with it, is that correct?

4 A Yes.

5 Q Would that have gone -- if that communication had  
6 been sent out, would that have gone to the Director of Central  
7 Intelligence, Mr. Clarridge, or some other person?

8 A It would have gone to the Director of Central  
9 Intelligence, because Ambassador [REDACTED] and the Director  
10 were personal friends, as you probably know. Can I go off  
11 the record for a second?

12 MR. EGGLESTON: Sure.

13 (Discussion off the record.)

14 BY MR. WOODCOCK:

15 Q Have you heard now, subsequently, through all these  
16 events, whether Thomas Clines was even present in [REDACTED]  
17 during these operations?

18 A I have read that he was. But I don't know by my  
19 own knowledge. I have not talked to anybody in [REDACTED] that  
20 says he was there. I never asked [REDACTED] whether he was  
21 there, who was one of those two partners I have met.

22 Q Have you ever sought to confirm through your con-  
23 tacts in [REDACTED] whether it was, in fact, General Secord who  
24 went to the VIP lounge?

25 A No, I have not.

~~TOP SECRET~~

~~TOP SECRET~~

38

1 Q Has anyone in [REDACTED] confirmed to you that this  
2 attempted bribe, or whatever the attempted influence was, was  
3 sought to be effected in the name of Robert McFarlane?

4 A No, I have heard nothing along those lines. I am  
5 only vaguely aware of this concern about a possible bribe,  
6 and certainly not in terms of utilizing Robert McFarlane's  
7 name.

8 Q Did this incident which occurred [REDACTED]  
9 [REDACTED] have any lasting effect on  
10 relations between the United States and [REDACTED]?

11 A That's a difficult assessment to make. It's  
12 possible that it created some suspicion within the government  
13 about how we deal with other governments. It also might have  
14 had a concern this particular government had [REDACTED]  
15 [REDACTED]  
16 [REDACTED] so it may have  
17 complicated the relationship somewhat, but I can't be sure.

18 [REDACTED]  
19 And I might add, if I can, for the record, that  
20 that really accounts for why I did not seek further informa-  
21 tion about who was really at the VIP lounge. As far as I  
22 was concerned the event was over with, and we were better off  
23 going ahead trying to build the relationship rather than  
24 spend too much time worrying about what had happened.

25 Q I may have asked this question already, but let me

~~TOP SECRET~~

~~TOP SECRET~~

39

1 ask again. Following this incident, did you come across,  
2 through your sources in [REDACTED] any association of either  
3 General Secord or Thomas Clines with [REDACTED] in subsequent  
4 dealings?

5 A No, I was not aware of General Secord or [REDACTED],  
6 Thomas Clines, being in [REDACTED] after that, until I read  
7 about it in the press a few months ago.

8 Q Now, the same question only with respect to  
9 association or involvement with [REDACTED] before the events of  
10 November 22, 23 and 24, 1985.

11 A I am not sure what the question is.

12 Q The question being, did you come across information in  
13 your contacts in [REDACTED] of association of General Secord  
14 or Thomas Clines with [REDACTED] at any period before November 22,  
15 23, or 24?

16 A No. At least none that I can recall, because I  
17 wouldn't have recognized those names at the time, in any  
18 event.

19 Q I am speaking -- this is after the fact, even up to  
20 the present. Have you, through your [REDACTED] contacts,  
21 received confirmation of the involvement of these people with  
22 [REDACTED]

23 A I haven't.

24 Q Let me ask you the same tandem of questions with  
25 respect to Albert Hakim. Is that a name you are familiar

~~TOP SECRET~~

~~TOP SECRET~~

40

1 with through your contacts in [REDACTED]?

2 A No.

3 MR. WOODCOCK: I think that is all I have. Thank  
4 you, sir.

5 BY MR. GENZMAN:

6 Q Regarding the curt note delivered to [REDACTED]  
7 [REDACTED] was that at the instructions of Admiral Poindexter?

8 A It was my assumption it was at the instructions of  
9 Admiral Poindexter. It came through the CIA channel, and it  
10 was purportedly under his instructions, yes.

11 Q And was the wording of that note also from Admiral  
12 Poindexter according to your information?

13 A Yes, it was.

14 Q Was there any Department of State approval or  
15 Secretary of State approval --

16 A No, there was not.

17 Q -- of the note?

18 A Not that I knew of. Once again, going back to the  
19 basic operating thesis, that is I was operating on the basis  
20 of my understanding given to me through CIA communications  
21 that the Secretary knew and approved; therefore, that was  
22 just an extension of that.

23 I might, if I can, sort of expand here. You asked  
24 or Mr. Eggleston asked if I had ever discussed this with the  
25 Secretary of State or with Assistant Secretary Oakley after

~~TOP SECRET~~

~~TOP SECRET~~

41

1 that event. First of all, I don't really have many occasions  
2 to meet with either one of them, and I have only been back  
3 to the United States once since then, and that was last summer,  
4 or twice last summer, I am sorry, briefly. To that point,  
5 this had not become public knowledge, so I didn't discuss it  
6 with anybody else.

7 My assumption still at that time was that they knew  
8 and approved. I had no reason to believe otherwise, and,  
9 therefore, I didn't seek an opportunity to raise it.

10 MR. GENZMAN: I have nothing further. Thank you.

11 MR. SMILJANICH: One last question.

12 BY MR. SMILJANICH:

13 Q Physically, when you received the wording of the  
14 diplomatic note via VIP channels, did you take that or re-do  
15 it?

16 A It is done on a standard diplomatic note format. It  
17 was done by a secretary [REDACTED]

18 Q Did you retain a copy of that?

19 A Yes, I have a copy.

20 Q Back in [REDACTED]?

21 A Yes. I believe you have it. Do you not have the  
22 context of it?

23 Q I don't know we have anything other than the CIA  
24 cable itself.

25 MR. EGGLESTON: I don't know I have seen it in the  
formal fashion.

~~UNCLASSIFIED~~  
~~TOP SECRET~~

~~UNCLASSIFIED~~

42

1 BY MR. SMILJANICH:

2 Q Was a copy of that ever sent to any office here at  
3 the Department of State?

4 A No.

5 MR. EGGLESTON: I don't have anything further.

6 MR. WOODCOCK: Let me ask a couple questions.

7 BY MR. WOODCOCK:

8 Q When you received this terse note, would it be  
9 fair to say you were concerned about the quality and tone  
10 of the note?

11 A Yes. We appealed actually.

12 Q How was that done?

13 A As I recall, it was done in <sup>CIA</sup> [REDACTED] communications.  
14 It is possible, however, and I don't know, it is possible  
15 that -- because sometimes communications came via Secord.  
16 He had his little radio. So some of the appeal might have  
17 gone through those channels, or <sup>CIA CHIEF</sup> [REDACTED] might have talked  
18 to Secord and said, "Look, we can probably get this done if  
19 you do it this way" and -- but I don't really recall. We  
20 did appeal, I appealed personally the tone of the note and  
21 substance of the note. I thought we were throwing away an  
22 opportunity to get it done if they really wanted it done.  
23 Q You testified that you were instructed not to  
24 communicate through State Department channels at the outset,  
25 is that correct?

~~UNCLASSIFIED~~  
~~TOP SECRET~~

~~TOP SECRET~~  
~~UNCLASSIFIED~~

43

1 A That is correct.

2 Q So your personal appeal was directed, to the best  
3 of your recollection, either through CIA channels or through  
4 Secord's communication device, is that correct?

5 A That is correct.

6 Q Who would that have been directed to, CIA Headquarters?  
7

8 A Yes, CIA Headquarters. Whoever was -- actually,  
9 it was to the NSC as far as we were concerned. The in-  
10 structions that came out [REDACTED] were this is a NSC  
11 operation, or the NSC asks that you or instructs that you do  
12 the following, as I recall the opening telegram. So all of  
13 this was we were working for Admiral Poindexter as far as  
14 we were concerned.

15 Q So under those circumstances, I gather, it would  
16 have been inappropriate for you to have appealed to the  
17 Secretary of State, is that correct?

18 A Yes. My assumption at that point would have been  
19 the Secretary of State, although aware of the operation, was  
20 not aware of the details at this point. Time was running  
21 out. It wouldn't have been a reasonable thing to try to do.

22 Q Now, let me just ask a couple more questions. You  
23 testified you never met Secord, is that correct?

24 A That is correct.

25 Q So, therefore, your knowledge of this communications

~~UNCLASSIFIED~~  
~~TOP SECRET~~

~~TOP SECRET~~

44

1 device he had is coming from [REDACTED], is that correct?

2 A That is right.

3 Q I gather, then, you were relying upon his representa-  
4 tion this was a Secord communications device; is that correct?

5 A That is correct. The only reason that -- I mean,  
CIA CHIEF  
6 we became aware, [REDACTED] and I became aware almost inad-  
7 vertently Secord had his own communications device because  
8 he was able to get things out of Washington we subsequently  
9 got through CIA channels. He would be on the telephone  
10 saying such and such is happening.

11 Q I take it there were points in this operation  
12 where Secord was, as they say in the CIA, waiting in advance  
CIA CHIEF  
13 of you and [REDACTED] is that correct?

14 A I think that was the case most of the time. In  
15 retrospect.

16 MR. WOODCOCK: I think that is all I have. Thank  
17 you, sir.

18 MR. EGGLESTON: Thank you.

19 (Whereupon, at 10:32 a.m., the committees were  
20 adjourned subject to the call of the chair.)

A Yes.

Q Could you tell us who Ed Hickey is?

A Now he's the Chairman of the Federal Maritime Commission.

Q And during the period of January 1985 what was his position?

A He was Assistant to the President of the United States. I forget his exact title. It was something like Military and something else Affairs.

Q And did you know Mr. Hickey?

A Yes.

Q How did you know Mr. Hickey?

A He's been a friend of my family -- my brother, myself, my father -- for 30 years.

3 He was with the State Department,  
4 regional security officer, I think.

5 Q Now, how did the subject of the hostages held  
6 in Lebanon first come up between yourself and Mr. Hickey?

7 A In the latter part of January 1985 he called  
8 me at home over a weekend and said do I know if DEA has  
9 any sources of information in Lebanon, [REDACTED]

10 [REDACTED] I said I didn't know  
11 [REDACTED] I don't  
12 have anything really to do with it, but I would check and  
13 find out.

14 Q Is this the first conversation you had with  
15 him regarding the hostages?

16 A Yes.

17 Q Did he say why he was calling?

18 A He didn't even say because of the hostages at  
19 this first telephone call. He said does DEA have any  
20 sources in Lebanon [REDACTED] because he was  
21 aware a lot of drugs were running out of there.

22 Q Did you get the impression he was calling at  
23 his own behest or that someone had asked him to check  
24 this out?

25 A I think it was at his own behest. He would

1 call. I mean, I would talk to him just about every  
2 weekend, at least once, personally -- you know,  
3 friendship-wise.

4 Q Did you then try to find out whether or not  
5 DEA had any sources [REDACTED]

6 A Yes.

7 Q And what did you find out?

8 A I found out that we did.

9 Q Where did you go to find out?

10 A To [REDACTED] *about 2*

11 Q Why did you go to [REDACTED]

12 A Because I knew [REDACTED] for several years. I  
13 knew he had worked [REDACTED] I knew he had numerous  
14 sources of informants or sources of information. And I  
15 asked around and somebody told me that [REDACTED] probably  
16 would be the best guy to talk to, and he was running our  
17 [REDACTED] at that time. He was the  
18 [REDACTED] If he didn't know, then  
19 he would know who knew.

20 Q And what did [REDACTED] tell you when you  
21 asked him about the sources?

22 A He said we have some sources. He says, I  
23 personally have some sources, but, you know, I'm not  
24 going to give them up just on a whim. Find out what they  
25 want, what these people want.

1 Q What was the next step?

2 A I called Hickey and made an appointment to see  
3 him the next day or a Monday or Tuesday. I think it was  
4 a weekend when he called me first, so I called him and  
5 made an appointment to see him.

6 Q And did you take [REDACTED] with you?

7 A Yes.

8 Q Now, when you met with Mr. Hickey, was this  
9 early January of '85, late January?

10 A Late January?

11 Q Was anyone else at the meeting other than the  
12 three of you?

13 A General Matthew Coffield. I think he was a  
14 Colonel then, full Colonel. He later became a general.

15 Q Do you know why he was there?

16 A He's Hickey's aide, his military aide.

17 Q But do you know why he was there?

18 A No. I assumed that he was everywhere Hickey  
19 went, because every time I saw Hickey I saw him, except  
20 at a party or something like that.

21 Q And did Hickey explain why he wanted to know  
22 if you had sources?

23 A At this meeting he did.

24 Q What did he tell you?

25 A He said -- well, it started out like you're

**UNCLASSIFIED**

**UNCLASSIFIED**

11

1 aware that there are several Americans being held hostage  
2 in Lebanon [REDACTED] but we're not  
3 exactly sure where, that he was working on two  
4 committees, I believe, on what was called the HLTF, the  
5 Hostage Location Task Force, and then there was another  
6 one, the TWIG Committee -- the Terrorist Working Incident  
7 Group.

8 And there was one hostage they were very much  
9 interested in, and that was Buckley, and he told me that  
10 Buckley was then --

11 MR. SCHIPPERS: Can I interrupt for a second?  
12 At this point there was some conversation about Mr.  
13 Buckley that is extremely sensitive. Are you aware of  
14 what they were talking about?

15 MS. NAUGHTON: Yes.

16 MR. SCHIPPERS: Do you want him to go into the  
17 conversation?

18 MS. NAUGHTON: He should. The deposition is  
19 classified Top Secret.

20 MR. SCHIPPERS: Because apparently Mr. Hickey  
21 went into very great detail.

22 BY MS. NAUGHTON: (Resuming)

23 Q Please tell us what Hickey told you about  
24 Buckley.

25 A He said that Buckley was an old friend of his.

[REDACTED] that CIA was not having any success in locating any of these people over there and that they were trying everything.

They want to try every way possible to confirm the guy's existence, to find out whether he's being tortured, to find out where he's being held [REDACTED]

Q Did you get the sense that this was solely Mr. Hickey's concern [REDACTED]

A He had worked with Buckley.

Q [REDACTED] But I guess my question is did you get the sense that this was his concern because Buckley was his friend [REDACTED] or was this the CIA's concern?

A I was under the impression that he, being co-chairman of these committees -- I know he was co-chairman of one; I don't know about the other one -- that it was the committees' concern, not any individual's concern -- that it was the committees' concern, and because I'm a

1 friend of his he just happened to try to call me in  
2 personally because he knows I wouldn't really go talking  
3 in front of some committee or something.

4 I mean, it was on a more personal basis at  
5 this point. It later became professional, but, I mean,  
6 this was more personal.

7 Q What was personal?

8 A His asking me. I mean, he could have called  
9 John Lawn or Bud Mullens, but I don't think he knew them.

10 Q What did [REDACTED] then tell Mr. Hickey  
11 about the sources that he had in Lebanon?

12 A Well, he said we have one very, very reliable

13 [REDACTED]

14 [REDACTED]  
15 [REDACTED]  
16 [REDACTED] that he believed at that time that  
17 he would be more than willing to help the United States  
18 in any way.

19 Q Was there any discussion of how this was going  
20 to happen, how you were going to structure this?

21 A At this time all he wanted to know was if we  
22 could find the location.

23 Q What was the next step?

24 A The next step after the meeting?

25 Q Yes.

UNCLASSIFIED

1 A We went back to headquarters. [REDACTED]  
2 and briefed Frank Monestero, I believe [REDACTED]  
3 who was [REDACTED] and then they both  
4 went up and briefed Monestero, Frank Monestero;

5 MR. SCHIPPERS: May I have a second?  
6 (Counsel conferring with the witness.)

7 BY MS. NAUGHTON: (Resuming)

8 Q Were you there for that briefing?

9 A No.

10 Q Did you hear later what their reaction was?

11 A They were very favorable. They were actually  
12 proud that the White House would think to ask DEA.

13 Q What's the next thing that happened?

14 A I don't follow. The next thing that happened?  
15 [REDACTED] came downstairs and told me that they can do it and  
16 Monestero was going to set up a special fund for us, the  
17 SEO.

18 Q And this was account 471?

19 A Right.

20 Q Do you know how much money was put in the  
21 account?

22 A I think around \$50,000. It might have been  
23 \$30,000 to start with.

24 Q Have you since had a chance to look at the  
25 records?

UNCLASSIFIED

UNCLASSIFIED

15

1 A No.

2 Q Were you told how much money was put in the  
3 fund?

4 A I probably was. I thought it was \$30,000 for  
5 PI and \$20,000 for travel, but I'm not sure.

6 Q When you say PI, what do you mean?

7 A Purchase of information.

8 Q This is to pay sources for information?

9 A Yes.

10 Q Did you then begin to work the sources?

11 A Well, I called Hickey and told him that  
12 Monestero and everybody, they're setting up a special  
13 thing, a special fund, and we were going to be taking off  
14 pretty soon to go up to New York and talk to the source  
15 and probably go [REDACTED] to meet some of the sub-  
16 sources.

17 Q Did Hickey volunteer to coordinate with any  
18 other agencies or to smooth things along?

19 A At this time he just said let me know.

20 Q Now, who else knew about the 471 account other  
21 [REDACTED] and Mr. Monestero, yourself and [REDACTED]

22 [REDACTED]  
23 A Westrate. I'm sure -- I don't know for a fact  
24 -- that Mr. Lawn and Mr. Mullens know through Abraham  
25 Azzam, who they stipulated be in charge.

UNCLASSIFIED

UNCLASSIFIED

16

1 Q When was that decided, that he would be in  
2 charge?

3 A When we told Monestero or Westrate, one or the  
4 other, that we were going to [REDACTED]

5 Q Now your first trip was when?

6 A Around, I think, the first week of February,  
7 February 1, February 2 -- something like that.

8 Q You went to New York?

9 A We went to New York first. I met a source.

10 Q Now this source -- what we've been doing with  
11 [REDACTED] is numbering the sources...

12 A Source 1.

13 Q Source 1. So that we're talking about the  
14 same person, [REDACTED]

15 [REDACTED]  
16 [REDACTED]  
17 [REDACTED]  
18 Q Does his name start with [REDACTED]

19 A First name.

20 Q And who went with you on this trip to New  
21 York?

22 A Myself and [REDACTED]

23 Q And what did the source tell you?

24 A [REDACTED] had already briefed him on the telephone  
25 and he had already made some calls and he had arranged

UNCLASSIFIED

UNCLASSIFIED

17

1 for his main sub-source to meet us [REDACTED] that  
2 following week. This was on like a Thursday or Friday or  
3 something.

4 Q Is this the first you had ever met that  
5 source?

6 A Yes.

7 Q Was he paid any money that first week in  
8 February in New York?

9 A I would have to say we gave him expense money  
10 for flying to [REDACTED]. I don't know how much we gave  
11 him. He has vouchers. You have copies of all that stuff  
12 that Hoffman gave you. I believe he would have signed  
13 for that because that was DEA money.

14 Q We have a voucher that indicates a source was  
15 paid \$1,000 on January 31 of '85. Would that be it?

16 A No. That was a different source.

17 Q Okay. Which source was paid \$1,000 on January  
18 31, 1985?

19 A I don't think that's the one. This was a  
20 different source. This was not the one that we were  
21 meeting in New York, although we did pay him in New York.  
22 This was a source from [REDACTED] another person.

23 [REDACTED] he believed that he may be able  
24 to help us. Can I see the number? Does he have an  
25 access number?

UNCLASSIFIED

UNCLASSIFIED

18

1 Q What I have here is a synopsis that the  
2 Committee prepared. I don't have the actual voucher.

3 A I mean, we wouldn't have given Source 1 \$1,000  
4 because air fare to [REDACTED] and back is [REDACTED] or  
5 something. So I believe -- I know somebody has these  
6 vouchers, the 103s we call them, but I believe this is a  
7 source [REDACTED]

8 Q That source from [REDACTED] was also paid  
9 on February 7 \$3,500; is that correct?

10 A We paid him the \$1,000 just to fly him to New  
11 York and then fly back [REDACTED] because he had to prepare  
12 himself to go over there and he had to buy some things,  
13 and then we gave him more money when he actually flew to  
14 [REDACTED] He met his control agent, so to speak, [REDACTED]  
15 [REDACTED] who was actually handling him.

16 Q Is that [REDACTED]

17 A Yes. And then he went on to [REDACTED]

18 Q Is this source, then, connected at all with  
19 Source 1?

20 A No. This source, he did that and that's all  
21 he did. He came out. He took a few pictures and said I  
22 can't do it. I can't help you.

23 Q So he made the one trip to [REDACTED]

24 A To meet [REDACTED]

25 Q And he did go [REDACTED]

UNCLASSIFIED

UNCLASSIFIED

19

1           A     Yes. He came out with some information but it  
2     wasn't very useful. He rather fancied himself to be the  
3     James Bond type and he was taking covert snapshots and  
4     everything of the poppy fields and everything and  
5     actually, although we were always interested in narcotics  
6     throughout this whole affair, it wasn't exactly what we  
7     were expecting from him.

8           Q     We have indicated here that you paid him  
9     \$1,000 in January. [REDACTED] paid him \$3,500 in  
10    February.

11          A     That was all out of the SEO. I called [REDACTED]  
12    and told him to give him the money and get a 103 and send  
13    it.

14          Q     This is all from the 471 account?

15          A     Yes.

16          Q     And \$1,000 was paid in [REDACTED]

17          A     He probably hit [REDACTED] for some more money.

18          Q     Do you know whether or not he was paid any  
19    more money?

20          A     No. I never paid him any more money.

21          Q     Okay. And then I guess we get to Source 1,  
22    whom you met in New York, and you recall paying him some  
23    money.

24          A     Yeah. I would say we probably gave him \$5,000  
25    or \$10,000. I don't know how much money we gave him to

UNCLASSIFIED

UNCLASSIFIED

20

1 start with for his trip with us to [REDACTED] because  
2 he had to fly his sub-source out of [REDACTED]  
3 You know, that would all be on the record. Hoffman gave  
4 away copies of these 103s to everybody except to DEA  
5 agents.

6 Q Now, at any rate, in New York was it decided  
7 that the source would make a trip into the Middle East  
8 and see what he could do?

9 A No. First of all, we went to [REDACTED]

10 Q And what was the purpose of going to  
11 [REDACTED]

12 A To meet his sub-source so we could debrief  
13 him.

14 [REDACTED]  
15 [REDACTED]  
16 [REDACTED]  
17 Q Now, can you tell us -- I gather you went to  
18 [REDACTED] sometime around --

19 A The first week of February.

20 Q Around February 6 or so?

21 A No. If we met Hickey, it was the first week  
22 in February, I believe, because we were back. All this  
23 comes from my 1012s, so if it was February 1, the 31st we  
24 left to go and then we went to New York. The first we  
25 went to [REDACTED] and the fourth we were back.

A

4

Q Any other cities?

5

A Well, we landed [REDACTED] We didn't stay

6

there; we just transited.

7

Q And in [REDACTED] who was part of this meeting?

8

A [REDACTED] picked us

9

up. Azzam was there, [REDACTED] was there.

10

Q And [REDACTED] is [REDACTED]

11

12

A He was then, yes.

13

Q Anybody else?

14

A The sub-source, myself, [REDACTED] and Source 1.

15

Q And what was the gist of that meeting?

16

A Well, Azzam was already over there. [REDACTED]

17

18

He didn't have the slightest idea what we were talking

19

about. [REDACTED] didn't have the slightest idea. [REDACTED]

20

didn't have the slightest idea. They were just told to

21

be there in [REDACTED]

22

So we outlined first of all to them what we

23

were going to try to do and everybody agreed that we

24

could probably do something, if just intelligence-wise.

25

Then we outlined more or less to our sub-source -- I mean

UNCLASSIFIED

22

1 Source 1 and his sub-source what we were trying to do,  
 2 although Source 1 was pretty much aware. He wanted to  
 3 talk to his sub-source first and run things by him.

4 [REDACTED]  
 5 [REDACTED]  
 6 [REDACTED]  
 7 [REDACTED]

8 Q We've been referring to him as 2, what you  
 9 refer to as the sub-source.

10 Give us the conclusion of this meeting. In  
 11 other words, were the sources tasked to do anything?

12 A Um-hum.

13 Q What's that?

14 A Well, everybody was enthusiastic about it.  
 15 Everybody was kind of happy that we were doing this kind  
 16 of thing, and it would also enhance our drug operation in  
 17 the Middle East. And Azzam was all for it. Although  
 18 [REDACTED] really had not much to do with it, being in  
 19 [REDACTED] but he would help in any way he could. And  
 20 [REDACTED] was very enthusiastic about it, although he was  
 21 only the number two guy over there in [REDACTED]

22 The sub-source -- well, Source 1 and 2 were  
 23 all very enthusiastic and they both, when they departed,  
 24 when we left, I think they stayed maybe one more day in  
 25 [REDACTED] and both sources went into [REDACTED]

3

Q What were they to do?

4

5

6

A Try to find out any information they could regarding the hostages, any information, and try to recruit other sources if they could.

7

8

Q Did you know at this point that Azzam was part of the Hostage Location Task Force?

9

10

A He wasn't.

11

Q When was he assigned to that, to your knowledge?

12

13

14

15

16

17

18

19

20

21

22

A I speculate. He met with -- I think he met with Hickey once, I think he said. No. It's after this. It's much after this. I mean, it's not going to be in chronological order here. Azzam, when he came back from his trip [REDACTED] he wanted to meet with Hickey, so he did, and Hickey showed us a memorandum saying that the FBI, State Department Security, State Department terrorist people, and DEA and whatever other agencies all should have at least one representative -- CIA and NSA and DIA -- they all should have one representative.

23

24

25

We didn't have a representative at that time, so Azzam appointed himself to be the DEA representative. That wasn't now, I don't think. I'm positive it was

2 Q When did you next meet with the source after  
3 he had come back, or speak to the source?

4 A In the latter part of February.

5 Q Was that in New York City?

6 A Yes. Myself, [REDACTED] and Azzam.

7 Q AND what did the source tell you?

8 A He said the whole thing looks feasible but it  
9 was going to take a lot of time, a long time and a lot of  
10 money.

11 Q Take a lot of money to do what?

12 [REDACTED] to bribe certain [REDACTED]  
13 [REDACTED]

14 Q Is this the first time that an actual plan to  
15 bribe [REDACTED] came to light?

16 A No.

17 Q When did that first come in your minds as a  
18 possible plan?

19 A Well, when we first talked to the source. He  
20 said the only way you can get anything over there was  
21 through money. They're not going to do you any favors.  
22 And we were very aware of that anyway.

23 Q And [REDACTED] that would be  
24 bribed would be [REDACTED] in Lebanon?

25 A [REDACTED] yes.

25

1 Q And what was their connection to the captors  
2 of the hostages?

3 MR. SCHIPPERS: You mean what did they know at  
4 this time?

5 THE WITNESS: We didn't know what their  
6 connection would be. They would probably put -- for the  
7 right amount of money, they would probably put the  
8 source, introduce him to somebody -- I don't know -- to  
9 somebody else who would want more money, and that guy  
10 would probably introduce him to another who would want  
11 money. I don't know. The idea was to get to the right  
12 people that had enough influence to at least locate -- at  
13 this time we were still trying to locate -- them.

14 BY MS. NAUGHTON: (Resuming) *Oct 13*

15 Q Now on 6 February [REDACTED] paid \$5,000 to

17 MR. SCHIPPERS: Source 1?

18 BY MS. NAUGHTON: (Resuming)

19 Q Well, that's what I'm asking -- Source 1, and  
20 he did that with your knowledge?

21 A Um-hum. We probably told him to.

22 Q When you met in New York did you pay the  
23 source?

24 A The one in late February? I don't believe we  
25 did.

UNCLASSIFIED

UNCLASSIFIED

26

1 Q I have a note here on 2/25/85 that you paid a  
2 source \$3,000.

3 A In New York?

4 Q It doesn't say.

5 A I think we gave one of Azzam's sources -- if I  
6 remember correctly, we gave one of his sources. He had  
7 this jerk [REDACTED] who he thought was  
8 going to help, and the guy was a waste of time. All he  
9 wanted was a trip to Lebanon. [REDACTED]  
10 [REDACTED]

11 Q And when did you meet with him?

12 A I met him at [REDACTED] <sup>apt 2</sup> office. I never talked  
13 to the guy. All I did was Azzam said give him \$3,000. I  
14 gave him \$3,000. He signed a 103. There's a 103 in  
15 there because we gave -- this is still DEA money.

16 Q Do you know when this was?

17 A That's the only time I remember giving anybody  
18 \$3,000, so it must be this guy. But there's a 103 for  
19 that. That's the only one I can think of.

20 Q There's also an indication that on February 28  
21 you paid \$2,000 to a source.

22 A February 28?

23 Q Yee. Would that be the source whom you met in  
24 New York?

25 A I don't know. I don't remember. I'd have to

UNCLASSIFIED

UNCLASSIFIED

27

1 see those vouchers. I mean, they will identify  
2 everything. They give the number, the informant code  
3 number.

4 Q Let's put it this way. For the period of time  
5 for which DEA was actually financing the money to pay  
6 sources, every time you paid a source did you get a  
7 voucher, fill out a voucher and get a receipt?

8 A Correct.

9 Q So there's no time at which you did not do  
10 that?

11 A Not when we were using SEO 471 money, no.

12 Q Let's ask the same question, then, of the CIA  
13 money. I'm jumping ahead, but so that we can get the  
14 money straight. Of the CIA appropriated money that was  
15 spent, did you receipt that money?

16 A No. I mean, I had to give them a receipt for  
17 the money, but they didn't ask for anything. They knew  
18 what we were going to do with it anyway and they never  
19 asked for it.

20 Q So when you paid sources from the CIA money  
21 did you get any sort of receipt or fill out any paperwork  
22 to indicate what source had been paid and how much and  
23 what date?

24 A No.

25 Q The CIA never asked for that?

1 A No, not that I remember.

2 Q If we could have that marked as [REDACTED] Exhibit  
3 Number 1.

4 (The document referred to was  
5 marked [REDACTED] Exhibit Number 1  
6 for identification.)

7 I'm showing you what's been marked as Exhibit  
8 1, which appears to be a receipt you signed from funds  
9 provided by the CIA. Do you recall signing that? Is  
10 that your signature?

11 A Yes.

12 Q And it indicates that you acknowledge  
13 receiving \$50,000; is that correct?

14 A Correct.

15 Q And that's on March 18?

16 A Correct.

17 Q How did it come about that the CIA was giving  
18 you this money?

19 A Azzam arranged it. Actually, in March, I  
20 believe, shortly before this, we took the CIA officer  
21 here and another retired CIA officer, who was introduced  
22 to him -- I knew him [REDACTED] but he had been retired,  
23 but he was introduced to me as a Middle East expert --

24 Q Is that [REDACTED]

25 A Yes.

 2 A [REDACTED]  
 3 Q And they accompanied you to New York?  
 4 A No. [REDACTED] and I went to New York and they met  
 5 us up there.  
 6 Q And what did the four of you do in New York?  
 7 A This isn't the same time frame, my lawyer  
 8 indicates. He says -- we were reconstructing this  
 9 yesterday and the day before yesterday -- that I got the  
 10 money, the \$50,000, I signed for the \$50,000 before we  
 11 went to New York.  
 12 Then we went to New York, introduced [REDACTED]  
 13 and [REDACTED] to Source 1, and [REDACTED] briefed him.  
 14 Q So they only met with Source 1?  
 15 A Yes.  
 16 Q When you got the \$50,000, was it in cash?  
 17 A Yes.  
 18 Q What did you physically do with it?  
 19 A Brought it back to the office and put it in  
 20 the safe.  
 21 Q In your office? <sup>AGENT 2</sup>  
 22 A No, in [REDACTED] office.  
 23 Q [REDACTED]  
 24 A Yes.  
 25 Q Did you take it to New York with you?

1           A    No, not all of it. I believe we took \$20,000  
2   with us.

3           Q    And did you pay that \$20,000 to the source?

4           A    Yes.

5           Q    And that would have been sometime in later  
6   March?

7           A    Right, the middle of March sometime.

8           Q    I've got you in New York City March 19 through  
9   26.

10          A    That comes off my vouchers, so it would have  
11   been that time frame.

12          Q    And what was this \$20,000 for?

13          A    It was for the expenses of the source, his  
14   sub-sources, travel for him and his sub-sources, and  
15   bribes to certain people in Lebanon.

16          Q    So this money was for prospective work that he  
17   was to do?

18          A    Yes.

19          Q    Now, did you discuss with either [REDACTED]  
20   [REDACTED] their opinion of the source?

21          A    Yes.

22          Q    And what was their opinion of the source?

23          A    Very high.

24          Q    How do you know that?

25          A    Because they said this is one of the best and

1 most intelligent persons regarding the Middle East that  
2 we've talked to in quite a while.

3 Q Did you ever see any reports that they had  
4 written of this meeting?

5 A No.

6 Q Did you come to learn that later on they had  
7 reported in less glowing terms?

8 A After we had an argument [REDACTED] where [REDACTED]  
9 got everything backwards, that's when we said we didn't  
10 even want to work with him anymore if that was the way he  
11 was going to report things.

12 Q [REDACTED] the next big event?

13 A Yeah, I guess it is.

14 BY MR. WOODCOCK:

15 Q Before we go [REDACTED] let me just ask a couple  
16 of questions on the \$50,000. You received the \$50,000,  
17 according to your testimony, in March 1985.

18 A That's what I stated.

19 Q And who gave you the \$50,000?

20 A [REDACTED]  
21 Q [REDACTED] himself gave you the \$50,000. Did he  
22 give you any instructions as to what kind of reporting  
23 requirement you would have to make back to CIA as to the  
24 disposition of the \$50,000?

25 A No.

1 Q Now let me ask you this. This exhibit which  
2 has been marked [REDACTED] Exhibit 1 reads as follows: "I  
3 hereby acknowledge receipt of \$50,000 from" -- and the  
4 CIA officer's name is blanked out -- "in support of a  
5 joint sensitive operation. Said amount will be accounted  
6 for in full upon completion of approved activity."

7 Now, what did you understand that sentence,  
8 that latter sentence, to mean -- the one that said you  
9 would have to make an accounting in full upon completion  
10 of the approved activity?

11 A I don't really remember. I mean, he knew,  
12 through Azzam, what we were going to do with the money  
13 anyways. So I mean, I guess we told him we gave it to  
14 Source 1, the guy you met in New York.

15 Q But I gather you and he did not discuss this  
16 latter sentence here as to what it meant; is that  
17 correct?

18 A No. I just went out there to pick up the  
19 money. Azzam had made the arrangements.

20 Q And you signed Exhibit 1 while you were out  
21 there?

22 A Right.

23 Q And this sentence is in Exhibit 1?

24 A Well, I can't remember what their reporting  
25 requirements were, if they wanted something in writing or

UNCLASSIFIED

1 not. I don't remember giving them anything in writing  
2 that we gave the money to anybody.

3 Q Do you recall the subject coming up at all?

4 A No. I don't remember it, no.

5 Q And when you signed this you don't recall  
6 saying hey, this thing says I'm going to be accounting in  
7 full for this; what does that mean?

8 A I didn't say that.

9 Q You don't recall that. Okay.

10 BY MS. NAUGHTON: (Resuming)

11 Q Between the meeting, then, in New York City  
12 around the third week in March until the meeting [REDACTED]

13 [REDACTED] -- was there any activity?

14 A There was always a lot of activity. It was  
15 usually on the telephone, meeting with Hickey, talking  
16 with him, getting calls from Lebanon, making calls to  
17 Lebanon, looking through some files trying to find some  
18 other informants, some other sources -- that kind of  
19 stuff. But there wasn't much we could actually do  
20 physically until the one source came out.

21 MR. SCHIPPERS: May I have just a moment?

5 Q And did you all get together with the source?

6 A Yes.

7 Q And when was that?

8 A [REDACTED] and I met him [REDACTED] and  
9 the source, [REDACTED] and myself flew to [REDACTED]

10 Q And you met with [REDACTED]

11 A Yes.

12 Q Was anyone else there from the CIA?

11 That's the  
12 first thing we ever asked for, to verify.

13 If these people say they can do it, they  
14 should be at least close enough to try to do that.

15 Q But at this meeting, then [REDACTED] was the  
16 source specifically asked to go back and get that type of  
17 evidence?

18 A At this meeting? I don't think so. I mean,  
19 he was always willing to. I don't think we said -- every  
20 time he went in there we asked him for this, so I don't  
21 know if that specifically came up on this. I mean, if he  
22 had come out with a piece of paper or something it would  
23 have been better because the CIA, you know, they're  
24 skeptical.

25 I don't remember it coming up specifically.

36

1 Q How did you leave it with the source, then, as  
2 of this time [REDACTED]

3 A [REDACTED] got all excited because he thought that  
4 it was the source's idea to pay large sums of money, and  
5 that's the way he had it in his head and he couldn't get  
6 it out of his head. So the source -- I think the source  
7 decided to stay [REDACTED] and see what our decision was  
8 once [REDACTED] me and [REDACTED] went back to the States and had a  
9 meeting with the people more important than [REDACTED] because  
10 I think [REDACTED] was getting on people's nerves at the time  
11 because he came out of [REDACTED] there and said  
12 what the hell am I doing here. I don't even like this.

13 I said, well, we're supposed to meet you here  
14 and you're supposed to debrief the guy. He, I don't  
15 think, liked the source, and the source didn't like him.  
16 Let's put it that way. There was a mutual disagreement.

17 Q When he said he didn't know what he was doing  
18 there, did he say that he hadn't been --

19 A I think he meant it as a joke, and the source  
20 had just come out [REDACTED] and he's a very serious  
21 person.

22 Q Was [REDACTED] concern that the source himself was  
23 trying to get money by virtue of this operation or that  
24 the source was going to be stung by his contacts to try  
25 to get money?

UNCLASSIFIED

TOP SECRET

UNCLASSIFIED

37

1           A    No. I think it was [REDACTED] concern that the  
2 source was making his own deals with these people without  
3 getting prior approval, that that was wrong. That was  
4 not what the source had told him. The source had told  
5 him -- and [REDACTED] and I were sitting right there -- the  
6 source had told him these people told me, not I told the  
7 people, and [REDACTED] went back and reported that he told the  
8 people he could get a lot of money if we can get these  
9 people.

10                   It was not ever that way, and we had a big  
11 argument when we got back over at Langley with [REDACTED]  
12 boss, [REDACTED] and [REDACTED] and some other people -- his and  
13 some other people.

14           Q    How did you know that that's what [REDACTED] had  
15 reported back to the CIA?

16           A    Because when we got into the meeting they  
17 asked him to repeat what he had told everybody else, and  
18 me, Azzam, and [REDACTED] are sitting there.

19           Q    And this meeting, then, was sometime in late  
20 April?

21           A    Yeah.

22           Q    At this point you've now got \$30,000 left,  
23 right, from the CIA monies?

24           A    Um-hum.

25           Q    Was there any discussion of holding off on any

UNCLASSIFIED

UNCLASSIFIED

38

1 more payments or what to do with those monies?

2 A No. Once we explained it to [REDACTED] and [REDACTED]  
3 and [REDACTED] -- and there was a couple other people in  
4 there, I don't know who all -- they were enthusiastic.

5 Q So they wanted to go forward?

6 A Yeah. We had given them a lot of  
7 intelligence, so to speak, that the source brought out  
8 with him -- you know, names and areas and things like  
9 that.

10 Q After that meeting then did you get back to  
11 your source and tell him that you had a green light to go  
12 forward?

13 A Yeah, I guess. I'm sure we did.

14 Q What's the next event, then, that happened?

15 A I don't think the source ever came back to the  
16 United States on that trip. I think he had stayed in  
17 [REDACTED] and he was recruiting some people,  
18 [REDACTED] He was  
19 talking with some of them,  
20 [REDACTED]  
21 [REDACTED]  
22 [REDACTED]

23 So he would stay there and do most of his  
24 calling in and out until we wanted him to go back or  
25 until he thought it was necessary for him to go back.

5 A I guess it was. I'd have to see those

7 gave anybody \$10,000. May 4?

8 Q Yes.

9 A I was there myself? Was [REDACTED] with me?

10 Q We only have you listed on May 4.

11 A If I was in New York, I didn't pay any source

17 A Was it DEA money?

18 Q Yes, it was from 471.

[REDACTED] I can't think that he would try to do something like that for a relatively small amount of money.

I mean, all right, they will rip anybody off for anything over there, but I just can't see him doing this when he had prospects. He knew that the source was going to take it back and document it, and I can't see him doing something like this in my own mind, never meeting this guy personally, him doing something like this if it wasn't real [REDACTED] because he could look forward to a lot more. Why should he do this for a pittance when he could --

Q Before the source went [REDACTED] to get this evidence had you or anyone told him [REDACTED] would be forthcoming if the evidence turned out to be accurate?

A We said some more money will come for this and

12 Q So after the source came out [REDACTED]

13 [REDACTED] did you contact either Azzam or anyone at the  
14 CIA or at the White House?

15 A I was over there. I flew back. We flew over,  
16 I think, on a Friday. I came back on Sunday or Monday.  
17 I went to Ollie's office first.

18 Q Why did you go to Ollie's office first?

19 A Because as far as I'm concerned he was running  
20 this hostage location -- I wanted to go to Hickey's  
21 office, but Hickey was out of town or something, so I  
22 went to Ollie's office.

23 Q What gave you the impression that North was  
24 running it?

25 A North gave me the impression he was running

2 Q I guess we didn't <sup>go</sup> over North. I gather from  
3 what you told us at your first interview you first met  
4 Oliver North at a breakfast meeting at the White House  
5 with Hickey and Coffield and Azzam and [REDACTED] is that  
6 correct?

7 A Right.

8 Q Did you meet with him then subsequently?

9 A Yes.

10 Q Before this came up?

11 A Yes.

12 Q So when you say you had the impression Ollie  
13 was in charge from what he told you, was that in  
14 subsequent meetings with Colonel North?

15 A Right. Well, Hickey at one time said from now  
16 on, you know, coordinate everything with Ollie. If I'm  
17 around, let me know.

18 Q Did North ever tell you that?

19 A No, not really. I mean, he said from now on I  
20 guess we'll be working together. He says I'm going to  
21 handle this. I don't know if he said exactly that, but I  
22 just assumed that North was in charge of the thing  
23 because that's the way he was. I mean, I knew Azzam was  
24 technically in charge of me, but he was not on a daily  
25 basis -- he had many other things to do. He was side-to-

3               And Ollie was not always there, but usually  
4       when we told him we were going to have something he would  
5       be there. And he was kind of more or less running things  
6       as far as I was concerned.

7               Q     Well, I'm trying to get at this point in time  
8       what you thought he was running. When you go to the big  
9       meeting at the CIA after [REDACTED] meeting, North is not  
10      there; correct?

11              A     Um-hum.

12              Q     And as far as you know he's not in charge of  
13      the \$50,000 that was given by CIA?

14              A     Um-hum.

15              Q     What exactly was he in charge of?

16              A     I had no problem with the CIA. They didn't  
17      ask to see the evidence right away.

18              Q     Had North asked to see the evidence right  
19      away?

20              A     I called and told him and told him I had it  
21      and I would be bringing it by his office as soon as I got  
22      back. I don't know if he said come by here. I said I'll  
23      be there as soon as I get into Dulles. My wife picked me  
24      up and drove me down there.

Q So when you brought it to North, then, you were not aware that Azzam or anyone else had made plans to have it examined?

A I know that plans were being made, but I don't think they had been made then, and I don't believe that one bit.

Q You don't believe that he did have those plans?

A I know he had the plans for the next few days, but I don't believe he had them, if I walked into his office with them that day that there would be someone to whip them over to the FBI laboratory. I don't think so.

Q I guess I'm still confused as to what you thought that North would do as opposed to bringing it to DEA, to the CIA, or to the FBI.

A Well, once Ollie looked at it I called Azzam and said I'll be over with it. He was very upset with me. I've been upset before. He's been upset. I got upset with him. He was making a jerk out of himself.

Q Did this conversation occur in North's office?

A No. I phoned in from Dulles. I phoned him from North's office and said are you going to wait around, because it was about 5:00 or 5:30, and he said

22            A        He was happy with this. I mean, I can't

6 (Counsel conferring with the witness.)

7 (A brief recess was taken.)

8 BY MS. NAUGHTON: (Resuming)

9 Q I think we were all the way up to May of '85.  
10 Okay. North's reaction to Azzam's refusal to pay [REDACTED]  
11 [REDACTED] What I'm getting at here is did North say that  
12 he would take any steps to see that the money was paid or  
13 would somehow get the money?

14 A He did, but I have to explain that. I asked  
15 Mr. Hickey for a meeting. I went over and explained the  
16 situation to him and Coffield. Coffield was there, and  
17 they called North and North came over to Hickey's office,  
18 and I laid out the situation -- that this guy can't do  
19 anything without going back in and giving these people  
20 some money for this thing, and that Azzam refuses. The  
21 CIA did not refuse, but did not offer, to pay any more  
22 money because they said it's up to Azzam.

23 So I told Ollie at that point as far as we're  
24 concerned if this guy, this source, is dead out of the  
25 water unless we give him some money to go back in and pay

1 <sup>Q</sup> these people, whoever, and I said if you want, you know,

 4 you. Ollie can run him. I said, I don't care, and we're

6                   So then North said, well, let me see what I  
 7 can do. He says I don't have the time, I don't have the  
 8 people here to control him. I don't have the people that <sup>2</sup>  
 9 maybe the guy would trust to work with. He trusted [REDACTED]

12 <sup>Q</sup> Did Hickey say he would take any steps to try

15                   Q    Was there any mention?

16                   A    North, he said he would see what he could do.

17                   Q    Was there any mention of bringing Poindexter  
 18 into it?

19                   A    Not by name. He may have said I'll have to go  
 20 check with my boss or something. I don't know. I don't  
 21 remember that.

22                   Q    Was there a discussion at that point of  
 23 perhaps soliciting private funds to pay?

2 Q Let me interrupt and just clarify something.  
3 You said a moment ago that someone trusted [REDACTED] and had

5 about there?

6 A The source.

7 I made one final try with Azzam. Azzam was  
8 scheduled imminently to go under some kind of operation,  
9 major operation, and I gave him one call at home, I  
10 remember, about 8:00 at night. [REDACTED] and the source were  
11 still [REDACTED] waiting, and I called him and I said,  
12 lookit, you know, you are hanging [REDACTED] out. You are

14 He said, I ain't doing nothing. He says, I'm

16 want to do. I said, that's it, then. I said, I'm  
17 finished with you, and that's it.

18 BY MS. NAUGHTON: (Resuming)

19 Q Is that when Azzam basically dropped out of  
20 the picture in terms of this operation?

21 A No. I think after he had his operation he  
22 came back and North said, you know, I'm happy with [REDACTED]  
23 and [REDACTED]

24 Q Who did North say that to?

25 A I assume he said it to Azzam. I wasn't there,

 2 I don't know if there was anything formal or informal or

5 Q How do you know he did that?

6 A Because he didn't bother me any more.

7 Q But how do you know that he tried to get back

9 A I shouldn't maybe have said that. I don't

 17 back.

18 Q Well, did the source come back to the United

20 A I don't know. <sup>#2</sup> came back to the United

22 Q More meetings with Hickey?

6 A I don't believe I was, but [REDACTED] told me about

8 Q And what did he tell you was the result of  
9 that meeting?

10 A He said that the Colonel is more than happy  
11 with that stuff, that he had shown it to somebody who I  
12 think he referred to as "the old man", and the old man  
13 was satisfied that it was perfectly legitimate.

14 Q And who did you believe the old man to be?

15 A Casey.

16 Q Who told you that Casey was the person

18 A Nobody, because he referred -- I think [REDACTED]  
19 told me that he said that those people, my own people  
20 across the river don't sometimes know what they're doing.

21 MR. SCHIPPERS: Who said that?

19 digressed into why it took place.

20 Q Why would he tell you that? How did that come  
21 up?

22 (Witness conferring with counsel.)

23 A Because in the mornings -- if you want to

25 explained to me that Clair George -- he would talk to

12 That's what Ollie told me. Ollie was very candid. I

13 I had base duty that weekend, so you get the day before.  
14 It was Friday and I had Saturday and Sunday duty and  
15 Friday and Monday off.

16 MR. WOODCOCK: That would be Fawn Hall,  
17 correct?

18 THE WITNESS: That's correct, and said can you  
19 be down here around 6:00? Ollie wants to see you around  
20 6:00, and he says he'd like you to be here. So I said  
21 sure. So I drove down and he explained to me that he had  
22 got some donor money or private money coming and we would  
23 be able to clear up this misunderstanding and we'd be  
24 able to continue on.

25 So I said fine.

2 Q Was this the first mention, then, of using  
3 private money?

4 A No, I don't think so. We had talked -- well,  
5 on some trips to New York we had talked to one of our ex-  
6 DEA people, [REDACTED]  
7 [REDACTED] and he's very well  
8 connected with the Catholic Church, with the Cardinal,  
9 the Cardinal in New York --

10 MR. WOODCOCK: O'Connor?

11 THE WITNESS: O'Connor.

12 MR. SCHIPPERS: I should know that.

13 THE WITNESS: I should know that, too. But we  
14 had talked to him about Father Jen<sup>f</sup>o. The Catholic  
15 Church was extremely interested in obtaining the release  
16 of Father Jen<sup>f</sup>o and everybody knows the Catholic Church  
17 has a lot of money and at that time, you know, he said if  
18 I can ever help in any way let me know.

19 And we told Ollie about this and actually this  
20 was Monestero's idea, because Monestero [REDACTED]  
21 were very good friends and they were in touch with each  
22 other. But I think Monestero retired around this time, I

2 BY MS. NAUGHTON: (Resuming)

3 Q Do you know if he ever pursued that?

4 A Who?

5 Q North.

6 A No. He didn't even know [REDACTED] from  
7 anything. He said if we get Father Jenko out we may have  
8 to hit them up for some bread. That's all.

9 Q I see. So it was just sort of a post facto  
10 payment?

11 A Well, [REDACTED] wasn't too receptive. He said  
12 if the government's going to do it, let the government do  
13 it. I don't want to hit these people up for money if the  
14 government's going to pay for it. So that's kind of the  
15 way we left it.

16 Q Were you aware of any contacts that North had  
17 with officials of the Catholic Church to try to obtain  
18 the release of the hostages?

19 A No. This was from Monastero, who was one of  
20 the DEA people. He suggested that we might want to be in  
21 touch with [REDACTED] I knew [REDACTED] from years ago,  
22 but I didn't know he was that tight with the Catholic

2           Q     Were you aware of North's contacts with any

4 hostages?

5           A     No.

6           Q     Now we were on the Jay Coburn thing. It comes  
7 to pass -- and correct me if I'm wrong -- that you sort  
8 of recruit your brother into taking the money to Europe.

9           A     Um-hum. Ollie said, we got the money. Do you  
10 want to get a guy? Do I want to get a guy? I said if  
11 I've got to travel with him I want somebody.

12          Q     Was that this Friday night when Fawn called  
13 you?

14          A     No.

15          Q     This is earlier than that?

16          A     Later than that, because we didn't have the  
17 money yet.

18          Q     Then let's go back to that Friday night when  
19 she called you. What happens when you come to Ollie's  
20 office?

21          A     He explained to me that a guy was driving up  
22 from Baltimore with \$200,000 cash. He was being driven  
23 by some security guard company. We waited until almost  
24 midnight and I said, you know, I've got to be at work at

1 and base station and everything, and this guy kept  
2 calling, saying he was having problems. He couldn't get  
3 across -- the private guard company would not cross the  
4 state line with the money.

5 So they had to get a company from D. C. to go  
6 out and meet him. So finally the guy got there about  
7 1:30, 2:00 in the morning. He walked in and -- Ollie  
8 went down and picked him up because he had to escort him  
9 upstairs. He said, [REDACTED] this is Jay; Jay, this is [REDACTED]  
10 I don't even think we used last names. The only way I  
11 knew it was Coburn is because he had the money in his  
12 briefcase and he had Coburn on it, Jay Coburn.

13 He took these envelopes -- I think it was four  
14 or eight -- four manila envelopes -- out of his briefcase  
15 and laid them on Ollie's coffee table -- this was when  
16 Ollie had his old office, before he moved upstairs to his  
17 bigger office -- laid them on the coffee table. We had a  
18 talk for about 15 minutes, just generalities about some  
19 of the things he had done when he was in Iran.

20 Q In Iran?

21 A Yeah, and he still had some friends over  
22 there, but they were not in Iran any more; they were in  
23 Pakistan in these refugee camps, and he was trying to get  
24 this one person out, of his family out, and he wondered

So we said we'll see what happens. Give us a call. Give us the information, because he didn't have it with him. And then he said I got to get going. So Ollie walked him downstairs. I stayed in the office.

Q It's not clear to me what you're doing there. I mean, why does Ollie want you there?

A I guess he wanted a witness when he was getting the money because Fawn wasn't there. I don't know, or he wanted somebody around. I don't know.

Q Well, was it your impression that you would later be dealing with Jay Coburn and he wanted to introduce you?

A No. I never thought I'd see him again.

Q But Ollie introduced you, obviously, as a DEA agent or affiliated with DEA?

A Yeah. I don't remember us using last names. I think he said this is [REDACTED] he's with narcotics or DEA or whatever.

Q Did Jay know what the money was for?

A I don't know. He didn't tell me he knew.

Q So I gather there was no discussion of the hostages in Lebanon?

A There might have been a general discussion,

5 Q So when he gave the money he didn't say what  
6 this was for?

7 A No. He said I was told to bring this over,  
8 get it over to you.

9 Q Did you know that he worked for Ross Perot?

10 A Um-hum. Only -- I didn't associate him with  
11 Ross Perot that same night, but then when I started  
12 thinking when he was talking about he had friends in  
13 Iran, he had worked in Iran, and he was still trying to  
14 get some of these people out of Pakistan, I remembered  
15 reading the book "Where the Eagle Flies", or whatever it  
16 is, and his name was in that. That's where I associated  
17 it, but it wasn't that same night. It was a couple days  
18 later.

19 Q Did he bring \$200,000 exactly?

20 A To the best of my knowledge. We didn't sit  
21 there and count it.

22 Q What was done with the money?

23 A After Ollie walked him down -- he took it out  
24 of his briefcase, put it on the coffee table. We had a  
25 general chat. Ollie walked him down. Ollie came back

1 and said what do you want to do with it? He says, do you  
2 want to take it over and put it in DEA's safe, or do you  
3 want to put it in my safe?

4 I said, well, I don't feel like walking around  
5 with it at 2:00-2:30 in the morning over to our  
6 headquarters. So Ollie said, well, we'll just put it in  
7 my safe, and he put it in his four-drawer safe there.

8 Q Now when did you have a discussion then about  
9 how this was going to get to the source?

10 A When -- okay. We got that toward the last  
11 week in May. I think it came up where Ollie said  
12 whenever you guys need it, let me know, or whenever  
13 you're ready for it, let me know. The informant or the  
14 Source 1 was not sure that he could go right back in  
15 because such a time period had elapsed, and he was not  
16 sure. He had to make some calls and talk to some people  
17 to find out if he was going to be killed when he went in  
18 or if they would welcome him or be cordial to him or  
19 whatever.

20 He did determine that if he came in with the  
21 money he would be welcomed. So he informed me and [REDACTED]  
22 of that. We went over and talked to Ollie. Ollie says  
23 fine. Whenever you're ready to go, let's go. Who wants

25 use one of my guys?

1 Q This is my question. When was it discussed  
2 that you had to have a guy?

3 A I learned about this through [REDACTED] [REDACTED] was  
4 having meetings with Lawn, not daily but maybe weekly,  
5 keeping him appraised of things.

6 BY MR. WOODCOCK: (Resuming)

7 Q How do you know that?

8 A [REDACTED] told me. I was sitting in [REDACTED]  
9 office. I'd know when he'd go to see Lawn. I was with  
10 [REDACTED] just about all the working hours.

11 Q Would he come back to you after having had a  
12 meeting with Lawn and say I just talked to him and kept  
13 him up to date on how things were going?

14 A Of course. Yes, [REDACTED] told me everything  
15 about it.

16 Q And based on that, your best guess is he was  
17 meeting with him approximately once a week and keeping  
18 him up to date; is that fair to say?

19 A Either Lawn or McCurnan.

20 Q John McCurnan?

21 A Yeah, John McCurnan. Sometimes Lawn was in  
22 the Far East or sometimes he was in China or whatever.

23 Q When he was in the Far East, he'd meet with  
24 McCurnan; is that right?

25 A Right.

6 [REDACTED]

7 BY MS. NAUGHTON: (Resuming)

8 Q What did he tell you that Lawn had said about  
9 the use of private money?

10 A Lawn said that the AG told him, the Attorney  
11 General told him or somebody -- or Webster told him; I  
12 don't know who -- but somebody told him that it was fine  
13 to work with them, to do whatever we can do to get the  
14 [REDACTED] Don't lose track of the narcotics thing

17 However, if you're going to be using large  
18 sums of unappropriated funds, have somebody else handle  
19 it because it wouldn't look right, because half the  
20 people we were dealing with knew that we were with the  
21 government, and it was not government money. So he  
22 wanted us to use somebody else.

1 Q When you say because it wouldn't look right,  
2 was that the only reason given to you then -- because it  
3 wouldn't look right to the people who were going to be  
4 paid?

5 A That's the way I understood it. I was never  
6 told this. I mean, [REDACTED] told me this and Ollie inferred  
7 it, that he had talked to somebody, either the AG or  
8 Webster or McFarlane or Poindexter, and they told him,  
9 you know, you can't have government agents running around  
10 paying these funds or something. I don't know.

11 This is the way I understood it.

12 Q What reason did Ollie give?

13 A He didn't give us a reason. I think he gave  
14 us the reason that this is the way the AG told him that  
15 you can work with these guys, or that these guys can work  
16 with you, but they can't go around paying large sums of  
17 unappropriated funds. You have to use a private citizen.

18 MR. WOODCOCK: Do you recall him attributing  
19 that to the AG himself?

20 MR. SCHIPPERS: "Him" being North?

21 MR. WOODCOCK: That's correct. Do you recall

4             Q     Did you approach your brother about helping

7             A     I would say I approached him when -- I can't  
8       answer that because I don't know if it was before or  
9       after. I approached him when I learned that we were  
10      going to have to have a courier or private citizen as the  
11      courier for the money. That's whenever that happened,  
12      whenever I learned that, which I assume is after the

14      we didn't have the money, there's no sense in informing

6 A Where they had access to this or something.  
7 That was my first impression, that he had some kind of  
8 working relationship with Dewey or George or Casey or  
9 somebody and they gave him this for expenses or  
10 something. I didn't know.

5 MR. WOODCOCK: Did he give you a reason for  
6 not wanting your brother to sign for it?

7 THE WITNESS: No. He just said no. My

9 had cleared it with Customs. I had cleared it with DEA,

17 think it odd that North got these monies from the CIA

20 A No, because that's the way Ollie worked. He  
21 didn't want anything. He didn't want anything written  
22 down. He would write things in his books sometimes  
23 when we'd give him maps and we'd give him planes or

2 Q Did he ever say to you he didn't want it

5 it down. I don't think he said, look it, don't give me  
6 any written reports. I don't think he ever said that.  
7 But it was just I think it was more understood between

7 Q You were getting information from your source.

10 A As soon as I got it I would give it to Ollie.

11 Q Well, he wasn't always around, was he?

12 A No. But I'd just give it to him.

13 Q You'd just keep it in your head until you  
14 spoke to Ollie?

15 A I'd write some names down sometimes. And to  
16 get spelling. Like half these names I couldn't spell,  
17 and I would write them down on a piece of paper like  
18 this, and I'd go in there or I'd meet Ollie in the park  
19 and I'd give him the piece of paper. I'd say this is how  
20 you spell these or this is the city. Half of the cities  
21 you can't spell -- I couldn't spell, anyway -- so I would  
22 get the phonetic spelling from the source, write it down

3 been working on this thing, so I don't even bother using  
4 a desk any more. I just throw crap in boxes. I forgot  
5 all about it, to tell you the truth.

6                     My brother says -- I've talked to him after he  
7 had met with, I think, you two gentlemen, and he says,  
8 you know, I could swear that when we were in that room we  
9 signed a receipt. So I said, well, I'll look. I said, I  
10 don't remember. And lo and behold, out popped a receipt.

11           Q     Was the receipt in with other documents  
12 pertaining to these transactions?

13           A     No.

14           Q     It was mixed in?

15           A     Mixed in with my dailies, my monthlies.

16           Q     And your dailies or your monthlies didn't have  
17 anything to do with these subjects that we're discussing  
18 at this deposition?

19           A     No. Just my travel. We don't write daily  
20 reports any more. Actually, it's weeklies, form 352.  
21 It's just the amount of hours you spend traveling, and I  
22 would make a notation on the side we were working on SEO  
23 471. Even though 471 money had run out, I still used  
24 that as a code name, as this operation.

25           Q     Right. But would you be specific then in your

3 Q This is just to keep track of your hours?

4 A Yes, for my time card.

5 Q Let's say from the period of May of '83 until  
6 the early fall of '86 what percentage of your time would  
7 you say that you devoted to spending on this hostage  
8 operation?

9 A I'd say 95 percent. Do you mean my working  
10 time? I'd say 95 percent. Maybe not quite 100 percent,  
11 but you'd have some argument with people in [REDACTED] because I  
12 was assigned to [REDACTED] and, you know, they weren't getting  
13 any work out of me, and they would say 100 percent of the  
14 time. But I would use my office down there, and I was  
15 putting in my time cards, so you have got to figure five  
16 percent of the time I was doing that.

17 Q Do you know what the source actually did with  
18 the \$200,000?

19 A Did I see him?

20 Q I gather you didn't see him because he  
21 supposedly paid contacts in Lebanon; is that correct?

22 A No.

23 Q Did he keep the \$200,000 for himself?

24 A No. He gave it to somebody [REDACTED]

25 Q The source gave it to [REDACTED] Who

UNCLASSIFIED

1 did he give it to [REDACTED]

2 A The person we refer to as [REDACTED]

3 Q All \$200,000?

4 A That's what he told me [REDACTED]

5 However, you know, I met [REDACTED] and we had numerous  
6 conversations about Lebanon and America and the problems  
7 in each country. And he, the source, told me that [REDACTED]  
8 [REDACTED] does not want to be seen in front of anybody taking  
9 this. So I said fine. I can understand that.

10 I am under the impression that this, we'll  
11 call him a sub-source actually, [REDACTED]  
12 [REDACTED] and I can understand his not wanting to  
13 be seen getting paid off by somebody. So the source told  
14 me he gave him the money.

15 Q When you met [REDACTED] was this after or  
16 before he had received the money?

17 A Before.

18 Q And did you ever meet with him after he  
19 received the money?

20 A Yes.

21 Q Did he acknowledge receiving the money?

22 A No. He acknowledged in an offhand way.

So, you know, I took that as an acknowledgement that he didn't want to get ripped off or what have you.

Q And did you accompany him?

A Yes. [REDACTED] myself, my brother, and two [REDACTED]

We went to the bar and had a drink, and he had this briefcase with him at all times and didn't let go.

Q Do you have any indication --

A And Source 1 was with us, too.

Q Do you know what he did with the money when he got to Lebanon?

A Via hearsay. I know what he was supposed to do with it or what the source told me he was going to do with it, was to give it to certain influential people that would enable us to gain more information and the possible -- possible -- release. There was nothing guaranteed in this. It was a venture. It was a risk.

MR. SCHIPPERS: May I clarify one point? This source that you referred to as [REDACTED] is not the source we referred to as sub-source 2 originally?

THE WITNESS: No. This is a different source.

8 Q Earlier you had said that the payment was for

10 things came as a result of the \$200,000 payment?

11 A Very little intelligence information, because

this CIA thing screwed things up, too.

3 BY MR. GENZMAN: (Resuming)

4 Q Did you receive any information or benefits  
5 which would lead you to believe that the \$200,000 had  
6 trickled down to the right people?

7 A Yeah, via Source 1. He would say that they  
8 have given me this information. I am meeting with these  
9 people. I am meeting with these people. He gave us

10

13 But with reference to the hostages, yes. He  
14 would try to inform us of the movements, if there were  
15 movements, and we would tell Ollie. But it was  
16 information that was really not what you would call too  
17 verifiable, so to speak, because it was usually a week,  
18 two weeks old. Although it was "good" intelligence, it  
19 was not good for up to date instantaneous kind of stuff.

20 BY MS. NAUGHTON: (Resuming)

21 Q Okay. Did you come back with your brother?

22 A No. We went [REDACTED] first -- my brother,  
23 Source 1 and myself.

24 Q You all went [REDACTED]

25 A Yes.

**UNCLASSIFIED**

UNCLASSIFIED

94

1 Q For what purpose?

2 A We met [REDACTED] there, and we formulated some  
3 more plans and we were meeting -- not meeting but trying  
4 to plan what our next move was going to be. The source  
5 did not really want to stay [REDACTED] He wanted to get  
6 out of there for a little while [REDACTED]  
7 [REDACTED]  
8 [REDACTED]

9 He felt that he wanted to see how this  
10 money, after it trickled down or filtered down or  
11 wherever it went, how that would affect his status over  
12 there.

13 So we went [REDACTED] and met [REDACTED] and made  
14 plans on what things we were going to do.

15 Q Now your plans apparently went awry when one  
16 of the contacts died.

17 A Um-hum.

18 Q And the TWA hijacking occurred; is that  
19 correct?

20 A That was Source 1's contact.

21 MR. WOODCOCK: He's the one known as [REDACTED]  
22 [REDACTED] right?

23 THE WITNESS: Yes.

24 BY MS. NAUGHTON: (Resuming)

25 Q Was there anything else that could be

UNCLASSIFIED

**UNCLASSIFIED**

95

1 attributed to the failure of those plans?

2 A No. But I have to say this. In a certain  
3 sense, once we started working with Ollie completely,  
4 there were times when he would say, lookit. Hold off.  
5 Tell your guy not to do anything. Tell all your people  
6 over there don't do anything right now. All right. If  
7 he gets some information, okay, but don't try to then  
8 make any moves right now, because some other people got  
9 some things going. Somebody else has something going.

10 So sometimes when you've got something to do  
11 and it's somebody that you've called off because you have  
12 a better avenue, a better shot at it, it throws your  
13 timing off.

14 Q Now I'm speaking specifically about the plan  
15 you were formulating in and around May or June of '85.

16 A '85.

17 Q Did that plan encompass your renting a safe  
18 house in the event the hostages would be released?

19 A There was some talk about that, yes.

20 Q Did you take any steps to rent a safe house?

21 A No. We decided not to because, to my best  
22 recollection, if we had a safe house we would have had to  
23 get a doctor, and Ollie inferred that he had good  
24 connections, and I know [REDACTED] had good connections with  
25 [REDACTED] so we figured if

**UNCLASSIFIED**

**UNCLASSIFIED**

96

1 they had these connections and if the release was  
2 imminent we'd use them because they would be under guard  
3 that way.

4 Q Did your plans include your renting any boats?

5 A If need be, yes.

6 Q And where did you plan to rent them?

7 A [REDACTED]

8 [REDACTED]  
9 Q Just so we get the plan straight, the plan  
10 encompassed the payment of somewhere around \$1 million  
11 per hostage; is that correct?

12 A (Nods in the affirmative.)

13 Q Where was that money to come from?

14 A North.

15 Q But where would he get it?

16 A I assume he would get it the same place he got  
17 the \$200,000. I'm not positive. I don't know. In '85,  
18 I don't know, but I can jump forward in '86, when we were  
19 going and Coburn showed up [REDACTED] so I'm just  
20 assuming. I mean, he didn't tell me where it was going  
21 to come from. I believed that he had several sources,  
22 several people willing to donate if something was  
23 imminent.

24 I believed the CIA would have come up with it  
25 at one time, because they really wanted Buckley out. If

**UNCLASSIFIED**

**UNCLASSIFIED**

97

1 they could have got Buckley, I think the CIA would have  
2 paid, or Ollie might have had to get the money and CIA  
3 would have reimbursed him. I don't know how they would  
4 work that.

5 Q Did you ever get the impression that Coburn or  
6 Perot was simply fronting for the CIA?

7 A No. I got the impression Coburn did whatever  
8 Perot wanted him to. Perot said do this, and he went and  
9 did it.

10 Q Were any steps taken to get the money over to  
11 [REDACTED] some point, dropping-off point, [REDACTED]  
12 [REDACTED] in 1985?

13 MR. SCHIPPERS: You mean the millions of  
14 dollars?

15 THE WITNESS: No. We had -- the people that  
16 Source 1 was talking to, we had made various methods of  
17 payment available to him -- not made them available --  
18 given him suggestions as to how, because the money was  
19 not going in there until the bodies came out. So we said  
20 you can do it in a bank [REDACTED] You can send a guy  
21 here. Their people could send a guy here. As soon as we  
22 get confirmation of the bodies out, the guy takes the  
23 money. We'll guarantee we'll put him on a plane and he  
24 can go wherever he wants to go.

25 We could meet [REDACTED] We could meet in

2 [REDACTED] We could meet [REDACTED] -- wherever these  
3 people feel comfortable. But you have to stress the  
4 point that this is it. There ain't no more money going  
5 in there until something comes out, as far as we were  
6 concerned. Now if other people wanted to do it, they  
7 could do it. As far as [REDACTED] and I were concerned, and  
8 Ollie was concerned.

9 BY MS. NAUGHTON: (Resuming)

10 Q Now it comes to pass in 1985 that you meet a  
11 guy who is called the Prince -- al-Mahoudi.

12 A I don't even think that's his name. Al-  
13 Mahoudi is his name. Is that his real name?

14 Q Well, who knows. His case goes by the name of  
15 Zedek.

16 A As I say, I don't think al-Mahoudi is his  
17 name.

18 Q Could you tell us how that came about, that  
19 you came to meet this person?

20 A Yeah. [REDACTED] and I were over in Ollie's office  
21 one time talking and making plans, briefing him or  
22 something, and he said I've got --

23 MR. SCHIPPERS: Who is "he"?

24 THE WITNESS: North. Colonel North says I  
25 have this source from the Middle East. Actually, he's a

UNCLASSIFIED

99

1 Saudi Arabian, he said. But he's part of the Royal  
2 Family, but he's blacklisted. He's a black sheep of the  
3 Royal Family and his part of the family tried to take  
4 over from the other. I don't know the whole story. He  
5 was part of the family who tried to take over from the  
6 other party of the family and, therefore, they kicked him  
7 out of Saudi Arabia.

8 But they gave him a certain way to maintain  
9 his life style, that he would get a certain amount of  
10 crude oil per year or per month or what have you. But  
11 when he got here to Washington some Saudi Arabian  
12 security people came to his house or his apartment or  
13 whatever, asked for his passport, and took his Saudi  
14 passport. So he's now traveling on some kind of  
15 Grenadian passport.

16 So I said, that's interesting. What do you  
17 want us to do? He said, well, he's helping the United  
18 States in certain ways.

19 BY MS. NAUGHTON: (Resuming)

20 Q Did he mention the contras? Did he say that  
21 this person --

22 A I think he said he was helping me, through  
23 ~~himself, through Richard Miller.~~ So Ollie said, you know  
24 -- what did he say? He just was explaining because I  
25 asked who that guy was -- not Al-Mahoudi but Miller,

1 because I saw Miller come out of his office and he looked  
2 familiar to me. So he said, well, I'm running this guy

4 Does that answer it? Do you want me to go on?

5 Q I have one question first. Did North ever  
6 mention, for lack of a better name, the Prince, if we  
7 could call him the Prince, to Assam in your presence?  
8 Did he ever ask Assam what he thought?

9 A No.

10 Q Did he ask you to check this guy out?

11 A Not check him out per se, like we would check  
12 one of our normal -- if we were going to put the guy to  
13 work for us -- you know, give him a DEA number and pay  
14 him through DEA.

15 Q Did he ask you to check him out in any way?

16 A No. We did, without North knowing about it,  
17 when we got him a visa down in the Bahamas.

18 MR. WOODCOCK: How did you check him out?

19 THE WITNESS: He gave [redacted] a business card  
20 or something and [redacted] who worked for [redacted] at  
21 that time, happened to be in the Bahamas [redacted]

22 [redacted] He  
23 gained the guy's confidence when he was waiting. We had  
24 to wait overnight to get the visa, and the guy told him  
25 where he lived and [redacted] was from the same town and

7 out.

8 BY MS. NAUGHTON: (Resuming)

9 Q Okay. What did North tell you Rich Miller  
10 did?

11 A Rich Miller? North told me that Rich Miller  
12 helped or was -- I don't know. I came to learn what he  
13 did, but I don't think Ollie told me. He said he used to  
14 be with IBC. I thought he was actually ex-CIA, but I  
15 don't know. But he was very young. I mean, he looked  
16 young.

17 Q When you spent some time with Miller, what did  
18 he tell you he did?

19 A Worked for IBC or IBM or something like that.

20 Q What did he say IBC was?

21 A International Business Corporation or  
22 something like that. I had his card someplace.

23 Q What did he tell you IBC did?

24 A I don't know that he ever did tell me that. I  
25 was confused there for a while. I thought they were some

UNCLASSIFIED

1 kind of fundraisers. Then I thought they were lobbyists,  
 2 and then I thought they were publicity agents or what do  
 3 you call them, public relations people. I really was  
 4 confused about what he did until I subsequently found out  
 5 exactly what he did.

6 Q Did you know who their clients were -- in  
 7 other words, who they were raising money for?

8 A No. I mean, I learned, but I didn't know  
 9 then. I'm sure that if Ollie said he was helping him it  
 10 was down south, but I didn't know that for a fact.

11 Q And you're referring to Central America when  
 12 you say "down south"?

13 A Yeah.

14 Q There came a point at which you accompanied  
 15 Mr. Miller and the Prince to Europe; is that correct?

16 A Um-hum.

17 Q Do you recall when that was?

18 A In the summer, late summer -- July, end of  
 19 July.

20 MR. SCRIPPERS: '85?

21 THE WITNESS: July 1985.

22 BY MS. NAUGHTON: (Resuming)

23 Q Now why did you go to Europe with them?

24 A Ollie called me one day at [REDACTED] office and  
 25 asked me to come over to see him. He said he had a

UNCLASSIFIED

UNCLASSIFIED

103

1 little problem. So I went over there and he explained to  
2 me this Grenadian passport and that the Prince and Miller  
3 were going to England and that they had to go there to do  
4 some business, some business transactions, with some  
5 banks, some fiduciary interests in London.

6 So, he said, with this Grenadian passport --  
7 they had tightened controls throughout all of Western  
8 Europe, and he was worried that the Prince may have a  
9 problem with immigration, getting through Heathrow --  
10 let's say getting into London. So he said you know a lot  
11 of people over in England -- [REDACTED]

12 [REDACTED] He said, can you just go along with him,  
13 because Miller didn't know what he was doing. Miller  
14 took him down to the Bahamas and they put him in jail  
15 and, you know, we had to bail him out of that -- not bail  
16 him out but get him a visa.

17 So Ollie said I feel much more comfortable if  
18 you go along. Plus the fact that this guy, he thinks,  
19 knows a lot of the Middle Eastern type people --  
20 Iranians, Iraqis, Kuwaitis, and Lebanese.

21 So I went back and I asked [REDACTED] and [REDACTED]  
22 says yeah, by all means. And when you're there, see what  
23 the guy knows and further develop whatever I can. If  
24 not, it's a chance. Maybe the guy will work out; maybe  
25 he won't.

2 high on the guy. Now I had never met Miller personally  
3 until Ollie called him when I was in his office and asked  
4 him to come over.

5 Q When you went to London with them, how many  
6 days did you spend with them in London?

7 A Five or six, seven.

8 Q Did you ever get a sense of what their  
9 connection was to each other, what their business  
10 relationship was?

11 A I stayed at the [REDACTED]  
12 because I know the guy that is head of security there. I  
13 tried to get them to stay there, but they would have  
14 nothing to do with it -- they wanted to stay in the  
15 Intercontinental -- because I know the guy that is head  
16 of security and the Prince was scared that he was going  
17 to, you know, we had a bomb threat on the airplane when  
18 we were over there and we had to land at Dublin, and the  
19 Prince thought they were out to try to get him.

20 I would go through the Intercontinental every  
21 day, just about a couple times a day, just to make sure  
22 they were okay, and they were always sitting, talking, in  
23 the lobby with a bunch of people. I didn't make like I  
24 knew them and they didn't make like they knew us.

25 Q Were these people Mideastern looking?

3           BY MR. GENZMAN: (Resuming)

4           Q    Why did you stay there five to seven days?

5           A    Why?

6           Q    Yes.

7           A    I wanted to make sure everything was okay,  
8 that they weren't going to get hassled, because sometimes  
9 immigration will come along and hassle them some more.

10          Q    So it was your understanding all along that  
11 you would stay as long as they stayed?

12          A    No, not as long as they stayed -- as long as I  
13 felt -- it basically was up to me. As long as I felt  
14 they would be okay, then I could leave.

15          Q    Did they stay longer?

16          A    I don't know how long they stayed in England.  
17 Miller had brought his wife along. So that's how I got  
18 to get close to the Prince, because Miller would take his  
19 wife out sightseeing and everything, and the Prince  
20 called me and said I'm going by myself. Come over.

21                <sup>I</sup>  
21                <sup>A</sup> So I went over and talked to him. He knew all  
22 the good names of all the people in Iran, Iraq, Jordan,

9 A Ask me? No.

10 Q Did you pay his expenses in any way?

11 A In London?

12 Q Yes, let's start with London.

13 A No.

14 Q Now, did they stay in London when you left?

15 A To the best of my knowledge.

16 Q How was it, then, that you ended up traveling

17 [REDACTED]  
18 A I came back the beginning of August from  
19 London, the 15th, around the 15th, circa August 15, '85.

20 [REDACTED] and myself flew from Washington [REDACTED] to meet

 5 Somebody broke in his room and took his passport.

6 Q Did [REDACTED] leave?

7 A Yeah, [REDACTED] left. [REDACTED] stayed a couple more  
 8 days and then left. He was going to go back and find out  
 9 what Ollie wanted us to do.

10 MR. GENZMAN: Which passport was stolen? Was  
 11 that the Bahamian passport?

12 THE WITNESS: He didn't have a Bahamian. He  
 13 had a Grenadian.

14 BY MS. NAUGHTON: (Resuming)

15 Q And whose idea, then, was it to try the  
 16 American embassy?

17 A Mine.

18 Q And did you contact [REDACTED] *Genz*  
 19 *ms*

19 A Um-hum.

20 Q And the two of you then went to visit  
 21 Ambassador [REDACTED]?

22 A Um-hum. Yes.

23 Q And what did you tell Ambassador [REDACTED]?

24 A Well, first we ran it by this [REDACTED] who  
 25 was the consular officer there.

1 Q For the record, that's [REDACTED]

2 A Okay. We ran it by her, and she said well,  
3 you know, she says, I don't know all the details. So I  
4 called Hickey, and I said, look, this is what we need.  
5 You can check with Ollie. Can you see if [REDACTED]  
6 can do this? I explained what we needed.

7 Let me back this up first, if you don't mind.  
8 I asked Ollie. I said, what is it with this piece of  
9 crap Grenadian visa. I said, why don't you get CIA to  
10 get him a visa? He says, I asked Casey to do it. Casey  
11 said that because this guy is part of the Saudi royal  
12 family but he's persona non grata back there [REDACTED]

13 [REDACTED]  
14 [REDACTED] that they would prefer to  
15 stay out of it because they don't want to get the Saudis  
16 angry at them, the CIA doesn't, or the United States  
17 Government doesn't [REDACTED]

18 [REDACTED]  
19 So I explained to Hickey what we needed.  
20 Hickey said I'll call [REDACTED] and I'll call you  
21 right back. He called her. He called me back and said  
22 wait in the office. Expect a call in about five minutes.  
23 Five minutes, [REDACTED] called us and asked us to  
24 come downstairs.

25 We explained to her, and [REDACTED] -- what did you

1 say her name was?

2 Q [REDACTED]

3 A [REDACTED] was down there, and she blatantly lied  
4 to [REDACTED] and said, of course [REDACTED]  
5 I'll do whatever you want me to. And she says well, do  
6 whatever these agents want you to do. And she went  
7 outside and she took [REDACTED] #3 aside and said [REDACTED] #3 I can't  
8 do it. It's impossible.

9 So that was it.

10 Q How did he eventually get travel papers?

11 A Through another country, from me.

12 Q From you? You arranged through one of your  
13 contacts to get him other travel papers?

14 A (Nods in the affirmative.) But not for  
15 permanent. In order for him to remain [REDACTED] he  
16 had to have some kind of papers, so the papers were in my  
17 control. They weren't his for good. I had a lot of  
18 ideas how to go about doing it once I got back to the  
19 United States. I couldn't do much over there because I  
20 didn't have that many contacts over there, and I was out  
21 of money.

22 I was over there for like a month and a half.

23 Q Okay. Let's get to that. Did there come a  
24 time at which you received some wire-transferred money?

25 A I don't know how it came about. I called

1 Ollie. I called [REDACTED] and said, look, I haven't gotten  
2 any money and over a month and a half my American Express  
3 bill is out of sight. I'm paying this guy's freaking  
4 bill. I'm paying his telephone bill. I've got --  
5 American Express is calling my house. I said, you've got  
6 to get me some money.

7 So Ollie -- this is the way I guess it went.  
8 [REDACTED] called Ollie and Ollie said all right, I'll see  
9 what I can do. [REDACTED] called me the next day or two  
10 days later and said they're going to wire some money to  
11 the Prince. The Prince will give you some and he'll have  
12 some, because the Prince was out of money, too.

13 The Prince said they took his money when they  
14 took his passport or something like that. I forget.

15 Q Were you there when the Prince received the  
16 wire transfer?

17 A No.

18 Q Do you know how much he received?

19 A No.

20 Q How much did he tell you he received?

21 A I don't think he did. He said I've been  
22 instructed to give you \$15,000 in traveler's checks,  
23 American Express. He called me. I was staying in the  
24 hotel up the street. He was staying in one hotel and I  
25 was staying in another.

6 A Um-hum.

7 Q So you were just expecting \$15,000?

8 A Yes.

9 Q So you were just expecting \$15,000 and you  
10 didn't know how much the Prince would get.

11 A Correct.

12 Q Did you get \$15,000?

13 A Yes.

14 Q And these were in the form of American Express  
15 traveler's checks?

16 A Correct.

17 Q Were they blank? In other words, did you have  
18 to sign them?

19 A Yes.

20 Q Did the Prince indicate where this had come  
21 from?

22 A No. I don't know. What I know is what he  
23 told me. He said I have been gone and asking for money  
24 from Mr. Miller -- or he called him Richard -- for days  
25 now, and Richard keeps stalling me and keeps stalling me.

5 So I can only assume that he was talking about  
6 Richard Miller.

7 Q But did it not concern you, then, if the money  
8 was coming from Miller and you were taking \$15,000 of it?

9 A As far as I know, my money was coming from  
10 Colonel North, because I never talked to Miller. I mean,  
11 I talked to him. I would call Miller sometimes and tell  
12 him, look, this guy is driving me crazy and I really  
13 don't believe him too much. And he says don't worry,  
14 don't worry. He keeps telling me the thing's going to

17 Q You thought your money came from North?

18 A That's who I told. I told [REDACTED] I needed  
19 money. [REDACTED] told me he talked to North. North says,  
20 don't worry, he'll be taken care of.

21 Q But if the money is coming from North to you,

23 A I don't have the slightest idea.

2 A I don't know that. I was not there. I can  
3 assume that, but I don't know it.

4 Q Well, do you know of any reason why you would  
5 not have gotten a direct wire transfer from North?

6 A No.

7 Q When you were with the Prince, then, in  
8 Europe, did you meet with anybody else to try to figure  
9 out if this guy was for real?

10 A Yes.

11 Q Was that someone you learned later to be  
12 Richard Secord?

13 A Yes. He used the name Copp. You showed me a  
14 picture the last time and I recognized him. And Zucker.

15 Q Were they together?

16 A At one time they were. The first time it was  
17 Copp by himself.

18 Q And how did that meeting come about?

19 A Ollie called me and said that this guy would  
20 be calling to set up a meeting with the Prince for him.  
21 This guy is very well versed in the Middle East and he  
22 wants to evaluate this guy, meaning Copp.

23 So I did that. And I asked Copp for some  
24 money too, and he said he would get me some, and then he  
25 vanished.

3 A Well, I figured North must be talking to him.  
4 I didn't know he was Secord. North said he worked with  
5 North on this hostage thing.

6 Q Who did you understand Copp to be with or work  
7 for?

8 A Ollie. He's a friend of Ollie's from his  
9 military days, he said, and he had been in Iran and knew  
10 his way around the Middle East.

11 Q But you understood him to be outside the U.S.  
12 Government?

13 A Yes.

14 Q Did you arrange a meeting, then, between Copp  
15 and the Prince?

16 A Yes.

17 Q And how long did that meeting last?

18 A About an hour, an hour and a half. It was in  
19 the afternoon in the lobby of my hotel.

20 Q And did Copp ask him questions?

21 A Yes.

22 Q Did you speak with Copp after that meeting?

23 A Yes.

24 Q And what was his assessment of the Prince?

25 A He wasn't sure at that time. He wanted not to

1 believe him. He thought he was probably a Savama and he  
2 might be a possible -- what's the word they use? He  
3 might be a plant by the Iranians or Iraqis or someone.

4 BY MR. WOODCOCK: (Resuming)

5 Q In other words, he thought right off the bat  
6 he wasn't a Saudi; is that correct? From what you are  
7 saying, Secord or Copp figured out pretty early on that  
8 he was not a Saudi?

9 A He didn't figure it out. He didn't know.

10 Q If he thought he was Savama, then he would  
11 have thought he was an Iranian, right?

12 A He thought he could be. He just didn't know,  
13 and he wanted Zucker to come and evaluate him.

14 Q So he suspected, at any rate, that he might  
15 not be a Saudi right from the start; is that correct?

16 A No, not really.

17 Q It isn't correct?

18 A I don't think so.

19 Q He thought he was a Saudi working for Savama?

20 A This is the first time he had met the guy.

21 Q Wait a minute. I'm just trying to back up a  
22 little bit. It's a minor point, but he told you after  
23 this meeting that he thought the Prince was working for  
24 Savama?

25 A He didn't say he thought. He said he could

1 be. The word he used is --

2 MR. SCHIPPERS: Agent provocateur?

3 THE WITNESS: Something like that. You know,  
4 this happened a long time ago. If that's what Secord  
5 says he said, then I said it. I don't think he knew who  
6 he was. He wouldn't positively say he was not who he  
7 says he is.

8 BY MR. WOODCOCK: (Resuming)

9 Q But he speculated to you that he was with  
10 Savama?

11 A Could be Savama. But he said he could also be  
12 the true thing, because he looked at all the papers.  
13 This guy had papers, cables, telexes, briefcases full of  
14 this crap coming out. And Secord didn't know what it all  
15 meant. That's why he wanted Zucker to look at it.  
16 Zucker was a business lawyer or something familiar with  
17 these kinds of transactions that this guy was saying he  
18 was in on.

19 BY MS. NAUGHTON: (Resuming)

20 Q Did Copp explain to you what his relationship  
21 was with Zucker?

22 A No. Yeah, he didn't. Whenever I would call  
23 Copp or Copp would call me, and sometimes I wouldn't be  
24 in my room, it would say call back, and it would be  
25 Zucker's telephone or Zucker's office, because I guess he

2 Q Did you ultimately arrange a meeting between  
3 the Prince and Zucker and Copp?

4 A Yes, that same evening.

5 Q And what happened?

6 A The Prince never showed up.

7 Q Did you have a chance to chat with Zucker?

8 A Yeah. We sat around for about an hour, half  
9 an hour. They weren't going to give him much time,  
10 because it was a Friday night and Secord or Copp was  
11 going up to the Matterhorn and Zucker wanted to go home.

12 Q What did Zucker tell you about himself?

13 A That he was an American. I wanted to know how  
14 come he's living over there. I said how's the life over  
15 here? It seems to be pretty expensive to me. He said,  
16 well, it's got its ups and its downs. It was just  
17 general conversation.

18 Q Did Zucker indicate what kind of work he had  
19 been doing for Copp?

20 A (Nods in the negative.)

21 Q Did either of them mention Albert Hakim?

22 A No.

6 Q How do you know that \$15,000 came from Mr. Miller?

7 A I didn't say it came from Mr. Miller.

8 Q I did. Do you know?

9 A I talked to Colonel North. Then I talked to [REDACTED] <sup>#2</sup>

13 I met Copp - he said Copp will probably give you some money.  
14 I met Copp twice. He didn't give me nothing. And I said,  
15 I'm leaving.

16 Q When you spoke to Copp, did you get a sense that  
17 North had talked to him about money, or when you mentioned

19 A I think it was a brand new subject to him. That's

21 Q Did you ask Mr. Copp for money?

10

MR. WOODCOCK: How did it happen that he told you?

11

THE WITNESS: When we were in London.

12

MR. WOODCOCK: And what did he tell you?

13

THE WITNESS: He said that the prince was help-

15

MR. WOODCOCK: On his work down south?

16

THE WITNESS: Yes.

17

MR. WOODCOCK: What did that mean to you?

THE WITNESS: Well, to me it meant he was probably

4 about Mr. Zucker. While you were waiting for the prince  
5 and were conversing, did he tell you anything about himself,  
6 what he did for a living.

7 THE WITNESS: Yes. He was an American living in  
8 Switzerland and he said, it's tough.

9 BY MS. NAUGHTON:

10 Q It's tough to live in Switzerland? Was he talk-  
11 ing about finances?

12 A Finances, yes.

13 Q Did he get the impression that he was not financi-  
14 ally -

15 A He was talking about the value of the dollar.

16 Q Do you know where he was from in the United States?

17 A No. I assumed either Pennsylvania or California.

18 Q Why did you assume that?

19 A It must have been something he said.

20 Q Did he mention to you anything about Colonel North?  
21 Did you discuss Colonel North with Mr. Zucker?

22 A No. Well, I can't say I didn't, but I can't say  
23 I did. With Copp earlier in the afternoon - this was later  
24 at night. With Copp I did, yes. I said, how do you know

4 Q Did Copp ever talk about Bill Casey?

5 A No. But once I - let me just explain.

6 Q Do you want to go off the record?

7 (Discussion off the record.)

8 Q I will ask you this. Did Mr. Copp indicate to you  
9 that he knew any agency people, let's say in Europe?

10 A No, no. He said just Ollie in that he had worked -  
11 he had extensive experience in the Middle East.

12 Q Did you believe Mr. Copp to be either a CIA asset  
13 or officer?

14 A Yes.

15 Q Which?

16 A I would say asset. You know, I'm thinking now I  
17 know he's General Secord.

18 MR. WOODCOCK: You know at this point he's General  
19 Secord or later?

20 THE WITNESS: I didn't know then.

21 MR. WOODCOCK: I just wanted the record to be  
22 clear on that.

23 THE WITNESS: I thought he was one of Ollie's guys,

5 Dick Copp who will call you and meet with you, and he should  
6 give you some money, and he never did. He met with me, but  
7 he never gave me any money.

8 MR. WOODCOCK: He never gave you any money at any  
9 time or during this fall period?

10 THE WITNESS: Any time. I picked up - he met in  
11 my hotel, [REDACTED] He never  
12 gave me a dime. I picked up the tab for him and Zucker,  
13 and then Zucker came about 11:00 o'clock that night.

14 BY MS. NAUGHTON:

15 Q How long did you three wait for the prince?

16 A About two hours. From about 10:00 to midnight.

17 Q What did Copp tell you about his business? In  
18 other words, what business was he in?

19 A We really didn't talk about business. We were  
20 talking more, he was going to try to climb one of these  
21 mountains over there, the Matterhorn or something like that.  
22 And, after about 45 minutes, we realized the prince wasn't

11 A I don't know.

14 MR. WOODCOCK: Wasn't his nickname "The Jewel"

16 THE WITNESS: Yes, he wore a big ring. He wore  
17 a big watch. He had a watch that was worth probably  
18 \$30-\$40,000.  
19 MR. WOODCOCK: Did he still have it after having

8 Q Wait. I'm talking specifically about the prince  
9 case now. We will talk about [REDACTED] later.  
10 A [REDACTED] met the prince once [REDACTED]  
11 Q What I'm getting at is, did the prince to your  
12 knowledge tell the FBI in order to get himself out of  
13 trouble that he was working for you guys?  
14 A Never.  
15 Q So he never gave up your relationship, in other  
16 words, as far as you know, to the prosecutor or the FBI?  
17 A As far as I know. I'm sure that the kind of guy  
18 he is, he would do anything he could.  
19 Q You never heard from them.  
20 A He would say he was working for Ronald Reagan  
21 direct.  
22 MR. WOODCOCK: [REDACTED] I want to ask you a  
23 couple of questions based on some notes that appear in note-  
24 books we have received from Lieutenant Colonel North and  
25 see if you can shed some light on them.

BY MR. WOODCOCK:

Q The first one is dated October 31, '85, and it's headed "A Call from [REDACTED]" and then it's got a reference to your name and then it says, "Why did Miller call [REDACTED] Jewel says "nothing pending." Does the FBI want this guy?

A The jewel is the prince.

Q Right. Do you know what's happening at that point?

A No.

Q Let me go down a few days later. Go ahead.

A It's pretty obvious that I must have said something to Ollie that there's something, there's a little scam going on here, and I didn't feel comfortable. Because I was still overseas then, right? Is this October?

Q This is October 31.

A I came back in November and I said I don't think this is kosher.

Q [REDACTED] you have had an opportunity to review some of your notes with counsel. Do you think you can place this North note in more context? Where do you think you were on October 31, '85?

A [REDACTED]

Q What was happening [REDACTED] on October 31?

A I had been there almost -- how many days?

1 MR. SCHIPPERS: Go ahead and answer.

2 THE WITNESS: I had gone on this trip starting  
3 August 25, thereabouts, not exactly. The prince or the  
4 jewel, whatever you want to call him, had got another guy  
5 from [REDACTED] to come over and to go into Lebanon [REDACTED]  
6 [REDACTED] He could fly in and fly out. I said  
7 I didn't trust the guy. The guy from [REDACTED] went over  
8 there. I gave him maybe 3500 bucks.

9 MR. SCHIPPERS: [REDACTED]

10 THE WITNESS: He got [REDACTED] and the jewel  
11 was supposed to give him more money to go into -- the jewel  
12 gave him nothing.

13 BY MR. WOODCOCK:

14 Q In other words, nothing?

15 A He just said you go in and come back; I'll give  
16 you the money.

17 Q Let me do this. I'm going to read you a second  
18 note that North entered on November 4 and this may put this  
19 in a little more context. I'll ask you to comment on it.

20 This is headed "A Meeting with [REDACTED]"  
21 Here it starts out, "Jewel insists that deal will still go  
22 through." What deal are we talking about?

23 A The hostages.

24 Q The deal for the hostages?

25 A Yes.

UNCLASSIFIED

**UNCLASSIFIED**

1 Q What are the particular terms of the deal?

2 A He said he could get two.

3 Q What did he have to do to get two?

4 A He said he could do it.

5 Q Just by asking?

6 A Yes.

7 Q So there was nothing coming from the United States  
8 that was going to release some hostages?

9 A Never with the jewel, never. He never asked for  
10 anything.

11 Q There's a reference here dealing with Dr. Rocco,  
12 R-o-c-c-o. Who was Dr. Rocco, do you know? Does that name  
13 mean anything to you?

14 A Yes.

15 Q What does it mean to you?

16 A He was a jerk [REDACTED] who the jewel intro-  
17 duced me to and I said as soon as I saw this guy, I said  
18 okay.

19 Q He's a contact of the prince?

20 A Yes. He's a [REDACTED] businessman but he's a fast  
21 paper guy.

22 Q What was he supposed to be able to do?

23 A He was going to move some paper for the prince.

24 Q Meaning money?

25 A No.

**UNCLASSIFIED**

~~TOP SECRET~~  
~~UNCLASSIFIED~~

1 Q Meaning what?

2 A I don't think these guys had any money.

3 Q What paper was going to be moved?

4 A Letters of credit, <sup>and</sup> phony letters of credit.

5 Q Now, there's another entry that says, [REDACTED] show  
6 nothing," and under that, "No FBI warrants." Do you know  
7 what's happening there?

8 A Yes. That's when I asked Ollie, "Check the guy  
9 out further." Because DEA had nothing on this guy. Our  
10 computer didn't show anything.

11 MS. NAUGHTON: When you say "this guy," who are  
12 we talking about?

13 THE WITNESS: Masoudi, the jewel.

14 BY MR. WOODCOCK:

15 Q There's a reference capital "J" which I take to  
16 be an abbreviation for Jewel, says he paid 250K to a bank.  
17 Do you remember him telling you about that kind of money?

18 A Never.

19 Q Then there's another reference, says that Miller  
20 is benefiting. Do you know what's happening there?

21 A I don't know nothing about that. I didn't like  
22 Miller when I first met him, and I still, I wouldn't trust  
23 the guy as far as I could throw him.

24 Q This appears to be a change of subject. There's  
25 an entry <sup>that</sup> says, [REDACTED] going back [REDACTED] Is [REDACTED]

2 A [REDACTED] always in motion.

3 Q [REDACTED] is totally separate from the prince; is  
4 that correct?

5 A Exactly.

6 MS. NAUGHTON: Can we identify [REDACTED] with a  
7 source number?

8 THE WITNESS: Number one.

9 MR. SCHIPPERS: Did we assign a number to --

10 THE WITNESS: [REDACTED] No. 1, [REDACTED] No. 2.

11 MR. SCHIPPERS: Not in this deposition. There  
12 were other numbers. Did we establish a number for

13 [REDACTED]  
14 MR. WOODCOCK: We haven't.

15 THE WITNESS: Number two.

16 MR. SCHIPPERS: No. We have used two. Let's use  
17 No. 5 just to make sure.

18 MR. WOODCOCK: Let's make sure on the fellow from  
19 [REDACTED] he referred to him as [REDACTED] is that correct?

20 THE WITNESS: That's No. 5.

1 A Yes.

2 Q What's happening there?

3 A When is this?

4 Q This is November 4, '85.

5 A We had to -- we had already put a lot of money  
6 into this, sent seed money over there. And he said that  
7 for relocation of families, for relocation of his own people,  
8 2 million may not be enough. But I said, "Hey, we can't

10 MR. SCHIPPERS: May not be enough? The note says,

14 MR. WOODCOCK: Wait a minute. I'm not so concerned  
15 about whether it's 2 million is enough or not enough. What  
16 I'm more concerned about is what 2 million represents.  
17 You're testifying that 2 million represents money that would  
18 be used to relocate persons who are helping to rescue the  
19 hostages; is that correct?

20 THE WITNESS: In bribes to certain [REDACTED]  
21 [REDACTED] people.

1 A You've got to buy one because they are going to

5 A We would have, if we could do it, we would get a  
6 small boat. We could have one for I think about \$40,000.

7 Q What kind of a boat is it?

8 A A fishing boat because the Israelis are over there  
9 and the Israelis will sink anything that looks like a pleasure  
10 craft or anything like that. So they had to get an old

4 me at the hospital and said, "Come on down. You've got to

7 Q What happened when you got down there?

8 A Him and some people went into Ollie's office. I  
9 sat out on Pennsylvania Avenue right in front of the EOB.

10 Q What happened?

11 A I don't know.

12 Q Did [REDACTED] have you down there to sit outside the

14 A [REDACTED] likes drivers, you know. I'm not a boss

1 Q Who else was in the meeting? Do you know?

2 A No. I heard, but I don't know.

3 Q What did you hear?

4 A I heard they met some Irish guy. That is what  
5 I heard.

6 Q Do you remember his name?

7 A I think it is the guy you are talking about, but  
8 he wasn't under that name.

9 Q I need the name.

10 A I don't remember the name, but [REDACTED] said the  
11 guy walked in and he had one eye that just stared straight  
12 and he was with [REDACTED] was,  
13 and source number one. Is this the meeting?

14 Q This is something else. Let me run this by you  
15 and see if it means anything to you. This is a note  
16 from Nir, and it says, "Call from Nir, principals in Paris/  
17 Geneva, freed, now trying to make deal with us."

18 Do you know of anything going on with the  
19 principals at this time?

20 A No.

21 Q There is also a reference --

22 A Oh, yes. I do. When we provided the principals  
23 with some documents I kind of fibbed to [REDACTED] or  
24 let's call it I fibbed to the source country. I said that  
25 he -- this is his idea -- he said, "Look it. If we want to

4 an offer, and I can say, "Look, we are trying to help you.  
5 Now you help me."

6 So that was when that was.

7 Q Now keep in mind this is August 27, 1986 when you  
8 put your back out. Is this the period you are talking  
9 about?

10 A No, no, no.

11 Q So --

12 A What did I say?

13 Q This is August 27, 1986, the note that I am  
14 reading to you. This is a note attributed to a call from  
15 ~~Amiram~~ Nir.

16 Amiram A I never met Nir, never had anything to do with  
17 the guy.

18 Q Let me just go over this again with you. The  
19 note reads, "Principals in Paris/ Geneva. Freed, now  
20 trying to make a deal with us." Now, does that mean  
21 anything to you in that time period?

22 A No. Although I think the principals was in jail  
23 in Philadelphia then. But I would say --

24 Q You are here to enlighten us.

25 A This guy could do more from a jail cell if he could

2 Q There is another entry that says, "Trying to

4 mean anything to you?

5 A No. I think that was either Miller or Ollie,  
6 because I think Miller was scared to death. I think I  
7 told you I never trusted Miller.

8 BY MS. NAUGHTON:

9 Q I am sorry we have to skip around here  
10 chronologically, but we need to go back to the early  
11 summer of '85. There came a time where your plans got  
12 advanced enough that North said he could provide you the  
13 \$200,000 that was needed in order to -- for the payment of  
14 bribe and so forth.

15 A Right.

16 Q I gather there came a time where somebody was  
17 to actually physically bring the money down eventually  
18 for your brother to take [REDACTED] Can you tell us how  
19 that came about, how you got called down by North and  
20 so forth?

21 A I can tell you that. I got a call. I was --

6 MS. NAUGHTON: Right.

7 MR. SCHIPPERS: Sorry. I was mistaken.

8 BY MS. NAUGHTON:

9 Q All right. You got a call.

10 A Pawn called me at home. I was working nights  
11 because we have the 24-hour duty, and said, "Can I come  
12 down there around 6:00 or 7 o'clock because Ollie has got  
13 something?" So I said sure. So I went down there, and  
14 we sat around there until almost the next morning, 2 o'clock.

15 Finally this guy showed up.

16 Q Was this Jay Coburn?

17 A Yes.

18 Q Did you know at that point who he worked for?

19 A No.

20 Q When did you find out who he worked for?

21 A I can honestly say I still don't know who he  
22 worked for. I just, you know, I am not dumb, you know. I  
23 figured out who he worked for, but I did not know at that  
24 time. The only way I knew his name was even Coburn,  
25 because Ollie never said his last name. He said, "This is

5 Q Did you later figure out or discover that he  
6 worked for H. Ross Perot?

7 A No, only through -- is this relevant?

8 MR. SCHIPPERS: Answer the question, [REDACTED]

10 THE WITNESS: Yes.

11 MR. SCHIPPERS: How did you find out?

12 THE WITNESS: I read that book, Where Eagles Dare,  
13 and I found out Jay Coburn was one of Perot's guys.

14 BY MS. NAUGHTON:

15 Q Did you ever believe he didn't work for Perot,  
16 but worked for the Intelligence Agency?

17 A CIA, yes. I thought that. But, you know, working  
18 with Ollie was working with a lot of different people,  
19 and it wasn't easy to figure out where these people came  
20 from.

21 Q When Coburn finally showed up that night, late  
22 Friday night or early Saturday morning at Colonel North's

24 before?

25 A Yes. Oh, yes.

12 "I can't do it at 2 o'clock Saturday morning, you know.  
13 We will see what we can do."

14 Q Did you indeed help him with that?

15 A No. He never got back to me.

16 Q How did he know you were DEA?

17 A I don't think he knew I was DEA. I think he  
18 knew through Ollie. I don't know.

19 Q Did he have a suitcase as well as the brief case?

20 A No. Brief case.

21 Q Was anything --

15 Baltimore up there because it took him almost six hours  
16 because his guards, you know -- I don't think \$200,000 is

3 black guy went out and raped some broad, and you know,  
4 we talked. Ollie and I were very tight.

5 BY MS. NAUGHTON:

6 Q Who is this? Ollie tells you this?

7 A Yes. Ollie and I talked all the time. We  
8 didn't talk all the time about this stuff, you know. I  
9 mean I considered Ollie a very good friend of mine. But  
10 with Coburn it was just general conversation. This was in  
11 Ollie's office, and I think it was the third floor, 305.  
12 He had the Nicaraguan posters and all of that stuff, and  
13 we always joked about it. When are you going down south  
14 again. Who cares.

15 Q Did Ollie ever mention to you a plan to use any  
16 of this money from Coburn or Perot for the contras?

17 A No, never. It was always hostages. All he  
18 wanted was to get these people out. And he said that  
19 it was of utmost importance that we get some of these  
20 people out.

21 Q Did he say why?

22 A Not at the beginning. Well, the beginning was

23 ~~that was~~ Hickey told me that. After I think the  
24 first oil transaction, the drilling parts and everything,

25 I knew all about that, and I said, "Ollie, if you had given

3 Q You are talking about the missiles.

4 A Well, he said it was oil stuff.

5 Q That was in November --

6 A He would never say that he had ever sent-- to  
7 me. He would smile, but he would never admit it.

8 Q Was this in November of 1985 when you had these  
9 conversations or are you talking about after?

10 A When I [REDACTED] Because I saw it on  
11 [REDACTED] TV and [REDACTED] not that good, but I could --  
12 there was a plane that landed and took off, and I scoped  
13 a little out.

14 Q In November '85?

15 A I called him right then. I called him that day.

16 Q In November of '85?

17 A Yes.

18 Q Did you ask him about it?

19 A I said what about this plane that landed in  
20 Iran? He says, "It is just oil stuff, you know." And  
21 the next day the guy got out.

22 MR. WOODCOCK: What was it about the next --  
23 about it that caused you to connect it with North?

4 MS. NAUGHTON: Did you ask him about it later?

5 THE WITNESS: Yes. He would never say. He  
6 would give a little twinkle in his eye or something, but  
7 he would never say anything. He said that is just stuff.

8 BY MS. NAUGHTON:

9 Q He always maintained to you it was oil drilling  
10 equipment?

11 A Well I can tell you this. The last time I  
12 met him he said when Fordester tells me the old man wants  
13 something, I will do anything. That is what he said.

14 Q Was he referring to the President when he  
15 mentioned that?

16 A I don't know.

17 Q Well, he also referred to Casey as the old  
18 man occasionally.

19 A Yes. I don't know whether it was Casey or the  
20 President. Casey was still alive then.

21 Q We have been jumping around a little bit. When  
22 is the last time you talked to North where he made this  
23 comment?

24 A The latter part of November of '66. I saw him  
25 after, but we never talked about it.

1 Q And when you did talk about this, did you ask him

3 A No. I said, "Ollie, what are you crazy?"

4 Q Why? Why was that crazy?

5 A I said, "If I knew you had this kind of pull,  
6 we could have done this thing six months ago and we  
7 would have been out of here in '85."

8 Q Did you have sources who said that they could  
9 get the hostages released if they received weapons from  
10 the United States?

11 A Yes.

12 Q Which source or sources?

13 A Source one and two. Or source one and five.

14 Q What did they tell you?

15 A I have to digress a little here. When we first  
16 started in January, we went to source number one, the guy  
17 from [REDACTED] and as soon as he got there was hit upon by  
18 high ranking -- I think his name was [REDACTED] I think  
19 he is [REDACTED] or something or another. And [REDACTED]  
20 said, "We don't want money. We want guns. We want  
21 munition. We want armor." He said, "Well, I can't do  
22 that," because we were under the guise of -- we were under

5 March or April, February or March of '85, the first trip  
6 we took.

7 Q Did the subject ever come up again after the  
8 spring of '85?

9 A No, because I think we had told the source that  
10 forget it, you know. It has got to be a bribe situation,  
11 not a ransom, but a bribe situation. And we can't --  
12 we are not going to provide any weapons. I think even  
13 before source number five started working for me, I said,  
14 "Hey, look. If they ask you for guns or anything, forget  
15 it." He used to take leather jackets, you know, these  
16 <sup>b</sup> bomadier jackets because it gets cold up in the mountains.  
17 <sup>A</sup> He used to take them to these people.

18 Q Did five say that they wanted weapons? Did he

20 A Never. Well, he never told me that directly.

21 Q Did you ever bring that subject up with North?

MR. SCHIPPERS: Out loud.

Q Is that a no?

9

A No.

10

Q Okay.

11

A [REDACTED] told me that.

12

Q Did [REDACTED] tell you that before this conversation?

13

A [REDACTED] said you either get your brother or I will get another guy.

14

15

Q When [REDACTED] told you you needed another guy, did he tell you why?

16

17

A Yes.

18

Q What did [REDACTED] tell you?

19

A Said because this is a large sum of unappropriated monies. I don't think he said it in those words, but he said we can't touch this money.

20

21

22

Q Did [REDACTED] tell you where he got that idea?

23

A Fran Lawn. Jack Lawn. Our administrator.

5

Q So would I be correct in saying that your sense of

not being able to handle the private monies came from both

[REDACTED] and Colonel North?

8

A Yes. More from [REDACTED] than from Colonel

North.

10

Q Did Colonel North tell you that he had put this

12

A Never.

13

Q Have you ever seen -- during that time or since --

16

A No. We gave him a one time. We gave him a

Did you keep copies of these reports?

1 Q My question is, as you received money from the  
2 CIA, and the CIA ultimately received paperwork on what you  
3 did with the money, as is evidenced by this form, yet you  
4 also received money from North which you understood to be  
5 CIA money; correct?

6 A Yes.

7 Q Did it occur to you that North would also have to  
8 justify to the CIA what he was doing with the money he  
9 was giving to you?

10 A North could do whatever he wanted to do with his  
11 money as long as he gave it ~~to~~ and didn't ask for a  
12 receipt. I don't care what he gave to the CIA, XYZ, or  
13 anybody else.

14 Q What I am asking you is different than that. What  
15 I am asking you is did you believe that North would have to

17 A Yes.

18 Q How <sup>w</sup>as he going to do that if you didn't give

20 A I don't know.

21 Q Did you ever ask him about that?

22 A No.

4 A Always.

5 Q When you give money to an informant, you detail that  
6 in writing; don't you?

7 A Always.

8 Q So that to the extent North wasn't asking you for  
9 documentary support for your expenses, that was not in line  
10 with your expenses as a Government employee; is that  
11 correct?

12 A Now, wait, that is a little -- I would say that in  
13 all my years  I never worked -- I never worked for anybody  
14 like Ollie North before. I have always had to justify  
15 everything. I have justified everything.

16 You can go back through my career. I have been in

22 A As long as we are trying to get the hostages.  
23 That is all he was -- he was -- you know, how can I say it?  
24 He was passionately involved in this hostage thing.

25 Q Understanding that North was unique in your

5 A That is his problem. It ain't mine.

6 Q Well, you had some regard for North, did you not?

7 A Yes.

8 Q You didn't want to see him get in trouble, did you?

9 A No.

10 Q Well, then didn't you, as a friend, want to take  
11 him aside and say, hey, look, Ollie, you could be creating  
12 a problem for yourself because you are not documenting

14 A Yes. I can understand where you come from, but  
15 I just cannot say that -- I mean I just can't answer that.  
16 I can't say that I was worried about Ollie. I was -- hey --

17 Q Did you just think he could do whatever he wanted  
18 to do?

19 A No. I don't think he could do whatever he wanted  
20 to do. He always said that this is okay. I don't know who  
21 okayed it, but --

Q Where does this conversation come from that you are describing to me?

A I would tell him, hey, look, my American Express is calling me.

Q What does North say when you say that?

A He says I will get it for you as soon as I can. Trust me. He says, I am having a problem.

Q With whom?

A He never said. He said, I am having a problem, I am a little short, trust me.

He said somebody is out of town or out of the country.

Q Okay. I want to re-trace this testimony because now I am confused on it. There was from time to time a lag in your incurring expenses and North paying you for those expenses; correct?

A Exactly.

Q And there was at least one occasion when you, during this lull or this lag time, told North, look, I have got a problem with these expenses, what can you do about it; is that correct?

A Exactly.

Q And North's response was you have got to trust me, you have got to give me more time, somebody is out of town; is that correct?

- 1 A That is correct.
- 2 Q Now, was that a sequence that was repeated on any
- 3 other occasion?
- 4 A This was done just about every time.
- 5 Q Did it occur to you that was unusual in your
- 6 Government experience?
- 7 A Yes.
- 8 Q Did you ask North what kind of an operation he
- 9 was running that he couldn't pay in the ordinary way a
- 10 Government voucher, or a Government-incurred expense?
- 11 A I never gave him a Government voucher.
- 12 Q Let me ask it differently. A Government-incurred
- 13 expense? That he couldn't pay that in the ordinary way?
- 14 A No. But I think from the start Colonel North
- 15 explained, he said, hey, look, we get the money when we
- 16 can get it. That is it.
- 17 Q Does that sound like Uncle Sam to you?
- 18 A No.
- 19 Q Did it sound like Uncle Same to you at the time?
- 20 A Did it what?
- 21 Q Did it sound to you like the way the Federal
- 22 Government works at the time when he said we can get the
- 23 money when we can get it?
- 24 A Yes.
- 25 Q It did?

A Yes.

2

Q Why?

3

A Because I worked with the CIA many times. And I have yet to meet one guy that told me his right name, let alone give me money on time.

6

They still owe me money from when I went to for them, pulled a guy out of [REDACTED] They are --

8

Q So you did think this was the ordinary --

9

A I --

10

Q Wait a minute. Is it your testimony this was the usual way the CIA worked in your experience?

12

A No. I wouldn't say -- I am not coming down on the CIA. I think they do a good job, as well as they can do. They don't do things the way other agencies do them.

15

Q And --

16

A I think if Colonel North had legitimate expenses that would take him about a month or two months to get the money out of the CIA, yes. I will tell you that.

19

Q So nothing in that experience led you to question whether this was in fact Government money you were receiving is that your testimony?

22

A He never gave me anything except cash or traveller checks.

24

Q Okay. But that is a different question. There is nothing in this lag time that led you to believe that this

8 Q There was nothing in your experience with this

10 waiting months to be repaid, that led you to believe that  
11 North was using something other than U.S. Government money to

17 A No.

18 Q So no steps were taken?

19 A It was just to get source No. 1 in and out because [REDACTED]

20 [REDACTED]

21 Q Then let's go back to my original question. [REDACTED]

22 [REDACTED] was out, because the ambassador wouldn't go for it.

23

24 A No. Yes. To get this source in. But if we got

25 the hostages to the American embassy, then I think the

1 ambassador probably would have made a concession and flown  
2 them over [REDACTED]

3 Q But you know of no one who took steps to see if he  
4 could do that before -- you were going to wait to learn that  
5 the hostages had actually been released, right?

6 A Yes. Once they got out of [REDACTED] and over to  
7 [REDACTED] we were confident they would  
8 be okay. They would have medical treatment. But not like,  
9 you know, we are used to. They would get medical treatment  
10 like the Lebanese are used to.

11 Q Did you take any steps to see they would get  
12 medical treatment once they arrived [REDACTED]

13 A No. That was up to Colonel North. He said, "Once  
14 you get them here, I'll take care of them."

15 Q By here --

16 A Once you get them out, I'll take care of them. Not  
17 even that. Once you get your hands on them and they are  
18 in your physical possession, I'll take care of them.

19 Q Where did you intend that they would stay [REDACTED]  
20 [REDACTED]

21 A I would think [REDACTED] I didn't have  
22 anything --

23 Q You made no plans, then?

24 A No. They can stay in a hotel. They would stay  
25 wherever they wanted.

**UNCLASSIFIED**  
**TOP SECRET**

~~UNCLASSIFIED~~

1 Q Did you ever tell Colonel North you would make  
2 plans to rent a safehouse?

3 A We had talked about it once.

4 Q Had you rejected that idea?

5 A I didn't reject it. I don't think anybody  
6 rejected the idea. We were trying to think whether they  
7 would be better off [REDACTED] because if we got  
8 two, then we were going to go back and get the rest. You're  
9 going to have to compartmentalize, split up, put them in a  
10 box and keep them quiet, because they all want to go to the  
11 newspapers and tell their story. So we are going to have to  
12 kind of lock them up, you know. And this was the idea.

13 I thought it would be better [REDACTED]  
14 [REDACTED]  
15 [REDACTED]

16 Q But it was up to Colonel North to make the arrange-  
17 ments [REDACTED]

18 A It was his arrangement, yes.

19 Q What made you think once two of the hostages were  
20 released you could go in and get the rest?

21 A That was the deal. That was the deal with these  
22 people.

23 Q Explain that to me.

24 A Once whoever effected the release of two of them  
25 or one of them, they were dead if they didn't come out anyway,

1 so that was what mainly the money was for, to relocate these  
2 people. So then there was nothing to stop these people from  
3 getting everybody else out and all his friends, his family,  
4 whatever, and take the whole bunch if they were all together.  
5 We did not know that they were all together at this time.  
6 We were just trying for as many as we could. And not even  
7 just the Americans. We were trying for the British, French,  
8 Italian.

9 Q Are you saying, then, that once they accept your  
10 bribe money, the leverage --

11 A Once they take the money, they are in. They are  
12 dead if they don't.

13 Q So they might as well release them all, was your  
14 thinking. Was that going to take more money?

15 A Yes.

16 Q How much more money?

17 A Enough to relocate everybody.

18 Q Did you talk in numbers?

19 A Well, you're talking about, you know, 500 grand  
20 a head, probably.

21 Q Those are my questions on that episode. Does  
22 anybody have anything else? Okay.

23 Now, was it the TWA hijacking or the death  
24 that made that plan fail?

25 A It was a little of both.

4 A What do you mean what was I doing?

5 Q What's happening?

6 A Well, it was very quiet. The source No. 1 was  
7 going in and out.

25 A No.

**UNCLASSIFIED**

**UNCLASSIFIED**

1 Q Did you ever attend any meetings of the hostage  
2 location task force?

3 A Never. Never.

4 Q Why is it you were not a part of that?

5 A Because Mr. Azzam was in charge of that.

6 Q But after Azzam dropped out in July of 1983, how  
7 come it is that no one from DEA then attended those meetings  
8 or did anyone from DEA attend those meetings?

9 A I don't even think they told us about them. I  
10 thought Azzam was handling it. You can't answer that. If  
11 he's not there and he doesn't tell anybody to take his place,  
12 nobody goes.

13 Q All right. Did anybody, did Colonel North or any-  
14 one describe to you the meetings or what occurred?

15 A No, we thought they were a bunch of crap.

16 Q Now, tell me about Charlie Allen. When did you  
17 first meet Charlie Allen?

18 A In December of '85.

19 Q Where did you meet Charlie?

20 A At his house.

21 Q Do you remember when in December that was?

22 A Before Christmas. The second week.

23 Q How did that come about?

24 A He called us up or Ollie -- Colonel North had  
25 said, "Look it, I'm getting really inundated by everything."

9 A North told us.

10 MR. WOODCOCK: He mentioned [REDACTED] on that

12 THE WITNESS: Yes, sir. Allen, Charlie Allen  
13 tried to sluff [REDACTED] off.

14 MR. WOODCOCK: Wait a minute.

16 MR. WOODCOCK: When North first brings Charlie

19 THE WITNESS: No. I was in Ollie's office.

20 MR. SCHIPPERS: Who did Ollie mention the first

22 said what you tell him will get back to me?

2 MR. WOODCOCK: By himself. His name mentioned by

4 THE WITNESS: Yes. But about a day or two later,  
5 Ollie called or Fawn called and said, "Can you come over to  
6 the office and meet this guy [REDACTED] this major." He  
7 was a major.

8 MR. WOODCOCK: Did she call you?

9 THE WITNESS: Yes. I don't have a log of this.  
10 I went over and met this guy and he said, you know, he's with  
11 Charlie Allen. I didn't even know who Charlie Allen was

13 MR. WOODCOCK: You think this was in December of  
14 '85.

17 at his house. This was not at Ollie's office, if you follow

18 MR. WOODCOCK: I'm not following.

20 Q Let's go back to the North conversation. The  
21 first time North tells you about Charlie Allen, is that in

24 Q Okay.

25 A Mid December, then we go out to Charlie Allen's

5 MR. WOODCOCK: Before we leave this, is this when  
6 he first tells you of Charlie Allen? Is this a phone call  
7 or meeting or what?

8 THE WITNESS: A phone call probably.

9 BY MR. WOODCOCK:

10 Q To you?

11 A Probably.

12 Q Is that the way you recall it, that North called  
13 you and mentioned Charlie Allen?

14 A He said, "Look it, I'm inundated. I'm going here,  
15 I'm going left and right." He said, "From now on, just talk  
16 to this guy. It will all get back to me." I said, "I don't  
17 feel comfortable with that."

18 BY MS. NAUGHTON:

19 Q What did he say to that?

20 A He said, "Well, tell him and tell me too, or leave

23 A Not at that time.

24 Q When did you learn that?

5 Q Can you tell us then how the meeting at Charlie  
6 Allen's house came about? Did North go with you?

7 A No. I don't think you ought to take this down.

8 MR. GENZMAN: Why not?

9 THE WITNESS: All right. Take it down. I don't  
10 care.

11 He called it up and said, "Hey, look it, I've got

19 Q The first time you talked to Allen, he was

21 A Always. All he wanted was information. He

10 A Yes.

11 Q You thought he could get you money?

## EXAMINATION ON BEHALF OF THE SENATE SELECT COMMITTEE

1 BY MR. WOODCOCK:

2 Q According to your testimony, North called you up  
3 and says, "I'm inundated," and refers to this fellow Charlie  
4 Allen. Then your testimony -- is that correct? Is that what  
5 happened?

6 A Yes. Basically, yes.

7 Q Okay. Then you testified that you next hear from  
8 Charlie Allen who says, "Hey, I've got these meetings"?

9 A No. No, I met -- I was over in Ollie's office  
10 and this guy [REDACTED] came in.

11 Q I want to get the sequence down. So first you get  
12 the phone call from North where he says, "I'm inundated," and  
13 brings up Charlie Allen; is that correct?

14 A Yes.

15 Q I assume he's bringing up Charlie Allen as taking  
16 over some of North's responsibilities because he's inundated  
17 is that right?

18 A Correct. This was only -- this was not in actual  
19 sequence of extracting the hostages. This was more we were  
20 at this point trying to formulate, were they right there,  
21 were they right there, you know, exactly put them in the

1 Q So, after the phone call from North, but before

3 [REDACTED]  
4 A Yes.

5 Q How does that come about?

6 A I met him in Ollie's office.

7 Q How did it come about that you met him?

8 A Ollie said that [REDACTED] through Allen could  
9 provide some funding for my source number five.

10 Q And was [REDACTED] in uniform?

11 A No.

12 Q Did you understand that he was in the military?

13 A It would be hard not to.

14 Q That is because of his bearing; is that correct?

15 A Yes.

16 Q Did [REDACTED] confirm he was in the military  
17 at that time?

18 A I think he said he was a Major.

19 Q Was anyone else present at the meeting?

20 A No.

21 Q What was [REDACTED] relationship to Allen  
22 explained to you at that time?

23 A He worked for Mr. Allen. He was [REDACTED] or  
24 something.

25 Q Did Ollie explain in front of [REDACTED] that

2 [REDACTED] was supposed to do?

3 A He said at that meeting, he said, look it.  
4 Introduce him to source number five and source number one,  
5 which we did. We took him up to New York.

6 Q How long after that?

7 A Within a week. He said, you can trust the guy and  
8 he will try to help you get some money for these guys. He  
9 said, I am tapped out. I can't do it.

10 Q Now, at this meeting with [REDACTED] did you set  
11 up the meeting with Charlie Allen at his home?

12 A No. Charlie Allen called [REDACTED] called me  
13 and said, come over and pick me up. It was Sunday afternoon  
14 It was snowing. I can't forget it, because we got to his  
15 house and he says, do you want anything? I said yes. He  
16 said, well, I don't have that. I mean, I think Charlie Allen  
17 is just a strategic planner or something. I don't know what  
18 he does. He is an information-gatherer.

19 Q Let me ask you this [REDACTED] If [REDACTED]  
20 were to say the first time he met you was in the Old Brogue

22 A He is a liar.

23 Q He would be a liar?

25 Q If Charlie Allen was to say the first time he met

2 A He might be telling the truth, I am not sure.

5 A Was Ollie there?

6 Q At the Old Brogue Tavern?

7 A Yes.

8 Q Yes.

9 A I have only been there one time.

10 Q When do you think that was?

11 A Early part of '86.

12 Q Why were you there?

13 A To meet Ollie, Charlie Allen. It might have been  
14 Christmastime of '85. I don't know really. I remember being  
15 at the Old Brogue Tavern because I lost a hubcap that night.

16 Q And [REDACTED] was there as well; correct?

17 A I picked him up and drove him home.

18 Q To the best of your recollection, that is the first  
19 time you met Charlie Allen; is that right?

20 A No.

21 Q You first met Charlie Allen in his home?

22 A No.

15 A Yes. It was, I would say, the latter part of

17 to New York. We met [REDACTED] He met source  
18 five. He gave him \$100.

10 A Yes. NSA.

11 Q Did Charlie Allen or [REDACTED] tell you anything  
12 about what their operation was all about?

13 A All they wanted was information. They did not want  
14 to get involved physically with the extraction of anybody.  
15 They just wanted -- they said they had no sources of information  
16 in the Middle East. All they want is some information coming  
17 out of there, and we said, well, if that is all you want is  
18 information, we will give it to you. I mean, you could tell

16 Q Who was Charlie Allen supposed to get it from?

17 A I don't know.

18 Q Did either of them mention meeting with CIA Director  
19 Casey over this issue?

20 A No.

21 Q Did Allen ever mention Casey at all?

22 A I don't think so. Allen mentioned Poindexter, but  
23 never mentioned Casey, to the best of my recollection.

24 Q Did North ever mention that Allen --

5 Q What did he tell you about that?

6 A He said if this guy can do it, he will do it. But  
7 he never, you know -- Ms. Naughton, it wasn't in terms where  
8 Charlie Allen will do this or Casey will do this, or  
9 Poindexter. It wasn't like that. It was we will see what we

16 I would say, it is me. I wouldn't even ask for Ollie. I would  
17 just say, is he there?

18 Q Did you ever get money from either Charlie Allen or  
19 [REDACTED]

20 A Never.

21 Q Do you know, aside from the \$100 that was paid to the

5 Q Did that upset you? Did you talk to [REDACTED]

7 A I probably did, you know.

8 Q Do you recall what you said to him?

9 A No. I said, if you want to talk to my source,

11 we went ahead and did it anyway. You gave us "ugada", so that is  
12 the way it goes.

13 Q Did you get the impression that Allen and  
14 [REDACTED] were just there to sort of sap information out

16 A Yes. That is what I said from the start.

17 Q Sort of a one-way street?

18 A Yes. Nothing but.

19 Q Did there come a time when you sort of then gave them  
20 the cold shoulder?

21 A Well, what we were giving to them we were giving to

2 Q So you continued to tell Ollie what you were doing?

3 A Always.

4 Q Now, as of -- if we can move them to about the  
5 May period of 1986, there came a point in time where Jay  
6 Coburn and Tom Clines sort of come into play here. Could you  
7 tell us what that plan was all about, and how that was to go

9 Could you give me a time period? I might not be  
10 right on that.

11 A Middle of May to the first week of June, I was over  
12 there [REDACTED] At this time, source number five had some  
13 connections [REDACTED] to extract  
14 two or three hostages. At this time, they said that Buckley  
15 was dead. Colonel North said, well, get whoever you can get.  
16 We first asked for approval by -- or not approval -- bona fides  
17 by saying all right, if Buckley is dead, why don't you just  
18 give us his bones, which we can take to the FBI laboratory  
19 and have them analyzed and say, at least it is American.  
20 Whether or not it is Buckley, who cares, but he tried that and  
21 they weren't going for it. They said they wanted some money  
22 up front.

23 So, source number five is always a frugal guy. He  
24 said, give me 20 grand. So, I called [REDACTED] and Ollie and they  
25 said -- and I said, I need some money over there, you know.

11 We want Americans.

12 Once we have the bodies, we can deal, because they have

1 A First week of June.

2 Q Before you leave [REDACTED] let me ask you a question  
3 about Tom Clines. You testified that Tom Clines flew into  
4 [REDACTED] correct? Did you know he was coming?

5 A Yes.

6 Q How did you know he was coming?

7 A Either [REDACTED] or Ollie called me and gave me the  
8 tail number of his private plane. I went out and met [REDACTED]  
9 [REDACTED]

10 Q Who did you understand him to be?

11 A A friend of Ollie's.

12 Q Did you have --

13 A An employee of Ollie's actually.

14 Q What did you understand he was supposed to be doing  
15 there?

16 A Assist us. He said he will arrange the boat,  
17 because we knew by then we were going to need a boat sooner  
18 or later.

19 Q Was that the first time you had ever heard of  
20 Tom Clines?

21 A Yes.

22 Q Did you ever hear of him again after that?

23 A After?

24 Q Right.

25 A Until this whole thing started?

2 in November.

3 A I had a couple of lunches with him.

4 Q Here in the United States?

5 A Yes.

6 Q Why?

7 A He wanted to introduce me to one of his friends,  
8 Robinette.

9 Q When did he introduce you to Robinette?

10 A October-November '86.

11 Q Why did he want to introduce you to Robinette?

12 A We struck up a relationship over there. He was  
13 a nice guy.

14 Q Even though you distrusted him in the beginning?

15 A I will digress a little. He had an ulcer over there.  
16 He couldn't smoke his cigars and he wanted to. He loves to  
17 smoke them, so he just held one. He couldn't drink. So he  
18 said, when we get back to Washington, I will take you out to  
19 lunch. So we went out to lunch.

20 Q You went out to lunch with him a couple of times,  
21 is that correct?

22 A Once.

23 Q At that lunch, Glenn Robinette was there as well?

24 A Yes.

4 Q Got back from [REDACTED]

5 A Yes.

6 Q So that was this June of 1986?

7 A Yes. I met Robinette one other time.

8 Q How did that come about?

9 A He called either my office or [REDACTED] office, and  
10 said, can you meet for lunch, and we went to lunch at the  
11 International Club on 18th and K.

12 Q When was that?

13 A That was after we got out, June, July, August,  
14 something like that.

15 Q Why did Robinette want to have lunch with you?

16 A To the best of my knowledge, he had some client who  
17 was an elderly woman whose daughter was strung out or something  
18 you know, snorting coke or something, and he wanted to know  
19 what the best way -- he was just bull-shitting her to make  
20 his money.

21 So he said, these are two narcotic agents. They are  
22 friends of mine. Tell your daughter, go check into Hazelwood

16 A Yes, but is this relevant?

17 Q Yes.

18 A Yes.

19 Q What did he tell you?

20 A He said they got this hamburger case, he called it  
21 down south, where somebody allegedly killed somebody or some  
22 and Clines and Calero and all these people are mentioned in  
23 the thing, and he said what do you know about it? I said

6 Q Did either he or Colonel North discuss the  
7 installation of the security fence<sup>6</sup> on Colonel North's

10 even think he had that big a house out there, because I used  
11 to push his pick-up truck to get it started when he would

14 A I would say early this year. I didn't talk to him

17 A He asked me to check something out, and I said

Q When was that?

5

A Very early in '85 I would say about March or

6

April in Mr. <sup>C</sup> ~~Hikey~~'s office. He came in when he was still

7

the assistant. I think it was our first trip back and he

8

was very enthusiastic. He knew all the times and the

9

names of the people we were talking about, [REDACTED]

10

And

11

you know he knew all the people. He knew all the names

12

anyway. He was very enthusiastic.

13

Q Was there a discussion at that meeting about money?

14

A No.

15

16

Q Did Mr. <sup>C</sup> ~~Hikey~~ ever take any steps to try to see if he could get some money for your project?

17

A No. General, I will tell you how it evolved.

18

<sup>C</sup> ~~Hikey~~'s aid was General Caulfield. Caulfield, when I came

19

back and <sup>ZZ</sup> ~~Admiral~~ wouldn't give us the 200,000 that the CIA had

20

already given them to us but he wouldn't release it,

21

Caulfield says let me make a call and I will see if I

22

can set something up. That is when I met Ollie North.

23

Q Was that your only involvement with Caulfield?

24

A Other than friendship, yes, sir, personal.

3 Q Now, do you know whether or not Colonel North  
4 had any dealings with [REDACTED] in attempting to  
5 extricate the hostages?

6 A No. I don't know. [REDACTED] and I did.

7 Q Why don't you tell us what that was about.

8 A We met with [REDACTED]  
9 [REDACTED]  
10 [REDACTED]  
11 [REDACTED]  
12 [REDACTED]

13 [REDACTED] Somebody had mentioned that

16 [REDACTED] may be able to provide a little monetary  
17 assistance. Other than that, it never went any further.

18 Q You discussed it with him?

19 A Yes.

20 Q Did he take it to [REDACTED]?

21 A I don't know. It never went any further as far  
22 as I know.

23 Q You never heard back?

5

A He said fine. I need all the help I can get.

6

If you can do that, do it. It was one of [REDACTED] superiors

7

that suggested that we do this, Frank Manastero.

8

Q But what period of time are we talking about

9

that you went to see him?

10

A Early on. I would say the first part of '85.

11

Q Do you know whether or not Colonel North was

12

involved in any [REDACTED] or whether he was involved

in [REDACTED] in regard to extricating the hostages?

5 A No.

6 Q Is that no?

7 A No.

8 Q Now, Colonel North has testified before the

10 have sort of an off the shelf separate enterprise or

13 A No, I was not aware of any.

14 Q When you heard that at the hearings, were you

17 Q Why not?

18 A I think being around Ollie as much as I was, he

7

A No. He never had any money as far as I am

concerned. He had money but he never had enough.

9

Q Did Ollie ever mention Zucker to you?

10

A No. Copp was the only one who<sup>was</sup> mentioned.

11

I met Copp through Ollie so therefore I met Zucker through

Copp, so Ollie must have known I was meeting this guy.

2 A No.

3 Q You testified that as things began to get more  
4 difficult for Lt. Colonel North and people were searching,  
5 were they searching him? Was that the problem or who was  
6 being searched?

7 A It was just they tightened up everything in the  
8 EOB. We use to be able to carry our gun in there and  
9 then they stopped us and you had to put it in a little safe  
10 so then we started leaving it outside and putting it  
11 in the trunk of the car.

12 Q This tightening of security wasn't aimed at  
13 North?

14 A No. I think it was something after somebody  
15 climbed the White House fence they tightened security. He  
16 did say one time when I called I will meet you outside.

17 Q Why is it he couldn't give you money inside?

18 A He said they are really searching everybody. I

20 them in the computer.

21 Q It wasn't a problem for you to get in, is that

5 trying to scam something or something.

6 Q I understand.

7 A If he owed me \$6000 and he gave me \$6000 but  
8 then if they wanted to they would stop you. I think somebody  
9 tried to do something in EOB or something, I don't know  
10 whether they ripped something out but they were looking at  
11 everybody closely. He said it's better if I meet you  
12 outside.13 Q Was he afraid you would be searched on your way

16 thought it was better for both of us.17 Q So he met you outside and gave you the  
18 money outside.19 A This was the last time, yes. Everybody knew  
20 something was coming down.21 Q Where did you end up having the money exchange

10 hey, American Express is after me. I need this money--  
11 you know. When can you do it? He says give me ten days,  
12 a week or ten days. So I called him back and he said all  
13 right, you know. I have got it. How much is it though?  
14 Because this time he wanted pretty exact, you know.  
15 Usually he was 57, 67, something like that. This time it  
16 was pretty, you know like it came down to 70 or 80 dollars,  
17 something like that, plus whatever the amount was.

6 A A similar thing. He came out and pulled a yell

16 Q You say North was a little more particular about

18 why that was?

19 A No. I think it was because he was very close  
20 to the -- I don't think he had that much.

21 Q In the past would he just ask you for round

23 A Not round figures. We would say we spent \$5800

10 For two years I used my personal car parking,

[REDACTED] I said hey, maybe this guy can help us. I said anyway, [REDACTED] doesn't like to travel, you know. Two or three days and he is gone. So I said if I've got to spend all this time overseas, I want to spend it with somebody I like and that can help us and the FBI has connections. And that was it. Ollie said okay. I think

5 A [REDACTED]

6 Q Yes.

7 A Yes.

8 Q Did [REDACTED] ever meet with North?

9 A Only the one time I brought him for about 20  
10 minutes.

11 Q Colonel North met with Mr. Lawn in October of '86.  
12 Do you know what that was about?

13 A Yes. I don't know. I wasn't there. I understand  
14 it was about me and [REDACTED]

15 Q Did Ollie tell you this?

16 A No. [REDACTED] told me.

17 Q From whom had [REDACTED] heard it?

18 A [REDACTED] had set up the meeting.

19 Q What was the purpose of the meeting?

20 A Well, at this point in time it was almost two  
21 years that I had been working with Ollie, not quite two  
22 years. But I think Mr. Lawn was inquiring about what was  
23 going on, why we were -- I don't know what the meeting was.  
24 You have to ask them. I really -- I heard it went okay.  
25 That's all I heard.

MS. NAUGHTON: I think we have been pretty thorough but I always have that feeling like we haven't covered something we should.

Are there any questions or areas we should ask you about that might be important to our inquiry that we have not phrased in the right way or asked about?

THE WITNESS: No, I don't think so. I think I have been very forthcoming. I tried to explain most of

Whereupon,

called as a witness by counsel on behalf of the Senate Select Committee and having been duly sworn by the Notary Public, was examined and testified as follows:

EXAMINATION

BY MR. WOODCOCK:

Q Would you state your name for the record and spell your last name, please?

A

Q my name is Tim Woodcock. I'm Associate Counsel with the Senate Select Committee on Secret Military Assistance to Iran and the Nicaraguan Opposition. This deposition is being held under the authority of that Committee, under the resolution that enables it. It is, therefore, an official inquiry of the Committee and the information that is imparted to the Committee through this deposition may be used in fulfillment of its resolution.

Also attending here are Associate Counsel representing the House Select Committee on the Iran-Contra investigation -- Pam Naughton and Bob Ganzman. I think it's fair to say that this deposition, too, is being held under the auspices of their enabling

14 Q Now, I assume that for the most part you've  
15 been a special agent of the DEA; is that correct?

16 A That's correct.

17 Q You are currently, however, in an  
18 administrative position with the DEA; is that right?

19 A Well, you could say administrative, yes. It's  
20 a line position, support position we call it.

Q So that brings you back to approximately what, 1984? Would that be correct?

Q So you were transferred here to Washington?

A Right.

Q [redacted] let me bring you back to your first involvement with attempts to locate and rescue hostages in Lebanon. Could you tell us when this first came to your attention?

A In January of 1985.

UNCLASSIFIED

UNCLASSIFIED

8

1 Q How did it come to your attention?

2 A I had an agent, <sup>Agent #1</sup> [redacted] contacted me sometime  
3 in January, and asked me if I had any sources that were  
4 involved with the Middle East. <sup>1/8</sup>

5 Q Now that would be <sup>Agent #1</sup> [redacted] is that  
6 correct?

7 A That's correct.

8 Q Did he explain to you why it was he was  
9 calling you, at whose behest?

10 A Yes. He said he was talking with Ed Hickey.  
11 Is it Hickey? Yeah.

12 Q And who did you understand Ed Hickey to be?

13 A He was an assistant in the White House.  
14 That's all I knew.

15 Q So when you got this, you say it was a phone  
16 call, from <sup>Agent #1</sup> [redacted] did you and he get together on this  
17 subject?

18 A <sup>Agent #1</sup> [redacted] and I did. We briefly spoke about the  
19 possibility of getting intelligence out of Lebanon or out  
20 of the Middle East regarding the hostages.

21 Q What steps did you take on that subject?

22 A I took none at the time. <sup>Agent #1</sup> [redacted] said that we  
23 would be seeing Hickey and when we got an appointment we  
24 would go and talk to him about it.

25 Q Did you then get an appointment?

UNCLASSIFIED

UNCLASSIFIED

9

1 A Yeah.

2 Q And was that also in January?

3 A In January.

4 Q So what happened when you went to your  
5 appointment with Hickey?

6 A I met Hickey and there was a general there,  
7 General <sup>Caulfield</sup> ~~Coffield~~. We had a very general meeting, talked  
8 about different things in law enforcement because Ed  
9 Hickey was a Secret Service agent at one time and he  
10 asked the question, you know, how was our network. How  
11 is our ~~Intelligence~~ ability in Lebanon? And I told him.

12 [REDACTED]  
13 [REDACTED]  
14 [REDACTED] And he asked about, in general,  
15 the hostages and the people who I thought was holding  
16 them, et cetera. And I explained to him that these are  
17 terrorists who are also narcotic dealers, that the

18 [REDACTED] and the  
19 [REDACTED] is noted for its traffic in hashish and  
20 manufacturing of heroin.

21 Q Now were any plans made at this meeting to go  
22 forward?

23 A Well, there was some concern about the  
24 hostages, and particularly Buckley.

25 Q That is William Buckley?

UNCLASSIFIED

UNCLASSIFIED

10

1 A That's correct.

2 Q And did that concern express itself in any  
3 next steps planned at that meeting?

4 A Concern about Buckley was very heavy.

5 Q And did you and Hickey and ~~and~~ and Coffield  
6 agree on what the next step should be?

7 A Well, we decided we would probe contacts and  
8 sources of information and see what the feasibility is,  
9 the actual feasibility of gleaning intelligence and  
10 collecting it in a timely manner.

11 Q Now, did there come a time when you brought  
12 this to the attention of your superiors at DEA?

13 A I sure did.

14 Q When did that happen?

15 A In January, subsequent to this meeting. I  
16 contacted my immediate supervisor. I told him --

17 Q Who was that?

18 A [REDACTED] And we went  
19 right up the ladder. The next person up was Dave  
20 Nestrate -- N-e-s-t-r-a-t-e. After him was Frank  
21 Monestero -- M-o-n-e-s-t-e-r-o. And last, but not least,  
22 Mr. Lawn, John Lawn.

23 Q Now, as you went up the ladder --

24 A Each level had to approve to the upper level.  
25 You know, the chain reaction type of thing and finally

UNCLASSIFIED

**UNCLASSIFIED**

1 had a briefing with Lawn and that was it.

2 BY MS. NAUGHTON:

3 Q Excuse me. Had Bud Mullen left by this time

4 A No. He was there.

5 Q Is there any reason he wasn't told about this

6 A Well, I didn't have an audience with him, if

7 that's what you mean. He was the Administrator.

8 Q But do you know whether or not Mr. Lawn told

9 him about it?

10 A I'm sure Bud Mullen approved it. I'm sure he

11 was briefed.

12 Q When you say you are sure he was, do you have

13 any indication that he was?

14 A Only what [REDACTED] would tell me or Westrate

15 Monestero.

16 Q And what did they tell you?

17 A That is was approved by the Administrator.

18 Q At that time that was Mr. Mullen?

19 A Right.

20 BY MR. WOODCOCK: (Resuming)

21 Q Now you say it was approved ultimately by the

22 Administrator. What precisely was approved by the

23 Administrator as you understood it?

24 A What was approved was that we would try to

25 up a network in the Middle East in order to get

12

1 information regarding the hostages, but we wouldn't do it  
2 strictly for information on hostages. We would do it in  
3 two phases. One would be narcotics investigations, which  
4 would be handled by some of the agents in the area. And  
5 the second part, that would be handled by <sup>Agent #1</sup> [redacted] and me,  
6 was the hostage information, intelligence, however you'd  
7 like to call it.

8 Q Now, <sup>Agent #2</sup> [redacted] to your knowledge was this  
9 proposal ever reduced to a memorandum form and sent in to  
10 someone's desk, or was it all done orally?

11 A It was all oral.

12 Q Now on the same subject, you understood that  
13 this was basically a split authority, that there would be  
14 some concentration on the narcotics side and there would  
15 be concentration, specifically you and <sup>Agent #6</sup> [redacted] on the  
16 hostage information side; is that correct?

17 A Um-hum.

18 Q Did you also understand that this plan  
19 comprehended more than simply information on the hostages  
20 but also rescue of the hostages?

21 A In my mind I understood that. If I had a  
22 chance to extract them, I would have done it.

23 Q Now, did you have any understanding as to what  
24 your reporting requirements were to DEA on this project?

25 A My reporting requirement at the time was to

**UNCLASSIFIED**

TOP SECRET

13

1     **Abe Azzam**, who was put in charge of this operation by  
 2     Monestero.

3             Q     Now, I gather there came a point when you  
 4     actually met face to face with Mr. Azzam on this subject;  
 5     is that correct?

6             A     Yes.

7             Q     And when did that happen, to the best of your  
 8     recollection?

9             A     In February, early February. Azzam was on a  
 10    trip overseas, so we decided to kill two birds with one  
 11    stone, so we contacted some sources [REDACTED] and we  
 12    told them to meet us [REDACTED] And then I contacted  
 13    Azzam [REDACTED] and  
 14    told him to meet us [REDACTED]

15            Q     Now when you say "we contacted" --

16            A     Well, I contacted -- me or <sup>Azzam #1</sup> [REDACTED] did it.

17            Q     I'll be asking you that from time to time. I  
 18    know that you and <sup>Azzam #1</sup> [REDACTED] worked as a team.

19            A     I couldn't tell you if he did or I did, but it  
 20    was one of us.

21            Q     One or the other?

22            A     Right.

23            Q     And so Azzam was contacted, and I gather a  
 24    meeting then ensued; is that correct?

25            A     We met [REDACTED]

UNCLASSIFIED

**UNCLASSIFIED**

14

1 Q Now who was present at the meeting?

2 A It was myself [redacted] and an agent  
3 [redacted] who was  
4 [redacted]  
5 The agent in charge of that office wasn't  
6 around, so that's why the second agent came.

7 Q What was the purpose of this meeting [redacted]

8 [redacted]  
9 A Well, primarily in a manner of getting  
10 intelligence, [redacted]

11 [redacted]  
12 [redacted] So that's why he  
13 was present.

14 Q The source was present?

15 A Well, the source -- [redacted]  
16 [redacted] breaking them down one by one.  
17 [redacted] was there because we picked [redacted] and  
18 he ended up being there.

19 Q So it was his turf?

20 A Yeah. What can you do? And we decided that  
21 it would probably be the best place to meet in the future  
22 [redacted]  
23 [redacted]  
24 [redacted]

25 Q Now, I gather there came a point in the course

**UNCLASSIFIED**

**UNCLASSIFIED**

15

1 of this meeting where one of your sources appeared as  
2 well; is that correct?

3 A We had a source and a sub-source.

4 Q Now the source -- let me just give you a  
5 generic description and see if this is the person that  
6 you were dealing with. [REDACTED]

7 [REDACTED]  
8 Is this the person you were dealing  
9 with?

10 A Yes. We'll call him Source 1 as the interview  
11 goes on. How's that?

12 Q All right, Source 1.

13 A Because there will be some other sources, and  
14 we'll number them.

15 Q [REDACTED]  
16 [REDACTED] Is that Source 2?

17 A That's correct [REDACTED]

18 Q Now, Source 1 came to the meeting, I gather,  
19 to be briefed on what it was you people had in mind; is  
20 that correct?

21 A Well, I had talked to him in the State  
22 originally about what the feasibility is [REDACTED]

23 [REDACTED] So then we met there  
24 again to talk about the feasibility of setting up a  
25 network and the movement of information, location of

16

1 hostages, and along with that we also discussed the  
2 narcotic part of it and how we wanted information [REDACTED]  
3 [REDACTED]  
4 [REDACTED]

5 We wanted narcotic information to come out at  
6 the same time, [REDACTED]  
7 [REDACTED]

8 Q Now by this time was Source 1 agreeable to  
9 cooperating on this, on the hostage side?

10 A He volunteered, yes.

11 Q And how about Source 2?

12 A Source 2 agreed, yes.

13 Q What happened next?

14 A We all got up and went home, basically. We  
15 had agreed with it. The sub-source went back into the  
16 [REDACTED] and I think Source 1 came back with me. No,  
17 they both went [REDACTED]

18 Q By this time I gather your operation had  
19 formal SEO designation; is that correct?

20 A A special enforcement operation project was  
21 assigned to this initial phase, and so we had some money  
22 to travel and we had some money to pay source and  
23 expenses.

24 Q Now after this meeting [REDACTED] what was the  
25 next step?

UNCLASSIFIED

**UNCLASSIFIED**

17

1           A    Well, the next step was that we met with, of  
2   course, my people, with [REDACTED] and Monestero and  
3   everybody. At that time Azzam was in charge, so when  
4   Azzam was in charge you don't have to do anything any  
5   more; he does it all.

6           Q    You mean administratively?

7           A    Everything -- verbally, administratively,  
8   supervisory. So we were just kind of there waiting for  
9   calls from the sources.

10          Q    You and [REDACTED]

11          A    Yeah.

12          Q    Fifth wheels? Is that what's happening here?

13          A    Yeah. We were the second channel, I guess, or  
14   third channel maybe.

15          Q    Well, since Azzam is in charge and Azzam is  
16   doing everything --

17          A    So he was briefing everybody. He briefed  
18   Monestero.

19          - Q   What was happening, then, from your  
20   perspective?

21          A    He briefed Monestero and we were told that the  
22   thing was still authorized, to do it, and he then was  
23   assigned to some committee called Hostage Recovery  
24   something.

25          Q    The Hostage Locating Task Force?

**UNCLASSIFIED**

**UNCLASSIFIED**

18

1 A Yeah, that's right. So he had his Monday  
2 morning meeting there.

3 Q And that's Mr. Azzam you're talking about?

4 A Mr. Azzam. So he got very close to the FBI,  
5 and meanwhile there was only one or two FBI agents there,  
6 but primarily he got very close to CIA in that meeting.

7 Q Okay. Now what's happening? I mean, Mr.  
8 Azzam is joining the Hostage Locating Task Force. He's  
9 briefing Monestero. What are you doing?

10 A Basically he's in control of it and we were  
11 getting phone calls on occasion from Source 1 giving us  
12 some information regarding the location of the hostages,  
13 about their health and their movement.

14 Q And you are passing that on to Mr. Azzam?

15 A I'm passing that on to Mr. Azzam. Matter of  
16 fact, I gave him some notes, brief notes, on it which  
17 then he would -- I don't know what he did. I guess he  
18 briefed the Committee on what a great job we were doing.

19 Q Let me back you up a little bit on this. You  
20 are getting phone calls from Source 1.

21 A That's right.

22 Q Now does Source 1 call only you, or does he  
23 feel free to call [REDACTED]

24 A He'll call [REDACTED] if he can't find me.

25 Q So these communications that are coming in

**UNCLASSIFIED**  
TOP SECRET

**UNCLASSIFIED**

19

1 from Source 1 are coming either to you or [REDACTED]

2 A Right.

3 Q And do you then share them with [REDACTED] and  
4 bring them up to Azzam?

5 A Sure.

6 Q And he vice versa; is that correct?

7 A Yeah, sure.

8 Q Now, during this period -- let's confine this  
9 to the month of February so far -- what's happening with  
10 Source 1 from the information that he's giving to you?

11 A Well, we're getting information regarding the  
12 groups that are holding the hostages and the politics of  
13 it [REDACTED] We'd give it  
14 to Azzam and Azzam gave it to the CIA.

15 Q And I gather the Source is traveling [REDACTED]  
16 [REDACTED]

17 A Well, the source has come out, right? And  
18 then he has set up somewhat of a network that he can call  
19 the sub-source that we met [REDACTED] and other people  
20 that he started to develop, other persons [REDACTED]  
21 [REDACTED]

22 Q Now, does there come a point when you get the  
23 understanding that CIA is also becoming involved in this?

24 A Oh, yeah. We knew that CIA was involved in it  
25 always.

**UNCLASSIFIED**

**UNCLASSIFIED**

20

1 Q From the start?

2 A Sure.

3 Q Even in January?

4 A Yeah. When we had a meeting with Hickey he  
5 said the CIA was involved in it. That's where the  
6 Buckley thing came out [REDACTED]  
7 [REDACTED]

8 Q Buckley's status was a sensitive matter?

9 A Why it was necessary to pull Buckley out of  
10 there. You're aware of that, right?

11 Q We're aware of that.

12 A So were we aware of that.

13 BY MS. NAUGHTON: (Resuming)

14 Q Excuse me. Did Hickey tell you that he knew  
15 Buckley personally?

16 A Yes.

17 Q What did he tell you about their relationship?

18 A Nothing. You know, he just said he knew  
19 Buckley [REDACTED]  
20 [REDACTED]  
21 [REDACTED]  
22 [REDACTED]  
23 [REDACTED]

25 Q So you understood that CIA had an interest in

**UNCLASSIFIED**

**UNCLASSIFIED**

21

1 this all along. You also understood they were actively  
2 involved in the DEA side of it from the start; is that  
3 correct?

4 A Well, not the DEA side. They were actively  
5 involved in their own side of it. We knew -- you know,  
6 we had some, let's say, coordination with them because of  
7 Azzam's job on that Committee and his meetings with them  
8 all the time.

9 Q Did there come a point when you understood  
10 that CIA was actually funding this along with DEA?

11 A Well, somewhere down the line we had a few  
12 meetings and we got a little money from them. We figured  
13 we gave them all this information; they should give us  
14 something.

15 Q It's not an inequitable thought.

16 A And since our information was the best coming  
17 out at the time --

18 Q Now, when you say "we had a meeting with  
19 them", is that you and [REDACTED] and Mr. Azzam?

20 A Well, Azzam always met with them. Let me see.  
21 I have some chronological order here. As I said, Azzam  
22 was the one in charge of this operation, so he met with  
23 the CIA more than anybody, and we then, [REDACTED] and I and  
24 Azzam, met finally with a couple of CIA people regarding  
25 this matter. And that's when it was agreed they would

**UNCLASSIFIED**

UNCLASSIFIED

22

1 give us \$50,000 in operation for sources.

2 Q And they gave it, I gather, directly to [REDACTED]  
3 [REDACTED] is that correct?

4 A They gave it to [REDACTED] right.

5 Q Do you recall the names of the CIA people?

6 A One was [REDACTED] and I don't know. I recall  
7 [REDACTED] a only named [REDACTED]

8 Q [REDACTED]

9 A [REDACTED] right. These are the people I think  
10 we met. [REDACTED] though, I saw a few times.

11 Q Would it be fair to say that would be  
12 approximately mid-March when that money would have  
13 changed hands?

14 A Yeah, exactly.

15 Q Now after you received this, what, \$50,000  
16 from CIA; is that correct?

17 A Right.

18 Q What did you do with it?

19 A Well, initially we made a payment in mid-  
20 March to Source 1 of \$20,000.

21 Q And that's you and [REDACTED] when you say  
22 "we"?

23 A That's correct. Which we, by the way, used a  
24 DEA receipt to acknowledge the receipt of the money, just  
25 a habit, I guess.

UNCLASSIFIED

**UNCLASSIFIED**

23

1 Q Prudent. What was the purpose of giving the  
2 money, the \$20,000, to Source 1?

3 A Well, he was traveling back and forth and the  
4 round-trip ticket from the States [REDACTED] was  
5 approximately a [REDACTED] round-trip, and he's been paying  
6 that out of his own pocket and his own expenses. So we  
7 started giving him some money.

8 Q Now, was some of that to reimburse him for  
9 prior expenses?

10 A Well, no. We had some DEA money which we gave  
11 him prior to that, but to set up this network it required  
12 for him to go [REDACTED] So we gave him what  
13 expenses we could afford.

14 Q So some of the money was travel money. Was  
15 that money also intended to go to help him set up the  
16 network?

17 A Oh, his network, sure. He had to give them  
18 money. [REDACTED]  
19 [REDACTED]

20 BY MS. NAUGHTON: (Resuming)

21 Q Can I go back one step? Excuse me. In  
22 February you met with the source [REDACTED] is that  
23 correct?

24 A That's right.

25 Q And you paid the source at that time \$20,000?

**UNCLASSIFIED**

**UNCLASSIFIED**

24

1           A     No. We paid that source \$20,000 in March.  
2           Q     There was no exchange of money, then [REDACTED]  
3           [REDACTED]  
4           A     We may have paid him through a DEA account.  
5           Q     That's my question. I'm not talking about the  
6           CIA money here. I'm talking about DEA money.  
7           A     We may have given him some money in February  
8           from a DEA account.  
9           Q     Do you know how much that was?  
10          A     I have it written down. I'd have to check it.  
11          Q     Do you have it written down here?  
12          A     Sure. Okay. In early February he got \$5,000,  
13          and then again in February he got another \$3,000.  
14          Q     And this is all to Source 1?  
15          A     To Source 1. He got \$8,000 in February.  
16          Q     If I can back up, February 26 or thereabouts  
17          you took a trip to [REDACTED]  
18          A     Yeah, around that time we did take a trip [REDACTED]  
19          [REDACTED]  
20          Q     Now, was that to meet with Source 1?  
21          A     Right.  
22          Q     Was Source 1 paid money on that occasion?  
23          A     Probably part of that \$8,000 was paid then.  
24          Q     Do you have any recollection of the source  
25          being paid more than \$8,000 on or about February 26?

**UNCLASSIFIED**

**UNCLASSIFIED**  
TOP SECRET

25

1 A I don't think so.

2 Q So the most you remember paying Source 1 in  
3 February of '85 is a total of \$8,000?

4 A That's correct.

5 Q And that was DEA money, not CIA money?

6 A That's correct.

7 BY MR. WOODCOCK: (Resuming)

8 Q That recollection on the \$8,000 is based on  
9 the documents you produced. Is that a DEA document?

10 A That's correct.

11 Q And that's a DEA document showing  
12 disbursements to Source 1; is that correct?

13 A That's correct.

14 Q Would the source have been getting monies from  
15 any other source than DEA?

16 A Not that I know of.

17 Q Not from you or [REDACTED]

18 A Not from [REDACTED] and I, no.

19 Q And that's limited to that period of February?

20 A Um-hum.

21 Q Now after you gave Source 1 the \$20,000 in  
22 March, what did he do? What were his marching orders?

23 A [REDACTED] to further  
24 develop the network that was starting up and start  
25 retrieving information.

**UNCLASSIFIED**  
TOP SECRET

**UNCLASSIFIED**

26

1 Q I gather he did so; is that correct?

2 A Yes. He started that up and he started  
3 developing also narcotic information and sources of  
4 narcotics [REDACTED]

5 Q He was reporting back to you during that time;  
6 is that correct?

7 A He reported to me about the hostage stuff,  
8 yeah.

9 Q And is this trip taking place in March or  
10 April?

11 A Well, you know, it's hard to say. I know we  
12 took a trip in April to meet him. [REDACTED]  
13 But he could have come and gone a couple of times before  
14 we got there, so I really don't know. That's as best we  
15 can recollect and tried to reconstruct this thing.

16 Q So as best as you can recall he was in and out  
17 [REDACTED]

18 A Sure.

19 Q In the month of March and April, and during  
20 that period of time was reporting back to you and [REDACTED]

21 [REDACTED]

22 A Right.

23 Q As he could find you?

5

6

7

8

9

Q Now in your discussion with the CIA, the one that you had you recall with [REDACTED] and [REDACTED] and [REDACTED] was there any discussion about trying to determine the bona fides of the people with whom Source 1 was dealing?

10

A Eventually.

11

12

Q But that did not occur in March, to the best of you recollection?

13

14

A I don't think so. I think it came a little later.

15

Q When do you think that occurred?

16

A April, April-May, probably April.

17

Q How did that come about?

18

19

A Well, [REDACTED] and I went [REDACTED] We met with the source, and then we proceeded [REDACTED] to meet [REDACTED]

20

[REDACTED] and [REDACTED] and the source [REDACTED]

21

Q Let me back you up. Before that meeting [REDACTED]

22

23

[REDACTED] you don't recall any point at which the CIA suggested any particular kinds of bona fides be

24

demonstrated by the persons with whom Source 1 had

25

contact; is that correct?

UNCLASSIFIED

UNCLASSIFIED

28

1           A     You know, Azzam could have had these meetings.  
2     As I said before, he had a lot of meetings with them.  
3     But eventually I know that we had a meeting and we talked  
4     about bona fides. We talked about evidence. And I don't  
5     know. It was in the April time frame, as far as I can  
6     recall.

7                     I think it was subsequent to this meeting  
8     with [REDACTED] because we had a hassle with [REDACTED]  
9     who didn't remember a damn thing. Okay?

10          Q     We'll get to that. So you had met with [REDACTED]  
11     beforehand and at some point I gather you set up this  
12     arrangement where he was going [REDACTED] and you would meet  
13     the source there; is that correct?

14          A     No, no, no. [REDACTED] If I  
15     recall, Azzam called us and said [REDACTED] meet  
16     [REDACTED] and have him debrief Source 1.

17          Q     Okay. You were [REDACTED] I presume, to deal  
18     with Source 1; is that correct?

19          A     Yeah.

20          Q     And is it your recollection that when you went  
21     [REDACTED] there was no plan in place for you to meet with

22     [REDACTED]  
23     That's correct.

24          Q     And once you got there you got a call from  
25     Azzam, [REDACTED]

5           A     [REDACTED] and I and Source 1. We had to pull him

7           Q     Why were you [REDACTED] meeting with Source 1?

A Well, he was being told the names of the

I mean, it was while we were sitting there in a hotel

correct?

22

A Just him, myself, and Source 1.

23

Q And was supposed to perform some kind of

25

A I don't know, because it was very flighty and

31

1 he said I don't know what I'm doing here. He said, but  
2 it's nice to be in [REDACTED] Let's have a drink. So we had  
3 a drink.

4 Q Did he tell you who had sent him there?

5 A His people had sent him there. There was no  
6 doubt of that. But I don't know who.

7 Q Apparently they didn't tell him why he was  
8 there; is that correct?

9 A Well, his remark was, I don't know why I'm  
10 here, so I said I assume you want to brief Source 1 --  
11 want to debrief Source 1. He says, okay, let's do it.

12 Q Now let me return to the subject of the bona  
13 fides. Did [REDACTED] bring up the subject of Source 1  
14 establishing the bona fides of his contacts?

15 A He may have, yeah. I don't recall  
16 specifically that it was at that time. I recall it in a  
17 meeting in Langley after this trip, that we sat in this  
18 meeting and there was quite a few people in this meeting,  
19 and that's when bona fides came out.

20 Q Why don't we go to that?

21 A Because that was the first time, you know,  
22 that Azzam allowed us to be involved in his coordinating  
23 group with the CIA.

24 Q I'm getting the impression from some of your  
25 remarks -- and you can correct me if I'm wrong -- that

**UNCLASSIFIED**

**UNCLASSIFIED**

32

1 you felt as though Azzam kind of shut you out of this,  
2 out of the upper levels of this; is that correct?

3 A No, no, no. Azzam was in charge of this.  
4 Until I tell you he's not, he was completely in charge of  
5 this, and it was his call, not [REDACTED]

6 Q I understand that. I understand that he was  
7 in charge and that you were his subordinate, but I'm  
8 getting the impression from what you are saying that you  
9 felt as though he was closing you out of certain areas.  
10 Is that unfair?

11 A No, I don't think he was closing me out, no.  
12 I just said he was in charge. He was supervising it. I  
13 didn't have to agree with what he's doing, all right, but  
14 I followed his orders.

15 Q Now did you come back directly [REDACTED]

16 A We did, yeah.

17 Q And that was you and [REDACTED] and Source 1  
18 coming together?

19 A Let me see. I think Source 1 went back in. I  
20 think he went back in because I have notes here of [REDACTED]  
21 and [REDACTED] back to D.C.

22 Q Now you get back to D. C., and what then  
23 happens?

24 A We had a meeting with Hickey, Poindexter,  
25 *Cavilfield* ~~Cavilfield~~ and North at the White House.

**UNCLASSIFIED**

UNCLASSIFIED

33

1 Q Now before we get into the substance of that  
2 meeting let me ask you a couple of questions about these  
3 people. You have already testified that you met Hickey  
4 in January.

5 A Um-hum.

6 Q Did you continue to have contact with him in  
7 the interim up until this meeting you're talking about?

8 A [REDACTED] did. That was his contact.

9 Q So to the extent there's a contact it's  
10 through [REDACTED]

11 A He required that as we did what we were doing  
12 to keep him always posted, and so that was [REDACTED] job.

13 Q So [REDACTED] would keep him regularly posted?

14 A Sure.

15 Q Was that something that Azzam was aware of?

16 A I think so, yeah.

17 Q Now how about Colonel *Caulfield* ~~Goffield~~? Had you met  
18 with him in the meantime?

19 A I think we met one time beforehand. We had  
20 met in February and we brought Azzam there, you know,  
21 because he wanted to meet these people, and we had a  
22 general meeting, again about the logistics of getting  
23 intelligence out of Lebanon.

24 Q And is that *Caulfield* ~~Goffield~~ and Hickey that you're  
25 meeting with at that time?

UNCLASSIFIED

UNCLASSIFIED

34

1 A Yeah, right.

2 Q And this is following [REDACTED] meeting; is  
3 that correct?

4 A Yeah, right. That's exactly it, and that's  
5 why we went over there. We gave them basically the final  
6 word that this was feasible in February.

7 Q Now how about any other meetings with ~~Coffield~~ *Caulfield*  
8 between the meeting in February and the meeting you were  
9 just about to describe in April?

10 A I think the only one I was at was at this  
11 April meeting. In March we had the meeting where we  
12 brought Azzam over there, and North was at this meeting.  
13 It was a breakfast meeting, as a matter of fact. We were  
14 in the dining room there at the White House, a breakfast  
15 meeting, very little talk -- general talk.

16 Q You've anticipated my next question, and that  
17 is at what point you first met Colonel North.

18 A That was the first time we met North.

19 Q And that would be in March; is that correct?

20 A Right.

21 Q And it's a breakfast meeting at which Colonel  
22 ~~Coffield~~ *Caulfield* was also present?

23 A He was there.

24 Q Who else would have been there?

25 A Hickey was there, and Azzam, [REDACTED] and myself

UNCLASSIFIED

UNCLASSIFIED

35

1 and North.

2 Q And I gather from your description that this  
3 was just a general introductory meeting, not a lot of  
4 substance?

5 A Yeah, sure. You know, there was other people  
6 in there eating breakfast, so it was very toned down.

7 Q Now, did you get an understanding from North  
8 at that breakfast meeting what his position was and what  
9 his relationship was to this hostage effort?

10 A Right, in general we did.

11 Q And what did you understand that to be?

12 A That he was involved in attempting to get the  
13 hostages out and getting information regarding the  
14 hostages -- location, et cetera.

15 Q Now let me go back to this meeting in April.  
16 You also have testified that Admiral Poindexter was  
17 present at this meeting; is that correct?

18 A That's correct, the first time and, I think,  
19 last.

20 Q That was the first time you met Admiral  
21 Poindexter?

22 A Yes.

23 Q And to the best of your recollection the last  
24 time; is that correct?

25 A Yeah. I don't think I met him again after

UNCLASSIFIED

UNCLASSIFIED

36

1 that.

2 Q Why don't we pause for a moment on that  
3 meeting, and let me ask you if you would testify as to  
4 how this meeting came about and what the purpose was?

5 A Well, as I said before [REDACTED] was in contact  
6 with Ed Hickey, I'll say regularly, you know, and I think  
7 it was decided we'd give him an update as to what we were  
8 doing. And at this meeting, when we got there, I thought  
9 it would be, and so did [REDACTED] that it would be Hickey and  
10 *Caulfield* ~~Coffield~~ again, and there was Poindexter and North also.

11 Q Now was it explained to you who Admiral  
12 Poindexter was and what his position was?

13 A Oh, yeah.

14 Q What happened in the course of the meeting?

15 A We briefed them as to what we were doing  
16 regarding setting up this network [REDACTED] and how to  
17 extract this information on a timely basis, and we talked  
18 in general. We explained to them that these people,  
19 these terrorists, were drug dealers and we knew a lot of  
20 them as it was. We knew the major people involved in  
21 trafficking in marijuana and hashish and in heroin.

22 So it was easy to set up this network because  
23 it was the same people who held the hostages or  
24 controlled the hostages.

25 Q Now, did any plan emerge from this meeting, or

UNCLASSIFIED

**UNCLASSIFIED**

37

1 was this just purely informational?

2 A No. At the time it was informational. We  
3 were going to continue on broadening the network and  
4 pulling in information.

5 Q Now, there was, I gather from your list of  
6 people present, no one from the CIA present; is that  
7 correct?

8 A There was not.

9 Q Now, did Admiral Poindexter or Colonel North  
10 have any particular role in this meeting?

11 A Not really. They asked questions about, you  
12 know, the network. They asked questions on the  
13 timeliness of getting the information, and that was a  
14 problem I explained to them. It's difficult to relay it.

15  
16  
17  
18  
19

20 And so they would try. So we told them the  
21 problem we would have in getting instant information.

22 Q Did anyone express any concern about  
23 communicating over unsecure lines?

24 A Well, there was concern, but we set up our  
25 little rudimentary code.

5 A It was April 24, actually.

6 BY MS. NAUGHTON: (Resuming)

7 Q Was there any discussion at that meeting of  
8 further steps to take? I'm talking specifically about  
9 procedures now, as to who would pay for it and how to  
10 coordinate with the CIA?

11 A No, there wasn't. It was just understood.  
12 See, there was no talk of anything about North or the NSC  
13 was going to be paying us. We were still with the CIA,  
14 and so we understood that they gave us 50Gs and we were  
15 going to use that up and we'd get more from them.

16 Q Did Poindexter make any comments or  
17 commitments or anything along the lines of funding of the  
18 operation?

19 A Not at that time, no. Or he never did after  
20 that because I never met him. But he never did that, nor  
21 did Oliver North, that I can recollect.

22 Q Do you know whether or not he and Hickey

1 my understanding. And, in fact, up unto this meeting  
2 there was nobody from CIA there and it was just  
3 understood that we would get money from the CIA.

4 Q Okay. But did Hickey ever allude to you that  
5 he had recruited Poindexter's help in getting funding?

6 A No, not at that time.

7 Q At any time?

8 A No. It was just intermeshed with meetings  
9 that we had with North, and then all of a sudden he says  
10 I'll take care of this. You're getting way ahead of the  
11 chronological order of this thing, though.

12 BY MR. WOODCOCK: (Resuming)

13 Q Now following this meeting did you again get  
14 together with representatives of the CIA?

15 A Yeah, we did. You know, again Azzam always  
16 was with them, and I don't know. Something happened that  
17 CIA was upset over something Azzam said, and then we  
18 ended up having to go to Langley, [REDACTED] and I, and explain  
19 certain things. And some of this stuff was wrongly  
20 reported by [REDACTED] and we clarified that in a meeting  
21 with a lot of people in it.

22 Q Let's go to that meeting for a moment.

23 A That was in April also, right after the Hickey  
24 meeting.

25 Q Within a few days?

**UNCLASSIFIED**

**UNCLASSIFIED**

40

1           A     Within a few days. I don't have a specific  
2     date, just a throw-away date.

3           Q     What's your best guess?

4           A     The 25th, 26th.

5           Q     Now did this meeting with CIA come about  
6     because it was some question within CIA as to how this  
7     operation was going?

8           A     The question was, I think, what [REDACTED]  
9     reported, and then they got hold of Azzam and then we  
10    went over there to explain it to them, that [REDACTED] was  
11    in no condition to have reported anything properly.

12          Q     When you say "no condition", what do you mean  
13    by that?

14          A     Just that he never took any notes. He just  
15    sat there and listened and he was trying to make quotes,  
16    and that's kind of impossible.

17          Q     Trying to make what?

18          A     Quote the source, you know, when there were no  
19    notes taken.

20          Q     All right. So you had this meeting out at  
21    CIA, and I understand it's a large meeting.

22          A     Um-hum.

23          Q     Who do you recall attended the meeting?

24          A     I think [REDACTED] was there, and [REDACTED] was  
25    there. I know there was a guy sitting beside me from DIA

**UNCLASSIFIED**

41

1 and I can't remember his name. There was a good 15  
2 people in this meeting, unknown faces. They went around  
3 the room quick, so and so, and so and so, and so and so,  
4 but, you know, the CIA always gives you false names.  
5 Everybody I've dealt with in CIA, eventually when they  
6 know you they will tell you their real name. They still  
7 do when you call me, call me by this name on the phone.  
8 And I say okay.

9 Q - Was [REDACTED] present, too?

10 A Yeah, he was there.

11 Q And I gather Azzam was there as well?

12 A Oh, yeah, he was there.

13 Q Now what happened in the course of this  
14 meeting? What did you find out the problem to be?

15 A The problem was that [REDACTED] reported information  
16 that Source 1 gave. He reported it erroneously. He  
17 talked about money was going to be given to certain  
18 players [REDACTED] for information and/or for extraction.

19 At this stage of the game we started talking  
20 about extraction.

21 Q This is the first time?

22 A This is the first time. And we clarified  
23 that, that no money would be fronted, no large amounts of  
24 money would be fronted for any extraction, and it was a  
25 working meeting. So they talked about, for the first

1 time, about evidence, about bona fides.

2 Q Let me stop you there for just a minute and  
3 make sure I have this correct. When this meeting came  
4 together you understood that [REDACTED] had come back and  
5 erroneously reported --

6 A That Source 1 committed monies to some players  
7 [REDACTED]

8 Q And that the purpose of the monies was both  
9 for location information and for extraction information;  
10 is that correct?

11 A No. It's just that there was no money  
12 committed. He said that Source 1 said that unless these  
13 people get money [REDACTED] you won't get anything.  
14 Well, that's not true.

15 Q What had Source 1 actually said?

16 A He said that these people, if he got evidence,  
17 if he got bona fides, that they would want to be paid for  
18 it.

19 Q For the bona fides?

20 A Sure, or the evidence. Take your pick.

21 Q And where does extraction fit into this?

22 A Well, later in the meeting we started talking  
23 about the possibility of extraction.

24 Q But [REDACTED] had not represented that the source  
25 had said something about extraction?

**UNCLASSIFIED**

**UNCLASSIFIED**

43

1 A No. It was strictly on money for evidence,  
2 for bona fides, as I recollect it.

3 Q So in the course of this meeting the question  
4 goes beyond simple location?

5 A That was basically straightened out, and then  
6 we went into bona fides, and CIA indicated they would pay  
7 for bona fides, particularly on Buckley.

8 Q And what did they say about the form the bona  
9 fides should take?

10 A They'd take anything that was convenient to  
11 the situation

12  
13  
14  
15 Q So was a decision reached by the end of this  
16 meeting that the next step would be to get bona fides

17  
18 A Basically, yes.

19 Q What happened next?

20 A Well, after that I think we met North that  
21 same day, as I recall. When I was in there a phone call  
22 came in the room and that's why I remember we met North  
23 that day. And the secretary walked in and said is there  
24 a  here, and I said yes, and she said  
25 there's a Colonel North on the phone, and everybody in

**UNCLASSIFIED**

**UNCLASSIFIED**

44

1 the room gave me a dirty look.

2 I said there's something wrong here. So I  
3 went out and afterwards, I think when we were leaving,  
4 Azzam explained that there was a few people in that room  
5 didn't like North. And that's why I remembered that.  
6 And then we met him.

7 Q So the North name generated some dirty looks?

8 A Yeah.

9 Q . But nothing beyond that?

10 A It was a matter of apparently he never dealt  
11 with that mid-level group. He always dealt with the  
12 upper people in the CIA, and this group disliked that.  
13 That was what was told to me at that time.

14 Q Was that Mr. Azzam telling you that?

15 A I think he may have told me, and maybe  
16 somebody, [REDACTED] told [REDACTED] -- something. It came out at  
17 that time that they didn't particularly care for him.

18 Q Did you ever hear anything from North on that  
19 subject?

20 A Yeah. I think I may have asked, you know,  
21 when we met him that day. That was new. I didn't want  
22 to have a confrontation with him per se, but we talked  
23 about this problem we had with CIA and this  
24 misunderstanding and this and that, and that we have now  
25 tasked Source 1 to get some evidence. He told me, yeah,

**UNCLASSIFIED**

**UNCLASSIFIED**

45

1 he said, those people are -- a lot of leaks come out  
2 those people, et cetera. I could tell that he didn't  
3 have the patience for them.

4 Q So now this meeting concludes, and I gather in  
5 your phone conversation with North you have already set  
6 up that you will go over and see him following the  
7 meeting; is that correct?

8 A . Yeah, we did. It was a very brief meeting.

9 Q When the meeting breaks up at the CIA, it's  
10 generally decided that the source will go back in and try  
11 to come up with some kind of bona fides?

12 A Um-hum.

13 Q And is it correct that no particular bona fide  
14 was suggested, just a range of options?

15 A A range of options

16

17

18 Q You then go over to North's office. Who goes  
19 over there?

20 A [REDACTED] and I.

21 Q And what's the purpose of this meeting at  
22 North's office?

23 A Well, he phoned me at CIA and said he'd like  
24 to see me, so we went over there afterwards.

25 Q And when you got there, what did you find out

**UNCLASSIFIED**

UNCLASSIFIED

46

1 the purpose to be?

2 A He says, what happened there? And we  
3 explained what happened, and we explained that Source 1  
4 was going to go back into [REDACTED] and have his  
5 sub-sources work on getting some evidence as to the  
6 condition or situation of Buckley or any of the other  
7 hostages. .

8 Q Was he in a position to give you any  
9 additional information on Buckley in particular or any of  
10 the other hostages?

11 A No, he didn't, not that I recall. He told me,  
12 as a matter of fact -- all along they told me, you know,  
13 even some of the friendly CIA people that we got friendly  
14 with, particularly [REDACTED]  
15 [REDACTED]  
16 [REDACTED]  
17 [REDACTED]  
18 [REDACTED]

19 Q Let me ask you this. Does the name NATHAN  
20 Adams mean anything to you?

21 A Sure. He's a journalist, isn't he?

22 Q Well, you'd have to tell me.

23 A Adams. That's Azzam's buddy.

24 Q He's a friend of Abe Azzam's?

25 A Yeah. He's on the Reader's Digest, isn't he?

UNCLASSIFIED

**UNCLASSIFIED**

47

1 Q You'd have to tell me.

2 A Okay. That's who I think Nate Adams is.  
3 Maybe I'm wrong.

4 Q Do you connect him with any information on  
5 Buckley?

6 A Let me put it this way. If Nate Adams is the  
7 journalist, the only information he had on Buckley was  
8 what Azzam gave him, because that was his buddy, if  
9 that's the person.

10 Q Do you connect him with North at all?

11 A Yeah. I think North knew him, too, because I  
12 remember seeing in his office one of those things that  
13 Nate Adams gave people, with their names inscribed in it,  
14 and I picked it up and it was a little thing, and then  
15 Nate Adams, and then oh, yeah, I know him.

16 Q Now this meeting with North that you had, it's  
17 you, North, [REDACTED] Anyone else?

18 A No.

19 Q And Azzam is not at this meeting?

20 A No.

21 Q Why is that?

22 A I don't know. We may have left him at the  
23 FBI. I don't know -- I mean at the CIA.

24 Q Was he aware of the meeting, do you know?

25 A Oh, yeah. He was running the thing, so we

**UNCLASSIFIED**

**UNCLASSIFIED**

48

1 told him everything we did.

2 Q Do you have a recollection of whether he chose  
3 not to attend or how it happened that he didn't attend?

4 A He had other duties, you know. He was the  
5 executive assistant to the Deputy Administrator, so I  
6 assume he didn't attend because he had other duties.

7 Q After this meeting with North I gather you or  
8 [REDACTED] have to get in touch with the source and tell him  
9 what the next steps are; is that correct?

10 A Well, in this meeting here, in this meeting  
11 with the CIA and then with North -- and it's overlapping,  
12 okay, the information -- we discussed the payment for  
13 evidence, and I don't know, \$200,000 was set up by the  
14 CIA under the strict authority of Azzam to release it for  
15 any type of bona fide or evidence that was acceptable to  
16 the CIA.

17 Now, as far as I can recall, it wasn't stated  
18 that well, you can use the \$200,000 in one lump sum or  
19 break it up piecemeal. It was just there. Okay? And  
20 both the people in CIA and Oliver North knew that.

21 Q Now let me back you up just a minute. You  
22 testified that in March you gave the source \$20,000 of  
23 the \$50,000 for a trip he then took.

24 A Um-hum.

25 Q At some point did you give him the remainder

**UNCLASSIFIED**

**UNCLASSIFIED**

49

1 of the \$30,000?

2 A Yeah, we did.

3 Q When did that happen?

4 A I think it was in April.

5 Q And again what was the purpose of that?

6 A It was for his expenses and the development of  
7 his network.

8 Q I gather he is keeping you up to date on what  
9 it is precisely he is using this money for?

10 A Well, he's telling me who he's giving money  
11 to, yes.

12 Q Now is he in a position where he was required  
13 to substantiate portions of expenses? Does he have to  
14 show you airplane tickets and things like that? How is  
15 that handled?

16 A Well, let's stop right here and come to the  
17 end. We have about \$60,000 in round-trip air tickets for  
18 him. I have those available.

19 Q So he made those available to you, and hotel  
20 bills and things like that?

21 A They are all available. I could have the DEA  
22 offices [REDACTED] get all those expenses.

23 BY MS. NAUGHTON: (Resuming)

24 Q When were those produced?

25 A They're not produced. He has them. But I saw

**UNCLASSIFIED**

UNCLASSIFIED

50

1       them.

2               Q     Would you see them contemporaneously with  
3       giving him the money, or did you see them at a later  
4       time?

5               A     No, no. I knew when he left. I had no  
6       problem with this man. [REDACTED]  
7       [REDACTED]

8               Q     So when did you actually see the tickets?

9               A     I saw them in the end of '86 and '87, as this  
10      thing started boiling. And we did -- very honestly, we  
11      checked our expenditures and we found out that we didn't  
12      give him enough money. He paid a lot of it out of his  
13      own pocket.

14              BY MR. WOODCOCK: (Resuming)

15              Q     Okay. So by the time this meeting has  
16      occurred with the CIA on April 24 -- excuse me, April 25,  
17      I think you testified -- you have already given the  
18      source the \$50,000 that CIA came up with?

19              A     It was done. Now don't forget this is Azzam's  
20      approval. Azzam's in charge. Let's not say just  
21      [REDACTED]

22              Q     That wasn't the implication of my question,  
23      but I think your testimony was that you or [REDACTED] actually  
24      gave him the money; isn't that right?

25              A     That's correct, with the approval of Azzam.

UNCLASSIFIED

**UNCLASSIFIED**

51

1 Q Understood. So now you are out of CIA money,  
2 and the source has to go back [REDACTED] to come  
3 up with the bona fides. Did you come up with some money  
4 to help him there?

5 A No.

6 Q How does that occur?

7 A He had money. He didn't ask for any. We  
8 talked about that if he made certain contacts with  
9 certain people and they got some evidence that they would  
10 have to be paid, these people, to see whether we, who we  
11 were.

Q All right. Now you've had the meeting with North. You now go out and contact the source and give him his marching orders, and his marching orders are to go back in and come up with some bona fides; is that right?

A Right.

Q Now do you suggest or [REDACTED] suggest to the source, Source 1, what form this bona fide production ought to take?

A Yeah. We told him pictures with dates on it, signatures, statements, letters, primarily with dates, dates and signatures and statements. These are the type of things.

Q Now I gather, then, that the source, Source 1, goes [REDACTED] is that correct?

Q Do you and [REDACTED] then travel abroad to meet with him at some point?

A We do. In May we go [REDACTED]

13 A Expenses, et cetera.

14 Q And since that time he had incurred additional

16 A Sure.

17 Q And did you understand that the people who had

A I called Azzam and told him. He says bring it to him. Bring it in.

Q Okay.

A We also told him that these people were expecting the [REDACTED] for this evidence and for the bona fides on their side for future transactions.

Q Now did you have an understanding yourself, or did you make a judgment yourself, as to whether this was sufficient, that this was really from Buckley or not?

A No, I didn't make that judgment. All I could do is, since I've known Source 1 for many years, he was excited enough, which I never saw him excited at things, that I was very convinced that this was authentic, and

UNCLASSIFIED

58

1 only because of his excitement.

2 I didn't know [REDACTED] so what  
3 could I tell you?

4 Q I gather that part of your judgment there was  
5 that you didn't believe that Source 1 was a person who  
6 would be easily fooled; is that correct?

7 A Without a doubt he couldn't be, based on the  
8 people he was dealing with.

9 Q Now you received the proof from Source 1 and  
10 you then head back to the United States with it.

11 A I sent [REDACTED] back to the United States with  
12 the evidence and I stayed there. *5 letters*

13 Q Have you made any arrangements, you or [REDACTED]  
14 with Azzam as to what happens when you get to the United  
15 States?

16 A Arrangements. It wasn't exact, but  
17 arrangements were made to get this thing both -- well, to  
18 a myriad of people -- Azzam, the CIA. Ed Hickey had to  
19 know and Oliver North. So [REDACTED] took care of that all  
20 very well. He tried to make everybody happy, and  
21 everybody got pissed off at him, I think, particularly  
22 Azzam. What could I tell you?

23 Q Now you say that Ed Hickey made everybody mad  
24 by trying to please everybody --

25 A Not Ed Hickey. [REDACTED]

UNCLASSIFIED

**UNCLASSIFIED**

59

1 Q How is it that he accomplished this, do you  
2 know?

3 A Well, he went to all of them, you know, and  
4 showed it to them, and also went to the FBI and brought  
5 it to the FBI [REDACTED] Nobody else did  
6 that. He did it.

7 Q How did that make everybody mad?

8 A Well, you know, Azzam wanted to have it so he  
9 can disperse it to everybody. Instead [REDACTED] a very  
10 efficient agent and he knew how to get to the FBI  
11 [REDACTED] and he knew he had to tell the NSC, and he  
12 knew he had to tell Hickey, and he did all these things.  
13 And he knew he had to tell Azzam, and he did it all.

14 MS. NAUGHTON: Do you know what order he did  
15 it in?

16 THE WITNESS: I think it was North, Azzam,  
17 Hickey, and in there was the FBI [REDACTED]

18 BY MR. WOODCOCK: (Resuming)

19 Q So was it North coming first that excites  
20 Azzam?

21 A No, just that he wasn't first, period -- just  
22 that he had to be first. Okay? He was a very sick man  
23 about this time. He was in heavy pain, irrational, and  
24 he had a major operation within a month of this. They  
25 didn't think he was going to make it. So, I mean, he was

**UNCLASSIFIED**

 2 pain. I've known Azzam. You know, [REDACTED]  
 3 [REDACTED] I know Azzam very well, and  
 4 we always argued and yelled and almost punched each other  
 5 out a few times. So he didn't bother me. I knew him and  
 6 his personality, but he was very sick.

7 Q Now when this proof came in do you recall how  
 8 it was greeted? Was it considered authentic? What was  
 9 the reaction to it?

10 A Well, I can only tell you what [REDACTED] told me,  
 11 all right? [REDACTED] went to North [REDACTED] Okay.  
 12 And that was about it -- told him in general what  
 13 happened, what I told you. Source 1 got it. They want  
 14 [REDACTED] and he has five days to bring the money back in to  
 15 show our bona fides.

16 Then he went to Azzam, and Azzam knew that  
 17 already. Then he met with Azzam. Azzam and he went to  
 18 CIA [REDACTED] and [REDACTED] remembered it was May  
 19 14, and [REDACTED] told me that the CIA was satisfied with the  
 20 authenticity of it. They did not complain and they made  
 21 a comment of this is worth [REDACTED] to us.

22 Q This is Azzam talking to [REDACTED]

23 A This is [REDACTED] present with the CIA and Azzam  
 24 sitting there.

25 MS. NAUGHTON: Who at CIA said they were

1 satisfied with it?

2 THE WITNESS: You'll have to ask him. I don't  
3 know the names. [REDACTED] will know who they were.

4 Apparently, who [REDACTED] told me is they were satisfied with  
5 it. They said this is cheap for [REDACTED]  
6 [REDACTED]

7 [REDACTED] refused because Azzam had the  
8 final say on the use of this money, which still was with  
9 the CIA. He said no -- completely no.

10 And there was an argument that ensued in  
11 there, I assume, and the CIA said you can have the money.

12 BY MR. WOODCOCK: (Resuming)

13 Q Is this CIA talking to you?

14 A Talking to [REDACTED] I was still [REDACTED] So  
15 after that [REDACTED] and Azzam got in an argument and [REDACTED]  
16 said he's finished, he's out of it. He resigned from  
17 this project.

18 Q And this is all within a few days of him  
19 coming back?

20 A This was the day he came back. The argument  
21 began, but he had an obligation to report to Hickey, and  
22 he called Hickey and he told Hickey. He didn't even get  
23 to me yet. This I learned later, you know, because we're  
24 talking about, what, nine hours difference, eight hours  
25 difference. And he said that he was going to resign from

1 this project and let Azzam handle it himself, and he told  
2 this to Hickey and then to North, and they had a meeting,  
3 I think he told me.

4 Right, on May 16  has a meeting with  
*Caulfield* ~~Gottfeld~~ and Hickey and North was there. And that was a  
5 meeting that he had talked to me finally and he says what  
6 should we do. And I said make Source 1 available to the  
7 CIA or to the NSC and we'll get out of this business.

8 Q Let me just pull some of these events apart.  
9 You remain 

10 A Yeah.

11 Q Why do you remain there?

12 A Well, if they approved it I was going to be  
13 there when the evidence went back in.

UNCLASSIFIED

UNCLASSIFIED

63

1 Q And you've testified it was like an eight-  
2 hour, nine-hour lapse between --

3 A Time lapse, right.

4 Q That would be Hickey would get into eight or  
5 nine hours worth of Washington meetings before you would  
6 know about it?

7 A No. [REDACTED] We're  
8 eight hours, I think, ahead of the eastern seaboard.

9 Q Let me do it this way. By the time you first  
10 hear from [REDACTED] what has happened?

11 A He told me everything. The shit hit the fan  
12 is what he told me.

13 Q And what you mean by that is that --

14 A That Azzam would not release the money. The  
15 CIA felt comfortable with releasing the money. And that  
16 he had resigned, [REDACTED]

17 Q And had he met with North and Hickey by this  
18 time, too?

19 A Then, on the 15th he met with Hickey in  
20 Hickey's office, with <sup>Caulfield</sup> ~~Coffield~~ and then North came in.  
21 Now this is all told to me.

22 Q And this is the first time he's getting in  
23 touch with you. All these things have happened; is that  
24 correct?

25 A He called me before, because he met North and

UNCLASSIFIED

**UNCLASSIFIED**

64

1 Hickey late in the evening.

2 Q So you knew before he met with North?

3 A He told me that he was going to that office.

4 Q So before he meets with North and <sup>Caulfield</sup>~~Coffield~~ and

5 Hickey he's had the meeting with CIA and Azzam and things  
6 haven't turned out well.

7 A And calls me.

8 Q He calls you and tells you that.

9 A And Azzam calls me, and we get in an argument  
10 on the phone.

11 Q What's that argument about?

12 A Because [REDACTED] told me that the CIA had no  
13 problem giving this money and they felt it was authentic,  
14 and I said, well, why is he stopping it. He says because  
15 I say so. And that was it.

16 Q Now did Azzam tell you that in his view the  
17 CIA was not disposed toward releasing the money?

18 A No, he didn't say that. He said that he was  
19 not disposed in releasing it to us -- not the CIA. It  
20 was never the CIA. It was him.

21 Q He didn't align the CIA with his position; is  
22 that correct?

23 A No.

24 Q So then [REDACTED] goes off and has his meeting  
25 with Hickey and it turns out that <sup>Caulfield</sup>~~Coffield~~ and North also

**TOP SECRET**

1 show up at the meeting; is that correct?

2 A Exactly.

3 Q And following the meeting does [REDACTED] get in

4 touch with you?

5 A Yeah.

6 Q And what does he tell you?

7 A He tells me that North will take care of this.

8 Q Now what does he mean by that?

9 A That's all. That's all he knew -- that North

10 would take care of this. We assumed that North was going

11 to go talk -- well, he assumed, and I, that they would go

12 talk to the CIA and straighten it out that way. But, you

13 know, there was also, you know, constant calls.

14 I called Azzam again and he wouldn't budge,

15 and he called Azzam again and he wouldn't budge. And in

16 our minds -- [REDACTED] and my minds -- we were finished

17 with this operation. We were not going to work it any

18 longer. And we were going to turn Source 1 over to the

19 CIA or to the NSC, period.

20 Q What's the next step?

21 A Well, I came back because I just stayed there

22 and everything came to a standstill.

23 MS. NAUGHTON: Did they ask you for further

24 bona fides? In other words, to ask?

25 THE WITNESS: Azzam, I understand, did.

UNCLASSIFIED

UNCLASSIFIED

66

1 MS. NAUGHTON: Was that while you were still  
2 [REDACTED]

3 THE WITNESS: Yes.

4 MS. NAUGHTON: What did he want?

5 THE WITNESS: Azzam wanted more. He wanted  
6 Source 1 to go back in and get further information, and  
7 Source 1 couldn't do it because you can't come out with  
8 information that is supposed to be authentic and you  
9 haven't ever checked it yet, and go back and say well,  
10 give me some more. I mean, that's just straight -- even  
11 in drug deals you can't do it.

12 BY MR. WOODCOCK: (Resuming)

13 Q Did Azzam give you an idea of what he wanted  
14 in the way of more bona fides?

15 A ~~as said~~ something about -- I don't know --  
16 [REDACTED]

17 Does that ring a bell?

18 Q Sounds like the right genre of questions.

19 A Something like that.

20 Q Did he tell you where he had come up with  
21 these questions?

22 A I assumed the CIA gave them to him.

23 Q Did he explain why it was the CIA was  
24 producing more questions to substantiate bona fides if  
25 they were satisfied [REDACTED]

8           BY MR. WOODCOCK: (Resuming)

9           Q     Now, to resume, [REDACTED] -

10          A     At the time there is a point that Ron here is  
11     telling me to bring up.

12          Q     That's your counsel, Ron Morrow?

13          A     Ron Morrow, right -- that I told Azzam on the  
14     phone that this cannot be left by us with just walking  
15     away from this, and I told him that Source 1 is obligated  
16     to, first of all, save face and protect his family [REDACTED]  
17     [REDACTED] and that he, that Source 1 is so strong  
18     about this that he would raise all the money he can to  
19     placate these people, even though it wouldn't go any  
20     further. He would just go in there, give them, he told  
21     me at the time, \$75,000, \$80,000 from his own money, to  
22     placate these people was his hands of it, too.

23          Q     And you relayed that to Azzam while you were

1 Q Okay. Now from that point you head back to  
2 the United States, having told Assam you are going to  
3 wash your hands of the project.

4 A Exactly.

5 Q What happens when you get back to the U.S.?

6 A [REDACTED] and I have a meeting with North.

7 Q How was that set up?

8 A I think he had called [REDACTED] and [REDACTED] told him  
9 when I was coming in, and he said come over to the  
10 office.

11 Q Okay. To the best of your recollection, when  
12 do you think that occurred?

13 A We say it's around May 22. It could be off a  
14 few days or whatever.

15 Q Let me advise you that North's notebooks also  
16 show a meeting with you and [REDACTED] on May 22.

17 A Okay. Good notes.

18 Q They are good notes. What was the occasion  
19 for getting together with North?

20 A Well, he wanted to talk about this operation  
21 because he knew that we were going to retire from it,  
22 because that's what I told [REDACTED] to tell him, too.

23 Q Who was present at this meeting? Was it  
24 North, you, [REDACTED] and anyone else?

25 A That's all.

**UNCLASSIFIED**

69

1 Q And who was aware of this meeting? Is Azzam  
2 aware of the meeting, do you know?

3 A Probably. You know, I would have probably  
4 told him.

5 Q Now what happens in the meeting?

6 A Well, we discussed the situation, how the  
7 evidence, the exhibit here, Exhibit 1, was received by  
8 Source 1, and North kind of cuts us off and he says, I'm  
9 satisfied with the exhibit.

10 Q That is, North was satisfied that the proof  
11 that had been produced by Source 1 was sufficient; is  
12 that correct?

13 A He was satisfied with the exhibit, and I  
14 didn't stop there. I told him, I said, look, you know,

- 9 A Exactly.
- 10 Q And that's [REDACTED] talking to the FBI?
- 11 A Right. And later we got a memo from them

- 13 emphatic about it -- even if I wasn't going to do another

4 A He said that they are satisfied [REDACTED]

6 Q That is, the CIA is satisfied?

7 A No, that they -- he and the old man -- were  
8 satisfied [REDACTED] because I was the one who  
9 was saying, you know, let us check it. We're  
10 investigators. [REDACTED]

11 [REDACTED] He said no. We're satisfied.  
12 Let's move on. We're going to give [REDACTED] \$200,000 was

14 I said, are you sure? He says, we're sure.

15 Q Did you have questions yourself about Exhibit  
16 1 being bona fide or not?

17 A I had questions on the basis of the FBI, who  
18 said it was inconclusive. Sure.

19 Q Did you try to persuade him that it would be a  
20 good idea not just to rely on his judgment [REDACTED]  
21 [REDACTED]

22 A I pushed that point.

23 Q And he dismissed it?

24 A He dismissed it.

25 Q Now in addition --

1           A     Because, very frankly, if he said no, we'd  
2     have said goodbye, shaken hands, and we'd have been out

4     game I was kind of disappointed with a few people and I  
5     was ready to get out of this business.

6           Q     It probably looks pretty good from this point.

7           A     You got it.

8           Q     Now in addition to discussing the \$200,000,  
9     did you and North and [REDACTED] discuss any further steps  
10    that you might take?

11          A     We did.

12          Q     What do you recall those to be?

13          A     We went into the fact of then an extraction of  
14    Buckley plus one other hostage. You know, of course,  
15    this was all preparation, possibility. We had no direct  
16    evidence that we could do this, but we did have  
17    conversation by the Source 1 [REDACTED]

18    that this was feasible, that we could bribe certain [REDACTED]

19    [REDACTED]  
20    [REDACTED] and certain hostages would be  
21    released.

22                     And we talked about this.

23          Q     Now was there a figure mentioned as to what it  
24    would cost to spring these hostages?

25          A     The figure was it was going to be \$1 million

1 per person.

2 Q Now let me back you up just a minute. On the  
3 \$200,000 that North is mentioning, has he identified  
4 where that's coming from?

5 A At that time, no, not to my recollection. You  
6 know, [REDACTED] had been talking to him while I was away, and  
7 this could have been already understood, and I didn't at  
8 the time.

9 Q And how about the \$1 million per hostage? Did  
10 you have an understanding as to where that would come  
11 from?

12 A Not at the time. Later I did.

13 Q We'll get to that.

14 A Soon, later.

15 Q Now was the discussion about getting approval  
16 outside of just William Casey for this, do you recall any  
17 discussion about that?

18 A Well, at this time, aside from the operational  
19 part of the hostages, et cetera, he began to discuss  
20 Assam and Azzam was then going to go into the hospital,  
21 and I told him that he's going to have to seek approval  
22 for us to work with the NSC directly, because we were  
23 working with the FBI and Azzam was in charge of that.

24 So he said he would handle that, that he would  
25 call the AG.

3 THE WITNESS: I keep saying that. The CIA.

5 BY MR. WOODCOCK: (Resuming)

6 Q So you told North that in order for you to go  
7 further with this that he, North, or someone in authority  
8 with the NSC would have to call Attorney General I guess  
9 it would have been Meese at that time?

10 A I said he would have to seek approval from my  
11 administrator.

12 Q And that would be John Lawn?

13 A Right. And he stated that he would contact  
14 the AG.

15 Q Meese himself?

16 A Right.

17 BY MS. NAUGHTON: (Resuming)

18 Q What exactly was this for? Was it simply to  
19 get you assigned, so to speak, to the NSC?

20 A Yeah, because he wanted us then to work for  
21 him, work with him basically, because we weren't detailed  
22 or anything -- you know, it was an assignment then -- to  
23 work with him exclusively.

24 Q Was there also a discussion of getting any  
25 approval for the use of private monies to be used for the

1 operation?

2 A That never came up in my mind or to my  
3 recollection.

4 Q When you were discussing how much money it  
5 would take to actually free the hostages --that is, \$1  
6 million each -- did you discuss where that would come  
7 from?

8 A No, because I'll tell you later, you know, in  
9 subsequent meetings we explained that we wouldn't even  
10 have to touch that money, that whoever was going to pay  
11 it, it would be after the fact. We would be in  
12 possession of a hostage, and we would not touch this  
13 money. It would be delivered by whomever. Who cared?  
14 And there would be a contact from the other side to  
15 collect it.

16 Q But here's my question. At this meeting you  
17 discussed that you would need about \$1 million per  
18 hostage; correct?

19 A It would be \$1 million per hostage, correct.

20 Q And it was clear that the source of this money  
21 would be private funds as opposed to government?

22 A No, it wasn't clear yet. It was clear within  
23 a couple of meetings from that one, I guess.

24 Q Would it have been clear by June of 1957?

25 A Oh, yeah.

UNCLASSIFIED

UNCLASSIFIED

76

1 Q Did North mention whether or not he would have  
2 to clear the use of private monies with either the  
3 Attorney General or Administrator Lawn?

4 A I don't recall that at all. I don't recall  
5 him saying anything about that. The only thing, when it  
6 came to a head that we were going to use donor money, was  
7 I said that we would use a civilian to handle the money  
8 and we would escort the money.

9 Q And why did you say that?

10 A Because I just felt that that was the right  
11 thing to do. I don't know why. I just did it that way.

12 Q Well, in your interview that we did several  
13 months ago you mentioned that those were the instructions  
14 that you had.

15 A Subsequently it was, when I met with Lawn and  
16 then Lawn said don't handle unauthorized money --  
17 unappropriated funds. After that -- see, my meeting with  
18 Lawn was June 14. He says it was okay to work with NSC;  
19 don't handle unappropriated money. Don't handle  
20 unappropriated money. So we didn't handle it.

21 Q So when Lawn is relating to you, then, it is  
22 okay to work with NSC, who is he telling you gave that  
23 authority?

24 A Well, he told me he met with the AG and that  
25 was that. But we talked, and I may have told him there

UNCLASSIFIED

**UNCLASSIFIED**

77

1 could be -- you know, that we were going to use donor  
2 money, and he may have said it from that, you know. But  
3 he did tell me he spoke to the AG, so I don't know if he  
4 got it from my talking to him, because he said what are  
5 you doing, et cetera, what's happening, and I just gave  
6 him a mini-briefing that we were going to put this money  
7 in and the possibility of extracting somebody.

8 But there's no doubt that he said that he had  
9 met with the AG and that we were approved to work with  
10 NSC. So I can't tell you if he said it because of the AG  
11 told him about the unappropriated or he said it because  
12 we were talking.

13 Q In June of '85, was that the first the  
14 Administrator heard of the possibility of using private  
15 funds for the operation?

16 A No. I can't tell you if it was the first or  
17 last, and I can't tell you directly that we did talk  
18 about it. I just feel that I would have talked about it.

19 Q So you don't know whether or not he heard  
20 about it the first time from you or from someone else?

21 A I don't know if he heard about it from  
22 anybody. I just feel, you know, a feeling that I may  
23 have said something to him about it. I mean, it was a  
24 long time ago.

25 Q Okay. When he said he spoke to the Attorney

**UNCLASSIFIED**

1 General, do you know whether or not they discussed sort  
2 of the operational side of the plan -- that is,  
3 extricating the hostages?

4 A Well, I don't know if he told that to the  
5 Attorney General, but I told him that we were going to  
6 try and get two hostages out. I told him that.

7 Q And did you detail to him what the plan was?

8 A No. He is too busy a man.

9 Q What did you tell him you were going to do?

10 A That we were going to attempt to get them out.  
11 That's all. And hopefully it goes. He says, good luck.

12 Q When you say "we were going to get them out"  
13 did you tell him how you would accomplish that?

14 A Well, he understood we would use sources of  
15 information that are out of the Middle East. I assume he  
16 understood that, but I didn't get to it. I didn't detail  
17 this to him.

18 Q Well, what I'm getting at is did you say that  
19 you would be paying large amounts of money to people

Q Did you talk to him that the payment of large amounts of money to people in order to get the hostages out was a possibility?

A I just can't recall that, to be very frank with you. You know, I met him on various occasions and my meetings with him were one or two minutes. As I said, he was a busy man. And I could have said it very fast in two minutes or could have just given him a very general that we're working on taking these hostages out of there. The White House is behind us, and he said, good, and I left. You know, I can't really put it together for you.

Q Well, is it your sense, then, that you informed Administrator Lawn that you were doing more than simply obtaining intelligence information but indeed making plans in trying to extricate the hostages?

A Well, up until you have these hostages in your hands you're only working on intelligence.

Q Well, not necessarily.

A Oh, yes, it is, because it was information being given to us that this is the possibility.

Q But didn't your plans include obtaining transportation, renting safe houses and the like?

A That's an exaggeration, by whom I don't know,

UNCLASSIFIED

1 but I also saw that in the newspapers. We had plans --

5 Q Did you plan then include renting a boat?

6 A [REDACTED] and I, if we needed it, we would have  
7 rented a boat, yes.

8 Q And did you explain those activities?

9 A No.

10 Q To Lawn?

11 A No, I did not.

12 BY MR. WOODCOCK: (Resuming)

13 Q Let me just tie up this May 22 meeting. You  
14 say that at that meeting there was some discussion about  
15 you working for the NSC on this project; is that correct?

16 A You mean the meeting with North?

17 Q On May 22.

18 A Well, yes. The gist of the meeting was that  
19 North wanted us to work with him.

20 Q Now let me just break that down a bit. When  
21 you say he was going to be working with you, did that  
22 mean to you that the special enforcement operation would  
23 be terminated and that there would be some new --

24 A Technically it had been terminated. We were  
25 not using any of the monies in it any longer. There was

UNCLASSIFIED

**UNCLASSIFIED**

81

1 no money in it any longer.

2 Q So technically it had been terminated. And  
3 did you then at that time also understand that there  
4 wouldn't be a new SEO designated, but you would just be  
5 somehow detailed over to NSC or authorized to work with  
6 NSC; is that correct?

7 A That's all. Authorized I think is the best,  
8 because I was not -- even on this project, for the two  
9 years I was on it, I must have worked on it like a 30  
10 percent basis. I had other duties going. Now [REDACTED]  
11 worked on it on a 90 percent basis, let's say. So it  
12 wasn't a detail in my mind. It was an authorization to  
13 work on this matter with them.

14 Q Now Ms. Naughton has just asked you a series  
15 of questions about your meeting with John Lawn on this  
16 same subject. Did you or [REDACTED] ever sit down and  
17 write up what you wanted to do or what you and North had  
18 discussed and send that in to Administrator Lawn or any  
19 superior?

20 A - No, not at that time. I wrote a memo in '86  
21 to Lawn, but at that time I don't recall writing any  
22 memo.

23 Q Let me just run a couple of things by you out  
24 of North's notebook. North is making notes, it appears,  
25 of information that you and [REDACTED] are relating to him,

**UNCLASSIFIED**

2 [REDACTED]

5 A That's true.

6 Q These notes are dated May 22.

7 A [REDACTED]

8 [REDACTED]

9 Q [REDACTED]

10 [REDACTED]

11 A We reported this to him. We wanted to make

12 sure that this was all straight with him. We didn't want

13 to put this \$200,000 in there if he wasn't sure of all

14 these other factors.

15 Q [REDACTED]

16 [REDACTED]

17 [REDACTED]

18 [REDACTED]

19 A That's correct.

20 Q There's also a reference in here, "if price

21 is too high, you need to keep the door open with

22 \$50,000." Do you recall keeping the door open?

23 A I read that when I was looking at television

24 when that was brought out by Stokes, and I don't get that

25 one at all. Okay?

11 Q Now let me get again to this assignment or  
12 authorization to work with the NSC. I gather from your  
13 testimony that this authorization came from Lawn orally;  
14 is that correct?

15 A I don't know -- to me it was orally, right.

16 Q And, to your knowledge, did [REDACTED] ever sit  
17 down with Lawn and go through this routine?

18 A No. I told [REDACTED]

19 Q So then you conveyed it on to [REDACTED]

20 A Yeah.

21 Q And you've testified that [REDACTED] spent  
22 approximately 90 percent of his time on this over the  
23 next year and a half, couple of years?

24 A That's correct.

25 Q And you spent approximately 30 percent of your

UNCLASSIFIED

UNCLASSIFIED

85

1 time on it?

2 A Yeah.

3 Q Now, you also testified that you filed a  
4 report with Lawn sometime in 1986.

5 A Um-hum.

6 Q Was that an update on where things were, or  
7 was there something specific that generated the report?

8 A I don't know. I just filed a report with him  
9 stating that we were doing the following.

10 Q Do you know whether he asked for it?

11 A He may have. I don't know.

12 Q Other than that report can you recall any  
13 other written reports that might have come up on this  
14 subject?

15 A I don't recall writing any other report to him  
16 regarding this.

17 (Counsel conferring with the witness.)

18 THE WITNESS: Oh, that's a situation paper we  
19 did. I did a situation paper for him in '87, recently,  
20 explained to him in general our operation.

21 BY MR. WOODCOCK: (Resuming)

22 Q Okay. Let me just have the record be clear on  
23 this. You conferred briefly with counsel and counsel  
24 recalled to your mind a situation paper that you had  
25 written for the Administrator in 1987 on this subject; is

UNCLASSIFIED

UNCLASSIFIED

86

1 that correct?

2 A That's correct.

3 Q Now, did you have any other way of regularly  
4 reporting or even periodically reporting to Administrator  
5 Lawn or anybody else on this?

6 A The deal that we had was that if I traveled or  
7 [REDACTED] traveled that I would have to contact him to tell  
8 him that we were traveling so he could cover us in an  
9 official status, [REDACTED]  
10 [REDACTED] he'd like to know that we  
11 were on that detail.

12 So that was the agreement. Anytime I traveled  
13 and [REDACTED] I would call his office, usually got him on  
14 the phone, and I would say, Mr. Lawn, I'm traveling; Mr.  
15 Lawn, [REDACTED] is traveling on White House business. And  
16 that was it. He said okay.

17 Q And was that invariable? You would always do  
18 that when you were going to travel?

19 A I did it with him. I couldn't find him a  
20 couple of times, so I did it with his special assistant.

21 Q Now who would that be?

22 A It was John McKernan -- a couple of times with  
23 him and a couple of times with Marion Ramey.

24 Q How do you spell that last name?

25 A R-a-m-e-y.

UNCLASSIFIED  
TOP SECRET

UNCLASSIFIED

87

1 Q What's her position?

2 A Marion is a man.

3 Q What's his position?

4 A At the time he was in charge of all  
5 inspections. Right now he's in charge of one part of  
6 inspection.

7 Q Now who was it you understood was your  
8 immediate superior on the NSC detail or NSC  
9 authorization?

10 A I'd say at this time, once it was approved by  
11 Lawn, it was Lawn.

12 Q And he was the one, if you had anything  
13 important --

14 A For this thing. My other boss was still  
15 there. [REDACTED] But [REDACTED] knew everything. I told  
16 him. When we're leaving, you know, make sure a few  
17 people knew. You don't want any lapse of minds here.

18 Q So to the extent you had something to report  
19 you would report first to Lawn; is that correct?

20 A I told [REDACTED] I kept him generally briefed  
21 on, you know, we're leaving, we're coming, we're working,  
22 we're getting intelligence. You know, nothing to bore  
23 him, but I wanted more than Lawn, who had a heavy  
24 schedule and probably had a hard time remembering what my  
25 name was, as most Administrators do.

UNCLASSIFIED

**UNCLASSIFIED**

88

1 Q Now did [REDACTED] have an understanding as to  
2 what this whole NSC authorization was about?

3 A He knew, sure. He was in on those initial  
4 briefings at the beginning, and he came over to the White  
5 House one time with us at the beginning, as a matter of  
6 fact.

7 Q You're saying in the beginning. Is this  
8 February of '85?

9 A In the February-March thing we brought him  
10 over with us to meet Hickey and Coffield.

11 Q Do you recall ever having the same kind of  
12 encounter with him that you had with Lawn where you went  
13 in and gave him a brief upside as to what you were up to?

14 A I used to tell him we're getting good  
15 intelligence out of there and we're passing it to the CIA  
16 and we're passing it to the NSC. I'd tell him things  
17 like that.

18 Q And I presume that you also made it known that  
19 this was in the context of getting the hostages out of  
20 Lebanon; is that correct?

21 A I told him one time we had a shot to get two  
22 hostages out, and it didn't go -- something like that.

23 Q And is this still 1985?

24 A Yeah.

25 Q And this would be about the same time that you

**UNCLASSIFIED**

**UNCLASSIFIED**

89

1 were talking to Lawn, in June of '85?

2 A I would call Lawn and tell him that we're  
3 leaving.

4 Q But you're talking to [REDACTED] about the same  
5 time, June of '85?

6 A See, I was at work there 70 or 80 percent of  
7 the time, so [REDACTED] was there. I did my job, what I was  
8 doing there, and occasionally I'd just drop some  
9 information on him, saying, you know, we've got some good  
10 information on this, and we didn't get -- we lost our  
11 shot on getting the two hostages out.

12 There was no briefing. Don't look at this as  
13 a briefing. This is how are you doing? How is that  
14 operation? I says, we're getting intelligence. The  
15 intelligence is pretty good.

16 Q Let me ask the question differently. When he  
17 would turn to you and say, how's the operation, would he  
18 have an understanding that this operation covered the  
19 hostages coming out of Lebanon?

20 A I don't know.

21 Q Do you assume he did?

22 A No, I don't assume anything. He would say,  
23 how's that operation? We talked as any function is an  
24 operation. Even an intelligence probe is an operation.

25 Q Right.

**UNCLASSIFIED**

**UNCLASSIFIED**  
TOP SECRET

90

1           A     So he just said operation or how's that thing.  
2     Are you having any successes? And I would just give him  
3     some very short answers.

4           Q     The reason I'm trying to pursue this a little  
5     further is you're on duty covering more than just this  
6     Lebanon effort during this period of time; is that right?

7           A     Sure.

8           Q     And therefore you are involved in other  
9     operations other than the Lebanon operation.

10          A     Sure.

11          Q     When he stops you in the hallway or in his  
12     office or whatever and says how's that operation, how do  
13     you know what he's talking about?

14          A     It was understood. There was nothing specific  
15     about anything. I wasn't hiding anything. Maybe he said  
16     how's your hostage thing going. Maybe he said are you  
17     getting any intelligence out of Lebanon. I don't know.  
18     But he is a very close friend of mine, so occasionally  
19     I'd talk to him about it. Besides, I was working for  
20     him.

21          Q     Let me move on a little bit in time, off the  
22     May 22 meeting. Do you recall your next meeting with  
23     Lieutenant Colonel North?

24          A     Okay. My meeting -- I don't know. [REDACTED] had  
25     some meetings, and maybe I was traveling or I was gone,

**UNCLASSIFIED**  
TOP SECRET

UNCLASSIFIED

91

1 but [REDACTED] had the meetings with North and out of these  
2 meetings it came out that [REDACTED] was ready and was  
3 in his office and it was set up that [REDACTED] brother,  
4 [REDACTED] would handle the money and deliver it to  
5 Source 1.

6 And all this took place mostly without me, and  
7 I may have been traveling on DEA business.

8 Q Okay. Let me see if I can suggest something  
9 to you and you tell me if you think this sounds correct.  
10 According to North's notebook, he shows a meeting with  
11 [REDACTED] on June 8, '88, at which he relates the following  
12 information.

13 [REDACTED]  
14 [REDACTED]  
15 [REDACTED] will be burned if this doesn't work."

16 Does that bring anything back to you?

17 A Probably, yeah. I don't know if it's June 6,  
18 but I remember that meeting, without a doubt, that he had  
19 that meeting.

20 Q Now there's also a reference in here to [REDACTED]

21 [REDACTED] Let me read you the --

22 MR. MORROW: May I ask is that public, by any  
23 chance?

24 MR. WOODCOCK: No.

25 MR. MORROW: No chance of its ever being

UNCLASSIFIED

**UNCLASSIFIED**

92

1 public?

2 MR. WOODCOCK: These are North's notebooks.  
3 Before North's notebooks would be released to the public  
4 they would have to be declassified by the White House.

5 MR. MORROW: They are presently classified?

6 MR. WOODCOCK: Yes, they are classified under  
7 our classification system, and we don't release it to the  
8 public until we send them down to the White House for  
9 declassification. So to that extent, since that does  
10 have a reference in it, you would have to be certain --  
11 and I am sure you are certain -- that the White House was  
12 sensitive to anything coming in with this source's  
13 identity on it.

14 MR. MORROW: That's quite an assumption on  
15 your part.

16 MR. WOODCOCK: Okay. Let's go off the record  
17 for a moment.

18 (A discussion was held off the record.)

19 BY MR. WOODCOCK: (Resuming)

20 Q Before we went off the record we were  
21 discussing a meeting that you had with North on June 6,  
22 1985, and you have stated that in the course of that  
23 meeting North advised you that the Attorney General had  
24 approved your working with NSC on the hostage location  
25 matter; is that correct?

**UNCLASSIFIED**

2 Q Do you recall whether he mentioned the

4 A I don't know.

5 Q Did he say how he knew that, that he had  
6 spoken with the Attorney General and the Attorney General  
7 had approved?

8 A He may have said he spoke to the AG and he had  
9 approved our participation.

10 Q And that would be you and [REDACTED] is that  
11 correct?

12 A That's correct.

13 MS. NAUGHTON: Did he discuss anything else

1           Q     There's also reference in these notes to a  
2     yacht moving hostages in six trips [REDACTED]. Does that  
3     sound like something you would have discussed?

4           A     Well, that was an idea that if we can get the  
5     hostages out [REDACTED]  
6     they would be brought out of there with a yacht. That's  
7     what he's referring to. We did discuss certain types of  
8     methods of getting them out [REDACTED]

9     [REDACTED] So that was  
10    one of the ideas -- just an idea is all.

11          Q     Now, what effect, if any, did the hijacking

1 stopped at cross-line persons.

2 Q Now by the time of the hijacking did you know  
3 that some of the monies that you would be using to  
4 release the hostages were private monies?

5 A Yeah, sure.

6 Q And did you have an understanding as to  
7 whether H. Ross Perot was going to be the source of that  
8 money?

9 A That I couldn't tell you. I didn't know until  
10 much, much later. We figured it out in '86, needless to  
11 say, because Jay Coburn, who met [REDACTED] and Oliver North  
12 in that time frame -- May 24 --

13 Q 1986?

14 A 1985. Coburn apparently brings the \$200,000  
15 to Oliver North's office and [REDACTED] was called in there.

16 Q [REDACTED]

17 A Yeah.

18 Q So was it at that point that you understood?

19 A No. We didn't know who he was. [REDACTED] only  
20 knew that that was Jay Coburn because this guy on his  
21 briefcase had "Jay Coburn" on his briefcase, and as a  
22 good investigator he took note of that. But it was later  
23 -- it went into the '86 operation -- that Coburn came on  
24 the scene and then we knew that he was a Perot man.

25 Q Did Azzam ever say to you that he suspected as

UNCLASSIFIED

UNCLASSIFIED

98

1 early as early May '85 that Perot might be a source of  
2 monies?

3 A Azzam got in another to-do with his big mouth  
4 in a joint meeting over there, and he mentions that  
5 there's donors involved -- some donors could be involved  
6 in this hostage thing.

7 Q You are talking about the joint meeting? This  
8 is the big meeting you had at CIA?

9 A No, this isn't with us. This is him in his  
10 meeting, his Monday morning meetings with CIA and the FBI  
11 and everybody else on this hostage thing. Apparently he  
12 mentioned something about donors, and everybody in the  
13 room went nuts. Needless to say, the CIA then called the  
14 White House. The White House called me and [REDACTED] What  
15 the hell did you tell him?

16 I said, we don't know anything. What do you  
17 mean? And then Azzam went over there and he said, yeah,  
18 that was just speculation that donors are involved.

19 Q But I gather you didn't know at that point  
20 that he had speculated as to any particular donors; is  
21 that right?

22 A No. I think he mentioned Perot, though.  
23 Later we found out he said Ross Perot. What can I tell  
24 you? But that was Azzam, between Azzam and CIA. Had  
25 nothing to do with us.

UNCLASSIFIED

UNCLASSIFIED

99

1 Q Do you recall getting orders from North during  
2 this period of time -- that is, the hijacking period --  
3 to cease and desist for a while?

4 A Yes. Stand down, he said. It also upset our  
5 schedule too, you know, because you had to keep the  
6 pressure on in this thing, and the hijacking took the  
7 pressure off, [REDACTED]

8 [REDACTED] We lost time. And then we had to stand  
9 down. So we were losing our bona fides.

10 And then the threat that there was going to be  
11 a strike, it just all went against us. We had no luck.

12 Q So now did you meet with North at all during  
13 this hijacking period?

14 A Well, I think I met on June 14 with him. Hold  
15 on. No, I met June 20.

16 Q June 20?

17 A No, [REDACTED] met with him. I didn't meet with  
18 him. I may have talked to him on the phone, though. I  
19 spoke to him on the phone a lot, you know, and I don't  
20 remember when. It was hard to get in to see him because  
21 he was so busy, and I would get phone calls at 2:00 in  
22 the morning or I would try to get hold of him through the  
23 situation room and we'd talk on the phone.

24 Q How would you communicate?

25 A I'd have him beeped.

UNCLASSIFIED

1 Q Did you have any secure communication?  
2 A Yeah.  
3 Q Have a code?  
4 A Code, but we cut things. That guy and, you  
5 know, [REDACTED] things  
6 like that. He knew.

BY MR. WOODCOCK: (Resuming)

15 Q All right. I've got a note here in North's  
16 notebook showing on June 26, 1985, \$15K for travel, and  
17 then it says, [REDACTED] depart today for", and  
18 then it's blank. Do you recall that event?

19 A Actually it was [REDACTED] and [REDACTED] who departed  
20 and [REDACTED] stayed back.

21 Q What was happening then?

22 A The deal was that the 200 would still go in.

23 Q The \$200,000?

24 A The \$200,000 would go in for the evidence and  
25 to try to get back our bona fides again with these

UNCLASSIFIED

1 people. [REDACTED] would handle the \$200K, and [REDACTED] would b  
 2 the escort on it, and I did not go in at that time.

3 Q And you understood, I gather, by this point  
 4 that this \$200,000 was not government money; it was  
 5 unappropriated?

6 A I knew exactly it wasn't.

7 Q And [REDACTED] is handling it because he could  
 8 handle unappropriated monies?

9 A He's a civilian, right. I'm not so sure if I  
 10 couldn't handle it either. It was just set up that way.  
 11 We set it up that way. I guess it was also because it  
 12 was a large amount of money and it was just better to  
 13 have one more witness to say that the money went in.

14 Q Do you recall who went and got the \$15,000?

15 A I think it was [REDACTED] picked up the money, too

16 Q That is [REDACTED] or [REDACTED]

17 A Right, because I met them at the airport and  
 18 think he gave me \$5,000 of it.

19 Q [REDACTED] did?

20 A Yeah. And then, you know, I met them, I thin  
 21 within a few days, [REDACTED]

22 Q [REDACTED]

23 A [REDACTED] Source 1.

24 Q So what happened at that meeting? What was  
 25 the plan?

UNCLASSIFIED

102

1 A Well, they came back. The money had gone in.

2

3

4

5 [REDACTED] I met with [REDACTED] and Source 1 and we discussed  
6 the possible extraction, how it would take place.

7 Again, it would be using a yacht. [REDACTED]

8 [REDACTED] would put the hostages on a yacht and we would  
9 have some time and maybe Oliver North could get some  
10 military vessel in there. I don't know. You know, it  
11 was that sort of thing at the time. But, if not, we  
12 would meet the yacht and take possession of the hostages.  
13 That was the speculation.

14 And we talked about how much money they  
15 wanted. They wanted \$1 million a head, and it would be  
16 after the hostages were delivered.

17 Q Now at this point were you talking about all  
18 the hostages?

19 A We're talking about two -- Buckley and one  
20 other.

21 Q And that one other would be a clergyman; is  
22 that right?

23 A I think it was one of the clergymen.

24 Q So it would either have been Jenko or Weir?

25 A Yeah.

2 Q While we're on that topic, could we go to this  
3 Exhibit? Could I have this marked, please, as Exhibit 2?

4 (The document referred to was  
5 marked [REDACTED] Exhibit Number  
6 2 for identification.)

7 This fits in real well because in public  
8 record this has been put in as Public Hearing Exhibit 2  
9 for Attorney General Meese. I'd like you to read it.  
10 It's a two-page memorandum. You are looking at the  
11 unclassified version which means several names and  
12 certain places are redacted. But I'd like to have you  
13 read it and tell me if the information on this memorandum  
14 is accurate.

15 MR. MORROW: What's the date of it?

16 MS. NAUGHTON: It's not dated, which is one of  
17 the problems.

18 (Pause.)

19 BY MS. NAUGHTON: (Resuming)

20 Q [REDACTED] after reading the memorandum can  
21 you tell us whether or not in its totality it's accurate  
22 or whether or not there are inaccuracies?

23 A Generally in its totality it is accurate.  
24 Some things -- you know, \$500,000 here or there -- I  
25 don't know. I don't know, you know.

**UNCLASSIFIED**

**UNCLASSIFIED**

104

1 Q Well, why don't we go through it, then? The  
2 third paragraph, beginning with "Once contact has been  
3 established", there is a reference that "the two DEA  
4 officers will deposit \$200,000 and establish an account  
5 for \$2 million. \$500,000 will be available immediately  
6 in U.S. dollar cash for use in Lebanon."

7 Is that correct or incorrect?

8 A Well, you know, I know what he was trying to  
9 say here. Okay. The \$200K went in, what was going to go  
10 in as the bona fide in payment of this evidence right  
11 here. Okay. Once we got the hostages in possession  
12 there would be some expenses because we would have to  
13 then pay [REDACTED]

14 [REDACTED] And I don't know. I don't remember setting  
15 any figure. Maybe that's why he was talking about the  
16 \$500K. I don't know.

17 MR. MORROW: Half a million dollars?

18 THE WITNESS: Maybe that was their part of the  
19 bribe. Except for that point right there the rest of it  
20 is pretty close -- that the money would be paid. Once  
21 the hostages were in custody, the money would be paid  
22 later. But the \$500,000 doesn't -- maybe [REDACTED] can  
23 explain it better. I don't know.

24 BY MS. NAUGHTON: (Resuming)

25 Q What he says about the agents, the DEA agents,

**UNCLASSIFIED**

**UNCLASSIFIED**

10

1 actually depositing the money is, I gather, not true.

2 A That's not true. He misunderstood that.

3 Q And were you to set up an account for the \$2  
4 million?

5 A No way. We told him that one of the  
6 possibilities of this, that somebody would have an  
7 account and it would be passed to them after the hostages  
8 were taken, or they would be met in Europe and they would  
9 be handed the money in Europe somewhere. And then we  
10 told them -- or they may want part of it in cash and the  
11 part in the bank, and that's where maybe the \$500,000 --  
12 we may have said they want \$500,000 in cash and the rest  
13 in the bank.

14 These were all, you know, speculative  
15 situations and we were just talking about them. But I  
16 don't recall saying specifically \$500K. Maybe we did and  
17 maybe we didn't.

18 Q Were you responsible for renting the yacht for  
19 transport to Cyprus?

20 A It was never rented.

21 Q I'm not asking that. In the plan, as he  
22 states --

23 A Source 1 would have handled it, and then we  
24 would have been billed.

25 Q Source 1, then, was to actually rent the

**UNCLASSIFIED**

UNCLASSIFIED

106

1 yacht?

2 A Him or one of his sub-sources. I mean, it  
3 would be coming out [REDACTED] so obviously it would have  
4 to be rented there on site.

5 Q Now on the second page of the memo, where it  
6 says "one of the DEA officers will proceed to Cyprus to  
7 rent a safe house", is that part correct?

8 A I don't know. You know, I don't recall saying  
9 we'd have to have a safe house, because it was my opinion  
10 at the time that you couldn't keep these [REDACTED]  
11 incognito in a safe house. [REDACTED]

And that's not on here, and I know I said  
that.

Q Where do you think, then, Colonel North got  
the idea that you were going to rent a safe house?

A Maybe he meant a safe house and I meant the

[REDACTED]

Q Well, he would not be talking about renting it

if it was [REDACTED]

A Well, maybe he misunderstood me. I don't

recall this. Maybe [REDACTED] talked about his. But, you

know, it wouldn't set right with me to rent a safe house

1  
2  
3  
4  
5 So this could just be something -- you know,  
6 don't know. Maybe [REDACTED] can explain it.

7 Q The next large paragraph, starting with "it  
8 assumed", the sentence that says "the safe house will be  
9 used to harbor, treat, the first two hostages while  
10 arrangements (both financial and operational) are being  
11 made for the remaining hostages. A believes that at  
12 least 72 to 96 hours would be required for a second  
13 round."

14 Was it then contemplated that in addition to  
15 the two hostages indeed additional hostages would be  
16 freed?

17 A We felt, and the information that we had, that  
18 we could do this once we got two out, and that was the  
19 whole reason. And I think that's why he used the word  
20 "safe house". I don't recall using it. But that these  
21 people would have to stay incognito until we got the rest  
22 out, because obviously if the word got out and the press  
23 got it, the bribes that went in [REDACTED]  
24 [REDACTED] it would be over. The  
25 news would come on the scene.

2 my word, because I talked about [REDACTED]

3 Q But my question is, did you expect, then, more  
4 than the two hostages?

5 A Oh, yeah.

6 Q The next paragraph regarding the DEA officers  
7 "are prepared to depart as soon as they are contacted by  
8 A." Is A Source 1?

9 A Yes.

10 Q "Travel arrangements and operational costs are  
11 currently being financed from funds from private  
12 sources." Is that correct?

13 A I don't know. I thought it was covert money.

14 Q Okay. In terms of your operational and travel  
15 expenses?

16 A Um-hum.

17 Q At the time, then, that you were receiving the  
18 money from Colonel North you believed that it was  
19 government money?

20 A That's correct -- not the \$200,000, though.

21 Q No. We're talking about your expense money.

22 A Right. I thought it was covert money.

23 Q When did you become aware that it was not?

24 A When it all boiled out.

25 Q So not until November of '86?

**UNCLASSIFIED**  
TOP SECRET

**UNCLASSIFIED**

109

1 A Exactly.

2 MR. MORROW: Did you learn then?

3 THE WITNESS: Only because it was in the  
4 hearings.

5 MR. MORROW: Well, the hearings didn't start  
6 in November '86.

7 THE WITNESS: Well, after November '86 I  
8 learned by the hearings or by information, I don't know.  
9 When was I interviewed in here?

10 MS. NAUGHTON: I believe in March.

11 THE WITNESS: You may have told me that it was  
12 not government money. But after the whole thing was  
13 over, that's when I learned it. Specifically when, I  
14 can't tell you.

15 BY MS. NAUGHTON: (Resuming)

16 Q Is this the first time you've ever seen this  
17 memo?

18 A The first time.

19 Q Did North show you any memoranda that he was  
20 sending up the line or to anyone else regarding your  
21 activities?

22 A No.

23 Q Were you aware that he was preparing such  
24 memoranda?

25 A No, not at all, truthfully.

**UNCLASSIFIED**

**UNCLASSIFIED**  
TOP SECRET

110

1 Q Was there any understanding that this would  
2 not be put in writing?

3 A No. It's just that when he told me -- like he  
4 said, he talked to the AG, and I assumed that was it. I  
5 was surprised, too, that he was copious memo writer --  
6 from the hearings.

7 MR. MORROW: Did you discuss a 30-day project?

8 THE WITNESS: Thirty to 90 days. We discussed  
9 that, yeah.

10 BY MS. NAUGHTON: (Resuming)

11 Q So it was your understanding, then, in June of  
12 '85 that you would only be detailed to this operation for  
13 30 --

14 A We discussed 30 to 90 days, and I guess he  
15 just shoved 30 in there.

16 MS. NAUGHTON: Thank you. That's all the  
17 questions I had on that.

18 BY MR. WOODCOCK: (Resuming)

19 Q Let me just back up a minute. [REDACTED]  
20 Did North ever tell you -- and I'm speaking in the late  
21 May/early June period -- did he ever tell you that CIA  
22 had reached the conclusion that Source 1 was being  
23 scammed on this?

24 A No.

25 Q You've testified that your opinion of CIA's

**UNCLASSIFIED**  
TOP SECRET

111

1 position was that it supported this.

2 A Sure. Well, when we split ways I don't know  
3 what they were thinking.

4 Q Again, you never received any information from  
5 North that CIA had lost faith in this operation; is that  
6 correct?

7 A Never. As a matter of fact, that could never  
8 have been because it was the CIA that came to me and I  
9 told them [REDACTED]

10 Q Now you're talking about late '85/early '86?

11 A That's right. So if they had doubts about me  
12 and my source, why would they come to me and ask [REDACTED]  
13 [REDACTED]

14 Q The question I had was that North never  
15 imparted to you any information that CIA doubted the  
16 effectiveness of Source 1 or the effectiveness of his  
17 sub-sources; is that correct?

18 A Never. He never did. He always lauded Source  
19 1's information.

20 Q North did?

21 A Yes.

22 Q And he never told you CIA didn't?

23 A Well, he didn't like the CIA, you know. He  
24 told me he only dealt with the old man and a couple other  
25 people. I can tell you that. He told me that.

UNCLASSIFIED

*CIA got busy bec. ON warn't

**UNCLASSIFIED**

112

1 Q That he didn't like the CIA generally and he  
2 only dealt with the old man, meaning Bill Casey?

3 A And a few people up on top.

4 Q Did he ever tell you that when he used this  
5 term "old man", did he ever specifically say when I talk  
6 about the old man I mean Bill Casey?

7 A I asked him that. I said who are you talking  
8 about? He said Casey.

9 Q And he would habitually refer to him as the  
10 old man?

11 A He said the old man a couple times. He said  
12 Casey.

13 Q I just want to make sure the record is clear  
14 on this point, that North never told you or gave you any  
15 information that the CIA thought that your source, Source  
16 1, or his sub-sources were being scammed in this May-June  
17 '85 project.

18 A He never told me that and, in the country, he  
19 forced it. I was the skeptic.

20 [REDACTED] I became the  
21 skeptic, and he's the one that put all that aside and  
22 says we're doing it.

23 Q Okay.

24 A You know, you have to understand there's a  
25 rivalry that started here between two DEA agents and the

**UNCLASSIFIED**

# UNCLASSIFIED

1 mid-level CIA. It would have been a very heavy slap in  
2 the face if we got lucky and took Buckley out of there  
3 wouldn't it? And this was the major concern. It came  
4 us by other sources.

5 Q So through other sources you get the  
6 impression?

7 A Not my sources -- other people in the  
8 government.

9 Q Not North but other people who are saying t  
10 mid-level CIA are not happy with you and [REDACTED] is  
11 that correct?

12 A Well, they were afraid we were going to be  
13 successful is what came back to us.

14 Q But the information wasn't coming back that  
15 they were skeptical of your ability to be successful;  
16 that correct?

17 A That's correct. No. They were worried. I  
18 imagine, getting Buckley out, two DEA agents in their  
19 minds, and that's what came to me, not what you asked.

20 Q Now next in North's notebook is an entry th  
21 reads: June 30, 1985, call from [REDACTED]

22 [REDACTED] Did you go [REDACTED]  
23 [REDACTED]

24 A No.

25 Q He also on the same page has a note: Call

**UNCLASSIFIED**

1 from [REDACTED] and then there's another  
2 reference: Call [REDACTED] He's got it down as [REDACTED]  
3 [REDACTED] so he's got you guys thoroughly wedded in his  
4 mind. And the entry is go or no-go. Do you recall  
5 reaching a break point in this operation, say on June 30?

6 A The only thing I could think of is that we  
7 were told to stand down and then he told us to go, go  
8 ahead.

9 Q Now I think the TWA 847 crisis had been  
10 resolved by June 29.

11 A That's possibly it.

12 Q So the next day this entry appears in his  
13 book. Do you recall receiving instructions to begin  
14 moving it ahead after the TWA crisis was resolved?

15 A Yeah, I do.

16 Q And again are those coming from North, those  
17 instructions?

18 A Yeah. I talked to him on the phone while I was  
19 [REDACTED]

20 Q Now what happens? You are told to go ahead.  
21 What do you do?

22 A We put the thing in motion and Source 1 goes  
23 in and tries to set this all up.

24 Q [REDACTED] at this time;  
25 is that correct?

**UNCLASSIFIED**

UNCLASSIFIED

115

1 A Yeah. We are in [REDACTED] We leave [REDACTED]  
 2 [REDACTED] With Source 1. Then I catch  
 3 up to them [REDACTED]

4 Q Let me just resolve this and see if your  
 5 records resolve this.

6 A [REDACTED] Go  
 7 ahead and ask the question. I'll clarify that.

8 Q The question comes from North's notebooks,  
 9 which indicate that [REDACTED] is in [REDACTED] Is  
 10 that inaccurate?

11 A [REDACTED] met me [REDACTED] with Source  
 12 1. [REDACTED]

13 Q And then do you recall several days elapsing  
 14 before you went [REDACTED]

15 A I went [REDACTED] and they met me  
 16 there. Excuse me. He's right. I met them [REDACTED]

17 [REDACTED]  
 18 Q Now after meeting them, what do you do?

19 A [REDACTED] and Source 1 returned [REDACTED]  
 20 [REDACTED] I return home.

21 Q And what's happening? Is this thing going  
 22 ahead?

23 A Well - yeah. [REDACTED] went back [REDACTED]

24 [REDACTED]  
 25 [REDACTED] So we were on

UNCLASSIFIED

116

1 standby, in other words.

2 Q And I gather that contacts are being made [REDACTED]  
3 [REDACTED] is that  
4 right?

5 A Um-hum.

6 Q And there are references in North's notebook  
7 [REDACTED]

8 A He kept good notes, you know that?

9 Q They are quite complete.

10 A I remember that phrase that we said over the  
11 phone.

12 [REDACTED]  
13 [REDACTED]  
14 [REDACTED]

15 Q And it also refers to money actually being  
16 passed [REDACTED] Now is that the \$200K?

17 A Um-hum.

18 Q Then I have another entry, the same date, July  
19 2, '85 that has [REDACTED] to put up -- that is P/U; I read  
20 that as put up -- \$2 million.

21 MR. MORROW: Or pick up?

22 BY MR. WOODCOCK: (Resuming)

23 Q Excuse me. To pick up \$2 million. What's  
24 happening there? Do you recall?

25 A Only if the hostages were coming out we would

UNCLASSIFIED

**UNCLASSIFIED**

117

1 have picked it up -- if we were in possession of the  
2 hostages.

3 Q Now that is as of July 2, and it appears from  
4 that note that there's a possibility that if everything  
5 is going well you can pick up \$2 million and hostages  
6 will be coming out, two hostages, presumably. Is that  
7 correct?

8 A Yeah. But we didn't decide how it would be  
9 picked up. You know, it would have gone to Europe or he  
10 would have had it brought to us. You know, and then we  
11 would have picked it up. Physically in possession of it?  
12 It depends on how the operation was going to be. It may  
13 not even have had to come all the way to us.

14 The important thing was that if we had gotten  
15 out two hostages \$2 million would have to be available  
16 somewhere down the line.

17 Q Now obviously this plan does not bear fruit,  
18 as hostages do not come out. What happens? It breaks  
19 down. So what happens?

20 A It breaks

21  
22  
23  
24  
25 Q So what was your next step?

**UNCLASSIFIED**

UNCLASSIFIED

118

1 A The next step is we came home. [REDACTED]

2 [REDACTED]

3 Q Did you sit down and have a meeting with  
4 North?

5 A I'm sure we did.

6 Q Let me bring this to your attention and see if  
7 this brings it back. In North's notebooks there's a  
8 reference to [REDACTED] and [REDACTED] The date is July 15, '64.

9 [REDACTED]

10 [REDACTED]

11 [REDACTED] It's not clear  
12 from the note whether that's a meeting or a phone call.  
13 Do you recall?

14 A I think it was a meeting. I don't know  
15 exactly, but I could have told him that on the phone,  
16 too. But usually on a trip like that, coming back, it's  
17 so important that we did not achieve our goals that I  
18 would have met with him. So I'm sure that I met him at  
19 his office or in the park across the street.

20 Q So you, I gather, didn't give up, however.  
21 You are still trying to move ahead on this.

22 A We left the door open. We left the door open,  
23 and at this stage of the game it wasn't costing us any  
24 more money on the part of Source 1, so we just left the  
25 door open. [REDACTED]

1 A No, it was not.  
2 Q It was never given to Source 1?  
3 A It was given to Source 1 and Source 1 gave it  
4  
5  
6  
7  
8

9 Q That was money from Jay Coburn, correct, the  
10 \$200,000?

11 A That's correct.

12 Q The only other payment that you can recall  
13 Source 1 or any other source in the hostage operation  
14 getting private funds, what we now know to be private  
15 funds or these funds that came from either Colonel North  
16 or Jay Coburn, was one other payment of \$5,000 that you  
17 made?

18 A No. I didn't know they were private funds. I  
19 said they were my expenses that Oliver North gave to me,  
20 and I gave him some money one time out of the \$5,000 that  
21 he gave me. I gave him, I think, \$2,000 out of that on  
22 the first or second trip. Then, on another occasion when  
23 I was there, I gave him another couple thousand. That  
24 was, to me, covert money, not private money.

25 Q I understand. That is why I qualified my

**UNCLASSIFIED**

**UNCLASSIFIED**

124

1 statement by saying what we now know to be private monies  
2 as opposed to appropriated government funds.

3 My question then is how many times did you  
4 make such payments of monies that you obtained from  
5 either Colonel North or Jay Coburn to any of the sources  
6 involved in the hostage rescue operation?

7 MR. MORROW: That goes back and covers the CIA  
8 money.

9 BY MS. NAUGHTON: (Resuming)

10 Q No, because I qualified it by saying any money  
11 from Jay Coburn or from Oliver North. I'm not concerned  
12 with DEA money. I'm not concerned with CIA money.

13 A I can answer that that I did not pay Source 1,  
14 I think, other than those \$2,000 ever again in this whole  
15 operation.

16 Q The \$2,000 from your expense money?

17 A We're finished with the \$200,000 right? We  
18 understand that he got that money and gave it to those  
19 other people.

20 Q Yes.

21 A After that I think I gave him \$2,000 of my  
22 money that Oliver North gave me, and after that I don't  
23 recall giving him one red cent for the rest of this  
24 operation.

25 Q So earlier when you said there might have been

**UNCLASSIFIED**

**UNCLASSIFIED**

125

1 another \$2,000, now you don't think there was. Just the  
2 one \$2,000?

3 A I said \$2,000.

4 Q And do you know when that was?

5 A I don't know. I don't recall. I remember  
6 giving him \$2,000.

7 Q Would it have been in 1986?

8 A Could have been. But I only took one trip in  
9 '86 overseas. But it could have been then. I really  
10 can't -- these years overlap too much for me.

11 Q Is it safe to say it was after June '85 --

12 A I've got it right here. It was '86.

13 Q Do you recall when?

14 A In March of '86 I gave him \$2,000.

15 Q Now how were you able to pinpoint that in your  
16 notes?

17 A I talked to him. I asked when did I pay you.  
18 The heavy payments he signed, and I asked him. I know I  
19 gave him \$2,000, you know, and he told me --

20 MR. MORROW: What's this?

21 THE WITNESS: [REDACTED] gave him that, and he told  
22 me I gave him \$2,000 one time when he left New York.

23 BY MS. NAUGHTON: (Resuming)

24 Q In March of '86?

25 A Yeah.

1 Q So this information is not from any  
2 contemporaneous note you made or received but from your  
3 subsequent conversations with the source?

4 A Well, it does in a sense. At the same time  
5 period [REDACTED] wired some money to him, and it was in that  
6 same time that I remembered I gave him \$2,000 in cash,  
7 and that's why it did --

8 Q So his statement is basically corroborated by  
9 what [REDACTED] did?

10 A Exactly. He's the one that reminded me that I  
11 gave him \$2,000 at that time. Other than that, I gave  
12 nobody any other money.

13 MS. NAUGHTON: Okay. Thank you.

14 BY MR. WOODCOCK: (Resuming)

15 Q Let me just follow this money line question  
16 down a little bit. You, I gather, began at some point  
17 receiving monies directly from North himself; is that  
18 correct?

19 A Yeah.

20 Q When he would give you these monies I gather  
21 it was in the form of traveler's checks; is that correct?

22 A My recollection is that my first trip was the  
23 only time I got traveler's checks, in which I think I got  
24 \$5,000 worth of traveler's checks.

25 Q That would be July of '85?

1 MR. MORROW: When he uses the term "first  
2 trip" he refers to trips under the NSC as opposed to the  
3 earlier trips for DEA. So it's really the third trip,  
4 but he calls it the first trip.

5 THE WITNESS: I'll do it by months. That will  
6 be more accurate.

7 BY MR. WOODCOCK: (Resuming)

8 Q Fair enough.

9 A My first funded trip by Oliver North was in  
10 June.

11 Q June of '85?

12 A Exactly. And I'm pretty sure I received  
13 \$5,000 in traveler's checks.

14 Q Now when you got this money from him, where  
15 did it come from? Where did he pull it out of?

16 A His office.

17 Q Were you present when he retrieved it?

18 A That is right. [REDACTED] gave it to me at the  
19 airport when I met him at the airport. It was [REDACTED] who  
20 got it at the office.

21 Q Now after this first trip money -- that is  
22 June of '85 trip money -- do you recall when you next  
23 received money from North?

24 A My recollection is I took a second trip and  
25 then was reimbursed on it after I came back.

1 Q Did you ever get money directly from North and  
2 not through [REDACTED]

3 A No. You know, I never did. I always got it  
4 through [REDACTED]

5 Q So you never were in North's office and he  
6 went somewhere and produced traveler's checks or cash or  
7 whatever?

8 A I don't recall that. I remember -- now,  
9 that's a good point -- that I never got it directly.  
10 [REDACTED] always caught up to me somewhere.

11 Q Okay. Let me go back to the chronological  
12 procession here. There's a reference in North's  
13 notebooks to [REDACTED] getting on a [REDACTED]  
14 flight on July 25, 1985, and ultimately going to [REDACTED]  
15 [REDACTED] London. Do you know what that's about?

16 A Yeah. He apparently was with a person that we  
17 coined the name the Prince, and allegedly this guy was a  
18 Saudi prince, as it was told to me by North, and that  
19 this guy had excellent contacts with the Kuwaiti  
20 government and the Lebanese government. And Oliver  
21 wanted us to see if we could develop anything or any of  
22 these contacts.

23 Q Is this the first time that the Saudi prince  
24 is brought to your attention, this July '85 period?

25 A Just a minute.

2 I think it was in that time frame, yes.  
3 MR. MORROW: What was the date of North's note  
4 -- 7/25?  
5 MR. WOODCOCK: 7/25.  
6 MR. MORROW: We've got it that the trip was  
7 7/26.  
8 MR. WOODCOCK: The note is 7/25. It may have  
9 been an itinerary for the next day.  
10 THE WITNESS: [REDACTED] left on the 26th of '85.  
11 BY MR. WOODCOCK: (Resuming)  
12 Q Did North speak to you directly about this  
13 prince?  
14 A On the phone, I believe.  
15 Q And did he tell you how it came about that he  
16 had gotten in touch with this prince or how the prince  
17 came to his attention?  
18 A I think he said through a Miller.  
19 Q Richard?  
20 A A Miller, meaning Miller, a person named  
21 Miller.  
22 Q Did he provide you with any more information  
23 other than that?  
24 A He just said this guy seems to be a heavy guy.  
25 Q Did he say whether he'd met him or not?

**UNCLASSIFIED**

130

1 A I don't recall that.

2 Q Did he tell you his name?

3 A Oh, yeah, we got his name.

4 Q That was at the time, over the phone?

5 A Yeah, I got it or [REDACTED] got it.

6 Q And al-Masoudi is the name?

7 A Ebrahim.

8 Q Ebrahim al-Masoudi?

9 A Yeah.

10 Q Did he have any other way of referring to him

11 other than the Saudi prince?

12 A We called him, I think, the Gem and then the

13 Prince.

14 Q Just let me say this. There are interspersed

15 throughout North's notes references to Jewel.

16 A That's right.

17 Q So when you see Jewel that means the Saudi

18 prince?

19 A That's correct. That's exactly it. I can't

20 keep track of our codes.

21 Q Let me back you up in time a little bit and

22 see if this means anything to you. In North's notes

23 there's a reference to a May 2, 1965, call from Abe, and

24 then he's got down [REDACTED] and then it

25 says "recognized Jewel".

UNCLASSIFIED

72  
**UNCLASSIFIED**

131

1 A I recognized Jewel.

2 Q Do you recall having any information on the  
3 Saudi prince back as early as May 1985?

4 A Um-hum.

5 Q How would that have come to your attention?

6 A I got him a visa in the Bahamas.

7 Q How did it come about that you were helping  
8 the prince get a visa in the Bahamas?

9 A Well, he asked me -- Oliver asked me, that he  
10 needed a visa on his Grenadian passport. And I said  
11 fine, where is he? He says, where can you get the visa?  
12 I said, you tell me where he is, and I'll get him a visa.  
13 And he says, we'll get him to the Bahamas. I said fine,  
14 and he got a visa.

15 Q Now did he explain to you at that time who the  
16 prince was and what his significance was?

17 A Yes.

18 Q What did he tell you about him?

19 A What I told you before -- that he was a Saudi  
20 prince and he had heavy contacts with the mullahs of the  
21 Hizbollah, and that we would then get him a visa, get him  
22 into Europe, and we would then develop him for whatever  
23 use we can on the hostages.

24 Q Now in-between this point where you obtain a  
25 visa for the Saudi prince and late July, had he come back

**UNCLASSIFIED**

**UNCLASSIFIED**

132

1 onto your screen at all, the Saudi prince? Had you had  
2 anything to do with him at all in-between early May and  
3 late July?

4 A I don't know. I don't think so. I think that  
5 our next meeting was [REDACTED] is traveling with the guy.

6 Q Now when [REDACTED] was called upon to travel to  
7 meet with the prince I gather you were aware of that; is  
8 that correct?

9 A Oh, yes.

10 Q Did you make the connection between the Saudi  
11 prince being the same person you'd gotten a visa for?

12 A Oh, yeah. This was going to happen, you know,  
13 because that's why we got the visa for him, so that we  
14 could accommodate him and then debrief him and see what  
15 actually this guy can do.

16 Q Now on that May 2 note that I referred to  
17 there is a reference to [REDACTED] Do you know what that  
18 would be a referral to?

19 A Oh [REDACTED] was traveling for me on other  
20 matters.  
21 [REDACTED]  
22 [REDACTED]

23 Q Is he a DEA agent?

24 A Yeah.

25 Q What's his full name?

**UNCLASSIFIED**

UNCLASSIFIED

133

1 A [REDACTED] And that was it, though. I  
2 was his supervisor. [REDACTED]

3 [REDACTED] But Azzam was in this. He knew, and he  
4 approved this.

5 Q I think the note reflects that the call came  
6 from Azzam.

7 A That's right. Azzam called me. He says, can  
8 you get this done? I said, sure I can.

9 Q Now I gather, then, that [REDACTED] did travel to  
10 London to meet with the Saudi prince; is that right?

11 A That is correct.

12 Q And Miller. What happened as a result of  
13 that. Did he come back and make a report to you on what  
14 happened?

15 A Well, he told me that he was with him and  
16 talked to him -- very hard to understand the guy, you  
17 know. His English wasn't too hot. But he mentioned a  
18 lot of names which were pretty heavy names -- you know,  
19 heavy mullah names -- Fadlallah, Masawi -- and at that  
20 time we figured that maybe he did know and he could help.

21 Q So were any steps taken at this point?

22 A Well, allegedly this guy was making phone  
23 calls to Kuwait and to Lebanon, you know, trying to get  
24 these contacts going. That's what [REDACTED] told me.

25 Q So did you and [REDACTED] take any steps with

UNCLASSIFIED

**UNCLASSIFIED**

134

1 respect to the Saudi prince at this time?

2 A We just had, you know, this information and we  
3 told him to contact who he thought was important, who had  
4 some control on these hostages, and once he came to some  
5 kind of accord with these people to contact us, because  
6 [REDACTED] left there, I think, August 1 and came home and  
7 left the prince there, I believe.

8 Q The people you were suggesting he contact,  
9 these were the sub-contacts of your Source 1?

10 A No, no. This is separate. This is not Source  
11 1 any more.

12 Q Is Source 1 on the shelf?

13 A No, no.

14 Q He's still continuing in his traces?

15 A Source 1 is passing me information constantly,  
16 and I pass it to Ollie.

17 Q So you and [REDACTED] give him names of  
18 persons [REDACTED] who are not sources?

19 A No, no. He gives us names.

20 Q Explain that to me.

21 A We don't let sources of information -- we  
22 don't give them the names. We debrief him, and he says,  
23 you know, I know mullah Fadlallah. I know Masawi. He  
24 names a bunch of other people. [REDACTED] would know who they  
25 are.

**UNCLASSIFIED**

**UNCLASSIFIED**

135

1 Q I am misunderstanding your testimony, then. I  
2 gather what you then told him was go ahead and get in  
3 touch with these people you have told us about; is that  
4 right?

5 A Exactly. Get hold of them, set up some kind  
6 of meetings, try to lure them into Europe, and then he  
7 said yes, he'd do it.

8 Q Now does he need money to accomplish these  
9 things?

10 A As far as I knew he didn't.

11 Q Did you give him any money, do you recall?

12 A I did not. I never gave him any money.

13 Q At any point?

14 A I never gave him any money.

15 Q You never gave the prince any money?

16 A No.

17 Q I'll ask the question differently. Are you  
18 aware of [REDACTED] giving him any money?

19 A No, never did. [REDACTED] paid a lot of his  
20 expenses, if that's what you mean -- paid a bunch of his  
21 expenses, which was money from Oliver North, though.

22 Q Well, I don't want to get into a word game  
23 here, but at some point the prince was incurring expenses  
24 and [REDACTED] is making money available to the prince to pay  
25 the expenses?

**UNCLASSIFIED**

**UNCLASSIFIED**

136

1 A But I don't know if that was this trip.

2 Q Let me just ask the question generally. Did  
3 it ever happen?

4 A Yes.

5 Q And to your understanding that was money  
6 coming from North?

7 A Oh, yes.

8 Q Through [REDACTED]

9 A Oh, yeah.

10 Q To the prince?

11 A Exactly.

12 Q Did that money ever pass through you?

13 A No.

14 Q You were aware of it, however?

15 A Sure.

16 Q Now [REDACTED] has met with the Saudi prince, al-  
17 Masoudi, in late July, and al-Masoudi is advised to go  
18 ahead and see what he can do with these important  
19 Lebanese names that he has brought up. Does he do  
20 anything? What happens?

21 A Well, you know, [REDACTED] was talking to him. I  
22 never talked to him. I couldn't understand him. So I  
23 told [REDACTED] he had to talk to him.

24 Q At what point did you actually see him to talk  
25 to?

**UNCLASSIFIED**

UNCLASSIFIED

137

1 A I saw him one time in August. I met him [REDACTED]

2 [REDACTED]  
3 Q Do you know approximately when that would have  
4 been?

5 A It was exactly August 23.

6 Q Was that the only time you met him that you  
7 recall?

8 A Yeah. I think that was it.

9 Q Now has he done anything by then?

10 A No. He's just giving us a bunch of names.

11 Q Is it at this meeting that you say go ahead.  
12 If you know these people, go ahead and contact them?

13 A It was the August meeting that I finally stuck  
14 my two cents in and talked to him.

15 Q Then what happens?

16 A I tasked him. I got hard on him. I says, you  
17 know, are you going to do it? Are you going to be in  
18 trouble? I was the bad guy and [REDACTED] was the good guy.  
19 Okay? So he said he could do it. He swore on Allah, you  
20 know, and everything else. And I left -- like a couple  
21 days there.

22 Q Now there's a reference in North's notes dated  
23 August 28, '85, that says "call from [REDACTED] \$1000 needed  
24 ASAP." Do you know what that's about?

25 A I was in the States by then.

And [REDACTED] We

But then August 22 [REDACTED] and I go [REDACTED]  
and we debrief the Prince. Then I leave on August 25 and  
[REDACTED] remains [REDACTED] through September 19, and so my  
conversations, then, with Oliver North is this guy has no  
money. His credit card is almost bankrupt.

Q That is, the Prince?

A No, that's [REDACTED] So I says, get him some  
money. So apparently they sent him \$15,000 through the  
Prince's hotel, and the Prince got the money. And then  
the Prince gave it to [REDACTED]

Q So the money was wired to a hotel and the  
Prince?

A Where the Prince was staying.

Q And the Prince gave it to [REDACTED]

THE WITNESS: I don't think so. You'll have

5 BY MR. WOODCOCK: (Resuming)

6 Q Let me back you up a little bit. You also  
7 meet with Source 1 and you thought you might be getting  
8 lucky. What did you mean by that?

9 A Well, I thought we were going to get a hostage  
10 out, that some negotiations had fired back up with the  
11 old contacts, and we just thought that we were moving in  
12 the right direction to get one out.

13 Q Is this still the same plan of \$1 million per  
14 hostage?

15 A Yeah.

16 Q What happened with that? Why did that not pan  
17 out?

18 A It didn't pan out.

19 Q Any reason?

20 A I'm not sure, but I think it was at this time  
21 from that we passed information to Oliver Berg [REDACTED]

22 [REDACTED]

1 Q Did North give you any information in August  
2 of '85 that he was receiving information from other  
3 sources that Buckley might be dead?

4 A Yes. Well, that was a constant thing. Nobody  
5 knew if he was alive or dead.

6 Q But I'm talking about something more specific.

7 A I'll tell you very frankly I told Oliver North  
8 that Buckley was dead.

9 Q You did? Based on what?

10 A Based on Source 1 telling me that Buckley was  
11 dead.

12 Q When did he tell you that?

13 A It was, I believe, in this August thing.

14 Q Now let me ask the question I asked a few  
15 minutes ago. Did North ever tell you, based on  
16 information independent of what you told him --

17 A Later, I think.

18 Q I'm just staying in the August time frame,  
19 that he had received information in August from a source  
20 independent of you that Buckley was dead?

21 A Yeah. I thought it was CIA told him. You  
22 know, it was what came first -- the chicken or the egg.  
23 I don't know. But we talked about Buckley.

24 [REDACTED]  
25 I told him another time in that same time frame that

UNCLASSIFIED

**UNCLASSIFIED**

14

1 Buckley was dead, and then he told me that yeah, he's  
2 dead and that the CIA said he's dead, too -- or some  
3 other sources.

4 It was one of those things. I don't know wh  
5 got to it first.

6 Q Now let me ask you again on the subject of  
7 Buckley -- this is over the entire span of the operation  
8 -- did there ever come a point after that where you  
9 received information that contradicted your assumption  
10 that Buckley was dead?

11 A Yeah.

12 Q When did that happen?

13 A I would say in August-September also. It wa  
14 after, obviously, what we told him originally -- that h  
15 may not be dead.

16 Q Was that again from Source 1?

17 A I don't know. I don't remember that.

18 Q Do you remember having an opinion as to  
19 whether he was dead or alive based on the information y  
20 received from Source 1 that he was dead and the other  
21 information received that he was alive?

22 A My opinion was that I was uncertain, because  
23 don't know if it was Source 1 that gave me the  
24 information, and then even Oliver North corroborated  
25 that, too, that his sources or whatever said that he

**UNCLASSIFIED**

142

1 could be alive.

2 Q Do you recall information coming in to you  
3 much later than that, in early '86, that Buckley might be  
4 still alive?

5 A The prince said that, as a matter of fact. I  
6 think the Prince. That was one of the heavy's  
7 information that he passed to us, that Buckley was alive.

8 Q Did you have an opinion on that? Was it a  
9 firm maybe?

10 A No. By then, by August -- let's see. By  
11 October -- [REDACTED] left. By October 20 I told Oliver North  
12 that the Prince was a con, a liar, and useless.

13 Q October 20, '85?

14 A Right. And that we think -- and we told him  
15 that we think he's an Iranian and not a Saudi.

16 Q Now let me take you back again to early  
17 September. There's a reference in North's notebooks on  
18 September 3, '85, to [REDACTED] being in [REDACTED]  
19 [REDACTED] and then approximately the same period of time  
20 there's a reference to a call from [REDACTED]

21 [REDACTED]

BY MR. WOODCOCK: (Resuming)

3

Q It's a call from you.

4

A I was there, as a matter of fact.

5

6

Q Now there's a reference here to Abe Azzan,

7

it looks like "interfered", but it's spelled incorrectly.

8

And then there's a reference to Kontex -- K-o-n-t-e-x.

9

Does that mean anything to you?

10

A No.

11

Q There's also a reference to the 7th U.N.

12

Conference on Criminal. Does that mean anything to you?

13

A No. Azzan used to attend those U.N.

14

conferences, though. But I don't know. I think he was

15

laid up in bed. He was laid up in bed for six months

16

after he had his operation. I don't think he was getting

17

around much.

18

Q Now do you recall -- and let's limit this

19

question to the September '85 period, or August-September

20

'85 -- do you recall at any point learning or being put

21

in touch with Richard Secord?

22

A I never did.

23

Q You never did yourself?

24

A No.

25

Q Do you recall Secord coming into the picture

UNCLASSIFIED

UNCLASSIFIED

144

1           A     Only after [REDACTED] was shown his picture here  
2     the first time we had this informal meeting. I mean, he  
3     knew it was Secord, because at the time he met him [REDACTED]  
4     [REDACTED] it was Cope or Copp.

5           Q     Copp.

6           A     [REDACTED] told me about that after he left this  
7     meeting.

8           Q     Let me back you up on that point. [REDACTED] met  
9     with Secord. Do you recall in August or September did he  
10    tell you he was meeting with this fellow Copp?

11          A     It was October by then.

12          Q     And what was the purpose of Secord or Copp  
13    meeting with [REDACTED] Was that made known to you at the  
14    time?

15          A     I think Copp met with the Prince, too, and  
16    came to the same conclusion. I had talked to Oliver  
17    North and said the Prince is useless, and then he called  
18    Copp to go check the Prince out, too, and I think that's  
19    how he met [REDACTED] because [REDACTED] was hanging around with  
20    the Prince, you know, waiting for information.

21          Q     And I gather -- was Richard Miller in the  
22    area, too?

23          A     I don't think so. Not that I recall. I don't  
24    think he was there.

25          Q     So I gather you understood that Secord was

UNCLASSIFIED

UNCLASSIFIED

145

1 supposed to do some kind of evaluation of the Prince as  
2 well?

3 A Well, afterwards I figured that out, but at  
4 the time I just knew that this guy Copp was someone that  
5 Oliver North knew who met with [REDACTED] and also  
6 met with the Prince and then told [REDACTED] that this guy's  
7 useless.

8 Q Do you recall knowing the name Copp as of  
9 October of '85?

10 A Yeah. I think [REDACTED] told me on the phone.  
11 [REDACTED] called me. When he was overseas, he always called  
12 me daily.

13 Q Do you recall learning from [REDACTED] or from North  
14 that Secord was providing money for the Prince?

15 A All I can say is no. He may have been  
16 providing to the Prince unbeknownst to us, but he didn't  
17 provide us any money, or he didn't provide [REDACTED] any  
18 money.

19 Q And at this point did [REDACTED] or anyone else  
20 tell you about Secord bringing along Albert Hakim to  
21 evaluate this so-called prince?

22 A He told me there was another guy. He never  
23 told me the name. I remember he told me there was  
24 another person.

25 Q Did [REDACTED] go to the meeting where this all

UNCLASSIFIED

**UNCLASSIFIED**

146

1 occurred?

2 A I don't know if he was there when they were  
3 talking to the Prince or he met them later. He just told  
4 me that they came to the same conclusion as we did, that  
5 the guy was a con.

6 Q Now in August when you met with the Prince and  
7 you told him to go ahead and make good on his  
8 representations, by October 20 you'd reached the  
9 conclusion that he can't produce. What's causing you to  
10 reach that conclusion?

11 A Nothing is happening. The same old story.  
12 I'm contacting mullah so and so and he hasn't called me  
13 back. I'm contacting this person; they haven't called  
14 back. It's hard to telephone. It's hard to get the line  
15 through.

16 Q Is he asking for money?

17 A No. I know that \$15,000 went in there and he  
18 got part of it, so [REDACTED] can explain that better than I  
19 can.

20 (Whereupon, at 12:58 p.m., the taking of the  
21 instant deposition recessed, to reconvene at 1:30 p.m.,

(1:45 p.m.)

Whereupon,

the witness herein, having been previously duly sworn,  
was further examined and testified as follows:

**EXAMINATION - Resumed****BY MR. WOODCOCK:**

Q We had just gotten to the point, I think,  
where you were telling us you had become skeptical  
of the Prince; is that right?

A Yes.

Q And I think you had referred to having reached  
that conclusion by October 20, '85.

A Excuse me a minute.

(A brief recess was taken.)

**BY MR. WOODCOCK: (Resuming)**

Q I think you testified when we had  
just broken for lunch that you had become skeptical of  
the Prince, by October 28, '85; is that correct?

A That's correct. We wrote him off at that time  
period.

Q I want to bring to your attention in North's  
notebooks there's a reference on October 31, '85, "call  
from [redacted] and it says -- it has a reference

**UNCLASSIFIED**

UNCLASSIFIED

148

1 then to [REDACTED] and says: "Why did Miller call [REDACTED]  
2 Jewel says nothing pending. Does the FBI want this guy?"  
3 Does that bring anything back to you?

4 A Yeah. I think [REDACTED] called me and said that  
5 Miller had called the Prince and something about an  
6 investigation pending in the States. And [REDACTED] called me  
7 and said what is this about, because the Prince, you  
8 know, got all nervous. And when I talked to Oliver he  
9 didn't know anything about it either. And that was it.

10 Q Now there's another reference, and this is  
11 dated 11/4/85, to a meeting with you and North and [REDACTED]  
12 Do you recall that meeting at all? This would be  
13 November 4.

14 A It's possible, yeah.

15 Q Let me just give you some snippets from that  
16 meeting. There's a reference here to "Jewel insists that  
17 deal will still go through."

18 A He did.

19 Q Now what's he talking about there? What's the  
20 deal?

21 A He's talking about his contacts with the  
22 mullahs in Lebanon will prevail eventually.

23 Q Is there any specific deal, or just my  
24 contacts are going to come through?

25 A That's what he was talking about. I mean, as

UNCLASSIFIED

UNCLASSIFIED

149

1 far as what I understood it. You know, I closed the  
2 door, but [REDACTED] left it open with the Prince.

3 Q Then it says J., which I assume was a  
4 reference to Jewel "says he paid \$250,000 to a bank." Do  
5 you recall him saying anything like that?

6 A I don't know anything about that. I know he's  
7 a con man. Later we found out he's in jail and  
8 everything else, and that was right up his line --  
9 conning people and conning banks.

10 Q There's also a reference that Miller is  
11 benefitting. "Miller owes J" -- I'm assuming that's  
12 Jewel -- "money." Do you recall any topic about that?

13 A Yeah. I think [REDACTED] told me that the Prince  
14 said that Miller owes him money. But, you know, at that  
15 stage of the game anything that Jewel had to say I didn't  
16 care.

17 Q I gather this is pretty much a report from  
18 [REDACTED] then. Does that sound right to you? [REDACTED] is  
19 providing the information on this?

20 A Yeah.

21 Q There's a reference here to the [REDACTED]

22 [REDACTED] Was that in the works?

23 A He went and came many, many times, you know,  
24 and I may have just told Ollie that he is going back in.

Q This is again November 4, '85.

A We were developing [redacted] that we'll call Source 2 and getting him involved in the hostages.

Q Wait a minute. I'm going to back up on the sources here. You referred to a Source 1, [redacted] early in your testimony, and then you referred [redacted] meeting in February there was a Source 2, who was [redacted] This isn't the same fellow?

A Source 3, then.

UNCLASSIFIED

2 A I haven't the faintest idea what that means.

16 Q Then at the bottom of this note there is a  
17 reference to "owe [REDACTED] 13.5 plus 2.4, for 25.9K."

18 A Probably, because [REDACTED] was out there with no  
19 money day after day after day for months.

20 Q And that appears in North's notes. Presumably  
21 that's North owing [REDACTED] that kind of money; is that  
22 correct?

23 A [REDACTED] was fronting his own money, or his  
24 credit card, anyway.

25 Q There's a reference then eight days later to a

4 Q And it says here that the meeting is [REDACTED]  
5 [REDACTED] re [REDACTED] work on the hostage issue. What's [REDACTED]  
6 doing? Is that how you pronounce it?

7 A Yeah. He's on the foreign desk for the FBI,  
8 and he had some good contacts [REDACTED] that we could  
9 have used, and that's why he brought him in there to  
10 introduce him to North.

11 Q Were you able to use him?

12 A We used some of his contacts, yes.

13 BY MS. NAUGHTON: (Resuming)

14 Q Can I ask about [REDACTED] Do you know whether or  
15 not North had any contact with Buck Revell of the FBI

17 A I think so.

18 Q Do you know what that was about?

19 A To get him assigned to the detail.

20 Q Was he then to be part of your team?

21 A Was he a part of my team?

22 Q When you say "get assigned to the detail",

5 Q Do you know when that was approximately?

6 A He came back November 3. And through December  
7 we just were getting information from the sources and  
8 sub-sources [REDACTED] and passing the information to  
9 Oliver.

10 Q That includes Sources 1 and 3; is that

12 A One, 2, and 3.

15 Q Is anything happening?

17 Q And are you feeding any monies out at this

19 A No. We have no money.

20 MS. NAUGHTON: Who is [REDACTED] do you know?

21 THE WITNESS: No.

22 BY MR. WOODCOCK: (Resuming)

23 Q Let me back up on that. There is a reference

25 '85, which deals in part with the Saudi prince. It also

1 has a reference in the same note to dealing with Dr.

5 was a flurry of activity involving an effort to release  
6 the Lebanese hostages through the provision of HAWK  
7 missiles to Iran. Was that anything you were aware of at

Do you recall anything about what is going on at this period of time?

A Um-um.

Q That would be Christmas Eve. Was there anything afoot about hostages coming out or sources coming out at that point?

(A brief recess was taken.)

BY MR. WOODCOCK: (Resuming)

Q When we broke a few minutes ago I had asked you about whether you recalled anything happening on December 24, '85, which would be Christmas Eve, about either your sources or hostages or anything of that magnitude coming out of Lebanon during that period of time.

A I don't recall anything. We continued to pass information even through the holidays, you know. I have

UNCLASSIFIED

UNCLASSIFIED

156

1 no specific recollection of anything appearing that was  
2 exciting at the time.

3 Q Let me just back you up into December. What  
4 do you recall going on in December? Anything happening  
5 at that point?

6 A In December I met Charlie Allen and started to  
7 brief him. I used to meet him occasionally and Oliver  
8 North was so busy that we started briefing Charlie Allen,  
9 and he talked to us on the phone and went over to his  
10 house a couple times.

11 Q Let me back you up on Charlie, then. You  
12 recall meeting Charlie Allen in December of '83; is that  
13 correct?

14 A Yeah.

15 Q Do you have a date on that?

16 A We met him the first time December 11.

17 Q On December 11. How do you know it's December  
18 11?

19 A I think we had that written somewhere. I  
20 don't know where -- maybe on my weeklies or something.

21 Q Now when you met with Charlie Allen was [REDACTED]  
22 [REDACTED] with you?

23 A Yeah.

24 Q How were the introductions made?

25 A Yeah, it was both of us. Oliver North

UNCLASSIFIED

**UNCLASSIFIED**

157

1 introduced us.

2 Q Where were you; do you recall?

3 A At the Executive Building.

4 Q North's office?

5 A Yeah.

6 Q Now when North introduced you to Allen what  
7 did he tell you about him?

8 A He said Charlie Allen was on board and knew  
9 about the hostages, and that we were passing intelligence  
10 and that we were trying to get them out.

11 Q And was there an immediate purpose for him  
12 introducing you to Allen?

13 A Yeah. You know, he said that Charlie Allen  
14 would be more convenient for us to contact him and pass  
15 him intelligence, since we hadn't planned any trips at  
16 this stage of the game.

17 Q Was it your understanding at that meeting that  
18 Allen was to be like a substitute contact for North?

19 A Kind of, yeah. That was my interpretation.

20 Q Let me put the question differently and see if  
21 you have the same answer. Was it your understanding that  
22 if you called Charlie Allen it would be as good as  
23 calling North, that the information would get to North?

24 A Yeah. The information would get to the CIA,  
25 because Charlie Allen was in the CIA.

**UNCLASSIFIED**

**UNCLASSIFIED**

158

1 Q But it would also get to North, too? Was that  
2 also your understanding?

3 A Sure. I knew North was giving this  
4 information to CIA all along. So I guess he was making  
5 it quicker.

6 Q Now what did you understand Charlie Allen was  
7 supposed to do with this information? What did you think  
8 his job was?

9 A You want my opinion?

10 Q Yes.

11 A Charlie Allen's job was to -- I had another  
12 Azzam on my hands. He wanted information so he could  
13 have his meeting at 9:00 in the morning with whomever he  
14 met. I figured that out after meeting him, plus a Major  
15 who worked for Charlie Allen used to come see [REDACTED] and  
16 me.

17 Q That would be [REDACTED]

18 A Yeah. Nice kid and the whole thing. And I  
19 told him, I said, your boss stinks.

20 Q Okay. We're going to get to [REDACTED]  
21 in a minute. When you met Charlie Allen, however, in  
22 December in North's office, that was before you met

23 [REDACTED] is that correct?

24 A Oh, yes. I didn't meet [REDACTED] until  
25 after.

**UNCLASSIFIED**

**UNCLASSIFIED**

159

1 Q And your opinion of Charles Allen was that he  
2 was taking the information and not making effective use  
3 of it? Is that what I take from what you're saying?

4 A No. He had to be the one that had the  
5 information; therefore, we were his sources.

6 Q And who was he reporting to that made it  
7 valuable to have you as sources?

8 A Some committee. I'm sure he had some  
9 committee. Oliver explained it to me, what committee he  
10 was on or something. I don't know what it was. Maybe he  
11 was briefing his boss, whoever that was. I don't know.  
12 But he used to call, and when we finally figured it out,  
13 [REDACTED] and I, he needed it for some 9:00 or 9:30 meeting.

14 Q And that's what -- weekly or daily or what?

15 A It was daily and weekly he called us. He  
16 wanted an update, and then that's where [REDACTED]  
17 got into it. He was kind of an honest kid who  
18 lefthandedly told us that that's what Charlie was using  
19 it for, and that he was going to go back to the military  
20 and the hell with all of this.

21 Q Now having met Charles Allen in December, on  
22 December 11, did you have any other meetings or  
23 conversations with him during that month?

24 A Yeah. We met him quite a few times. As I  
25 said, I met him a few times at his house.

**UNCLASSIFIED**

UNCLASSIFIED

160

1 Q What I want you to do is limit this  
2 observation to December, if you can.

3 A That's the best I can recollect, is that we  
4 met him a couple times in December, and I think we even  
5 met the Major in December, too.

6 Q And that was simply to pass information; is  
7 that correct?

8 A That was it. We were passing information,  
9 intel. [REDACTED]

10 [REDACTED]

11 Q Now was Allen involved in any plans for any  
12 operations that you knew of?

13 A No, none that I knew of.

14 Q So it was simply an intelligence-passing  
15 exercise; is that correct?

16 A He had me check somebody out for him also, a  
17 journalist by the name of Hayden Guest.

18 Q What did he want you to do that for?

19 A He wanted to know if this guy was reliable and  
20 I said no. [REDACTED]

11 Q Let me throw something out and see if it helps

3 Q I gather, then, that you had information you  
4 wanted to give to Allen; is that correct?

5 A I wanted to give it to Oliver North.

6 Q And Allen was the conduit?

7 A He was the conduit, and then this Major became  
8 the conduit.

9 Q So when you met [REDACTED] and Allen for  
10 the first time, do you recall what information you were  
11 imparting to them, or was it just an introductory  
12 meeting?

13 A I think we gave them some information on that  
14 occasion.

15 Q Do you recall whether North went to that  
16 meeting?

17 A I think he showed up late.

18 Q Let me ask you this. Was there any  
19 arrangement between you and Allen that you would pretend  
20 not to know who Allen was at that time, or that you would  
21 go through the formalities of appearing that this would  
22 be an introduction for the first time to Allen as well?

23 A I don't recall that. I know that CIA like to  
24 be incognito, but he wasn't that way, because we went to  
25 his house twice, so he wasn't that incognito.

5 recalled going [REDACTED] and meeting with you and a man  
6 who he described as [REDACTED] Do you recall  
7 that?

8 A Yeah.

9 Q He also said there was [REDACTED] he was  
10 introduced to who was also a source that you and [REDACTED]  
11 [REDACTED] had developed; do you recall that?

12 A Um-hum.

13 Q What do you recall about that event?

14 A They wanted a debrief for Source 1 and Source  
15 3, so I said go ahead. We weren't getting any money for  
16 them. Then he says well, we can probably get you some  
17 money. Let us debrief them. I said fine, come on out.  
18 I had nothing to hide.

19 Q Now what was the arrangement between you and  
20 [REDACTED] and Major [REDACTED] Was [REDACTED]  
21 identity to be known to these people or was he coming  
22 incognito?

23 A He was incognito also. From what I recall,  
24 everybody wants to be incognito, so we said okay.

25 Q And I gather that neither you nor [REDACTED]

**UNCLASSIFIED**

**UNCLASSIFIED**

165

1 would have imparted his true identity to either of these  
2 two sources; is that correct?

3 A He says he wouldn't have imparted mine. They  
4 didn't know who this guy was. We told him he was a DEA  
5 intelligence guy, I think. That was the story we gave  
6 them. They've got to write it in a report, so just talk  
7 to them.

8 Q Now was anything supposed to follow from [REDACTED]  
9 [REDACTED] interview of these two people? Was anything  
10 planned that had caused this evaluation to occur?

11 A What was supposed to follow is that as the  
12 intelligence came in some fees would have been paid  
13 through this Major and Charlie Allen, and it never  
14 happened.

15 Q What never happened? No intelligence or no  
16 payment?

17 A Oh, tons of intelligence. No fees.

18 Q So both Source 1 and Source 3 went back [REDACTED]  
19 [REDACTED] I gather, and fed intelligence out to you?

20 A Yeah. They made trips back there again, you  
21 know, and we got the intelligence. And eventually we  
22 phased Allen and the Major out and we were back talking  
23 to Ollie North.

24 Q Let me ask you how you accomplished that. You  
25 say you phased them out. How did you do that?

**UNCLASSIFIED**

**UNCLASSIFIED**

166

1 A I told them I wouldn't talk to them any more.  
2 Q You told that to both of them?  
3 A Yeah, both of them.  
4 Q What was your reason for wanting to phase them  
5 out?  
6 A They did nothing for the cause. They just  
7 wanted info to pass to whomever they were dealing with.  
8 Q Now what would they have done to do something  
9 for the cause?  
10 A This kid [REDACTED]  
11 [REDACTED] He knew you have to pay sources. He  
12 agreed they should have been paid, but eventually he told  
13 me Allen wouldn't pay them.  
14 Q So you and [REDACTED] were looking [REDACTED]  
15 [REDACTED] and Allen to come up with some money to pay  
16 off the sources; is that correct?  
17 A Um-hum.  
18 Q Now did you go to North at some point and  
19 complain about these guys not coming through?  
20 A Um-hum.  
21 Q Do you recall when that would have been?  
22 A Not really.  
23 MS. NAUGHTON: Did [REDACTED] tell you  
24 that they had approached Casey for money to pay the  
25 sources?

12 Q I think we're straight.

13 A I was pretty sure you had it.

14 BY MS. NAUGHTON: (Resuming)

15 Q What did [REDACTED] say regarding who would  
16 or wouldn't pay? Did he indicate to you that he and  
17 Charlie Allen had gone to Casey asking for money?

18 A Oh, Casey didn't come out of this, and Charlie  
19 Allen never said he'd go to Casey. Charlie Allen said to  
20 me that he would get some money up so we can send these  
21 sources back in, and it just never happened. And then  
22 the Major wouldn't meet me. And then it got to the point  
23 the Major would meet me or [REDACTED] and he was embarrassed  
24 because he came for information and then we said well,  
25 when are we going to send these people in there. You

2 He says, well, I'm working on it. I told him,  
3 [REDACTED] it got to the point, I think, at our last  
4 meeting with the Major, and he says, that's when he said  
5 he can't take this any more and he's going back to the  
6 military.

7 Q First of all, did he give a reason as to why  
8 the money was not forthcoming?

9 A No, he never did. You know, it just wasn't  
10 there.

11 Q Did he tell you why he was dissatisfied and  
12 was leaving?

13 A I don't think he liked his job, was the  
14 impression I got.

15 Q Well, what particularly did he tell you he was  
16 dissatisfied with?

17 A I just don't think he liked what he was doing  
18 -- flunky work. So you can imagine how we felt when this  
19 guy's coming to us for information. Okay? So it just  
20 kind of came to a dead end, you know. We said goodbye to  
21 the Major, who I really liked -- I really respected this  
22 kid -- and I contacted Ollie North and I said don't have  
23 Charlie Allen call me.

24 He said why, and I told him. I said this is  
25 bull. You just can't keep getting information and

2 BY MR. WOODCOCK: (Resuming)

3 Q Can you place that at all in time -- that call  
4 to North?

5 A I can't place it. It was after the new year,  
6 I'm sure.

7 Q Now there's a reference in North's calendar to  
8 a meeting with you and [REDACTED] on January 28, 1986,  
9 and that is preceded by exactly one half hour with [REDACTED]  
10 [REDACTED] which is [REDACTED] full name. Do  
11 you recall that?

12 A January 28?

13 Q Correct.

14 A No, I don't. I don't have any indication of  
15 that.

16 Q Okay.

17 A You know, it's possible. Don't get me wrong.  
18 There could have been a meeting.

19 Q But you can't recall it; is that correct?

20 A No, I don't.

21 Q Let me divert just a minute here and ask you  
22 do you recall hearing the name [REDACTED]?

23 A It doesn't ring a bell.

24 Q This fellow is with the National Security

5 [REDACTED] and next to that is \$7,500. Let me ask you on

Q The same note, March 3, 1986, has a reference to "two boats ready to do [REDACTED]" Do you know what's happening there?

A Ollie asked us if we had two boats available for him, and we said yeah.

Q Now when you say "had two boats available", what did you have available [REDACTED]

A [REDACTED] not to go in.

Q That's the way the note reads. So they would be going [REDACTED] is that correct?

A Yeah, or in the water around it.

6 [REDACTED]  
7 [REDACTED]

8 Q Was there something going on here that caused  
9 two boats to be at ready to go [REDACTED]

10 A Many times. Ollie said stand down. It could  
11 have been that time.

12 Q Do you know whether there was something going  
13 on?

14 A I don't know. He just asked me one time. I  
15 remember he asked me about can we get two boats, and I  
16 said yes.

17 Q Do you recall ever telling [REDACTED] that  
18 you and [REDACTED] had boats available or boats that you  
19 could get hold of?

20 A I think I did. He may have asked us, too,  
21 about boats, come to think of it.

22 Q I'll tell you that he recalled you and [REDACTED]  
23 referring to having fast boats available.

24 A \*Fast enough. Not cigarette boats.

25 Q These would be boats that you didn't actually

2 is that correct?

3 A Um-hum.

4 Q Did you ever get to the point where you rented  
5 those boats?

6 A No, we never got the chance.

7 Q Okay. Now is there anything going on with  
8 your various sources now -- Sources 1 through 3 -- in  
9 this February-March period?

10 A What we did is, we get some more support.

21

23 Q Were you able to do anything with those  
24 sources?

25 A Yeah. They gave us information. Once they

(Pause.)

Q Let me direct your attention, then, if I may, [REDACTED] to another note in Ollie's -- I say Ollie -- Mr. North, Colonel North's notebooks. This one is dated March 18, 1986, and it's headed "meeting with [REDACTED] and [REDACTED] and has the following entries. "\$5K for" I think the person we've identified as Source [REDACTED]

[REDACTED] That's your Source 3, isn't it? [REDACTED]

[REDACTED] is that correct?

A [REDACTED]

[REDACTED] Yeah, I'm sure. As I say, he was going and coming quite a bit at that time.

Q Then another entry: "\$5K for Source 1".

A Yeah, that's true.

Q And then "\$5K for [REDACTED] to California for Prince." [REDACTED]

A That's true.

Q What's happening there?

A Well, apparently [REDACTED] was going to go to California and debrief the Prince one last time, from what I understand.

Q Let me stop you there. Do you recall this

UNCLASSIFIED

UNCLASSIFIED

182

1 meeting? Was this billed as a meeting with North, you  
2 and [REDACTED]

3 A I don't know if it was a meeting or on the  
4 telephone.

5 Q Do you recall three people participating in it  
6 -- you and [REDACTED] and North?

7 A It could have been, without a doubt, but I  
8 know about the \$5K for Source 1, because we wired that  
9 \$5K. I know we needed money for Source 3 because he was  
10 going back and forth. I thought it was \$2K, but it could  
11 have been \$5K.

12 MR. MORROW: This is the two that you gave  
13 Source 1 and then it was five more.

14 MR. WOODCOCK: Why don't we go off the record  
15 and you can review your notes?

16 (A discussion was held off the record.)

17 THE WITNESS: I gave Source 1 \$2,000.

18 BY MR. WOODCOCK: (Resuming)

19 Q Do you recall when that was?

20 A That was in March.

21 Q So this \$5K reference is in addition to the  
22 \$2,000; is that correct?

23 A And then [REDACTED] wired him \$5,000, I think to  
24 the old country or wherever he was -- Europe or the old  
25 country.

1 Q Now this reference to [REDACTED] going to California  
2 for the Prince, is this the same prince that's the Saudi  
3 Prince?

4 A Right.

5 Q Al-Masoudi?

6 A That's it.

7 Q Now there's a reference to [REDACTED]  
8 [REDACTED] Who's that? Is that also the Saudi  
9 Prince?

10 A No.

1 did until this all came about, and then we found out that  
2 Copp was Second in that one meeting he had with [REDACTED]

3 Q Now the same question on Amiram Nir. Did you  
4 know who he was?

5 A Who?

6 Q Amiram Nir.

7 A He's an Israeli.

8 Q Did that name mean anything to you at the  
9 time, back, let's say, in March-June '66?

10 A Not at the time.

11 Q Is he someone you've come to know only since  
12 the exposure?

13 A No.

14 Q When did you first come across Amiram Nir?

15 A Don't get nervous and pick up your pen.

16 Q May the record reflect I'm putting my pen  
17 down?

18 A I didn't know him either until I saw his  
19 picture in the paper. I met him at the White House at  
20 the Executive Building under a different name.

21 Q He was under a different name?

22 A Yeah.

23 Q What was the occasion of your meeting him?

24 A He was in Ollie North's office and he  
25 introduced me, and he said this was Mr. Meriarity, and I

UNCLASSIFIED

**UNCLASSIFIED**

106

1 said how do you do. And we talked about the Mideast  
2 situation in general and then he left.

3 Q Do you recall when that would have been,  
4 approximately?

5 A It had to be in this same time frame that  
6 we're talking about here.

7 Q And that would be March to June '86?

8 A March, April, yeah.

9 MS. NAUGHTON: What did Colonel North say he  
10 did?

11 THE WITNESS: After he left he told me the guy  
12 was an Israeli official. He didn't say exactly what he  
13 did, but he said he was an Israeli official.

14 BY MR. WOODCOCK: (Resuming)

15 Q Now with monies being dispensed to Sources 1  
16 and 3 and with [REDACTED] heading off to see the Saudi Prince,  
17 al-Masoudi --

18 A He never went.

19 Q Okay. Let me break this down, then. Is  
20 anything happening specifically with Source 3 during this  
21 period?

22 A Yeah.

23 Q What's afoot?

24 A [REDACTED]

25

**UNCLASSIFIED**

187

1 [REDACTED]  
2 [REDACTED] And so they were  
3 working on a bribe [REDACTED]

4 Q And would it be a combination of bribes and  
5 ransom? Was it the \$1 million a person kind of a deal  
6 again coming up?

7 A Yeah, it was that in the sense that it would  
8 have been a delivery on a boat, if we could have got them  
9 out -- if [REDACTED] could have got them out.

10 [REDACTED]  
11 [REDACTED]  
12 [REDACTED]  
13 [REDACTED]

14 MR. MORROW: Could we go off the record for a  
15 minute, please?

16 (Counsel conferring with the witness.)

17 MR. WOODCOCK: Why don't we go back on the  
18 record?

19 BY MR. WOODCOCK: (Resuming)

20 Q [REDACTED] you've just had a brief  
21 conference with counsel, and I gather from that  
22 conference you want to take an opportunity to explain how  
23 this bribe process worked; is that correct?

24 A Yes.

25 Q How did it work?

UNCLASSIFIED

UNCLASSIFIED

188

1           A     The bribes -- the money that would be used for  
2     ultimate payment would have gone to those people who  
3     would have assisted in getting the hostages out, and they  
4     were not -- the money wasn't going to go to that whole  
5     [REDACTED] group. So if it went to the whole [REDACTED]  
6     group and everybody was in concurrence there, that would  
7     have been a ransom.

8                     But what we did is try to bribe certain  
9     elements of the group [REDACTED]  
10    [REDACTED]

11           Q     Now when you say this, is this just the Source  
12     3 plan that we're talking about?

13           A     Source 1, too.

14           Q     So let's move back in time to the May-June '85  
15     period. When the discussion there was turning on  
16     approximately \$1 million a hostage, did you interpret  
17     that as bribe money?

18           A     Sure it was bribe money.

19           Q     That was not a ransom?

20           A     No. It would have always been bribe money.

21           Q     So in your mind there's no point at which you  
22     are offering ransom money for any of these operations?

23           A     Never did.

24           Q     Now with that understanding, when you are  
25     putting together this operation involving Source 3 in

UNCLASSIFIED

UNCLASSIFIED

189

1 March of '86 is there any figure that's been put on each  
2 hostage who gets out, as there was in May-June '85, like  
3 \$1 million per hostage?

4 A Um-hum. It would have been the same -- \$1  
5 million.

6 (A brief recess was taken.)

7 MR. WOODCOCK: Back on the record.

8 BY MS. NAUGHTON: (Resuming)

9 Q You were telling us about Source 3, who had  
10 met with [REDACTED] who was involved [REDACTED]  
11 [REDACTED] somehow.

12 A Through [REDACTED] Another contact of his

14 it.

15 [REDACTED]  
16 [REDACTED]  
17 [REDACTED]  
18 [REDACTED]

19 Q And how was the payment of money to free the  
20 hostages?

21 A This was a small part of all the people  
22 [REDACTED] and this guy wasn't [REDACTED] You  
23 know, [REDACTED] were in control of these hostages.  
24 They gave the orders [REDACTED] not the terrorists.  
25 There's no doubt about that.

**UNCLASSIFIED**

190

1 Q So [REDACTED] gave the orders to [REDACTED]  
2 is what you're saying.

3 A Sure.

4 Q And [REDACTED] were going to be paid money to  
5 do what?

6 A To make [REDACTED] or bring them out  
7 and give them to our [REDACTED] contact.

8 Q To make [REDACTED]  
9 [REDACTED]

10 A Um-hum. And then, because they were only a  
11 part of this, they would be paid for us corrupting them,  
12 basically.

13 Q But what you're telling us is that [REDACTED]  
14 had control over the freedom of the hostages.

15 A Sure they did, and they still do, and that is  
16 where the tie is [REDACTED]

17 [REDACTED]  
18 a very strong organization that has nothing to

1 Q Let me get it straight in my own mind  
2 regarding where the money would go. Would the money be  
3 paid to [REDACTED]?

4 A No, no. The money would be paid to [REDACTED]  
5 [REDACTED]

6 Q To [REDACTED]

7 A We had to bribe them.

8 MR. MORROW: The whole \$1 million?

9 THE WITNESS: Yeah. I mean, there's a lot of  
10 people in-between there that got their cut.

11 BY MR. GENZMAN: (Resuming)

12 Q Just run through the flow of the money briefly  
13 with me, would you? The money goes to 1 --

14 A No, it wouldn't go to 1.

15 Q Where would it go?

16 A There would be a contact. Again, I mean, we  
17 never were going to front this money. If we got the  
18 hostages out, these people who were involved [REDACTED]  
19 [REDACTED] would set up a place where the  
20 money would be delivered to them. We wouldn't deliver it  
21 to them. It would be done either by Oliver North, Jay  
22 Coburn, or whoever else wanted to do it.

23 Q But it would go to [REDACTED]

24 A It would go to the people who were in control

25 [REDACTED] It's the people who are in control [REDACTED]

1 [REDACTED]  
 2 MS. NAUGHTON: Who are [REDACTED]  
 3 THE WITNESS: Well, it's [REDACTED] overall,  
 4 and, you know, there's other levels. It's not just [REDACTED]  
 5 [REDACTED] are in control over all [REDACTED]  
 6 [REDACTED]  
 7 [REDACTED] these guys here are overall in control of  
 8 these missions -- kidnapping and terrorism and everything  
 9 else.

10 But the idea was in this case here, using this  
 11 [REDACTED] contact, was a contact he had used to get to [REDACTED]  
 12 [REDACTED] who had control [REDACTED] I don't know who  
 13 [REDACTED] was -- Maybe [REDACTED] knows it. Basically that  
 14 [REDACTED] operation.

15 MR. GENZMAN: Can we go off the record for a  
 16 minute?

17 (A discussion was held off the record.)

18 BY MR. GENZMAN: (Resuming)

19 Q As I was saying, I'm confused about  
 20 distinguishing between ransom and bribes, and personally  
 21 my thought is if the money goes to the people who  
 22 actually control the organization, who make the  
 23 decisions, such as whether to kidnap people --

24 A The money wasn't going to them.

25 Q -- it would be in the nature of a ransom and

UNCLASSIFIED

UNCLASSIFIED

193

1 it would possibly lead to further hostage-taking.

2 If the money were going to people who didn't  
3 really control the organization but merely had control at  
4 a particular point in time [REDACTED]

5 [REDACTED] then it's more  
6 in the nature of a bribe?

7 A You've got it right.

8 Q So, just to satisfy myself, could you tell me  
9 -- give me the categories of people that the money would  
10 go to? Was the money to go to people who were actually  
11 in control of the organization?

12 A No. It was going to be people just below that  
13 or on the side of them that could be corrupted, where the  
14 head of the organization wouldn't know about it. So it  
15 isn't a ransom. A ransom has to be solicited. There was  
16 no solicitation here. We poised the question. We sent  
17 the operatives in to put this idea in their minds.

18 This is not a ransom situation at all.

19 MR. FLYNN: So the mullahs never got any  
20 money?

21 THE WITNESS: No, they never got any money.  
22 Matter of fact, the mullahs --

23 MR. GENZMAN: Let him continue his answer.

24 MS. NAUGHTON: I think what Hank meant to say  
25 is in the plan the mullahs were not to get the money. We

2 THE WITNESS: No, the mullahs were not getting  
3 the money. People below them were going to get it.

4 BY MR. WOODCOCK: (Resuming)

5 Q Presumably at some point the mullahs wake up  
6 one day and find the hostages gone under this plan; is  
7 that correct?

8 A Um-hum.

9 Q And under your description of it the mullahs  
10 would then feel that they had been burned, that they had  
11 lost out; is that correct?

12 A I wouldn't say burned, but I would say that  
13 they would have taken it out on somebody [REDACTED]

14 [REDACTED]  
15 Q How do you know that some of this money would  
16 not have found its way to the mullahs to placate them?

17 A Well, I don't know. That's a good point. I  
18 don't know.

19 MR. FLYNN: That is one of the critical things  
20 here. Not only would [REDACTED] have to get away, [REDACTED]  
21 [REDACTED] and everybody else, which is one of the things  
22 that they were considering with this plan.

23 THE WITNESS: Well, the intermediary. We  
24 would have to take care of him, yes. True.

5 [REDACTED]  
6 [REDACTED]

7 MS. NAUGHTON: Earlier -- and I wrote this  
8 down and you can correct me if I'm wrong -- you told us  
9 that bribes would go to those people who would get the  
10 hostages out. The bribes would go to [REDACTED] and  
11 others who were in control [REDACTED] That's what I  
12 wrote down.

13 THE WITNESS: That's right. That's true.  
14 There's [REDACTED] and then there's [REDACTED]  
15 [REDACTED] he is just under an  
16 ayatollah. We won't be able to bribe him, but there's  
17 [REDACTED] around there that were on their own.

18 MS. NAUGHTON: And what you're saying, then,  
19 is that those [REDACTED]  
20 were not the ones responsible for kidnapping the hostages  
21 but did have some sort of connection?

22 THE WITNESS: Well, everybody -- [REDACTED]

4               Q     And I gather that these [REDACTED]

5       [REDACTED] were not part of the extraction plan. They were  
6       going to remain behind?

7               A     Oh, sure. Let me make it clear that the thing  
8       that we were trying to do, and we got to a certain  
9       distance on it, was to pick out some vulnerable group,  
10      small group of persons who were ready to be corrupted

25              A     Yeah.

UNCLASSIFIED

UNCLASSIFIED

1 Q By the way, did you come across information at  
2 one point that Buckley's body had been frozen?

3 A Yeah. We heard it was frozen. As a matter of  
4 fact, I think that picture of him that was in the  
5 newspaper, I think Ollie told me that some doctors said  
6 that he could have been frozen in the picture.

7 [REDACTED]  
8 [REDACTED]

12 You know, they always wanted

14 died. The word is that he died because of a ton of  
15 torturing and it wouldn't have been good that it came out  
16 that he was dead [REDACTED]  
17 [REDACTED]

18 Q Was any of this money supposed to get Buckley  
19 out or Buckley's body out?

20 A We also worked on that, too. You know, we  
21 continued that part, to get his body or his bones.

22 Q But that was on a separate track, is that  
23 right, from the live hostages?

24 A Yeah.

25 Q Now of the live hostages, and excepting

UNCLASSIFIED

1 Kilburn, who was held by a separate group, you had, what,  
2 four left at this point -- three?

3 A Five left. Two came out. There were six.

4 Q Four left?

5 A That's right. Later they took another three--  
6 four left.

7 Q And it was \$1 million apiece, so that's \$4  
8 million that would be distributed to get those hostages  
9 out?

10 A Um-hum.

11 Q This is as of March-April '66; correct?

12 A Right.

13 Q And it's that \$4 million that's going to be  
14 spread around?

15 A Sure.

16 Q And some of the people are going to be  
17 extracted under your plan -- that is, the people who have  
18 cooperated -- and some who have been corrupted will  
19 remain behind?

20 A I'm sure. They had to worry about themselves.

21 Q They would have to presumably retain whatever  
22 positions they had if they were successful in covering  
23 their cooperation; is that correct?

24 A (Nods in the affirmative.)

25 Q Was it discussed with North or anybody else at

1 all that with respect to those people who remained behind  
2 that this kind of a process might create an incentive in  
3 them to go out and kidnap more people?

4 A Yeah, of course we did.

5 Q What was the consensus on that?

6 A We'd just have to take our shot.

7 BY MR. GENZMAN: (Resuming)

8 Q Can I follow up on that line? Earlier we were  
9 talking about whether any of the captors had solicited  
10 funds for the release or whether it was an idea that we  
11 had brought to selected individuals, and I heard you say  
12 a moment ago that it was your understanding that what was  
13 really wanted by the captors was the release of the  
14 Kuwaiti prisoners, the Datus.

15 How did you obtain this information?

16 A Through my sources, through Oliver North.

17 Q And then your source is telling you that the  
18 organization which had kidnapped these individuals had  
19 not done it for monetary purposes?

20 A No. They did it for the edge. They did it  
21 for the prisoners in Kuwait.

22 Q And I'm excluding Mr. Kilburn, who was  
23 kidnapped, evidently, by another group.

Q But your sources here are saying they never heard any ransom figures floated around by the captors?

A Never.

Q For these people other than Mr. Kilburn?

A That would have been easy. If we could have got information that, for instance, [REDACTED] wanted \$5 million and they would release him, we would have grabbed him and brought him to Europe and taken care of him well, provided everybody else wanted to go for that. But it wasn't so.

Q Did your sources obtain any information as to what was desired in return for the hostages specifically -- whether they wanted the United States to put pressure on the Kuwaiti government or anything along those lines?

A Well, first of all, now you're getting into terrorist activity and terrorist mentality, and the terrorist mentality wanted -- we will kill your people and we will kidnap more people unless you release our prisoners in Kuwait. That is the threat.

We tried to go around and find the vulnerable ones and bribe them. Unfortunately, we never accomplished it.

2 A No.

3 Q And the consensus, I gather, among you three

5 A You know, there's another side to that -- that  
6 they could have not gotten more for more money, but we  
7 also had the edge on them that we could have divulged  
8 that they were corrupted and took bribes. You know, this  
9 is not a game that goes according to Hoyle. You've got  
10 to play it both ways.

11 Q And that's assuming that you are then able to  
12 tie subsequent kidnappings to the very people that you  
13 bribed, right?

14 A Um-hum.

15 Q If you weren't able to do that, that wouldn't  
16 work very well; is that right?

17 A Well, with the people we would bribe anyway we  
18 would threaten them and tell them we'll just put it in  
19 the newspaper and see how long you live. This is a tough  
20 game, you know.

21 Q I understand. Was that also discussed, that  
22 you had this residual leverage?

23 A I'm sure we brought that up.

24 Q Okay. I've got an entry here that I want to

2 A What date?

3 Q April 24.

4 A I don't know. You'll have to ask [REDACTED]

5 (Pause.)

6 Yeah, he made a trip and that's what it's for,  
7 but let him explain it.

8 Q Were you aware of [REDACTED] traveling during that  
9 period of time?

10 A [REDACTED] left April 30.

11 Q Do you know where he was headed?

12 A [REDACTED] He left  
13 April 30 and he came back June 6. So I assume that  
14 \$6,000 was given to him for the trip and ultimately while  
15 he was there he got more money.

16 Q Now, the period of time that trip encompasses  
17 also covers a rescue effort that brought Tom Clines to  
18 [REDACTED]

19 A That's correct.

20 Q First let me ask you this. I gather that this  
21 event that brought Tom Clines to [REDACTED] was something  
22 that had been gathering steam for a while; is that

5 A No, I don't.  
6 Q Now did you deal with Copp again at all during

9 A No.  
10 Q How about Albert Hakim?  
11 A Not as far as I was concerned.  
12 Q Now where were you throughout this period?  
13 A In the States.  
14 Q Did you ever go [REDACTED] yourself?  
15 A Yes, I did, on the 28th.  
16 Q And you were there for that eight-day period  
17 until the 6th; is that right?  
18 A Yeah.  
19 Q What was happening [REDACTED] during that

21 A We were waiting for them to bring two hostages

25 A He was there, sure.

**UNCLASSIFIED**

1 Q How did Clines get into the picture, to your

3 A Well, it got into the picture that [REDACTED]  
4 were going to bring him out on an old fishing boat.

5 Q Was it him or them? Was it several hostages  
6 or one hostage?

7 A One or two. And that we would need another  
8 boat in the area to pick them up. I told this to Ollie  
9 and Ollie told me that he could have a freighter -- a  
10 freighter was in the area and he could have that  
11 available.

15 Q This operation in late May of '86, you didn't

18 A Oh, sure. It was [REDACTED] operation primarily  
19 and I just came in to bolster it.

20 Q When you arrived was Tom Clines already there?

21 A I think he arrived the day before I arrived.

22 Q Did [REDACTED] introduce you to him?

23 A Yeah. I think they came to meet me at the

25 Q Did you have any understanding as to who he

1 was?

2 A I knew he was an ex-CIA agent.

3 Q Anything else about him?

4 A I knew -- well, I didn't know it. He told me  
5 that he did contract stuff for the CIA.

6 Q Did [REDACTED] explain to you how it was that he  
7 came to place trust in Clines?

8 A I don't get the question. Clines was there.  
9 The freighter was there. When the deal didn't go, the  
10 freighter took off and Clines took off.

11 Q But presumably if somebody shows up in the  
12 course of an operation like this you don't automatically  
13 place trust in him unless he has the proper  
14 recommendation; isn't that correct?

15 A Yeah.

16 Q Did you have any understanding as to who would  
17 have recommended Clines?

18 A I knew it was Ollie North. Ollie told me on  
19 the phone, as a matter of fact. He told me. That's how  
20 I knew he was ex-CIA. He told me that, that "the  
21 freighter was in the area and Tom Clines, who was an ex-  
22 Agency guy, would be there to help you".

23 Q Okay. I've got a note here from Ollie saying  
24 -- it says April 24, but it's actually in his May  
25 context. It says: [REDACTED] sending one ops person plus

1 sending [REDACTED] Leave Sunday. Would arrive [REDACTED]  
2 Monday p.m. [REDACTED] needs A/C", which we always read as  
3 aircraft.

4 Anything like that or does anything from that  
5 bring back any recollection?

6 A Yeah, exactly. Well, I told him if it worked  
7 they were going to come out on a fishing boat, and that's  
8 when he said he had this freighter in the area. It must  
9 have been in the area because it came in there a couple  
10 days after I arrived.

11 Q And Albert Hakim has testified that he gave  
12 \$30,000 to [REDACTED] during this period of time to  
13 assist in this operation. Was that anything that came to  
14 your attention?

15 A No. Yes, he did give it to him, but I'm the  
16 one who told Oliver North that [REDACTED] has been there for  
17 three-four weeks now and he doesn't have a cent to his  
18 name. His American Express is bankrupt, and they better  
19 get him some money or else he's got to come home.

20 So he called me back, if I recall, and he says  
21 here's this number. Ask for Al. I called [REDACTED] and gave  
22 him the number and said ask for Al. And then he took  
23 care of it from there.

24 Q Okay. And this operation ultimately didn't  
25 succeed?

UNCLASSIFIED

**UNCLASSIFIED**

209

1 A It did not succeed.

2 Q Now the last time you came fairly close on an  
3 operation was, I gather, in May-June '85, and that was  
4 aborted partly by the TWA ~~GLASSING~~; is that correct?

5 A [REDACTED]  
6 [REDACTED] We lost the major  
7 contact.

8 Q What happened that brought this one to --

9 A I don't know, just that it didn't go, because  
10 they just couldn't pull it off. The people who were  
11 supposed to release the hostages couldn't pull it off. I  
12 mean, there was too many guards around and there was more  
13 pressure going on, and they just couldn't snatch them out  
14 of there.

15 Q Do you recall Raphael Quintero having anything  
16 to do with this operation [REDACTED] Did that name come

19 MR. MORROW: You mean the TV screen?

20 BY MR. WOODCOCK: (Resuming)

21 Q His personal screen. This is an expression  
22 they use at the CIA all the time. People have mental

24 A I had no contacts with him.

25 Q Does that name mean anything to you?

**UNCLASSIFIED**

21

1 A Didn't he testify?

2 Q Was that how you knew of him?

3 A Yeah. Is he also known as -- no, that wasn't

5 I know which one.

6 Q This Raphael Quintero also went by Chi-Chi a  
7 by the name Ralph.

8 A I never met him.

9 Q Did you hear of him?

10 A Not before. Not before the hearings.

7 Q Would your report to Lawn have ever come in

9 A It never would have. I never wrote any of

11 Q Did you regularly report to Lawn; is that  
12 right?

13 A Routinely. I reported only when we traveled.

14 Q How about [REDACTED] Would he have been aware  
15 of this late May '86 effort?

16 A Yeah. I told [REDACTED] bits and pieces.

17 Q And how about John McKernan? Would you have

19 A No. I told John McKernan only that -- when I  
20 couldn't find Lawn and we were traveling, I left a  
21 message with him.

22 Q There's a reference now --

23 MS. NAUGHTON: Excuse me. One question. Did  
24 you ever discuss with Colonel North whether or not you  
25 should take notes or make reports? Did he ever give you

2 THE WITNESS: I think it was understood -- I  
3 don't know if it was tacitly, or if we did talk about it  
4 -- that it would be futile for me to make notes or write  
5 reports because when they got it they classified it out  
6 of my own range, and I wouldn't want to be caught  
7 overseas with this kind of information. So we kind of  
8 moved it very fast.

9 [REDACTED] would call me or we would call North  
10 directly or I would call North and we'd dump it and that  
11 was it. And if we had a note on it, a funny name or  
12 something, we'd flush it. It was just too hard.

13 MS. NAUGHTON: Did North ever discuss with you  
14 what he would do with his notes? In other words, were  
15 you of the understanding that after he heard the  
16 information he would destroy the note?

17 THE WITNESS: I don't know what he did. I  
18 didn't even know he had all these damn notes here.

19 MS. NAUGHTON: I realize you don't know what  
20 he did, but did he ever discuss with you his intention  
21 about putting any of this on paper?

22 THE WITNESS: Never. The only thing I knew,  
23 we would discuss that he would pass it to the CIA. I  
24 knew that. He had said that before, and he would say,  
25 you know, you corroborated some things that they had

15 A For that last trip. He owed me \$3,714.50.

16 Q And I gather that that's a reference there to

3 MS. NAUGHTON: How do you know he owed you  
4 exactly that amount?

5 THE WITNESS: Because I gave him an  
6 itemization which he didn't take, and he wrote down the  
7 figure on a piece of paper.

8 MS. NAUGHTON: He didn't take the itemization?

9 THE WITNESS: No. He never would.

10 BY MR. WOODCOCK: (Resuming)

11 Q Did he explain that to you?

12 A He said I believe you.

13 Q But let me back up. Had you reached the  
14 understanding at this point or any point that when you  
15 would submit an itemization like that and he would give  
16 you money that he was dealing with private money rather  
17 than government money?

18 A I still thought it was covert money.

19 Q So you assumed it was still government money?

20 A That's right.

21 Q And did you ask him how it was he was able to  
22 pay out covert money without any documents from you  
23 backing them up?

24 A No. Why would I?

25 Q I'm just wondering. You've been in an

**UNCLASSIFIED**

**UNCLASSIFIED**

215

1 administrative position with DEA for a while, and I  
2 gather from that you understand when you get money you  
3 have to justify it.

4 A CIA gave us \$50,000 like that. What do you  
5 think we did with it?

6 Q Did you sign paperwork for that, too?

7 A I did not.

8 Q [REDACTED] did?

9 A He signed one receipt saying he has possession  
10 of \$50,000.

11 BY MS. NAUGHTON: (Resuming)

12 Q Excuse me. Is it your testimony that you  
13 didn't witness any signatures by [REDACTED] on a CIA  
14 document?

15 A I don't think I was there. I don't think I  
16 was with him. I think Azzam was.

17 Q So it's your testimony that you did not sign  
18 as a witness on any CIA documents for receipt of money?

19 A I didn't. I don't recall doing that. I don't  
20 think I did.

21 Q Just to follow up on Tim's question, then,  
22 regarding North not having you sign any receipts and so  
23 forth, was it your understanding where these funds were  
24 coming from -- some sort of White House fund?

25 A No. I thought it was for an NSC fund or a

**UNCLASSIFIED**

**UNCLASSIFIED**

216

1 CIA fund.

2 Q For covert operations?

3 A That's right.

4 Q So it's your understanding yours was a covert  
5 operation?

6 A That's the way I understood it.

7 BY MR. WOODCOCK: (Resuming)

8 Q I gather it was your additional understanding  
9 that covert operations didn't require any itemization; is  
10 that correct -- that if North couldn't produce your  
11 records of your travels that that wasn't a problem for  
12 him? Is that right?

13 A I want to talk about this. Just a minute.  
14 This is important to talk about.

15 (A brief recess was taken.)

16 BY MR. WOODCOCK: (Resuming)

17 Q [REDACTED] you had testified earlier that  
18 you had offered your receipts to North and he had turned  
19 them down; is that right?

20 A That's right.

21 Q And you also understood that when he paid you  
22 it was money that you termed covert money; is that  
23 correct?

24 A That's correct.

25 Q Now the question I think I had pending was,

**UNCLASSIFIED**

UNCLASSIFIED

217

1 was it your understanding that North did not need your  
2 receipts to justify his acquisition of "covert money"?

3 A Well, he's the one that said I don't need  
4 that, you know, and I says well, here it is. And I said  
5 take it. He says, I don't need it. I said okay, you  
6 know. I thought I had one here as an example. I don't  
7 have one as an example.

8 Q An example of what?

9 A An expense sheet that I would fill out for him  
10 and he didn't want it. He didn't want it. What am I  
11 supposed to do -- just shove it down his throat?

12 Q Did you ask him whether he could not get in  
13 trouble for not being able to justify the monies that he  
14 was giving out to you?

15 A Come on. Why would I ask him that? Why would  
16 I ask a guy working in the White House if he's going to  
17 get in trouble? Do you know how the CIA works? The CIA,  
18 when I give them information, they give me a number.  
19 They don't say [REDACTED] They say Source  
20 Number do-do-do. They would never share the credit of  
21 information to anybody with another agency.

22 So I have a number there, and I'll bet you if  
23 you could trace it that that \$50,000 they gave us,  
24 there's a number on it in some covert fund.

25 Q Well, the \$50,000 coming from DEA is not

UNCLASSIFIED

**UNCLASSIFIED**

218

1 really what I'm talking about.

2 A Not DEA.

3 Q From CIA.

4 A But I'm paralleling this with NSC, but it was  
5 the same thing in my mind. I knew there was a number  
6 there and I was a source of information. That's all.

7 Q So your assumption was that at some point  
8 there was documentation for the money coming out of NSC?

9 A Sure, that was his responsibility, not mine.

10 Q And going to you?

11 A That's right. It was his responsibility. I  
12 offered to give it to him. He didn't want it. And so,  
13 you know, that was that. It was no problem to me. I  
14 would have given him any documentation he wanted. I  
15 offered it to him.

16 Q Right. I understand that.

17 A And I thought I had brought a copy of a sheet  
18 of paper how I itemized it, and that was one I gave him  
19 and he refused it -- the last trip for \$3,700. Well, I  
20 went in there and gave it to him. He says, I don't want  
21 it.

22 Q Had you ever done that to him before?

23 A Yes.

24 Q Offered him and he turned it down?

25 A Yes. The first time.

**UNCLASSIFIED**

**UNCLASSIFIED**

219

1 Q Did you always do that?

2 A I only took three trips with him.

3 Q For those three trips you always offered him  
4 and he always turned it down?

5 A Yes. I always said do you want an itemization  
6 on expense. He said no, I believe you. He'd always say  
7 that -- no, I believe you.

8 Q And to your mind that's all it was a question  
9 of -- whether he believed you or not -- that he had no  
10 additional requirements on him that caused him to have to  
11 verify what you were doing?

12 A No, because I reverted to my mentality of  
13 knowing how CIA operates, that you are just a number,  
14 just like I give a number to an informant. The CIA gave  
15 us a number.

16 Q I gather you are assuming that the money he is  
17 giving you is coming out of CIA; is that correct?

18 A I thought that, too, yes.

19 Q Okay. I've got a reference here in North's  
20 notebooks "call Jack Lawn, July 11, 1986, re [REDACTED]  
21 and hostages." Do you know what's happening there?

22 A I think it was just he asked us should I talk  
23 to Lawn about telling him you guys are doing all right  
24 still on this thing, and I'd like him to leave you for a  
25 little while longer. I said go ahead.

**UNCLASSIFIED**

UNCLASSIFIED

220

1 Q Do you know from Lawn or anyone else whether  
2 he actually made that call?

3 A I think I did either call Lawn on this last  
4 trip, you know, or when I got back met him and told him  
5 that we tried it and it didn't go. And I think he told  
6 me that Ollie called him.

7 Q That Ollie had called him?

8 A Yeah. I don't know what time frame -- before  
9 or after this trip -- this last trip.

10 Q Well, this note is dated July 11, '86. Was  
11 this generated by either you or [REDACTED]?

12 A No, no.

13 Q Telling North he should call Lawn?

14 A No, no, no. The theory of the 90-day period  
15 was over a long time ago, right? So we just talked about  
16 the fact maybe a call should go in to Lawn regarding that  
17 we were still needed there. That's all.

18 Q And I gather from your testimony that your  
19 best recollection is that Lawn confirmed to you that he  
20 got some kind of call from North and it was okay for you  
21 to continue doing what you were doing?

22 A He did tell me that he called, and he said  
23 they still needed us.

UNCLASSIFIED

1 think we briefed Oliver on Source 4, and that we had --  
2 I think this is the time frame -- that's how I recall it.  
3 Maybe [REDACTED] has a different idea.

4 Q Before we get into Source 4, let me go back to  
5 the late May operation and just tidy up a couple of  
6 things. Did the late May operation also involve Perot  
7 money?

8 A Yeah. It didn't involve Perot money at all  
9 because no money was ever used. No money was ever seen.  
10 No money ever passed, so it didn't involve his money.

11 Q To the extent that money would have been used  
12 had the plan gone through, was that to be Perot money?

13 A Allegedly. But I had my own opinion of that.

14 MS. NAUGHTON: What's that?

15 THE WITNESS: I think that at any time when we  
16 talked about being successful in extracting a hostage,  
17 that I believe that would have ended up that CIA money  
18 would have been used, not Perot's money.

19 MS. NAUGHTON: That Perot would have been a  
20 front for the money; is that correct?

21 THE WITNESS: Yeah. He was just on standby.  
22 I mean, that was my own opinion, only because nobody in  
23 the CIA was going to let Perot take credit for extracting  
24 these hostage. That's just my idea -- mine and [REDACTED]  
25 anyway.

UNCLASSIFIED

**UNCLASSIFIED**

223

1 MS. NAUGHTON: Did Coburn give you any  
2 corroboration of that theory, anything to make you think  
3 that?

4 THE WITNESS: First of all, Coburn didn't have  
5 any money when he was [REDACTED] He was dropped there by  
6 a Lear jet that we cleared, because that jet couldn't  
7 clear. We cleared it with the police. He came off of  
8 there with one suit bag, which wouldn't hold a ten dollar  
9 bill, and stayed there five days and left. And that Lear  
10 jet came in there, picked him up and off he went.

11 So the money wasn't there. The Lear jet was  
12 in London and that was four hours away; that's all. So I  
13 figured if we got successful they would have brought it  
14 in.

15 MR. MORROW: Who paid Coburn's expenses while  
16 he was there?

17 THE WITNESS: We picked up his meals and most  
18 of his booze, but I assume he picked up his own expenses.

Q Well, let's talk about the things you do know about and let's focus on hostages. Was that something you knew about?

A Sure.

Q Was there any kind of a plan that evolved through Source 4?

A He was going to do the same thing.

Q So this again was the kind of dollar figure per hostage, that sort of things, and bribes [REDACTED]

6 A What does it say with Mike?

7 Q It just says Mike.

9 and Mike never met Oliver North.

10 Q How about Mike Ledeen?

11 A Mike Ledeen? I met Michael Ledeen.

12 Q Do you recall when you met Ledeen?

13 A Right around that time or later.

14 Q Do you recall why it was that you met him?

15 A Apparently Mike Ledeen had a contract with  
16 Eastern Air Lines and he wanted to talk to the SAC, the  
17 DEA SAC in New York and Miami regarding a training  
18 program for Eastern so they could stop getting their  
19 planes seized by Customs, so they would know how to

22 Q Now, one more entry in the North notebook and

5 Q Let me just ask you some round-up questions  
6 here. In the course of your dealings with your various  
7 sources and with North did you ever come across Mansar  
8 al-Kasar?

9 A No. Who is he? Can you refresh my memory?

10 Q He's a Syrian arms dealer, also a drug dealer.

11 A Is he a major? Is he an officer?

12 Q I don't know that he has a military  
13 commission.

14 A Then I don't know him. I know [REDACTED] passed a  
15 lot of information on his own. Maybe he passed this  
16 information about this guy. I don't know.

17 Q How about Ted Shackley? Did you ever meet or  
18 hear of Ted Shackley in your travels with North?

19 A No. Tell me some more about him.

20 Q Ted Shackley was one Associate Deputy Director  
21 of CIA and has had connections with Secord and Hakim.

22 A I didn't meet any of these people. You'd have

24 Q How about Dewey Clarridge?

2 Q At some point you got the checks from North?

3 A That's correct. I got the checks. Well, I  
4 didn't get them from North. I think [REDACTED] did.

5 Q And you cashed these checks [REDACTED]

6 A Yeah. I was there on DEA business.

7 Q And did those checks then go for your own  
8 expenses, the proceeds, do you recall?

9 A That's correct -- reimbursed to me.

10 Q Did you ever meet Adolfo Calero?

11 A No.

12 Q Now, after the Iran arms sales were made  
13 public sometime around November 4, 1986, and you learned  
14 what had happened, did you discuss this with Colonel  
15 North?

16 A No. I couldn't get to him. I think we told  
17 you in that first meeting we met him just before  
18 Christmas in his lawyer's office.

19 Q Did you try to call him any time between  
20 November 6 and, let's say, December 1?

21 A No. I think we talked to Fawn and she was the  
22 one who told us that you had to get hold of him through  
23 his attorney.

24 Q Now, the record has indicated he obtained an  
25 attorney sometime after or at least obtained Mr. Sullivan

1 as an attorney sometime after the 25th of November.

2 A That's when we met him, after the 25th of  
3 November.

4 Q But between the third of November and the 25th  
5 of November did you attempt to or did you contact Colonel  
6 North?

7 A We may have. I don't recall contacting him.  
8 I think we attempted to. I think [REDACTED] talked to Fawn.  
9 I talked to her, too, I believe. And then eventually we  
10 met him at his attorney's office at the end of November  
11 or early December.

12 Q In that period of time, then, November 3,  
13 let's say, to December 1, did you speak to Colonel Earl  
14 or Coy?

15 A No.

16 Q Anyone in North's office?

17 A No.

18 Q Aside from Fawn?

19 A No, not in that time frame, at least I didn't.

20 Q By the way, was Colonel Earl aware of your  
21 efforts?

22 A I met him once before the last operation  
23 culminated, before I went to Europe. I met him, because  
24 Oliver wasn't around.

25 Q Okay. Did Colonel Earl ever relay any

**UNCLASSIFIED**

**UNCLASSIFIED**

1 messages from Colonel North to you?

2 A I think he relayed my messages to Colonel  
3 North that there was a possibility to extract some  
4 hostages.

5 Q Now I wasn't quite clear on one thing. Back  
6 in December of '85, according to North's notes, he may be  
7 expecting the release of some hostages. Were you aware  
8 of that or was that a separate operation?

9 A If it wasn't mine, it must have been his. And  
10 I don't think we had anything going. We didn't have  
11 anything set up for December.

12 Q Now, regarding the use of the private funds,  
13 the Perot money, were you aware or were you told of any  
14 specific directions by FBI Director Webster regarding the  
15 use of private money?

16 A No way.

17 Q Did his name ever come up when discussing  
18 this?

19 A No.

20 Q Is there anyone else who knew about your  
21 activities that we haven't discussed today or hasn't been  
22 mentioned?

23 MR. MORROW: To your knowledge.

24 THE WITNESS: You know more than I did. No.

8 [REDACTED]  
9 Or he got there after I left, and  
10 that was just chit-chat. I don't know where I got that.

A That's bunk. They're not running narcotics,  
no different than any other group in the world is running  
narcotics. I know that. Recently the country attache  
from Costa Rica and I asked him. He says yeah, sure  
there are narcotic cases in that group of people, like

A I don't know what it is. I think he was one  
of the defendants on the suit by these people.

Q How did you become aware of the law suit?

A I think Oliver must have told me about it, or  
Clines. I don't know.

Q Do you recall how that came up?

A No. It was just a thing. They asked us if we  
knew whoever these people are. I don't even remember  
their names -- the names you just mentioned to me. And

7 Q Did you say you did tell him --

8 A I told him that, yes, [REDACTED] and I -- and that  
9 that kind of work should be done by a private  
10 investigator. We were thinking of touting some friends  
11 of ours.

12 Q Did you indeed give them some names?

13 A They never asked. They never asked.

14 MR. BIRMINGHAM: When you say "they", who do

16 THE WITNESS: I mean he, Tom Clines and/or  
17 Oliver North never asked, you know, to provide the name

19 MR. BIRMINGHAM: Did that questioning come up

7 met Clines for lunch one time in Virginia at Tyson's

9 MR. BERMINGHAM: For any particular purpose --  
10 to discuss this case?

11 THE WITNESS: No, it wasn't that. He said  
12 I'll meet you for lunch, called up one time and met us  
13 for lunch. He didn't ask for anything. He mentioned  
14 this law suit. He didn't ask. I was waiting for, you

16 they can I help you. But we told him if you think it's  
17 serious we can give you some good private eyes that can

19 But that wasn't it. It was kind of, you know,

21 MR. BERMINGHAM: That private law suit also  
22 alleges drug trafficking by Hull and other people.

23 THE WITNESS: I heard that later, though. We

4               Q     Did North ever mention the name to you of  
5       Glenn Robinette?

6               A     Oh, yeah, I met him.

7               Q     When did you meet him?

8               A     I met him -- I think I met him with Clines at  
9       that same luncheon.

10              Q     Were they together when you came to the  
11     restaurant?

12              A     ██████████ and I were together, and I think they  
13     came in right after we did. We had some drinks and we  
14     had lunch.

15              Q     Who did you understand Glenn Robinette to be?

16              A     Ex-CIA person.

17              Q     And what did you understand him to be doing  
18     now?

19              A     He had a consulting firm of sorts, consulting  
20     or private eye, you know. I wasn't sure.

21              Q     And what was he doing?

22              A     Well, I thought he was -- this is an old  
23     agent's mind right here, and I know for a fact that the  
24     CIA hires only their own for contract, and I knew that he  
25     was just like Clines, still working for them. That's

**UNCLASSIFIED**

**UNCLASSIFIED**

24

1 all. I don't delve in these things.

2 Q What did he talk about?

3 A We talked in general about, you know, where  
4 was I and did you know this [REDACTED] and did you  
5 know this CIA officer when he was around and when I was  
6 around. And we knew a few people together, believe it or  
7 not, strangely enough. That was the most of it.

8 Q Did either Robinette or Clines discuss North?

9 A You know, not directly. If anything, you  
10 know, because Clines was on that last operation, you  
11 know, we discussed it very briefly -- that it's a shame  
12 it didn't go. It was going to break down on it -- things  
13 like that. I need more time, less pressure, et cetera.

14 Q So Robinette did not mention any work he had  
15 done for North or for Secord?

16 A No, he never did.

17 Q Now in your discussions with North during this  
18 period of time in '85 and '86 did he indicate to you that  
19 he was reporting upward regarding the progress that you  
20 had made or the plans that you had made?

21 A He told me that his boss was Poindexter, and  
22 that he met Casey many times.

23 Q Did you have any evidence of that? In other  
24 words, were you present when Mr. Casey called North at  
25 any time or present for any of their meetings?

**UNCLASSIFIED**

**UNCLASSIFIED**

247

1           A     I recall one time I was sure that he was  
2 talking to Casey, but, you know, it's just one of those  
3 third party things that I never particularly like to talk  
4 about.

5           Q     What made you sure he was talking to Casey?

6           A     I don't know. He got off the phone and he  
7 says something about that Casey is doing something,  
8 something very quick, and then we went in to why I was  
9 there.

10          Q     What did he say about what he was doing  
11 regarding reporting to Poindexter?

12          A     He said that was his boss.

13          Q     Did he indicate to you that he was reporting  
14 to him regularly?

15          A     No. He wouldn't talk like that with me. We  
16 wouldn't talk about reporting to bosses.

17          Q     Did he ever indicate to you that there was a  
18 downward flow of orders, in other words that he had been  
19 ordered by any of his superiors to do anything?

20          A     We never talked about those matters. We  
21 talked about hostages and intelligence, and he used to  
22 show me some intelligence that he got [REDACTED]

23 [REDACTED] and we would assess it. And then he  
24 would corroborate information that we gave him, and he'd  
25 show me something and say see, you were right -- that

**UNCLASSIFIED**

**UNCLASSIFIED**

248

1 kind of thing.

2 Q Did he ever refer to any instructions or  
3 discussions with the President regarding the operation of  
4 the hostages?

5 A Not with me.

6 Q When you saw North after November 25 of '86 --  
7 first of all --

8 A Let me clarify one thing. I knew he was  
9 working on the freedom fighter thing, because if you ever  
10 go in his office all you saw was all these damn posters,  
11 and he always said this is very important, and I got to  
12 get them boats, I got to get them guns -- things like  
13 that.

14 He was very involved in that.

15 Q Did he say why he had to get them these  
16 things? In other words, had anybody instructed him to do  
17 this?

18 A Well, you know, he'd say we got to stop these  
19 communists from getting into Central America. You know,  
20 this was quick. Once in a while he'd just say this and  
21 we'd get into our business.

22 Q When the Attorney General on November 25  
23 announced that some of the funds used to buy arms -- or  
24 used from the sale of arms to Iran were used for the  
25 contras, I take it that came as a surprise to you?

**UNCLASSIFIED**

**UNCLASSIFIED**

249

1 A Sure.

2 Q Looking back on it, did you have any  
3 indication that that was happening from your  
4 conversations with North?

5 A No. I thought he was very open with me. I  
6 was surprised that he didn't tell me that, actually. I  
7 would have given him a better idea.

8 Q When you did see him after the news broke, did  
9 you discuss with him the arms sale?

10 A No.

11 MR. MORROW: You mean the AG?

12 BY MS. NAUGHTON: (Resuming)

13 Q No, North.

14 A His two attorneys were there -- I guess  
15 Sullivan and an understudy -- and they started off the  
16 meeting and were not talking any business. Here I  
17 thought I was in a reformatory. They say you can talk to  
18 your younger brother, you know, just for two minutes. So  
19 he says, you know -- so we just talked how are you doing.  
20 How are you? How are you doing? Et cetera, et cetera.

21 I told him if we can help you, we'll be here,  
22 and he says tell the truth. That's how you'll help me.  
23 He emphasized that a couple times.

24 Q Was there ever any offer or indication during  
25 '85 and '86 that, at the time that you were negotiating

**UNCLASSIFIED**

1 with your sources and so forth, that perhaps the sale of  
2 weapons to Iran might free the hostages?

3 A Never. As I said before, if he would have  
4 told me that, I would have given him a better idea.

5 Q That's my question. Was that ever approached?  
6 Was that ever discussed?

7 A No, it was never discussed.

8 Q Okay. So none of your sources ever approached  
9 you with that idea?

10 A To give arms to Iran? None of my sources,  
11 never. My sources wanted to kill the people in Iran.  
12 They didn't want to give them arms.

13 Q I'm talking about freeing the hostages.

14 A No, they would never do that.

15 Q Was it your impression that the Iranians would  
16 have control over those who were holding the hostages?

17 A There was no doubt about that -- no doubt  
18 about it, that they had the control through the head  
19 mullahs, and through Syria's reluctance to go in there  
20 and take them.

21 MR. GENZMAN: Let me follow up on that. Did  
22 you ever feel that the Iranians could ensure the release  
23 of all of the hostages?

24 THE WITNESS: Sure they could have.

25 MR. GENZMAN: Did you feel that way regardless

2 THE WITNESS: They could have done it like  
3 that just because they are ruling the day. And they have  
4 those Shiites, and those Shiites belong to Iran, not to  
5 Lebanon. Those in the Party of God, all those mullahs,  
6 there's no doubt in my mind. I've studied this stuff  
7 long before I even got involved with the Oliver North

11 [REDACTED] There's no doubt in my mind that the Iranians

13 BY MS. NAUGHTON: (Resuming)

14 Q Now when Benjamin Weir was released in the  
15 fall of 1985 what was your understanding of how it is he  
16 came to be released?

17 A Well, I think my understanding -- I don't  
18 know. I believe Oliver North had something directly to  
19 do with it. It was some kind of a private effort with  
20 the government involved. That's what I felt. You know,  
21 he told me nothing about it.

22 Q Well, this has always sort of struck me as  
23 kind of curious because here you guys are working very  
24 hard to try to get these hostages out. All of a sudden  
25 one pops out, apparently without any warning on your part

**UNCLASSIFIED**

252

1 that this was going to happen.

2 A I know. We stood down for him to pop out.

3 Q Right. Not only did he pop out in spite of  
4 you, it was while you were being told to stand down.

5 A That's right.

6 Q So did you then discuss that with North and  
7 ask him how it was that Weir got out?

8 A Just very briefly. He said he had something  
9 to do with it and that it involved some other players,  
10 and, you know, he wouldn't go into it, and that's it.  
11 You know, it was my impression, I don't know, that Casey  
12 had a lot to do with it. That's all. Because he told me  
13 that Casey took a trip one time during that time frame, I  
14 believe, and then all of a sudden this guy popped out,  
15 and I figured that Casey had something to do with it.

16 Q Where was Casey's trip?

17 A He went [REDACTED] I think. You know, I hate  
18 to talk about this gossip stuff, you know. This is  
19 gossip.

20 Q Well, did you ask North that since whatever  
21 procedure that got Weir out was successful that perhaps  
22 you might employ that for the other hostages?

23 A Well, you have to understand Oliver North was  
24 also a military guy, and he had secrets he kept from me,  
25 and I had secrets I kept from him. So when he didn't want

UNCLASSIFIED

TOP SECRET  
**UNCLASSIFIED**

253

1 to expand upon it any more, I just dropped it. So I  
2 assumed that it was a secret operation and he didn't want  
3 to talk about it any more.

4 You know, what can you do? Should I have  
5 threatened him? I couldn't. You know, that was it. It  
6 was over.

7 Q Did you receive any intelligence either from  
8 your sources or from within your agency or from any other  
9 source that indeed weapons were being sent by the United  
10 States to Iran?

11 A Never. The only thing my sources said was --  
12 well, it depends which one. [REDACTED] believed that  
13 it was the Israelis who provided Iran with weapons and  
14 that had nothing to do with the hostage thing. They just  
15 did it on purpose. It had nothing to do with the hostage  
16 thing. He just said that.

17 Q Is there anything in the deposition that we  
18 haven't asked in the right way or haven't asked at all  
19 that you believe the Committee should know?

20 A I don't have anything else to say. I think  
21 that the Committee should get together and figure out a  
22 way to get these hostages out and spend as much money as  
23 they did on this hearing in getting those hostages out  
24 and make some resolutions themselves. This is what I  
25 believe.

2 Q I have a few questions for you, sir. First, I

6 A He was in charge.

7 Q And I heard you mention that he had a medical  
8 problem in 1985.

9 A That's right.

10 Q At what point did his involvement change?

11 A Around May.

12 Q And how did it change?

13 A He went in the hospital.

14 Q Did there come a time when he came out of the  
15 hospital?

16 A But much later, and he convalesced for a year,  
17 year and a half. This guy couldn't even walk. He was on  
18 his back. He was in bad shape.

19 Q So you attributed his lack of involvement from  
20 that point forward to his medical problems?

21 A There was no doubt about it. This was a very  
22 serious operation he had. He went in for an operation.

23 Q Around that same time frame did he ever

15 A It wasn't my decision. That was CIA's and the

9 And I have to tell this to the record. I  
10 emphasized this. Let me investigate this, I told him,  
11 and that's when he said that this was checked with Casey  
12 and they were satisfied.

13 Q But without further investigation Oliver North  
14 was satisfied with this evidence. Is that your  
15 testimony?

16 A That's right.

17 Q Without further investigation were you and [REDACTED]  
18 [REDACTED] satisfied with this evidence?

19 A He's the one that had the power to say yes or  
20 no. If you want to know did it gnaw at me, yes, it did.  
21 It still does today.

22 Q How about [REDACTED]

23 A I don't know. You'll have to ask him. He has  
24 a different personality.

25 Q You didn't ask him, when the two of you were

1 examining this evidence?

2 A Yeah, sure we talked about this later, even as  
3 we were working, that, you know, we should find out [REDACTED]  
4 [REDACTED] go over there on our own and the  
5 hell with it, just for us to know. We did. It gnawed at  
6 me. It still does.

7 Q Did either of you advocate going back to the  
8 source and getting better evidence?

9 A Sure. [REDACTED]  
10 See, the thing fell apart.

11 [REDACTED]  
12 [REDACTED]  
13 [REDACTED]  
14 [REDACTED]

15 Q When you first observed what evidence there  
16 was [REDACTED] did you feel that it was less than  
17 you had asked for?

18 A No, because I understand the Lebanese and  
19 Middle East and Arab mentality. [REDACTED]

23 [REDACTED]  
24 [REDACTED]  
25 [REDACTED]

259

1 [REDACTED] That didn't surprise me.

2 Q Did the problems with this evidence lead you  
3 to have misgivings about your source?

4 A Not at all. None at all. My source to today  
5 believes that's correct.

6 Q To the extent there were problems with the  
7 evidence you felt it pertained not to your source but to  
8 the people who were getting this information to him?

9 A He confronted them and they threatened each  
10 other to death -- you know, 100 men against 100 men,  
11 1,000 against 1,000. They were going to meet anywhere on  
12 this matter. Believe me, this was not just a whim and  
13 that other guy said it's righteous.

14 We discussed this. Like I said before, I had  
15 the same concern, and my source couldn't gain anything  
16 out of this. You know, if it came out, if it could have  
17 been analyzed and said this is false without a doubt he  
18 would have been very disappointed, but I had to tell him  
19 it was inconclusive, and he says what the hell do I tell  
20 those people over there?

21 Q With your concerns, did you still advocate  
22 that the source be paid [REDACTED]?

23 A We did not pay that source [REDACTED]

24 Q Did you still advocate that he be paid?

25 A No, no. That decision was Oliver North's.

**UNCLASSIFIED**

**UNCLASSIFIED**

260

1 Q Regardless of whose decision it was, assuming  
2 you might have had some input -- well, did you have  
3 input?

4 A No. I had the input on the basis that we  
5 presented this incident, we presented the evidence, we  
6 presented the proposal. And Oliver North is the one that  
7 made the decision. If he said no, that would have been  
8 over. I didn't put any pressure on him, if that's what  
9 you mean.

10 Q So you weren't disappointed that the source  
11 wasn't paid for this evidence?

12 A What do you mean? He was paid. The \$200,000  
13 went in.

14 Q I misunderstood you. You did not advocate  
15 that that be done?

16 A It was his decision and I'm the one that kept  
17 asking him, are you sure. I did. I can't emphasize this  
18 -- I don't like -- you know, I've worked a lot on  
19 narcotic cases in my life, and I never got burned. You  
20 know, I didn't front my money and nobody ever gave me a  
21 load of stuff that wasn't pretty good.

22 So I handled this the same way, that I was  
23 concerned about the authenticity of it.

24 Q Just a couple more follow-up questions. I  
25 believe you testified that Mr. Allen or someone from the

**UNCLASSIFIED**

UNCLASSIFIED

1 CIA had some questions [REDACTED]

2

3 A That was Azzam.

4 Q Mr. Azzam?

5 A Azzam wanted more evidence but it was too  
6 late. You know, everybody had ideas and 20/20 hindsight.  
7 When we were putting this together they could have said  
8 specifically you have to get this green pen and it has to  
9 be etched with a purple one, and we could have sent that  
10 guy in there and he would have worked only on that.

11 But they said get [REDACTED]  
12 [REDACTED] and he was there. They briefed him. They  
13 debriefed him and briefed him. Azzam talked to Source 1  
14 and so then when he comes out with this they -- yeah, go  
15 ahead in there because going into [REDACTED] is  
16 just like that. No big deal.

17 And the deal was if it's not authentic you  
18 don't pay. The deal's over. That was the deal. So if  
19 we would have told Source 1 that this was not authentic  
20 he would have went and told the [REDACTED] contact stick it.  
21 But that's not the way it went, because Oliver North said  
22 it's okay and he says we're going to do it. And that was  
23 that.

24 MR. GENZMAN: I have nothing further.

1 Q I just have one further question. Did you see  
2 any of Colonel North's testimony before the Committee?

3 A Yeah, I did.

4 Q Was there anything that he said in there that  
5 does not comport with your recollection?

6 A He mentioned DEA so very briefly that I almost  
7 missed it, and all the rest I had nothing to do with.

8 Q I'm not necessarily saying you had something  
9 to do with it.

10 A Well, I have no comment about it.

11 Q But in the time you spent with him or the  
12 people you met through him or whatever, is there anything  
13 he said in the public hearing --

14 A I had nothing to do with that, so I have no  
15 comment on it.

16 MR. MORROW: He kind of waffled in Rodino's  
17 question about DEA.

18 THE WITNESS: It was obvious it was going into  
19 the private sector. I mean, I figured that out. And I  
20 think he had to correct Rodino. What did he say? Rodino  
21 said foreign officials, and he corrected him and said  
22 foreigners. Do you recall that?

23 BY MS. NAUGHTON: (Resuming)

24 Q Yes, I do. That's why I want to make it clear  
25 with you who those people were.

**UNCLASSIFIED**~~TOP SECRET~~

**UNCLASSIFIED**

263

1           A     That irritated me, that you can make a mistake  
2 just like that and then he corrected Stokes on the same  
3 thing. It's hard for them to remember, isn't it?

4           MS. NAUGHTON: Yes.

5           BY MR. WOODCOCK: (Resuming)

6           Q     On the subject of Buckley [REDACTED] is it  
7 your testimony that Azzam never told you that he himself  
8 showed [REDACTED]  
9 [REDACTED]  
10 [REDACTED]

11           A     He never told me that. He may have told  
12 [REDACTED] but I never heard that. [REDACTED]  
13 [REDACTED]  
14 [REDACTED]

15           Q     No, no. Back up. Did he ever tell you that  
16 [REDACTED]

17           A     No.

18           Q     The next thing I wanted to ask you -- and this  
19 will be my last, I think --

20           MR. GENZMAN: Can I get another question in on  
21 [REDACTED]

22           MR. WOODCOCK: Go ahead.

23           MR. GENZMAN: Did Mr. Azzam ever tell you, or  
24 [REDACTED] that he had misgivings about this evidence?

25           THE WITNESS: Yeah, he did. Azzam told me

**UNCLASSIFIED**

**UNCLASSIFIED**

264

1 that he didn't believe it and therefore we were not going  
2 to get the money.

3 MR. GENZMAN: What specifically did he say  
4 about his misgivings? He didn't tell you about [REDACTED]  
5 [REDACTED]

6 THE WITNESS: Azzam said we're not getting the  
7 money before he even saw [REDACTED] I called  
8 him on the phone and I said we've got [REDACTED] He  
9 says that's not good enough; you're not getting the  
10 money. I told you I've known Azzam for 20 years, and  
11 none of this surprised me. Then, when he got it, he  
12 said, oh, that's not authentic. I said okay. And that  
13 was that. You know, he wanted the guy to be  
14 fingerprinted and photographed and sign the fingerprint  
15 card and then he would have probably accepted it.

16 BY MR. WOODCOCK: (Resuming)

17 Q When you testified in response to several of  
18 Mr. Genzman's questions on Mr. Azzam you said that Mr.  
19 Azzam went into the hospital and that he faded out of the  
20 picture as a result. Is that right?

21 A Yes.

22 Q However, Azzam was in charge of this  
23 particular special enforcement operation; is that  
24 correct?

25 A That's correct.

**UNCLASSIFIED**

TOP SECRET  
**UNCLASSIFIED**

265

1 Q And that special enforcement operation came to  
2 an end; correct?

3 A That's correct.

4 Q In approximately June of '85. Would that be  
5 right?

6 A May-June.

7 Q And when you were authorized to work with the  
8 White House or to work with the NSC that was not a  
9 special enforcement operation, not so designated; is that  
10 correct?

11 A That's correct.

12 Q And your superior in that was Mr. Lawn within  
13 DEA; is that correct?

14 A That's correct.

15 Q I just wanted to be clear on this point. Is  
16 it your understanding that had Mr. Azzam not had this  
17 long period of recuperation that he would have somehow  
18 had a role or been in charge?

19 A Probably.

20 Q Of the NSC operation?

21 A Maybe not as heavy a role as he had with the  
22 CIA, but I probably would have had to still report to  
23 him.

24 Q Rather than report the way you did to Mr.  
25 Lawn?

TOP SECRET  
**UNCLASSIFIED**

**UNCLASSIFIED**

266

1           A     Yeah. I would probably have reported to him  
2     instead of Lawn, correct.

3 Q Why do you say that?

4           A     Because he would have still been there and he  
5     was an executive assistant.

6 Q Did Mr. Azzam ever say to you that he was  
7 disenchanted with the North connection and he wanted out  
8 of this?

9           A     Never. He was a sick man at the time. He was  
10       just in extreme pain and once he gave me the thumbs down  
11       on this thing here I just kind of ignored him.

12 MR. WOODCOCK: I have no further questions.

13 [REDACTED] I appreciate your coming here and staying  
14 here so long and putting up with all these questions.

15 MR. GENZMAN: Thank you very much.

DEA Support for Recovery of American Hostages  
Seized in Beirut

Several week ago, as part of the Hostage Locating Task Force, DEA officers reestablished a contact in Lebanon with an asset who has connections with the Lebanese criminal entities. Last week, their intermediary, in response to awareness that the Dava prisoners could be executed shortly after the end of Ramadan (June 19), agreed to proceed as follows in an effort to recover the hostages:

- The DEA asset, "A," departed [redacted] to meet a [redacted] who is a secondary contact inside Lebanon. "A" will urge [redacted] to return to Lebanon and arrange for a meeting on Cyprus among one or more of the DEA officers, himself, and a [redacted] who has been in touch with [redacted]
- Once contact has been established and a meeting arranged, the two DEA officers will depart for Cyprus via a European city where they will deposit the \$200K and establish an account for the \$2M (\$500K of which will be available immediately in U.S. dollars cash for use in Lebanon).
- "A" believes that the hostages can be bribed free for \$1M each as follows:
  - The \$100K will be sufficient to bribe [redacted] This money will be passed [redacted] through [redacted]
  - [redacted] will turn over the hostages to [redacted] who will transport them [redacted] to [redacted]
  - Transport [redacted] could cost in excess of \$250K aside in order to bribe [redacted] "A" believes that the \$200K in cash will be sufficient to establish bona fides to [redacted] and for [redacted] to agree to passage of at least 1 hostages. Once the operation is underway and the hostages are through [redacted] will be provided with up to \$500K in cash.
  - [redacted] will turn the hostages over to [redacted] where they will be placed aboard a rented yacht for transport to Cyprus.

**Abstract**

- One of the DEA officers will proceed to Cyprus to rent a safehouse as a temporary holding location in the event that all hostages are not recovered in the first attempt.
- The remaining \$1.5M made available by the donor will be released from the account in the European city as the hostages are aboard the yacht and as required. These funds will be used to pay

It is assumed that the price cannot be negotiated down given the number of people requiring bribes. Both the DEA and "A" believe that this effort will produce at least two hostages and that it may be necessary to bribe the additional hostages free for \$1M each. The safehouse will be used to harbor/treat the first two hostages while arrangements (both financial and operational) are being made for the remaining hostages. "A" believes that at least 72-96 hours would be required for a second round.

The DEA officers are prepared to depart as soon as they are contacted by "A." Travel arrangements and operational costs are currently being financed from funds from private sources.

The two DEA officers should be made available for this operation for a period not to exceed 30 days, preferably directly to this organization. It is important that no other parties become aware of this operation in order to protect "A" as well as the donors.

A That is correct.

23  
 24 Q And feel free at any time to review or refer to  
 25 those rules in the course of the deposition. We discussed

1 earlier your right to have your own personal attorney present  
2 at this stage or at any stage of the deposition. Do you  
3 understand that?

4 A That is correct. I would like to enter into the  
5 record though, I was only advised of this before coming  
6 here, shortly before.

7 Q Okay, fine. Do you wish to have your own  
8 attorney present?

9 Q No, not at this stage.

10 A All right.

11 Also note that this is executive session material  
12 which means that the committee holds it confidential in  
13 secret.

14 A Okay.

15 Q The committee would also strongly request that  
16 you also keep it secret and what you say in the deposition  
17 to remain confidential.

18 We do think for your own protection as well as  
19 for the protection of the committee's investigation.

20 Do you have any questions about that?

21 A No.

22 Q All right.

23 Let's start off with a little bit of your back-  
24 ground.

25 How long have you been in the DEA?

A Sixteen years.

1 Q And for the record, the DEA is the Drug Enforce-

7 where?

8 A [REDACTED]

9 Q And how long have you been [REDACTED]

10 A Two and a half years.

11 Q And prior to that you were where?

 6 to either [REDACTED]

7 A No.  
 8 Q Do you know the agent named *Agent 1* [REDACTED]?

9 A Yes, I do.  
 10 Q When did you first meet *Agent 1* [REDACTED]?

11 *GERANO* A I met *Agent 1* [REDACTED] in 1974 or 1975, and I was

 14 two countries.

15 Q And prior to 1985 when is it last you worked with  
 16 him?

17 A Oh, I guess shortly before he was reassigned to  
 18 the states, which I believe was in 1980.

19 Q And the agent by the name of *Agent 2* [REDACTED] have  
 20 you ever met him?

21 A Yes, I have.

22 Q And where did you meet *Agent 2* [REDACTED]

5 Q Can you tell me how that came about?

6 A Yes. I believe it was the end of January 1985,  
7 beginning of February, I received a telephone call from  
8 [redacted] who was in the process of departing from Washington  
9 and he requested that I contact Mr. Abraham

13 A <sup>Page 2</sup> [REDACTED] told us that the President had a  
 14 full-court press going to identify the location and  
 15 possibly win the release of the hostages, and the White  
 16 House had contacted the Attorney General, who had in turn  
 17 requested the assistance of the law enforcement community  
 18 for assistance in locating the hostages.

19 Q And that William Buckley, [REDACTED]

 21 [REDACTED] the chief of station for the Central Intelligence

1 *Sept 2*  
 2 [REDACTED] explained that DEA had received  
 3 official funding of \$50,000 for this operation under a  
 4 special enforcement operation 471 and this money was to be  
 5 used to pay for the expenses of people who were willing  
 6 to cooperate to locate the hostages, and that if that money  
 7 was expended that the NSC and slash or the CIA would assume  
 8 the funding depending on the success of DEA to make some  
 9 progress towards the hostages.

10 Q What did *Sept 2* [REDACTED] say the role of the CIA and  
 11 the NSC were?

12 A Well, he explained that CIA had had difficulty  
 13 in making progress in locating Mr. Buckley and that therefore  
 14 the law enforcement community, since we have DEA, specifically  
 15 has numerous narcotics sources who frequently travel in  
 16 and out of [REDACTED] Lebanon area where they were  
 17 suspected to be held, could provide information to the  
 18 agency and the NSC about the situation down there.

19 MR. FLYNN: Could you repeat the area?

BY MS. NAUGHTON:

Q Did he tell you specifically what was to be done with your sources, in other words, did he make any mention of turning the sources over to the CIA?

A I think that initial discussion was that we should determine first of all what sources we had available in DEA within [REDACTED] and if any of them would be usable or could develop strategic information about this, and they would be actually run by or debriefed by [REDACTED] and [REDACTED] but also made accessible to the agency for debriefing.

Q What was the role to be of the NSC?

A Well, if I can retract a little bit, the White House was the word they used. I am assuming NSC through what I have read in the newspapers.

Q Okay. What was the White House role to be then?

A They would be the central, I guess, clearing or collecting house of all intelligence, [REDACTED]

[REDACTED] to evaluate the possibility of getting these people out.

Q Did [REDACTED] and [REDACTED] mention any specific names at the White House?

A I believe that they -- heard the name of Admiral Poindexter and, I believe, Mr. McFarlane. I can't really

**UNCLASSIFIED**

**UNCLASSIFIED**  
**SECRET**

10

1 remember specifically. I believe Poindexter was mentioned.

2 Q Do you recall in what context?

3 A That they had spoken with them about what they  
4 would like to accomplish, what DEA could possibly provide  
5 in the way of strategic intelligence about the situation in  
6 Lebanon.

7 Q What did they tell you regarding the money other  
8 than the first \$50,000? Did they say anything other than  
9 the CIA and the White House would provide it thereafter?

10 A Well, what they explained to me is that some of  
11 the informant -- I won't even say informants -- some of the  
12 sources, the people who were willing to assist in the effort  
13 it would be easier for them to come out [REDACTED] for  
14 debriefings [REDACTED] in some cases. [REDACTED]

15 [REDACTED]  
16 [REDACTED] if [REDACTED] or [REDACTED] were  
17 unable to meet and reimburse these people for expenses,  
18 that I would be able to get funding through the SEO fund  
19 and reimburse them for expenses.

20 But that actually, that only happened on one  
21 occasion.

22 Q What else did they tell you at that meeting?

23 A Just that we should consider it to be a priority  
24 mission and that it was to be considered very classified.  
25 It was not authorized to divulge the operation or any aspect

**UNCLASSIFIED**

**UNCLASSIFIED**

11

1 about it to anyone including our ambassador, they were  
2 afraid that if this got out that William Buckley would be  
3 subjected to intensified debriefings.

4 Q What about [REDACTED]  
5 were you allowed to discuss it with them?

6 A No. I was told not to discuss this with anyone.

7 Q Did they mention at all the use of any private  
8 monies or whether or not you should handle any private  
9 monies?

10 A No.

11 Q There was no discussion about private monies?

12 A No.

13 Q Was there any discussion of how operational  
14 you should be in this?

15 A Just peripherally. If the need arose that one of  
16 the sources had to have expense money and it was convenient  
17 for him to pick up his money [REDACTED] I should assist.  
18 And also I should make an attempt to debrief all of the sources  
19 that I came in contact with concerning their availability and  
20 possible value to the program.

21 Q But other than contacting sources and obtaining  
22 intelligence, did you discuss any sort of operational role  
23 for you or any other DEA agent?

24 A No.

25 Q In [REDACTED]

**UNCLASSIFIED**

**UNCLASSIFIED**

12

Q Did you discuss that at any time?

A No, other than being able to help them with expenses. That was the extent of my operational role.

Q How long did this meeting take [REDACTED]

A Well, we later met with two prospective sources who were familiar with the situation [REDACTED] and I came in on the meeting a little bit late, but they were being debriefed on what the situation was, the political situation, what the -- as far as the danger of operations in that area and what these people would be willing to do to assist.

If Buckley -- and there were no specifics to these individuals about what the operation was about, just if an American could be located, if they would be willing to assist in getting him out of the country, in other words, if there was a forceful extraction inside of Lebanon, would these people be willing to make sure the person was moved out using their connections.

And the person agreed to try, but said they would not since this was sprung on them they would have to travel [REDACTED] and do some research and find out what the situation was.

Q Was money given to---

A No. Now, after these people went [REDACTED] about a week later I received a call from [REDACTED] and

**UNCLASSIFIED**

**UNCLASSIFIED**

13

1 he asked me if I would pay one of these subjects \$5,000  
2 in reimbursement for his travel expenses because he was  
3 going to be traveling back [REDACTED] So I was also  
4 provided a DEA fund cite via cable for \$5,000 charged against  
5 the operation 471.

6 And I traveled [REDACTED] met with the subject,  
7 and paid him \$5,000 for which [REDACTED] signed a receipt, DEA  
8 standard payment receipt.

9 Q And did you file that receipt with headquarters?

10 A Yes, it was submitted through the standard DEA  
11 procedures.

12 MR. FLYNN: Was that a government form, or just  
13 a sheet of paper that you---

14 THE WITNESS: No, it is a government form referred  
15 to as "payment for expenses" and it is a form that comes in  
16 triplicate. One copy goes to, normally to the investigative  
17 file; one copy goes to the file of the subject; and one  
18 to the voucher processing for internal controls. The person  
19 was actually paid.

20 BY MS. NAUGHTON:

21 Q When you say you signed it to special enforcement  
22 operations?

23 A Yes.

24 Q Is that where you got the money from?

25 A Yes.

**UNCLASSIFIED**

~~UNCLASSIFIED~~ ~~SECRET~~

14

1 Q 471, is that an account for special operations?

2 A Well, DEA has what we refer to as SEOs which  
3 stands, the acronym for Special Enforcement Operation, and  
4 if our headquarters finds a specific operation that needs  
5 headquarters funding which would exceed the normal funding  
6 available to our district offices, then headquarters will  
7 agree to fund specific operations whether it is a cocaine  
8 project [REDACTED] or a heroin<sup>g</sup> lab case [REDACTED]

9 And they create a number for each operation  
10 for accounting purposes and also for a file, like a general  
11 file, a catch-all. You don't know who your subjects are at  
12 the time. You<sup>g</sup> are targeting specific geographic areas<sup>g</sup> or  
13 group of subjects.

14 Q So were you given a special number for this  
15 operation?

16 A Well, the file number was SEO 471. However, I  
17 am not -- you are not authorized in the field to make  
18 expenditures for a special enforcement operation unless you  
19 have a fund cite which is regulated -- a fund cite, in other  
20 words, DEA headquarters will allocate \$5-\$10,000 to a  
21 specific district office for use in paying sources, or travel  
22 expenses, or reimbursements for other investigative expenses.  
23 And the fund cite basically designates, it is like a standard  
24 government fund cite where the Department of Justice numbers  
25 come first, the DEA comes second, then it would be designated

**UNCLASSIFIED**

15

1 office of special operations, and then the last four numbers  
2 would be that specific project; so you keep control of  
3 expenditures.

4 MR. FLYNN: You say the fund cite; is that SITE?

5 THE WITNESS: CITE, fund cite, CITE.

6 BY MS. NAUGHTON:

7 Q (So you did not receive that special number until  
8 you requested the \$5,000; is that correct?

9 A Yes, that is correct.

10 Q With that number does there come a code name for  
11 the operation?

12 A No. 471 was the code. That was the thing that  
13 it was referred to as.

14 Q Is that the only time you withdrew from the fund  
15 cite?

16 A Yes. [REDACTED] also -- I believe he allocated  
17 \$500 or \$1000 to the [REDACTED] Account for  
18 telephone expenses, travel expenses, any expenses that he  
19 might encumber while [REDACTED] assisting in this endeavor.

20 Q So the total amount you were authorized was  
21 \$6,000 or less?

22 A \$6,000 -- yes, \$5,500 or \$6,000.

23 Q Do you recall approximately what month it was  
24 that you paid this source?

**UNCLASSIFIED**

**UNCLASSIFIED**

16

1 A Yes, it was immediately after the first meeting.  
2 It was within---

3 Q In January then?

4 A Within two weeks. Probably, I would say, February

5 Q Now, was this source paid for as reimbursement for the  
6 first trip [REDACTED] or was this in advance for the next  
7 trip [REDACTED]

8 A It was, I think it was both. I think he stayed  
9 [REDACTED] longer than he had planned on staying and  
10 yet he was going to be returning [REDACTED] so it was a  
11 combination of the two.

12 Q Did you write any sort of report of either the  
13 briefing or the meeting with the sources?

14 A No, in fact, I did not debrief the sources because  
15 the agreement was that they should be debriefed by the people  
16 who were in the know of the operation, not to subject  
17 the sources to various debriefings by people who really  
18 didn't have knowledge of the names that they were dealing  
19 with and the background to make a worthwhile debriefing.

20 Q So to your knowledge, of all the sources you  
21 contacted, by whom were they debrief<sup>ed</sup>?

22 A [REDACTED] and [REDACTED] and I believe they  
23 mentioned someone from the agency also.

24 Q Was that a man named [REDACTED]?

25 A I never met or heard any agent names, but I believe

**UNCLASSIFIED**

**UNCLASSIFIED**  
**TOP SECRET**

17

1 one of them debriefed an informant [REDACTED]

2 Q Now, after the -- I guess in February of 1985,  
3 then your encounter with the first two sources, what  
4 happened regarding your activities in this area?

5 A Well, nothing happened until 19 -- I believe it was  
6 August or September of 1985.

7 Q Excuse me, I did have one preliminary question.  
8 Was there any discussion of whether or not you  
9 should write reports on this activity?

10 A No, we were told not to. There should be no formal  
11 reporting done through the DEA channels.

12 Q Who told you that?

13 A [REDACTED]

14 Q Did anyone else tell you that?

15 A No. Mr. Azzam, myself, [REDACTED]  
16 were all present at the time. Any reporting, I guess, that  
17 was going to be done would be conducted there at Washington  
18 for security reasons.

19 They just couldn't take a chance on Buckley's  
20 position becoming known.

21 Q So when you submit your authorization for the  
22 fund cite you didn't list any specific reasons --

23 A Just reimbursement for 471 and any questions  
24 should be referred to [REDACTED] at headquarters.

25 Q Did [REDACTED] indicate to whom he reported  
at headquarters?

**UNCLASSIFIED**

**UNCLASSIFIED**

13

1           A    Well, the initial discussion I believe was with  
2 Mr. Azzam, who was -- he was either chief of foreign  
3 operations or going into his new job as assistant to the  
4 deputy administrator. He had been asked by our headquarters  
5 people to be the official liaison between the agency and DEA  
6 to ensure that there was a coordination and that [REDACTED]  
7 and [REDACTED] would be responsible for debriefing the sources  
8 and Mr. Azzam would be the one to pass that on to the  
9 agency.

10           Q    Did that later change?

11           A    I have no idea. You would have to talk with  
12 Mr. Azzam. I know he -- I know his participation in  
13 this operation either became limited or he became no longer  
14 involved after an amount of time, because I had asked him  
15 last fall, I guess, if they were having any luck, and he  
16 told me he was not involved in that project anymore.

17           Q    Did he tell you why not?

18           A    No.

19           MR. GENZMAN: Who are we talking about again?

20           THE WITNESS: Mr. Azzam, he is the special  
21 assistant to the deputy director of DEA.

22           BY MS. NAUGHTON:

23           Q    Now, you were starting to tell me what happened  
24 in June?

25           A    August.

**UNCLASSIFIED**

82-702 922

~~UNCLASSIFIED~~

19

1 Q August?

2 A Yes, August or September. I am sorry I didn't  
3 know I was going to be participating or I would have looked  
4 in my notes here, but these are approximate times, and I  
5 make you aware of that fact.

6 [REDACTED] called me [REDACTED] and said he was  
7 [REDACTED] and he was in contact with the sources that had  
8 had his passport either lost or stolen, and asked if I would  
9 be available later that afternoon for a meeting [REDACTED]  
10 Actually, it was in the morning when I got up there. He  
11 subsequently traveled [REDACTED] and told me that he was in  
12 contact with a subject who alleged to have influence over  
13 the [REDACTED] Community, that was the overseers of the people  
14 who were holding the hostages, and that his fellow had  
15 scheduled a meeting, I believe [REDACTED] with one of the  
16 influential [REDACTED] and needed a temporary travel document.

17 We discussed various possibilities of covert  
18 identities, but decided since it was a matter of such national  
19 priority to request that our ambassador authorize the issuance  
20 of a temporary passport for [REDACTED] to use accompanying this  
21 guy to his meeting, and I told [REDACTED] I doubted if the  
22 ambassador would issue it just based on a DEA request,  
23 and that someone should call her from Washington at a high  
24 level and explain to her that this was not a normal DEA  
25 request should receive her immediate attention.

~~UNCLASSIFIED~~

**UNCLASSIFIED**

20

1 I then called -- [REDACTED] contacted, called some  
2 one in Washington, and explained the situation.

3 Q Do you know who he called in Washington?

4 A This is only speculation on my part, but I believe  
5 he contacted Mr. Dickey or Mr. Hickey, who was the special  
6 adviser, I believe, to the President for terrorism and  
7 military affairs.

8 And then we went to the ambassador's office,  
9 she was on the telephone at that time with Washington, and  
10 got off the phone, and we told her we needed her assistance  
11 and she asked the consular officer to come to her office a  
12 and requested that the consular officer provide a temporary  
13 passport.

14 Q Let's back off a minute, did she say she had  
15 received a call from Ed Hickey?

16 A She didn't. She just was on the telephone and  
17 said, "I understand," hung up, and then came to us and  
18 I just briefly told her that we were in contact with someone  
19 who possibly could help get Mr. Buckley located and so that  
20 at that time she called [REDACTED] the consular officer.

21 Q Did you introduce [REDACTED] to Ambassador [REDACTED]

22 A Yes, as a Drug Enforcement Administration  
23 agent.

24 Q From Washington?

25 A Yes.

**UNCLASSIFIED**

82-102 924

**UNCLASSIFIED**

21

1 Q Did she inquire why this was coming through DEA?

2 A No. No, she apparently was -- that was explained  
3 on the telephone, apparently.

4 Q What happened when [REDACTED] came into the room  
5 then?

6 A The ambassador asked her to assist us, and she  
7 agreed to do it, and then we departed the room, and [REDACTED]  
8 [REDACTED] then explained that the ambassador did not have the  
9 authority to authorize issuance of a passport and that---

10 Q Excuse me, who agreed to do it, the ambassador  
11 or [REDACTED]

12 A [REDACTED] agreed to do it in the  
13 ambassador's presence. Then after we left the office  
14 she explained that actually it would not be possible for  
15 her to do it because of State Department regulations, and  
16 that ambassadors had gotten trouble for authorizing the  
17 issuance of passports without following the procedure.

10 I explained to her that this was a

12 her for her help, or non-help, and that was it.

13 Q What did [REDACTED] say to [REDACTED] when she  
14 described this procedure to you?

15 A He just explained that this was an -- well, that  
16 it involved an American official. We didn't tell her,  
17 give her any details that Mr. Buckley was actually in the  
18 agency and if there was not some way to expedite the  
19 procedure. She said she could check again, but she was  
20 sure that they would be unwilling to bend on this and  
21 suggested maybe someone could contact Secretary Shultz  
22 or someone in the State Department and he explained that  
23 this was an operation that could not have wide exposure,  
24 it couldn't, too many people could not be notified over the  
25 telephone, and so on, it was departmentalized classified.

1 Q So what happened?

2 A [REDACTED] then went [REDACTED] and I contacted  
3 him, I guess he contacted me, I believe a week later, and  
4 stated that they had resolved the temporary papers to enable  
5 this guy to travel.

6 Q How was that resolved?

7 A I can only speculate. [REDACTED] would have to  
8 answer as to that.

9 Q After speaking with [REDACTED] and learning the  
10 procedure, did you consider going back to the ambassador  
11 and having her make a few phonecalls since they had already  
12 briefed her on it?

13 A No.

14 Q Why not?

15 A We just decided that first of all, we were  
16 under instructions not even to involve the ambassador.  
17 We had breached the instructions by even doing that and that,  
18 just got to thinking about it and decided that that was  
19 not even the proper thing for us to do, and I believe  
20 [REDACTED] also talked with [REDACTED] about that aspect of it.

21 We should not get people involved in this that  
22 did not have a actual need to know. Basically, that was  
23 it. We were starting to get too many people involved?

24 Q Did you ever meet this source?

25 A Yes, I did.

**UNCLASSIFIED**

24

1 Q When was that?

2 A I met with him. He and a separate source who was  
3 acquainted to this source [REDACTED] I believe it was a  
4 week or two after [REDACTED] official meeting [REDACTED]  
5 The primary reason for that was the second individual who  
6 was on contact with [REDACTED] and this source was also a  
7 potential narcotics source.

8 [REDACTED]  
9 [REDACTED]  
10 asked if I would come down and discuss possibly working  
11 as a narcotics source for us, also.

12 MR. GENZMAN: Did you say that is a second  
13 source?

14 THE WITNESS: Second source, yes.

15 BY NAUGHTON:

16 Q I am talking about the source who lost his  
17 passport.

18 A Yes, I did meet with the source who lost his  
19 passport, and the other subject.

20 Q When did you meet the source who lost his  
21 passport?

22 A At the same time. A week or two after [REDACTED]  
23 first contacted me.

24 Q So--

25 A Middle of September.

**UNCLASSIFIED**

1 Q In February?

2 A No, September.

3 Q Okay.

4 A September. The First two weeks in September.

5 Q This is 1985 now?

6 A Yes I believe I can -- if I can jump  
7 some questioning, I believe I can clarify a little bit about  
8 this guy and possibly how it might -- how it might have  
9 relevance to your investigation.

10 Q To get it straight, we are referring to the guy  
11 who is now in prison?

12 A No. The one I am thinking of is, he referred to  
13 himself as a Saudi Prince.

14 Q All right.

15 A Okay. And he said that he was a Mullah and that  
16 he had contact with people in both Lebanon and in Iran who  
17 had religious influence over people who were holding the  
18 hostages, and that in a humanitarian gesture, he would  
19 ~~be willing~~ <sup>willing</sup> to influence them, and as payment for his good  
20 deed he expected relocation for himself and his family  
21 into the United States.

22 Q Did he explain why he couldn't go back to Saudi  
23 Arabia?

24 A He said that he was a member of a -- there were two  
25 types of Saudi Arabian families, one was -- there was a wife

**UNCLASSIFIED**

**UNCLASSIFIED**

26

side of the family, and the husband side of the family, and he was a prince of the wife's side of the family, which really did not have a lot of clout, and he had run afoul with the Saudi hierarchy, and did not get into detail why but he was in hot water with them, and wanted to relocate the the States.

Q Did he say where he wanted to locate in the United States?

A I believe he said he was living in California where he had rented a home there.

Q Is this the only time you met the prince?

A Yes.

Q Did you pay him any money in September?

A No.

Q Do you know whether [REDACTED] and [REDACTED] paid him any money?

A I couldn't answer that.

Q At any time?

A No, but I know when he -- he portrayed himself to be a very wealthy individual who was doing this out of humanitarian reasons and did not -- almost would act insulted if someone should offer to reimbursement him for any of his expenses.

He made that very clear that he was not in this for financial gain.

**UNCLASSIFIED**

~~UNCLASSIFIED~~

1 Q Did you meet with the prince in the accompany  
2 of anyone else?

3 A Yes.

4 Q Who was that?

5 A The second source. This was someone who knew the  
6 prince. I believe he was using the name of -- the prince  
7 was using at that time the name of Masudi Ibrahim Masudi,  
8 and the other fellow who was at this meeting had just arrived

9 [REDACTED] and basically gave us a briefing  
10 of the situation there and where, allegedly where one of  
11 the hostages had been moved in recent weeks.

12 Q So these two men knew each other?

13 A Yes.

14 MR. FLYNN: Excuse me, I got to ask you something.  
15 I am a little confused here. These two men here have  
16 nothing to do with the man you paid the \$5,000 to?

17 THE WITNESS: No, no, sir. These are separate  
18 people.

19 MR. FLYNN: Where did you meet these two men?

20 THE WITNESS: [REDACTED]

21 MR. FLYNN: When?

22 THE WITNESS: Sepbember 1985. The other subject  
23 I met in February of 1985.

Q Did [REDACTED] indicate when he had met the prince? Did you get the feeling this is a recent acquaintance?

A Yes, <sup>a</sup> very recent meeting. [REDACTED] was in the process of determining the bona fides of this guy, what actually, if he could produce what he said he could produce, that he did not really know that much about this subject or his background. The DEA are very skeptical when we meet a new source, especially when it is handed over to us, because you don't have the background, and you try to find out as much as you can about such before you put your life on the line.

Q Usually if they <sup>are</sup> a good source they are not handed out?

A Exactly, they are not. You obviously have had some experience with narcotics prosecutions.

Q Did [REDACTED] know of the price? Did you ever discuss him in his presence?

A Yes, [REDACTED] did know the price.

Q Why do you say that?

A Because I think I talked to [REDACTED] about

[REDACTED] I was trying to get a hold of [REDACTED]

1 talk and ask ~~what~~ [REDACTED] was, if he and the prince  
2 had moved ~~out~~ [REDACTED] to the meeting.

3 Q What did [REDACTED] say about the prince?

4 A Just in general, where is he, no real details  
5 about his background.

6 Q Did [REDACTED] ever mention anything about the prince  
7 regarding the contras in Nicaragua, any payment or contribu-  
8 tions he was going to make?

9 A No.

10 Q Did the prince ever mention to you any planned  
11 contributions of any sort to the contras in Nicaragua?

12 A No. He was a class act so far as being a good  
13 BSer.

14 Q Do you know what happened to him after?

15 A Yes. Well, I am assuming because I read in the  
16 newspaper where Judge Webster was asked about the Saudi  
17 prince who turned out to be an Iranian how is now in jail  
18 in Philadelphia for bank fraud, and I believe, he is an  
19 associate of Richard Miller's, and I have gotten that out of  
20 the newspapers.

21 Is this the same fellow?

22 Q Yes.

23 A Okay.

24 Q Did you see Richard Miller in [REDACTED]

25 A No.

1 Q Did [REDACTED] ever discuss Richard Miller.

2 A No.

3 Q What about a man named Channell, Carl Spitz  
4 Channell.

5 A No.

6 Q During the trial of the prince, do you know wheth  
7 or not you or any other agent of the DEA was called on to  
8 either testify or provide any information?

9 A No.

10 Q There is no contact there?

11 A I am not aware of that.

12 Q Did you meet the prince at any time other than  
13 that meeting in September of 1985?

14 A No.

15 Q When you saw him in September did you ask him  
16 about the passport thing?

17 A No.

18 Q Do you know under what travel papers he was  
19 traveling?

20 A I believe [REDACTED] said he was using Iraqi papers.

21 There was something in consistent about him being a Saudi  
22 and having an Iraqi passport and having contacts in Iran.

23 To be honest with you, we were very, well, I won't say, not  
24 suspect, but his whole story was missing a few pages. We  
25 all know why now, I guess.

1 Q I have a question on the source, just in  
2 general. When you contacted any of them, for whatever  
3 reason, did you have to record that contact in their jacket?

4 A No. First of all, if it would have been an  
5 established DEA source, then he would have been debriefed  
6 first of all for narcotics intelligence, which goes  
7 into the narcotics -- into his case file on that subject,  
8 when it is heroine, cocaine, geographic area, and the non-  
9 narcotics intelligence would be put on a memorandum

10 [REDACTED]  
11 [REDACTED]  
12 I mean unless it was specific about the Buckley  
13 hostage thing, because I was still under a caveat not to  
14 discuss that with anybody, but I can think of maybe one  
15 or two occasions where I debriefed informants who reported  
16 [REDACTED] which I put in  
17 memo [REDACTED]

18 Q Was that during the time period of these arms  
19 sales?

20 A Yes, apparently one of the informants was very --  
21 had some information about it. I don't know what follow up  
22 was done, but I did pass that [REDACTED]

23 Q What time frame was that?

24 A The fall of 1985, December. It could have been  
25 in January or February. Our general counsel has requested

**UNCLASSIFIED**

**UNCLASSIFIED**

34

1 that I forward all debriefings for your area, so I instructed  
2 my secretary to send that.

3 Q Do you recall what that informant told you about  
4 that arms deal?

5 A Well, he said that -- this was actually an informant  
6 [REDACTED] who had information  
7 about drug traffic, cocaine trafficking [REDACTED] and  
8 as part of his routine debriefing we get into terrorist  
9 weapons, anything that might interest another government  
10 agency that is working at it, and he stated that he had know-  
11 ledge that Israel was reworking TOW missiles, putting fancy  
12 warheads on outdated TOWs and selling them to Iran, and  
13 that Iranians were happy with the missiles and they wanted to  
14 have direct contact, Rafsanjani, I believe, was the contact  
15 he alleged to have direct association with. Rafsanjani wanted  
16 to talk directly to the United States and resolve difficulties  
17 and the war, whatever.

18 The bottom line was to get guns, get weapons that  
19 he needed for his war against Iraq.

20 Q Did the source say how many TOW missiles?

21 A It has been two years. It would be best for  
22 you guys just to review the memo. It should be in there  
23 whatever he told me.

24 Q Do you recall what nationality the source was?

25 A The source was [REDACTED]

Q How did you have any contacts?

**UNCLASSIFIED**

**UNCLASSIFIED

35

1           A     It is really a strange thing. He apparently had  
2     been at one time involved in [REDACTED] politics, and had  
3     been incarcerated by [REDACTED] and he escaped and ended up  
4     in Europe and got involved with weapons trafficking.

5           The guy is probably still a decent source. I  
6     have no idea. I didn't have contact with him after the  
7     initial debriefing because the agency was not interested  
8     in purchasing any of them. They had a lot of people beating  
9     their door down at that time with the same story. Do arms  
10    with us and we guarantee an end of the war and we will make  
11    a million dollars.

12           He didn't mention about hostages or anything  
13    though.

21    the sources with whom you would talk about the hostages in  
22    Lebanon, would you make a record of that contact on their  
23    file?

24           A     No, because they were not established DEA  
25    informants, not informants, DEA cooperating individuals,

**UNCLASSIFIED**

**UNCLASSIFIED**  
**SECRET**

36

1 sources, whatever you want to call them.

2 Q They didn't have numbers?

3 A No. None of the ones I met -- well, the one  
4 that I met initially was not an established numbered DEA  
5 source. The subject that he introduced to us had never had  
6 contact with U.S. authorities before, so he obviously wasn't  
7 numbered, and the prince and his associate also had not had  
8 contact with DEA prior to our meeting with them.

9 Q So you didn't establish them?

10 A No, there was no establishment. My issue was  
11 never explained to become directly involved in any debriefing  
12 of these people. It was supposed to be handled by [REDACTED]  
13 [REDACTED] and the agency people who were working on this thing.

14 Q What was your next contact with this activity of  
15 September of 1985?

16 A In May of 1986, I received a telephone call from  
17 [REDACTED] who was [REDACTED] I think it was about 2 o'clock  
18 in the morning, and he told me he had to fly [REDACTED] the  
19 following day to pick up money for expenses for himself and  
20 his sources, and he asked me, he gave me an arrival time [REDACTED]  
21 [REDACTED] and asked what the turn-around time would be, or  
22 if he could make it back [REDACTED] that evening. And I  
23 explained to him that that wouldn't be possible, so he  
24 asked me if I would be willing to pick up the expense money  
25 initially [REDACTED] take it to him [REDACTED] so he could get

 2 assist him. So he told me that someone would be calling  
 3 me the following day and would make arrangements to give  
 4 me the money.

5 Q Is that what happened?

6 A Yes.

7 Q Someone called you the next day?

8 A Yes.

9 Q Was this a local call?

10 A No. Well, I can't remember if I had a telephone  
 11 number [REDACTED] or if he gave my number out. Anyway---

12 Q Excuse me just a minute. Did [REDACTED] tell you  
 13 where the money was coming from? On the other hand, did he  
 14 say "I am waiting for \$0 and so to wire it"?

15 A No. He was in contact with, I believe, [REDACTED]  
 16 [REDACTED] in Washington, and [REDACTED] was coordinating in  
 17 Washington the payment, deliver, whatever, of expense  
 18 money for [REDACTED] in [REDACTED]

19 Q So the next day did you get a call?

20 A Yes. A person who identified himself as Albert,  
 21 and he said that he had a package for [REDACTED] and asked if I  
 22 could meet with him [REDACTED] to pick it up, because there  
 23 was some problem. He also had some time constraints getting

24 [REDACTED] So we arranged to meet at 2:00 p.m. at the  
 25 apartment building. It was a short-term lease apartment

2 of weeks [REDACTED]

3 Q Do you have the name of the street?

4 A It was the [REDACTED]

5 Q Give me that again.

6 A [REDACTED]

7 [REDACTED]  
8 [REDACTED]  
9 I am not sure of that.

10 Q Is the name of the apartment [REDACTED]

11 A [REDACTED]

12 [REDACTED] It is an expensive apartment building.

13 He also gave me a room or an apartment number.

14 Q Do you remember that number?

15 A No name. No, it was on the fifth floor, I believe  
16 next to the last floor, because I took the elevator up one  
17 too high and had to come down one. In fact, there was  
18 no number on it. That was the problem I had. The number  
19 had fallen off the door, and I kept looking around for it  
20 and I was pounding on doors, and Mr. Albert poked his  
21 head out finally and asked if I was [REDACTED]

22 Q Have you seen pictures of Albert Hakim?

23 A Yes, I have.

24 Q Is that the person that came out the door?

25 A Yes.

**UNCLASSIFIED**

~~UNCLASSIFIED~~

39

1 Q Let me show you that time-worn photo.

2 A Yes, that is Albert.

3 Q And he asked if you were [REDACTED]

4 A Yes.

5 Q Was anyone with him?

6 A No. He was by himself.

7 Q What happened then?

8 A He invited me in the apartment, excused himself

9 for the condition of the apartment because he said he had

10 just moved in there that day. I thought Albert was

11 CIA, because he was very guarded in his discussion with me,

12 and he was not going to tell me anything that I didn't

13 absolutely need to know, and I wasn't going to offer anything

14 that he didn't need to know. So it was kind of like a

15 Mexican standoff.

16 Q Was indeed the apartment like full of boxes

17 as if he was moving in?

18 A It was empty. There were no cloths<sup>e</sup> hanging up.

19 Well, I think the excuse was he had nothing to offer me to

20 drink in the form of a beverage. He had just moved in.

21 Q Was there furniture?

22 A Yes, it was a fully-furnished apartment, but

23 there were no signs of any inhabitation. [REDACTED]

24 [REDACTED]

25 Q You say he excused himself?

~~UNCLASSIFIED~~

**UNCLASSIFIED**

40

1 A Well, he said "I am sorry I don't have anything  
2 offer you to drink. I just moved in and I haven't gotten  
3 situated."

4 Q What happened?

5 A He said he had a package from [redacted] and asked  
6 me if [redacted] had arrived [redacted] and I told him that [redacted]  
7 would be arriving that afternoon, and I would be traveling  
8 [redacted] to pass the envelope to him.

9 I asked him if he wanted me to sign a receipt,  
10 and he said no, that won't be necessary. There is 30, right  
11 I said, well, I don't know the details. I have just been  
12 asked to pick up the package and deliver it to [redacted]  
13 He said, "Good Luck." All of maybe two minutes.

14 Q Did he mention any other names?

15 A No, just [redacted]

16 Q Did you get the impression that he knew [redacted]  
17 [redacted]

18 A Excuse me. He did not say [redacted] I got  
19 the impression that he had been told about [redacted] that he  
20 knew him. I doubt if he knew him because he would  
21 have said, "Tell [redacted] hello for me" if he knew him, and he  
22 did not send him a type of greeting to [redacted]

23 Q How did the money come? On the other hand,  
24 was it in an envelope?

25 A It was in a brown envelope.

**UNCLASSIFIED**

**UNCLASSIFIED**

41

1 Q Sealed?

2 A Sealed.

3 Q Any markings on it?

4 A No.

5 Q It was American money, I assume?

6 A I don't know. I never opened the envelope. It

7 was an envelope maybe about that big. I put it in my pocket.

8 We handle large amounts of money [REDACTED] for drug

9 operations, up to \$3 or \$4 million. It is surprising

10 how small \$30,000 can be if it is in big notes. I am assuming

11 it is \$30,000. I am speculating on that because of hearing

12 Mr. Secord testify, and having Albert say 30. I would

13 hope there was 30 in there.

14 Q What was his reaction when you said "Do you

15 want me to sign a receipt?"

16 Q Not necessarily.

17 A Did he laugh? Did he look surprised?

18 A No.

19 Q Did he hesitate?

20 A He acted like he was very cool, like he was used

21 to the intelligence community and no unnecessary movements

22 or discussions.

23 Q What happened after you left his apartment.

24 A I drove directly [REDACTED] and met with [REDACTED]

25 [REDACTED] I believe I may have even met his flight, drove

1 him to the [REDACTED] Hotel and he asked if I had  
2 picked up his package, and I said, yes, and handed it to him  
3 We were in the lobby area. We didn't have a chance to get  
4 into any discussions about the details of it because of  
5 a lot of people standing around there, and I told him that  
6 I told him that I had to get back [REDACTED]

7 We had a drug operation going, and seeing to it  
8 the next morning.

9 Q So you never really discussed Albert with him.

10 A No. I told him there was a guy by the name of  
11 Albert that gave the money to me, and that I suspected  
12 he was an agent of the CIA, an officer.

13 Q What did [REDACTED] say when you said you suspected  
14 he was a CIA agent?

15 A He said he didn't know he was, that Washington  
16 had arranged the money to be passed.

17 Q Did he specifically say Washington, or any name,  
18 or any person?

19 A Washington. He had mentioned earlier he talked  
20 to [REDACTED] about it, so I assumed [REDACTED] was the one that  
21 was in contact with whoever had Albert make the money available.

22 Q What is the next thing that you recall occurring?

23 A Did you have any involvement or know of any  
24 actual plans to extricate the hostages?

25 A No.

**UNCLASSIFIED**

~~UNCLASSIFIED~~

43

1 I know I had asked [REDACTED] on occasion how things  
2 were going, and he said that they developed a good network of  
3 sources down there, but the situation kept changing so  
4 quickly that it was not as easy as they assumed it would  
5 be when they initially got involved in assisting, and  
6 I inquired if Mr. Buckley was still alive, or what they  
7 knew about that. And they said there were reports that  
8 he was dead but still they had no conclusive evidence.

9 [REDACTED]  
10 [REDACTED]  
11 [REDACTED] But never during  
12 these discussions was there anything about Iranian arms or  
13 contras. It was DEA operations to try to locate the hostages.  
14 We talked about different ways of how we might be able to be  
15 more effective. They were hesitant to get too many DEA  
16 people involved, doing like European wide search for  
17 sources.

18 If one of us came up with ideas---

19 Q But did you ever discuss any specific plans with  
20 [REDACTED] or [REDACTED] regarding getting the hostages out? On the  
21 other hand, how to do it mechanically?

22 A No. I don't believe it ever got to that point  
23 that we actually got into the mechanics.

25 they were involved in?

Q In what context?

A I believe when [redacted] was [redacted] or [redacted]

6

[redacted] he was talking to [redacted] and the name Ollie

Q Did either [redacted] or [redacted] discuss with you how

19

A That they were reimbursed. One of the things

20

that [redacted] mentioned when I met with him [redacted] was that

21

they were continually out-of-pocket during this operation,

22

that they were given a minimal travel amount in Washington

6 A No.

7 Q What about Craig Coy?

8 A No.

9 Q How about Howard Teicher?

10 A No.

11 Q Were you asked at any time to prepare any sort

13 A No. I was specifically asked not to---

14 Q NOW I am talking the recent past. Has anyone from  
15 DEA asked you to write this up?

16 A Oh, no, no. I have talked to our inspection  
17 people about it, the day before yesterday, and also I talked  
18 to, I was asked to go to the independent counsel yesterday  
19 afternoon.

20 Q Did you tell the independent counsel anything  
21 differently than you have told us this afternoon?

22 A No. In fact, I think I have gotten into more

Inconclusive.

7

Q

When is the last time you spoke to [REDACTED]?

8

A

I talked to him on Monday.

9

Q

And did you discuss this subject?

10

A

Just generally, trying to determine my involvement.

11

I, of course, was very concerned about any backlash as far as

12

relationships with [REDACTED] authorities, and what was the

13

procedure, the standing. [REDACTED] told me that he had talked to

not hesitate to volunteer to appear before you.

19

Q

Did he say that he had talked to Lawn about this?

20

A

No, because I was asking what DEA's position had

21

been, how we were going to respond to the media because of

22

General Secord's revelation or whatever you want to call it,

23

and Mr. Lawn, I believe, had not had a meeting with the DEA

the fact that there was an ongoing criminal investigation,

3 Q In other words, they didn't want [REDACTED] talki-

5 A Well, my suggestion was why don't we all get to-  
6 gether and give the boss a briefing, since he probably wou-  
7 like to know, having to answer up on the Hill, what we had  
8 done in support of this thing.

9 Apparently that was not accepted by management

13 A No.

14 Q Do you know whether anyone at the Department of  
15 Justice, aside from the Attorney General, was aware of the  
16 efforts?

17 A No, I don't believe so, because the way [REDACTED]  
18 explained it to us, that there was just a handful of peopl-  
19 out of the intelligence community who were aware of Buckle-  
20 role, and therefore, it was really a case of minimization.

2 was in attendance there.

3 Q Was he there then?

4 A Not that I can remember.

5 Q Were you present when the Attorney General was  
6 in [REDACTED]

7 Q And were you present at -- was it a breakfast  
8 meeting?

9 A Yes, we had a breakfast meeting with him.

10 Q Can you tell me what that was about?

11 A Basically, the ambassador had scheduled or had  
12 had a dinner the night before for Attorney General Meese w  
13 his counterparts, [REDACTED] officials, and because  
14 the seating availability at that dinner, the staff people  
15 have narcotics, FBI, Treasury, Justice, law enforcement  
16 responsibilities, were not invited to that, and the ambass  
17 dor wanted to give us a chance to meet with him the next  
18 morning, so we had a breakfast at her residence.

19 The legal attache and myself, Treasury attache,  
20 political officer and other embassy people who had not had  
21 a chance to personally meet with the Attorney General, wer  
22 there.

1 Attorney General?

2 A Well, he was actually seated up the table from me.  
3 In fact, Mr. Lawn [REDACTED] were down at our end of the  
4 table. Also some of Attorney General Meese's staff were  
5 there, and we had recently seized [REDACTED]  
6 heroin laboratory [REDACTED]  
7 which was south [REDACTED] and talking about the Attorney  
8 General wanting to view that heroin laboratory and to thank  
9 my [REDACTED] who had been responsible for seizure  
10 of the laboratory and the arrest of the three [REDACTED]  
11 [REDACTED] heroin chemists that were involved in the whole  
12 [REDACTED] so we were discussing how we could get him  
13 down to the lab site.

14 Q Did he go?

15 A Yes. \*

16 Q Were you with him when he went to the lab site?

17 A Yes, I was. I actually drove him to the lab site.

Q Did you discuss at all the activities regarding hostages held in Lebanon?

6

A No, that wasn't brought up.

7

8

Q When Mr. Lawn was -- I guess he was at that point Deputy Director --

9

10

A No, he was the Administrator. He had just been named Administrator that summer.

11

12

Q Did you discuss with him any activities to work on or for the hostages?

13

14

15

16

17

A No. I wanted to talk to him about it while he was there, but there was never a one-on-one opportunity. He was always surrounded by aides and there was quite a large group of people surrounding him and the Attorney General, so I never did have a chance to talk to him.

18

19

Q Did you talk to anybody who came at that time?

20

A No. Still under initial instructions, until further notified.

21

22

Q Did either Mr. Lawn or the Attorney General come

[REDACTED] at any other time?

23

24

25

A No. The Attorney General was there that time, and Mr. Lawn had been [REDACTED] as the Deputy Administrator about two weeks after the office was opened. That would be

1 been in October, September-October of 1984, which was five  
2 months before this thing kicked off, and then he came to a  
3 [REDACTED] Conference about one month  
4 before the Meese visit, before he accompanied Attorney General  
5 Meese [REDACTED] so three times during that time.

6 Q So when he was there in November of 1985, did you  
7 discuss the hostage efforts?

8 A No. The same thing. He always had a group of  
9 people around him, and [REDACTED] had asked me if I had  
10 had a chance to give the Administrator a briefing on what  
11 my participation had been, and I said no, I hadn't, because  
12 he was always surrounded by people.

13 Q Was this something that [REDACTED] was encouraging  
14 or discouraging?

15 A No. You know, like there was absolutely nothing  
16 wrong with discussing this with Mr. Lawn, because he  
17 definitely is on board.

18 Q Did they tell you, either [REDACTED] or [REDACTED]  
19 that they were briefing Lawn periodically with what they were  
20 doing?

21 A They didn't tell me that, but I believe Mr. Azzam  
22 was the one who was actually supposed to be officially a --  
23 well, the one to notify the Washington community.

24 [REDACTED] and [REDACTED] were supposed to be operational  
25 and Azzam was supposed to be the one to disseminate the

2 Q Do you know a man by the name of [REDACTED]

3 A No, I never heard that name.

4 Q Regarding other activities [REDACTED] for a  
5 minute, on which we can focus our attention, did you atten-  
6 any briefings regarding aid to the contras?

7 A It was considered a priority program, not aid to  
8 the contras, but U.S. policies should be made known  
9 as far as wars and contras [REDACTED] and it was a poin-  
10 of discussion at numerous staff meetings, not aid, but why  
11 the contra cause was important to the United States.

12 Q And what were you supposed to do about that?

13 A Well, the ambassador asked all of us in our  
14 contacts [REDACTED] if the topic should rise  
15 that we should be well informed on what the Administration  
16 the Government's stance was, so we could answer intelligen-  
17 why Nicaragua was so important to the U.S., and asked  
18 basically our staff, when given an opportunity, to explain  
19 the position.

20 Q Did you ever have occasion to do that?

21 A No. Law enforcement people are very conservativ-  
22 types anyway, and they don't get too involved in non-law  
23 enforcement issues.

24 Q Did the ambassador or anyone else outside of the  
25 DEA ask you for any information regarding drug running in

4 problems that developed as a result of any of the interviews  
5 conducted [REDACTED]

6 A No.

7 [REDACTED]

8 Q Right. That is a separate thing.

9 A A separate thing.

10 Q A separate visit.

11 A I know there were some written articles about  
12 his visit, and there was some discord in the embassy about  
13 the propriety of that or whatever, but as far as your --  
14 know there was a concern about your talking to [REDACTED] citizen  
15 or third-country nationals outside of the embassy, because  
16 [REDACTED] basically have a law that prohibits that.

17 My [REDACTED] counterpart who is also -- he is our  
18 chief narcotics contact, has handled the weapons aspect of  
19 this thing, apparently trying to determine if weapons went  
20 through [REDACTED] and I know he has had problems with  
21 own state department, because apparently they have gotten  
22 information to the embassy here in Washington, passed it  
23 [REDACTED] who gives it to the Department  
24 Justice, and he has just voiced his displeasure at his own  
25 foreign officer for not explaining to the embassy that the

1 followed the formal channels that things could probably be  
2 done a little bit quicker, I think get back the responses

4 Q Are you talking about [REDACTED]?

5 A No, I think it was more the weapons. I think  
6 there was an allegation that Mr. McFarlane and company landed  
7 [REDACTED] with one of the airplanes that had weapons on it,  
8 [REDACTED] but I think  
9 the lead came initially from the States. They investigated  
10 that with no results, and I think they have been trying to  
11 respond through the established channel.

12 I know there has been [REDACTED] Embassy involve-  
13 ment in trying to help you get your answers, but for your  
14 knowledge, the guy who actually handles it, who could help  
15 the arms trafficking thing, I think you would prefer if you  
16 got it through the formal channel rather -- I don't know how  
17 well the State Department and Justice Department get along.

18 I should have said that off the record.

19 Q We will refer to it as Country No. 2.

20 A Right. Don't mention countries, please.

21 Q I wanted to ask you about a couple of other names,  
22 and ask you if you have met or spoken to or heard of any of  
23 these people, other than through public media.

9 A In November or December of this year. Excuse me  
10 just before Christmas. I returned from a trip [REDACTED]  
11 there was a note to call Albert, with a telephone number [REDACTED]  
12 [REDACTED] and I had forgotten about the association of Albert  
13 with the first thing, and I called and initially I didn't  
14 know who I was talking to, and then he mentioned that it  
15 the Albert I had met [REDACTED] the previous May, and he  
16 stated that he had a business associate who was in the  
17 hospital construction business and wanted this associate  
18 travel with him to the United States, and because he was  
19 Iranian, he needed a visa, and if it would be okay if he  
20 told the people [REDACTED] when he applied that they can call  
21 or if he could use me as a reference, that this guy was old  
22 and I told him I would not be able to help him, and asked

6 a visa issued for his business associate.

7 BY MS. NAUGHTON:

8 Q Did he refer to it as the company?

9 A The company, which is the name for the CIA, used  
10 in a street sense. It is a term that the agency uses, which  
11 once again I don't know if he is still involved with those  
12 people or not, but he obviously has had contact with the  
13 agency, because he is portraying someone who has been around  
14 with those people before, not that that is bad.

15 Q Did you think it was unusual that he would call  
16 you for that?

17 A Yes.

18 Q Did you tell him that?

19 A Yes, I told him, because I had heard the name Hakim  
20 and I had heard the name Albert. I kept trying to figure out  
21 where have I heard that name before, Albert, Hakim, and then,  
22 I wonder if this is the Albert, which I had not seen a photo-

9 A Basically, that I should be cooperative; it was

11 we would not be under a cloud for whatever participation  
12 had in this thing; and I asked -- [REDACTED] had, I believe,

11 Q They appeared to be working together?

14 together at some stage concerning getting this guy into  
15 [REDACTED] getting him through [REDACTED]

8 fact, dealt with previously or other sources?

9 A I can't say that.

10 Q [REDACTED] never identified them further?

11 A No.

12 Q And you dealt with no other sources other than  
13 the ones we have discussed?

14 A That is correct.

15 MR. GENZMAN: I have nothing further.

16 BY MS. NAUGHTON:

17 Q I want to ask you this again because I want to  
18 it absolutely clear.

19 In the summer of 1985, around July, June or Ju  
20 of 1985, did you have any conversations or any communica  
21 of any type with a man named Coburn, C-o-b-u-r-n?

22 A No.

23 Q Regarding the payment of a million dollars to  
24 used for money to free the hostages?

25 A No; definitely not.

1 Q Is there anything regarding these activities  
2 that you think the committee should be aware of that you have  
3 not covered or we haven't asked you?

4 A No, I think I have been going over what could be  
5 of use to you and I brought that up before.

6 Q Other than notes that we discussed, your entries  
7 for your activities which you said you would provide a  
8 synopsis of, are there any other documents that would  
9 reflect your activities?

10 A Well, the informant payment, source payment  
11 voucher would indicate the date and the amount that was paid,  
12 and the memorandum which is being forwarded to you; and that  
13 is it. That is all I can think of.

14 Q When [REDACTED] or [REDACTED] would call you, would that be  
15 on a secure phone?

16 A No, that is why the conversation was always very  
17 general and guarded. We are on our way in. We are on our way  
18 out, or hello. Both of them know my family, my children, and  
19 my wife, so we have known each other for a long time.

20 Q Would they call you at home then or at work?

21 A It would be work or at home. Depending on what  
22 time it was. I don't think [REDACTED] was -- I believe he was only  
23 through [REDACTED] once or twice that I am aware of, and  
24 [REDACTED] maybe three or four times.

25 MS. NAUGHTON: Okay. That is all I can think of.

1 PROCEEDINGS

2 Whereupon,

3 KENNETH deGRAFFENREID,

4 called as a witness by counsel on behalf of the Senate  
5 Select Committee and having been duly sworn by the Notary  
6 Public, was examined and testified as follows:

7 EXAMINATION ON BEHALF OF THE SENATE COMMITTEE

8 BY MR. BELNICK:

9 Q Good afternoon. Ken, when did you first begin  
10 working for the National Security Council?

11 A In, I think, February or March of 1981.

12 Q And you were employed by the NSC until  
13 February 1987?

14 A Yes, sir.

15 Q And by whom are you employed today?

16 A The Department of Defense.

17 Q In what capacity?

18 A I am the Deputy Director of the Defense  
19 Mobilization Systems Planning Activity.

20 Q When you came to the NSC in 1981 you held the  
21 title of Professional Staff Member?

22 A Yes, sir.

23 Q What were your duties generally in that  
24 capacity?

25 A Intelligence policy and coordination, staffing

1 for the National Security Advisor on intelligence issues.

2 Q Were those generally your duties throughout  
3 your tenure at the NSC?

4 A Yes, sir.

5 Q Was your title changed along the way?

6 A Yes, sir.

7 Q Sometime in 1982, 1983, as I recall from your  
8 interview?

9 A I think so, yes.

10 Q And at or about that time what title did you  
11 acquire?

12 A Previous to that the NSC didn't have titles,  
13 and then titles were added, and I became, I think it was  
14 called, Director of Intelligence Programs. And then some  
15 time after that Senior Director of Intelligence Programs.  
16 I also was given a commission as a Special Assistant to  
17 the President for National Security Affairs.

18 Q And that was the position that you held until  
19 you left in 1987?

20 A Yes, sir.

21 Q Who was June Bartlett?

22 A Mrs. Bartlett was my secretary, beginning, I  
23 think, as best as I can recall, late spring or early  
24 summer of 1981 until I left.

25 Q Was one of the areas under the jurisdiction of

**UNCLASSIFIED**

**UNCLASSIFIED**

6

1 your office the filing and tracking of so-called NSC  
2 Systems documents?

3 A Yes, sir, in a certain sense.

4 Q Please explain.

5 A The Secretariat of the NSC, a position which  
6 also evolved over that time, was responsible for the  
7 paper systems per se, several control systems, I, II and  
8 IV. I think there was a III, but I don't think it was  
9 ever used. I think those date from the Carter  
10 Administration -- the numbers. I'm not too sure about  
11 that.

12 In any case, why the Secretariat had overall  
13 control, because of the compartmentation of intelligence  
14 issues, my office, or first the office I worked in and  
15 later was the head of, was the repository for System IV  
16 documents, which were -- some of these are NSC  
17 intelligence documents. So, you know, it was overall  
18 under the Executive Secretary, but our office did the  
19 work, if you will.

20 Q Your office maintained the originals of System  
21 IV documents, correct?

22 A We retained copies. I can't say it was always  
23 the original copy.

24 Q But you had originals as well as copies?

25 A Yes, sir.

**UNCLASSIFIED**

**UNCLASSIFIED**

CONFIDENTIAL

7

1 Q In what circumstances would you have originals  
2 and in what circumstances copies? What did it depend on?

3 A Well, it would depend on a number of things --  
4 while a document was out for action, for being worked, if  
5 you will, it was, wherever it was on the staff. It might  
6 be going between staff members; it might be with the  
7 National Security Advisor, his deputy; it might be with  
8 the Executive Secretary or the President, whatever.

9 Q And you would have a copy during that period?

10 A Well, in general terms, yes. We would try to  
11 have a copy. Now if another office, let's say, in the  
12 NSC originated one, they would perhaps call us for a  
13 System IV number, get a number, send the document up the  
14 line, and they were supposed to send us a copy of it.  
15 Okay? They would usually retain a copy.

16 When the action was complete on the documents  
17 in general terms we would get a copy back. We tried, to  
18 the extent that it was possible, to do so, and it wasn't  
19 always, to retain a copy with the most information on it.

20 Now in most cases, as you indicate, that was  
21 an original copy, the original one, because that's the  
22 one the National Security Advisor, for example, would  
23 have seen, checked off, given his further guidance, then  
24 on to the President, Chief of Staff, whatever, and we  
25 would try to retain that copy. Occasionally the action

8

1 would occur on a copy, and so if it was obvious that the  
2 copy was a more sensible document to keep I think the  
3 general practice was to keep the one with the most  
4 information.

5 Q And that became the official file version of  
6 the document?

7 A That was the one that went in our file and,  
8 like I say, in most cases we had a copy.

9 Q Where was your office physically -- in the Old  
10 Executive Office Building?

11 A Yes, sir.

12 Q What room number?

13 A It was a suite of rooms, Room 300, 301 and  
14 300-1/2. It was a number of rooms all connected to a  
15 central area where the secretaries were.

16 Q Right around the corner from North's suite,  
17 302, or right by it?

18 A Well, 300 was there as the intelligence  
19 office, dating into the Carter Administration. In the  
20 summer or the spring, I think, of '86 Colonel North's  
21 office was moved to an office suite next to ours.

22 Q That was suite 302?

23 A Yeah, I think that was the number.

24 Q They moved in May 1986 into that office?

25 A Right. What was happening is these offices

**UNCLASSIFIED**

**UNCLASSIFIED**

9

1 were being secured, special security devices put in them,  
2 as they went around the perimeter of the building and  
3 they were working their way.

4 Q So once you got into Suite 302 North's office  
5 was next door to yours?

6 A Yes.

7 Q Where were the System IV documents filed --  
8 300, 301 or 301-1/2?

9 A I'm not sure I know which rooms actually have  
10 those.

11 Q One of those three rooms?

12 A Had those numbers. They were filed in the  
13 various safes all over our office. Let me see. Up until  
14 the time that the room became a certified vault and then  
15 we rearranged how they were, how they were carried, but  
16 they were all inside.

17 Q The documents were always maintained in safes  
18 within one or more rooms of the suite?

19 A They were maintained, yes, in safes until we  
20 became a vault, and then they went into storage bins.

21 Q And did those bins have locks on them?

22 A Yes.

23 Q Were they combination locks?

24 (Pause.)

25 You don't recall?

**UNCLASSIFIED**

**UNCLASSIFIED**

10

1           A     I think they were keys.

2           Q     When did you become SCIFed and become a vault?  
3     That is, when did the office become a vault? I had to  
4     ask you it that way, though.

5           A     Yes, you are learning this business.

6           Q     I'm ruined.

7                 (Laughter.)

8           A     The summer, late summer, I think, of '86.

9           Q     So from that point forward, as you recall it,  
10    the documents would have gone into the locked bins as  
11    opposed to the combination safes before your office  
12    became in effect a safe?

13          A     I misspoke before. The time we had bins, we  
14    had both bins and safes.

15          Q     So straight through the period in 1986 System  
16    IV documents were filed in bins and safes?

17          A     Yes.

18          Q     And whether one had a combination lock and the  
19    other had a key lock, they were locked -- the bins and  
20    the safes?

21          A     When the last person left, yes.

22          Q     Who had access to those bins and safes during  
23    1986?

24          A     Hopefully just the people who worked in the  
25    office.

1 Q Tell me who those people were and if it  
2 changed between January and the end of November 1986 try  
3 and tell me what the changes were. The question, so that  
4 I can be less confusing about it, is tell me the people  
5 who worked in your office from January through the end of  
6 November 1986.

7 A Okay. Myself, Vincent Cannistraro.

8 Q What was his position?

9 A He was Director of Intelligence Programs.

10 Q And was he there during that entire period --  
11 January through the end of November, 1986?

12 A Yes, sir.

13 Q Who else?

14 A David Major.

15 Q What was his position?

16 A I believe he was Director of  
17 Counterintelligence Programs.

18 Q And there throughout the period?

19 A Yes, sir. James Radzimski, who was a Senior  
20 Navy Chief, enlisted man, who was there until September  
21 or October, I believe, of '86.

22 Q What happened to him at that time?

23 A He retired from the Navy and left.

24 Q Normal retirement?

25 A Yes. He was a clerk who looked after the

1 System IV and other matters within the office.

2 Q A reliable man?

3 A Very.

4 Q Very reliable?

5 A Yes.

6 Q Okay. Honest?

7 A Yes, sir, to the best of my knowledge.

8 Q He was replaced by whom?

9 A On a temporary basis Brian Merchant.

10 Q And where did he come from?

11 A I believe Brian is a permanent NSC employee as  
12 opposed to a detailee, and he had previously worked in  
13 the West Wing offices of the NSC looking after System II.  
14 And after Chief Radzinski's departure he filled in until  
15 we could get a permanent replacement.

16 Q Who selected Mr. Merchant to fill in, if you  
17 recall, Ken?

18 A I believe it was a decision reached mutually  
19 between the Executive Secretary and myself and the  
20 gentleman who had sort of admin responsibilities within  
21 the Secretariat, Mr. van Eron.

22 Q How long did Mr. Merchant fill in for Chief  
23 Radzinski?

24 A Well, he filled in. He was there until the  
25 time I left.

- 1 Q So he was still doing that same job?
- 2 A He was still doing that when I left.
- 3 Q I believe he is still doing it. It's like the
- 4 temporary dormitories they built at my college 30 years
- 5 ago.
- 6 (Laughter.)
- 7 All right. We have you, Messrs. Cannistraro,
- 8 Major, Radzinski, and Merchant. Continue with the list
- 9 of people employed in your office from January through
- 10 November 1986, please.
- 11 A Okay. My secretary. Oh, I'm sorry. In
- 12 addition, when I say in our suite, we had an office
- 13 across the hall which was not technically within our
- 14 suite in which we had an Air Force Colonel, Jerry May,
- 15 who was part of our office.
- 16 Q What was his job?
- 17 A He was, I believe, Director of Space Programs.
- 18 Q Okay. Continue, please.
- 19 A He had access to the office. It's just that
- 20 we didn't have enough room for him. And then we had
- 21 three secretaries.
- 22 Q June Bartlett.
- 23 A Mrs. Bartlett.
- 24 Q Who else?
- 25 A Mrs. Pat Rawson and Mrs. Kathy Gibbs.

14

1 Q Now is that the complete complement of people  
2 who worked in your office in that 1986 period?

3 A Yes, sir.

4 Q Did each and every one of them, while they  
5 were employed in your office, have access to the bins and  
6 safes that held the System IV documents?

7 A In a technical sense, yes, sir.

8 Q In what sense did they not have access?

9 A In the sense that I think many of them did not  
10 routinely, you know, avail themselves of that access, but  
11 in theory at least they had access, as all of us did.

12 Q In theory any one of them -- and I'm asking  
13 this now, so if I'm wrong please correct me -- in theory,  
14 as I understand, any one of the persons you mentioned  
15 could have gone to a bin or a file drawer and pulled out  
16 a System IV document?

17 A Yes, sir.

18 Q Would not have had to ask your permission?

19 A No, sir.

20 Q And likewise you had access and you would not  
21 have had to ask anyone for those documents?

22 A I'm sorry, sir?

23 Q The same was true for you. You could have  
24 taken a document out without asking anyone, period; yes?

25 A Taken a document?

**UNCLASSIFIED**

**UNCLASSIFIED**

15

1 Q You could have gone to the files and withdrawn  
2 a System IV document, too, without asking anyone, right?

3 A Yes, sir.

4 Q In 1985 let me ask you -- if I ask you the  
5 same question about 1985, namely who were the people  
6 employed in your shop, would we have the same list, aside  
7 from Mr. Merchant?

8 A No, sir.

9 Q Okay. Who was there in 1985 in addition to  
10 yourself? Mr. Radzinski was there?

11 A Mr. Radzinski was there.

12 Q All right. Mrs. Bartlett was there?

13 A Mrs. Bartlett was there.

14 Q Mrs. Rawson?

15 A Yes.

16 Q Mrs. Gibbs?

17 A No. Well, part of the time. She came, I  
18 believe, in 1985, if my dates are correct. She came with  
19 Mr. Cannistraro when he joined us.

20 Q Do you recall approximately when in 1985? It  
21 doesn't have to be exact; if you don't, you don't, and we  
22 can check that from the record.

23 A No, I don't. I'm sure it's available. I  
24 don't have it.

25 Q If you don't have it, let's not waste your

**UNCLASSIFIED**

16

1 time thinking about it. How about Mr. Major? Was he  
2 there in 1985?

3 A He came in the summer. He and Colonel May  
4 came in the summer of '85, I believe.

5 Q Okay. Who else was there in 1985 that wasn't  
6 there in 1986?

7 A Well, if I'm right -- and I may be wrong; Mr.  
8 Cannistraro may come at the end of '84 -- but he was  
9 preceded in the office where he sat by Mrs. Diane Dornan.

10 Q Another familiar name.

11 MS. NOURSE: Yes.

12 BY MR. BELNICK: (Resuming)

13 Q Mrs. Diane Dornan. And Diane had access?

14 A Yes. And Colonel May succeeded Colonel Rye,  
15 Gilbert Rye -- R-y-e.

16 Q And Colonel Rye had access to the documents?

17 A Yes, sir.

18 Q Any other differences between 1985 and 1986,  
19 as you recall -- that is, differences in personnel?

20 A No, sir. We may have had a secretary sitting  
21 in prior to Mrs. Gibbs, but I'm not sure. I can't  
22 remember who.

23 Q Was there a computer in your office that was  
24 used to record the existence of System IV documents?

25 A Yes, sir.

**UNCLASSIFIED**

**UNCLASSIFIED**

17

1 Q That was true in both 1985 and 1986?

2 A Yes, sir.

3 Q Who was in charge of that computer and the  
4 logging-in function of System IV documents in 1985?

5 A Mr. Radzinski.

6 Q And he continued in that position until he  
7 left in 1986, correct?

8 A Yes, sir.

9 Q Whereupon that job, I guess, was taken over by  
10 Brian Merchant?

11 A Yes, sir.

12 Q Did anybody other than Mr. Radzinski or Mr.  
13 Merchant have access to the computer terminal that was  
14 used to log in the System IV documents and by access I  
15 don't mean could somebody go over there and hit the keys.  
16 I'm assuming -- well, let me not assume. Do you know  
17 whether the computer program required a code before one  
18 could obtain access to it?

19 A No, sir. It may have.

20 Q Did you know how to work it? You can 'fess  
21 up.

22 A No.

23 Q So you would not have known how to go to the  
24 computer and find out if a document was there or wasn't  
25 there, right?

**UNCLASSIFIED**

**CONFIDENTIAL**  
**UNCLASSIFIED**

18

1           A     I never tried.

2           Q     Well, did anyone ever tell you how to do it?

3           A     I don't think so.

4           Q     Aside from Mr. Radzinski and his successor,  
5     Mr. Merchant, do you know if anyone else knew how to work  
6     that computer?

7           A     The secretaries may have known and when either  
8     Mr. Radzinski or Mr. Merchant were on leave or away I  
9     think Mr. van Eron or one of the other Secretariat  
10    personnel who were in the business of keeping track of  
11    NSC documents would occasionally sit in for them and they  
12    were, I believe, knowledgeable about the operations of  
13    the computer.

14          Q     One is Mr. van Eron, right?

15          A     (Nods in the affirmative.)

16          Q     Who else?

17          A     I guess the other names escape me at the  
18    moment.

19          Q     Now was there any log kept, so far as you  
20    know, that recorded when System IV documents were signed  
21    out in 1985 or 1986 -- signed out of your office?

22          A     Well, the purpose, I think, of the routing  
23    sheet, the cover sheet, and the computer was to track the  
24    onward movement of the documents, so in that sense, yes.

25          Q     Well, let me ask this. Were there requests

1 during 1985 and 1986 at various times for System IV  
2 documents from your files?

3 A Oh, I'm sure there are.

4 Q Were there, as far as you recall?

5 A Yes.

6 Q Who could request those documents from your  
7 files, your office files?

8 A Oh, I think probably the cognizant staff  
9 officers involved, any of the senior -- you know, the  
10 National Security Advisor and his deputies, people in my  
11 office. You know, it was a working system in that sense.

12 Q Well, for what purpose, so far as you recall  
13 or you knew -- and the question really asks you to speak  
14 generally -- for what purpose would people ask for System  
15 IV documents from your files?

16 A Well, one reason would be to continue to work  
17 on them.

18 Q What about if it was a completed document?

19 A Well, I'm speculating, but, you know, further  
20 action on a completed document. We were often called  
21 upon to go back and retrace histories and what happened  
22 in a certain series of events and things like that, so it  
23 was not uncommon to have to return -- the purpose of  
24 keeping them, of course, was to have a body of documents  
25 with which you could continue to work.

1           Q    If someone requested a System IV document from  
2 your office files did they have to tell you the purpose  
3 for which they were making the request?

4           A    I don't believe so, no, sir.

5           Q    Well, to whom would they direct the request?

6           A    Well, probably normally Mr. Radzinski or Mr.  
7 Merchant.

8           Q    And do you know if Mr. Radzinski or,  
9 subsequently, Mr. Merchant would ask the purpose of the  
10 request?

11          A    No, sir, I don't.

12          Q    Did Mr. Radzinski ever come to you and raise a  
13 question about any request that had been made to him for  
14 a System IV document?

15          A    Not that I recall specifically, but over time  
16 there would occasionally be a debate over whether someone  
17 should be permitted access to a particular document.

18          Q    Can you recall any specific instance?

19          A    No, sir. I can give you the flavor of it.

20          Q    Give me the flavor.

21          A    For example, if a highly sensitive piece of  
22 intelligence would come in with very restricted knowledge  
23 the issue of who should see it, Mr. Radzinski might ask  
24 me is it appropriate that so-and-so see this. On  
25 extremely sensitive ones we would refer that up the

**UNCLASSIFIED**

1 chain. There were times -- and I can't remember a  
2 specific, but I know over many years there were times --  
3 when people got wind of something that they wanted to see  
4 and debate would ensue and I would have to check with  
5 the National Security Advisor or someone as to whether  
6 they should be permitted access to that particular  
7 information.

8 Q How did you keep track of a System IV document  
9 if somebody borrowed it from your files?

10 A Well, first of all, you know, I personally  
11 generally did not keep track of these things. You know,  
12 I left it to my clerks to track these things.

13 Q Radzinski?

14 A Yes.

15 Q And then Merchant?

16 A Or Merchant.

17 Q Did you ever give either of them instructions  
18 on tracking the documents?

19 A Well, in general terms, yes. I mean, we had  
20 the procedures for, you know, the System IV procedures  
21 with regard to the documents.

22 Q Well, what I mean is, if I could analogize  
23 your operation in that respect to a highly sensitive  
24 library, did you ever set up procedures like a library  
25 does for what happens when a document gets signed out and

**UNCLASSIFIED**

**UNCLASSIFIED**

22

1 what happened when it gets signed back in? That's what  
2 I'm really asking. Did you personally ever establish any  
3 such procedures or check to see that any such procedures  
4 existed? That's the question.

5 A Excuse me for one moment.

6 Q Sure.

7 (Pause.)

8 A Sir, maybe I could explain. We did not  
9 conceive of System IV in quite the sense that you are  
10 describing it, as a library, in that sense. Our purpose  
11 was one of general security in tracking and to provide  
12 working documents to people in something of a more secure  
13 manner.

14 In the case of highly compartmented documents  
15 that required special handling, to effect that handling,  
16 that was the focus of System IV.

17 Q Well, all right. Precisely. And since you  
18 were dealing with documents of the most sensitive nature  
19 that required special handling, I'm asking what  
20 procedures did you establish or were you aware of that  
21 would be employed when someone wanted to take one or more  
22 of these highly sensitive documents from your archives to  
23 wherever?

24 A Yes, sir. That's what I'm saying. The system  
25 is the system. It is the System IV. That is, there is a

**UNCLASSIFIED**

**UNCLASSIFIED**

23

1 routing sheet and there is computer tracking of those  
2 things. So periodically the clerk in charge, Mr.  
3 Radzinski, would update themselves as to which  
4 outstanding -- you know, which documents were outstanding  
5 and, for example, periodically they would send out little  
6 notices saying our computer shows that you have document  
7 number whatever -- you know, Mr. Smith, please let us  
8 know where it is and what you are doing with it.

9 And so it was the system itself that we  
10 tracked it by, and we used the computer and we used these  
11 routing systems. I understand that there were many, many  
12 documents in that and that task of just the computer and  
13 doing this (indicating) was more than a full-time job for  
14 the individual who was doing it. And so that was our  
15 system.

16 Q Okay. Now that system, I understand, would  
17 apply when the document was being initially circulated  
18 and worked on. Would the same system apply when the  
19 document was completed and somebody came in and said I  
20 want to see a document that was written a year ago and I  
21 want it from your files, please give it to me? What  
22 would happen then?

23 A I think it was the same system. For example,  
24 let's say there was a National Intelligence Estimate that  
25 came in in 1982, was circulated, went into whatever file

**UNCLASSIFIED**

**UNCLASSIFIED**

24

1 it would go into, and then in 1983 somebody said, gee, we  
2 need to take a look at what they said last year, they  
3 would hit the computer, look for it, find out where it  
4 was. It might still be out with someone or it might be  
5 put into -- you know, it might be stored some other  
6 place. And then, you know, they would go through the  
7 same process. It would be signed out to them.

8 Q Put on a routing slip?

9 A And then it would be on -- you know, the  
10 computer would show that in '83 it was reopened and sent  
11 out to someone else.

12 Q Are you sure that that system was being used  
13 in the way you describe it for completed documents in  
14 1985 and 1986?

15 A To the best of my knowledge, sir, but I can't  
16 guarantee that it was used in all cases.

17 Q It would surprise you to find out that such a  
18 system wasn't being used, if that were the fact?

19 A It would surprise me to learn that the system  
20 wasn't being used. It wouldn't surprise me if, you know,  
21 there were occasions when the work load got ahead of  
22 people.

23 Q Let's say I told you -- which I will tell you  
24 -- that the White House has advised us that there was no  
25 System IV signout log of any kind during 1985 and 1986.

**UNCLASSIFIED**

**UNCLASSIFIED**

25

1 Would that surprise you?

2 A Yes, sir, that would surprise me.

3 Q And let's say that I told you or that we had  
4 been told by another witness that until after November  
5 1986 and the events which we will talk about he was  
6 unaware of any system on or off the computer to do the  
7 kind of tracking that you mentioned with respect to  
8 completed documents. That would surprise you, too?

9 A Try that one more time.

10 Q All right. Would it surprise you if somebody  
11 who was familiar with this office and who worked on the  
12 computer, would it surprise you to learn that such a  
13 person has maintained that there was no formal tracking  
14 of documents that went out of your files until after  
15 November 1986? Would that surprise you?

16 A Yes, sir, it would surprise me.

17 Q Would you kindly mark this first item  
18 deGraffenreid 1 for identification?

19 (The document referred to was  
20 marked deGraffenreid Exhibit  
21 Number 1 for identification.)

22 Is there something you wanted to add?

23 A I don't have access to this currently, but I  
24 believe the National Security Council administrative  
25 manual or staff manual has the published system for

**UNCLASSIFIED**

**UNCLASSIFIED**

26

1 procedures and I'm relying on my memory --

2 Q Sure, I understand.

3 A But I believe they describe the way that this  
4 system is to be used to track, in the case of the routing  
5 slip here, who sees this. I mean, it isn't just when  
6 it's completed because oftentimes, for example, a  
7 document would be included in System IV that required, by  
8 name, signatures of who had seen it -- in other words, a  
9 special access program where they had to sign this.

10 Sometimes that wasn't -- I mean, there were  
11 various levels of sensitivity within System IV. But in  
12 general terms the procedure was for people who had access  
13 to these documents to sign them. I believe that is also  
14 true for System II, which has a rather lengthy  
15 explanation that went around at the time System II was  
16 established, and in one of the NSDDs that tightened up  
17 the control of NSC documents I believe this is also  
18 spelled out.

19 Q But was that procedure, the procedures you  
20 have just described, aren't those procedures that are  
21 followed when a document is being circulated among people  
22 who are listed as addressees or other recipients of the  
23 document when it first goes out?

24 A Well, they are to be used. My understanding  
25 is they are to be used. I don't make that distinction.

**UNCLASSIFIED**

**UNCLASSIFIED**

27

1 In other words, first going out and second going out is  
2 not -- because you know, sometimes System IV documents  
3 could be created anywhere on the NSC staff and begin  
4 routing, so the procedures were to be applied by the NSC  
5 staff member when he or she created the document or when  
6 they used the System IV system.

7 Q Understood. But was the procedure to be  
8 followed, as you understand it, if somebody came to your  
9 office a year after a document had been stowed away and  
10 completed and said I want that document?

11 A Yes, sir. That is my understanding.

12 Q That is your understanding. Fine. Okay, fair  
13 enough.

14 Would you mark this document, please,  
15 deGraffenreid 1A?

16 (The document referred to was  
17 marked deGraffenreid Exhibit  
18 Number 1A for identification.)

19 Ken, in November 1986 do you recall, on or  
20 about November 21, 1986, Oliver North making a request to  
21 you for certain System IV documents from your files?

22 A I have a hazy recollection of him making that  
23 request. I am not sure that that is the date when he  
24 made that request, and I have been trying to over time,  
25 to recollect the sequence of these events, and I recall

**UNCLASSIFIED**

**UNCLASSIFIED**

28

1 some things and I have struggled with others, but I do  
2 recall a request, some kind of a request, that Colonel  
3 North wanted to see some documents.

4 Q November 21 was a Friday. It was the Friday  
5 before the weekend that the Justice Department people  
6 read documents in Suite 302. It was the Friday before  
7 the Tuesday on which the Attorney General made his  
8 announcement and Colonel North was dismissed. With those  
9 facts in mind, when does your recollection place the  
10 request you received from Colonel North for certain  
11 documents?

12 If you want to explain what the current state  
13 of your recollection is as to the whole event, that would  
14 be fine.

15 A Okay. To the best of my recollection Colonel  
16 North asked me -- and I don't have a firm mental picture  
17 of that conversation, but I believe that it took place  
18 some time prior to November 21. I am tempted to say a  
19 week or two. That is the best of my recollection.

20 Q A week or two earlier?

21 A Prior to that, yes, sir. And the exact  
22 circumstances I have tried, as I say, I have tried to  
23 straighten out in my mind, having been, you know, asked  
24 this several times here.

25 I believe that Colonel North asked me about,

**UNCLASSIFIED**

**UNCLASSIFIED**

29

1       you know, that he needed some documents. I don't believe  
2       that he gave me a particular reason why. He may. What I  
3       don't have clear in my mind is whether he asked me that  
4       and then gave me the numbers of those documents, or  
5       whether some time elapsed between those two things. I  
6       have a vague impression that there was some time between  
7       them, but I can't be sure of that. I've tried, and I  
8       can't.

9               Some time after his initial -- if there was an  
10       initial or if it was all at once -- time I, in a  
11       conversation with Admiral Poindexter, I, as part of a  
12       different conversation, just mentioned to him that Ollie  
13       needed some documents or was working on some documents  
14       and my office was providing them. And then -- and again  
15       I don't have this date very clear in my mind, but I don't  
16       think it was, you know, that close to November 21 -- I  
17       believe I either handed Mr. Merchant or left Mr. Merchant  
18       a note and asked him to provide the documents to Ollie.

19               I presume that that was done.

20               Q     Anything else that you recall about this  
21       event?

22               A     Let me elaborate a little more on some details  
23       that I tried to drag out of my brain here. Colonel  
24       North's original conversation with me may have been on  
25       the secure phone. I have some kind of recollection of

**UNCLASSIFIED**

**UNCLASSIFIED**

30

1       that. That's why I think the two events were at least  
2       interspersed. He may have called and said I need to look  
3       at some documents and then he may have shown up later and  
4       handed me a slip. I don't actually remember that, having  
5       been shown this slip a number of times.

6       Q     Let me just for the record place before you  
7       deGraffenreid Exhibit 1. Is that the handwritten slip to  
8       which you were just referring, or a copy of it? That is  
9       the handwritten slip which you said you had been shown  
10      during this investigation a few times.

11      A     Yes, sir. That is the one I have been shown  
12      during the investigation.

13      Q     Looking at it again now do you recall whether  
14      Colonel North gave you or showed you that slip or a copy  
15      of that slip back in November 1986 when he requested  
16      certain System IV documents from you?

17      A     I believe he gave me a slip of paper with  
18      numbers on it, yes, sir, and I believe its size was like  
19      this (indicating).

20      Q     Like the original of what deGraffenreid 1 was?

21      A     Yes.

22      Q     Without accounting for the extra paper from  
23      the Xerox machine?

24      A     Yes. It was about a 3 by 5. You know, I  
25      don't remember the numbers, but yes. What I don't

**UNCLASSIFIED**

**UNCLASSIFIED**

31

1 remember for you and I'm trying to make the distinction  
2 is whether that was all in one event or whether he first  
3 said I need to look at some documents and then later gave  
4 that to me. That may not be important.

5 He then gave it to me and, to the best of my  
6 recollection, at some point following that I, as I say,  
7 mentioned to Admiral Poindexter in the conversation, in a  
8 different context, just having another conversation with  
9 Admiral Poindexter, and told him that Ollie had asked for  
10 some documents to look at. I believe he said okay or  
11 something. I was just telling him this.

12 Then I later -- it seems to me the thing sat  
13 around on my desk, oh, for some time. I didn't race over  
14 and do this. It may have sat around on my desk and then  
15 I think at some point I either told or provided that to  
16 Mr. Merchant and asked him to make sure that Colonel  
17 North saw the documents.

18 Q If there was a passage of time between North's  
19 call to you and his giving you the numbers and then your  
20 giving it to Merchant, how much time altogether are we  
21 talking about -- a few weeks?

22 A No, sir. I don't think it was that. I just  
23 think --

24 Q It could have been days or weeks or something  
25 like that?

**UNCLASSIFIED**

**UNCLASSIFIED**

32

1           A     I don't think it was weeks. It was something  
2 shorter.

3           Q     So we're not talking about a long passage of  
4 time altogether between the original request and your  
5 turning it over to Mr. Merchant and saying do it; right?

6           A     No, sir. To the best of my recollection.  
7 But, as I say, these things are a little -- the exact  
8 sequence of them isn't clear to me.

9           Q     You said that you presumed that North received  
10 the documents from Merchant. Why do you say presume as  
11 opposed to -- well, do you know whether they were  
12 received or not, or given to North?

13          A     I don't know firsthand, no, sir.

14          Q     Well, did Mr. Merchant ever advise you that he  
15 would comply with your instruction?

16          A     I don't know if he specifically advised me  
17 that he had complied with it.

18          Q     Did anyone tell you whether the instruction  
19 had been carried out?

20          A     I don't remember a specific time when that  
21 happened. Let me add one thing. Subsequently, later in  
22 December, when the Senate Intelligence Committee was  
23 looking into their investigation, I was, in response to  
requests from the White House Counsel's office,  
empting to assemble documents that would be provided

**UNCLASSIFIED**

**UNCLASSIFIED**

33

1 to the investigation. And actually Mr. Merchant was  
2 doing this and he was asking me to initial the computer  
3 cover sheets with which he was searching the computer  
4 using key words.

5 And at the time that he was bringing documents  
6 to me for my little shop he would bring documents that  
7 were clearly responsive, he thought, and I would initial  
8 those really without reading them. He would also bring  
9 documents that required a judgment call, and those are  
10 the ones I would look at. At the time, one of the  
11 nights, late, 9:30 or 10:00, when we were still there  
12 doing these stacks of documents, he brought me a stack  
13 clipped together in various ways and happened to mention  
14 to me as we just went through them -- he would lay them  
15 in front of me and say this one goes, and I would initial  
16 it -- he said, here is a package of the documents that he  
17 had earlier provided Ollie.

18 So in that sense I guess I learned at that  
19 time that the documents had in fact been provided.

20 Q Did you ask Mr. Merchant on that occasion what  
21 he was talking about when he said these are the documents  
22 I provided Ollie, or did you understand him to be  
23 referring to this November request?

24 A I think I understood that. I think I  
25 understood that.

**UNCLASSIFIED**

**UNCLASSIFIED**

34

1 Q Did you ask Mr. Merchant any questions about  
2 his transmittal of these documents to North, such as  
3 whether he knew why North had requested them, anything  
4 like that?

5 A No, sir. At that point I was, you know,  
6 sending them to the White House counsel to be sent up to  
7 the Hill.

8 Q You will notice on Exhibit 1, as it appears  
9 before you, there is a reference 19, and then a mark that  
10 looks like it could be an abbreviation for January, and  
11 then it says Yediot Aharonot, P.7. Do you remember  
12 whether you saw that in handwriting on the note North  
13 gave you in November '86?

14 A No, sir, I don't.

15 Q Does the note mean anything to you?

16 A No, sir, it doesn't.

17 Q Can you recognize the handwriting of the note,  
18 the part that I just read into the record -- Yediot  
19 Aharonot, P. 7?

20 A No, sir. I do not.

21 Q Can you recognize any of the handwriting on  
22 deGraffenreid Exhibit 1?

23 A Not just from that, no, sir.

24 Q Let me show you another document which you  
25 have also seen before, which we have marked as Exhibit

**UNCLASSIFIED**

**UNCLASSIFIED**

35

1 1A, which has the note that is marked as Exhibit 1, plus  
2 some other material written at the foot of it. Aside  
3 from the investigation during which you have been shown  
4 this document had you ever seen the document before?

5 A I don't believe so, sir.

6 Q Do you recognize Mr. Merchant's handwriting?

7 A I recognize his name, but I don't, you know,  
8 I --

9 Q Do you recognize June Bartlett's handwriting  
10 on Exhibit 1A?

11 A Yes, sir, I do.

12 Q And that is her handwriting where it says:  
13 Signed out to Ollie North, J.B.?

14 A To the best of my knowledge, yes, sir.

15 Q Do you know anything about this note?  
16 Specifically, do you know how it was that Mrs. Bartlett  
17 received this note or got involved with it?

18 A No, sir, I don't know specifically.

19 Q Well, do you know generally?

20 A She may have been the person doing this  
21 action.

22 Q Well, she was your secretary.

23 A Right.

24 Q Did you ask her to do it?

25 A Well, as I said earlier, I believe I asked

**UNCLASSIFIED**

**UNCLASSIFIED**

36

1 Brian Merchant. Perhaps I asked -- you know, it's  
2 conceivable I could have asked her.

3 Q You don't recall, though, whether you asked  
4 her or whether you asked Brian?

5 A No, sir. In my mind there wouldn't have been  
6 a real distinction between the two. In other words, you  
7 know, I would equally ask June or Brian to do a task like  
8 this. You know, I mean, given the work load and all that  
9 we had to do, it was sort of first come/first served.

10 Q Did you read these documents at the time,  
11 namely the documents that are listed on Exhibit 1 and 1A?

12 A At which time, sir?

13 Q In November 1986, when they were requested by  
14 North?

15 A No, sir.

16 Q Now once again do you recall whether North  
17 told you the reason or any reason why he wanted to see  
18 these documents in November 1986?

19 A I've tried to reconstruct that conversation,  
20 but I just can't, sir. No, I don't recall whether he  
21 said anything or not. As I say, I believe he asked to  
22 look at them.

23 Q Now we've shown you before the deposition, I  
24 believe, copies of the documents that are listed -- off  
25 the record.

1 (A discussion was held off the record.)

2 Let me hand you document 402003. That's a  
3 System IV number. I'm not going to mark it as an  
4 exhibit. It's a February 7, 1985 memo from North to  
5 McFarlane titled Subject: Nicaraguan Arms Shipment,  
6 bears our numbers N-6917 through N-6921.

7 Looking at that document, Mr. deGraffenreid,  
8 do you recall reading that document at any time around  
9 November 1986?

10 (Pause.)

11 A November '86?

12 Q Yes.

13 A No, sir, I don't.

14 Q Do you recall reading it around February, any  
15 time in 1985?

16 A Can I take a moment to look at it and read it  
17 here?

18 Q Certainly.

19 (Pause.)

20 Now regardless of whether you saw the  
21 handwritten note from Admiral Poindexter, do you recall  
22 seeing that memo itself any time during 1985?

23 A No, sir, I don't believe so.

24 Q Let me show you another document, which bears  
25 the System IV number 400215. It is a memo dated March 5,

**UNCLASSIFIED**

1 1985, to McFarlane from North. The subject is [REDACTED]  
2 Aid to the Nicaraguan Resistance. It bears our numbers  
3 N-7184 through 7199. And I have the same question for  
4 you about this memo, Mr. deGraffenreid, namely do you  
5 recall whether you saw it any time during 1985.

6 (Pause.)

7 A I don't recall seeing this, sir.

8 Q Let me ask you whether you recall that in the  
9 summer of 1985 there was a Congressional inquiry under  
10 way into allegations that Colonel North's actions  
11 relating to the contras had violated Congressional  
12 restrictions on U.S. aid to the contras. Do you recall  
13 there was an inquiry into that matter in the summer of  
14 1985?

15 A Yes, sir. I don't have that date, that time,  
16 fixed in my mind. I remember there was an inquiry, yes,  
17 sir.

18 Q There were letters from Congressmen and  
19 Senators asking about those sorts of allegations, right?

20 A The allegations that --

21 Q Against Colonel North relating to his  
22 activities with respect to the contras?

23 A Yes, sir.

24 Q And I will represent to you that the inquiry  
25 that I am talking about was in the late summer of 1985,

**UNCLASSIFIED**

**UNCLASSIFIED**

39

1 August-early September; okay?

2 A Yes, sir.

3 Q Now do you recall that documents were  
4 assembled, System IV documents, memos from North to  
5 McFarlane were assembled for Mr. McFarlane, who was then  
6 the National Security Advisor, in connection with that  
7 Congressional inquiry into North's activities?

8 A Yes, sir. I have a recollection that material  
9 and documents and other material was prepared for that.

10 Q Did you participate in preparing such material  
11 or in gathering any documents at that time for that  
12 purpose?

13 A I don't believe I had any. I don't believe  
14 so, sir. In other words, I don't think I was the person  
15 gathering documents and doing that. It was not -- if you  
16 want my action, I --

17 Q Did you instruct anyone to do it?

18 A I don't recall. In other words, it's  
19 conceivable that I was asked, you know, tell somebody to  
20 do something, but I don't have a direct recollection of  
21 that. But I do have the recollection that, you know,  
22 documents were being assembled there.

23 Q Did you read any of the documents that were  
24 assembled at that time?

25 A I don't know.

**UNCLASSIFIED**

**UNCLASSIFIED**

40

1 Q Did anyone tell you at that time that there  
2 were documents in the files that could be embarrassing or  
3 that could cause a problem for Colonel North?

4 A Not in that sense.

5 Q Well, in what sense?

6 A I recall -- and this is vague -- that there  
7 was concern from the point of view that the White House  
8 had documents which were privileged and should not be  
9 going to the Hill, and I mean I recall, you know, hearing  
10 discussions of that issue, not in the sense of being  
11 embarrassing to a particular individual or even  
12 embarrassing, but that these were documents or there were  
13 documents and material that was properly within the  
14 thing.

15 I'm not an attorney, so I don't know what  
16 that --

17 Q You heard discussions of whether Executive  
18 privilege applied?

19 A Yes, sir.

20 Q Who did you hear having such discussions?

21 A I don't have a direct -- I mean, I cannot  
22 place a particular conversation. It's a belief. You  
23 know, I may have heard it in overhearing discussions  
24 between Admiral Poindexter or Mr. McFarlane with the  
25 Director of Central Intelligence or maybe a more general

**UNCLASSIFIED**

1 discussion at a morning staff meeting. I cannot place  
2 the thing.

3 I have that impression, though, and when you  
4 asked that question I mean I remember there were these  
5 inquiries. I remember that people were scurrying about  
6 trying to prepare for this response, but I just -- you  
7 know, without access to documents and the time, I just  
8 don't have particulars for you, sir.

9 Q Aside from discussions of privilege, however,  
10 do you recall whether anyone told you that the substance  
11 of any of the documents could prove embarrassing or  
12 harmful to Colonel North or to the Administration, not  
13 because of Executive privilege but because of the  
14 content, the substance of the documents themselves?

15 (Pause.)

16 A Sir, again I wish I could be more precise  
17 here. I mean, I recall that there was concern, if you  
18 will, that the opponents of, you know, aid to the freedom  
19 fighters were not be given privy to whatever it was was  
20 our policies and plans and that sort of stuff -- not in  
21 the context of illegalities or some other thing, no, sir.

22 Q What I'm asking is that these are documents  
23 that are going to show Colonel North doing things that he  
24 shouldn't be doing.

25 A No, sir, not in that sense, but in the sense

**CONFIDENTIAL**  
**UNCLASSIFIED**

**UNCLASSIFIED**

42

1 of not wanting your political opponents, you know -- I  
2 don't remember a specific conversation, but I remember,  
3 in addition to the privilege, that that was the kind of,  
4 you know, general discussion I overheard. I was not a  
5 principal in that issue.

6 Q Was it the view in the discussions you  
7 overheard that the investigators on Capitol Hill were  
8 political opponents and ought to be treated that way?

9 A Yes, sir, I think so.

10 Q And who did you hear express that view?

11 A I can't give you a particular conversation. I  
12 think that was a shared view.

13 Q Shared among whom? Give me the people. Was  
14 it your view?

15 A Which part?

16 Q That the investigators were political  
17 opponents and were to be treated that way?

18 A Well, I don't know about the second part. I  
19 think to the extent my view was not one that carried the  
20 day. I mean, my view wasn't sought on this. My view was  
21 not sought. But I did, yeah, I believed that people who  
22 were doing this were politically on the opposite side of  
23 the issue, yes, sir. But, you know, when you say  
24 "treated like that", I'm not sure that I would attach  
25 that kind of meaning to it.

**UNCLASSIFIED**

**UNCLASSIFIED**

43

1 Q Did anyone attach that kind of meaning to it,  
2 so far as you know?

3 A Sir, I don't know.

4 Q Let me ask you specifically do you remember  
5 Commander Paul Thompson telling you in 1985 we've got  
6 some problem documents here?

7 A No, sir, I don't.

8 Q I want you to look again at that note, Exhibit  
9 1 and give it a hard look and tell me whether you recall  
10 if you saw that document, Exhibit 1, for the first time  
11 not in 1986 but some time in the early fall or late  
12 summer of 1985.

13 A In other words, in connection with this?

14 Q Un-huh, around the time of the Congressional  
15 inquiry. If you don't recall it, you don't recall it.  
16 I'm asking you whether you have any recollection of  
17 seeing that list, deGraffenreid Exhibit 1, or a  
18 functionally equivalent list, a list of those numbers, in  
19 late August or early September 1985.

20 (Pause.)

21 A I don't want to say to you that I've never --

22 Q You can only give us your best recollection,  
23 Ken.

24 A I may well have seen it. You know, I saw a  
25 lot of lists in six years of documents. I don't right at

**UNCLASSIFIED**

**UNCLASSIFIED**

44

1 this moment recall seeing this list or one of those  
2 numbers.

3 Q Well, let me see if I can refresh your  
4 recollection. Do you recall in the same late August-  
5 early September 1985 time period, or thereabouts, going  
6 to Mr. Radzinski with a list of numbers of System IV  
7 documents that were the same numbers as those which  
8 appear on Exhibit 1 and asking Mr. Radzinski to pull  
9 those documents for you?

10 Why don't we take a break for five minutes?

11 (A brief recess was taken.)

12 MR. BELNICK: Would you read back the pending  
13 question, please?

14 THE REPORTER: Let me see if I can refresh  
15 your recollection. Do you recall in the same late  
16 August-early September 1985 time period, or thereabouts,  
17 going to Mr. Radzinski with a list of numbers of System  
18 IV documents that were the same numbers as those which  
19 appear on Exhibit 1 and asking Mr. Radzinski to pull  
20 those documents for you?

21 THE WITNESS: No, sir, I don't at the present  
22 time.

23 BY MR. BELNICK: (Resuming)

24 Q Do you recall requesting any documents from  
25 Mr. Radzinski in the same time period that related to the

**UNCLASSIFIED**

**UNCLASSIFIED**

45

1 North inquiry?

2 A No, sir, not at the present time. I don't  
3 have a recollection of it. It is, of course,  
4 conceivable, you know, that Mr. McFarlane or Admiral  
5 Poindexter would have asked me to get documents and send  
6 them over to them. That is entirely possible. It's not  
7 probably something I would have committed to memory. I  
8 certainly don't remember these documents, at least the  
9 ones you showed me. I don't remember having read those.

10 Q Well, those are two of the documents that  
11 appear on the list. For example --

12 A For example, the two that appeared on the list  
13 that you showed me I don't recall reading those in  
14 November and I don't recall reading them back in the time  
15 frame you were talking about.

16 Q Do you recall asking Mr. Radzinski for  
17 documents in the fall of the same time period, 1985, and  
18 having to go back to him on more than one occasion for  
19 those documents because he didn't give them to you?

20 A No, sir, not at the present time.

21 Q All right. Let me jump ahead now, back to  
22 November of 1986. You told us a little bit earlier that  
23 at some point after North --

24 A Could I say --

25 Q Please.

**UNCLASSIFIED**

**UNCLASSIFIED**

46

1           A     I do want to make clear that while I don't  
2     remember it, you know, oftentimes there was a short fuse,  
3     things where I would come back from a meeting with the  
4     Admiral or Mr. McFarlane and I'd come racing in and, you  
5     know, say, hey, we've got to get together something for  
6     across the street. That was not an uncommon experience,  
7     but I don't have recollection of this and, given the  
8     subject matter, I mean, I think --

9           Q     You think you would recall it?

10          A     I think I would, since I was not knowledgeable  
11     of those events.

12          Q     I can only get today your recollections.

13          A     Yes, sir.

14          Q     I want to go back again, then, to November of  
15     1986 and the events involving North's request to you for  
16     various System IV documents. You said that after North  
17     requested those documents of you you mentioned the  
18     request to Admiral Poindexter, right?

19          A     Yes, sir.

20          Q     Why did you mention it to Admiral Poindexter?

21          A     It was in the context, as I indicated, of a  
22     discussion in the evening, an evening discussion. It was  
23     hard to see Admiral Poindexter on those days. When I had  
24     the opportunity I usually had a small agenda of things to  
25     discuss, a backlog of issues in my mind, to discuss with

**UNCLASSIFIED**

**CONFIDENTIAL**  
**UNCLASSIFIED**

47

1 him and he usually had one for me.

2           There was some quiet time in the evening and  
3 we were going through this desiderata of our two little  
4 mental agendas of things we needed to discuss with each  
5 other. This was in the period following the revelations  
6 about U.S.-Iranian -- the whole Iran arms-for-hostages  
7 business. You were there the last time I talked. I was  
8 not part of that, but I was deeply concerned about the  
9 political damage being done to the United States and to  
10 the President, in my opinion.

11           And I expressed that after going through  
12 whatever my little agenda was with Admiral Poindexter. I  
13 expressed that feeling to him, that I was concerned about  
14 this, about the damage being done. He and I mutually  
15 talked about how we felt that certain Cabinet officers  
16 were not sticking by the President and I said something  
17 to the effect that, you know, how can I be of help to  
18 you, John. And he said, you know, you're not part of  
19 this and you're doing a good job and said some nice thing  
20 to me. He said, I appreciate your expression of  
21 friendship.

22           I said I thought it was kind of unfortunate  
23 what was happening to people -- I mean, you know, the  
24 President and him being abandoned, I thought, by others.  
25 I had my own reservations about the policy, but I did not

**CONFIDENTIAL**  
**UNCLASSIFIED**

**UNCLASSIFIED**

48

1 express them to him -- simply, you know, my sympathy with  
2 the plight that he was in. I asked him how, you know, in  
3 kind of a knowing -- well, the right word -- over the  
4 years he and I had expressed to each other sometimes  
5 surprise and amazement at sometimes the exuberance of  
6 Colonel North. He was sometimes a difficult person to  
7 deal with.

8 I said, how is Ollie on all of this in the  
9 sense of, you know, since I wasn't in I didn't know what  
10 was going on. But, in other words, my question to him  
11 meant is Ollie off the reservation here on this Iranian  
12 thing, and he said, no, no. He said Ollie's fine. It  
13 was in that context then I said well, Ollie's asked to  
14 look at some documents and I think John said okay or  
15 fine, or nodded or something.

16 You know, it was in the context of trying to  
17 be helpful to whatever plight, political plight John was  
18 in, or Admiral Poindexter was in.

19 Q Well, how did you think it could be helpful to  
20 his plight to tell him that Ollie asked to look at  
21 certain documents?

22 A I had not been having much contact with Ollie  
23 and I didn't know what Ollie was doing, and I sort of  
24 offered, proffered that to Admiral Poindexter.

25 Q You were suspicious about Ollie's request?

**UNCLASSIFIED**

**UNCLASSIFIED**

49

1 A Truthfully, no, sir, I wasn't.

2 Q Well, then how would it help Admiral  
3 Poindexter to know that Ollie had asked to look at  
4 certain documents?

5 A I think I was trying to point out -- I was  
6 trying to be helpful. In other words, I had no part in  
7 this, but I just offered -- well, you know, I'm trying to  
8 help out where I can, and John didn't seem to want -- you  
9 know, I offered. I said, how can I be of help. He said,  
10 you're being of help just by doing a good job, et cetera,  
11 et cetera. I mean, I just threw that in. That's why I  
12 said it was in a different context.

13 I was not -- you know, in hindsight I know  
14 that sounds amazing, but I was not at the time  
15 suspicious.

16 Q I'm not asking you whether it's amazing. I'm  
17 just trying, and I don't mean to be obtuse, to understand  
18 what you were trying to convey to Admiral Poindexter by  
19 telling him that North had asked to look at certain  
20 documents. Did you know what the documents were the  
21 North wanted to see?

22 A No, sir.

23 Q Had North ever asked you to look at System IV  
24 documents prior to this request?

25 A I don't think he personally ever asked me to

**UNCLASSIFIED**

**UNCLASSIFIED**

50

1 do so.

2 Q Had his secretary ever asked you for  
3 documents? You can answer.

4 A No, sir, I don't recall it. I mean, she may  
5 have.

6 (Pause.)

7 The point is I didn't know what documents they  
8 were, and, you know, I'd been told to stay out of  
9 Ollie's, you know, activities, and I basically was  
10 demonstrating to John, I think, that, you know, we were  
11 being helpful to whatever Ollie was doing. This was in  
12 the period when, you know, the Administration was trying  
13 to prepare its response to the critics that were forming  
14 about its arms sale policy.

15 Q Do you remember going to Admiral Poindexter  
16 some time after the Hasenfus shootdown and telling him  
17 that you were aware of documents in the files that could  
18 be embarrassing to the Administration relating to Central  
19 America and, having said that, do you recall further that  
20 Admiral Poindexter told you go discuss it with North?

21 A No, sir. I don't recall that in the reference  
22 to the Hasenfus thing in particular.

23 Q Take out Hasenfus. Do you recall going to  
24 Admiral Poindexter at any time, any time, and saying to  
25 him that there were documents in the files that could be

**UNCLASSIFIED**

**UNCLASSIFIED**

51

1 embarrassing to the Administration or to North that  
2 involved North's activities vis-a-vis Central America?  
3 Do you recall saying that to Admiral Poindexter in words  
4 or in substance, and do you recall Admiral Poindexter  
5 telling you in response that you ought to discuss that  
6 matter with Colonel North?

7 A No, sir, I don't recall that.

8 Q Was it known to you as of late 1985 -- let me  
9 start that again.

10 Did you know or believe as of late 1985 that  
11 there were System IV documents, memos, involving North  
12 and his activities in Central America that could be  
13 damaging or harmful or embarrassing if publicly  
14 disclosed?

15 A Sir, I was not generally -- let me give you a  
16 kind of more comprehensive answer. I did not, as a rule,  
17 read documents by Colonel North in the System IV file.  
18 It was not my practice to go over those things or to make  
19 myself witting of what he was doing by reading his  
20 documents when they were in System IV. I would say to  
21 you that I had a general knowledge that, you know, the  
22 documents in System IV, many documents in System IV, if  
23 you will, would be politically embarrassing to the  
24 Administration on any number of subjects because of the  
25 candor and the fact that they were written intimately

**UNCLASSIFIED**

**UNCLASSIFIED**

52

1 back and forth.

2 So as a general rule I would -- you know,  
3 System IV documents, if played out in public, would be  
4 embarrassing. I mean, I would think that of most  
5 documents. And, you know, there was great opposition to  
6 the Administration's policies in Central America, so they  
7 would be particularly embarrassing. Yes, sir, I would  
8 say that.

9 Q Did you believe there were any documents as of  
10 late 1985 that could have raised questions about the  
11 legality of Colonel North's conduct?

12 A No, sir, I did not believe that.

13 Q Did you believe that at any time during 1986?

14 A No, sir. But, you know, on the other hand I  
15 could not say to you categorically that my knowledge of  
16 System IV was such that I could make that statement. I  
17 can't make that statement today, and I could not have  
18 made it then, that there were not documents about, you  
19 know, that. I did not have a comprehensive knowledge of  
20 the System IV documents, and I certainly did not have a  
21 knowledge of Colonel North's activities.

22 Q Did you learn at any time in November 1986  
23 that Colonel North was having System IV documents altered  
24 in his office, completed System IV documents altered?

25 A No, sir.

**UNCLASSIFIED**

**UNCLASSIFIED**

53

1 Q When was the first time you heard of such an  
2 event, if you've heard? When was the first time you've  
3 heard that such an event took place?

4 A I mean, I've heard references in the paper and  
5 on television.

6 Q But aside from that?

7 A No, sir. Nobody's -- well, the first time the  
8 FBI came to interview me and asked me about and showed me  
9 this exhibit 1, 1A, but they referred to it at the end of  
10 the interview. I think I said what's all this about?  
11 And they said, as you may have guessed, there's been some  
12 allegations of alterations of documents.

13 Q But you don't know anything about document  
14 alteration?

15 A No, sir.

16 Q What about document shredding? Were you aware  
17 that North and/or any of his suite-mates in 302 were  
18 shredding documents during November 1986?

19 A No, sir, not in the sense you are asking. You  
20 know, I can't say that I don't know. They had a  
21 shredding machine in their office and they did their own  
22 little thing in there. But no, sir, I had no specific  
23 knowledge or any general knowledge or any other kind of  
24 knowledge that they were shredding documents.

25 Q Ken, in November 1986 did Colonel North ask

**UNCLASSIFIED**

UNCLASSIFIED

54

1 you in words or in substance to help him get rid of some  
2 problem documents in the files or to alter any of those  
3 documents?

4 A No, sir.

5 Q Did you volunteer to help Colonel North with  
6 something like that?

7 A No, sir.

8 Q Did you tell Admiral Poindexter or suggest to  
9 Admiral Poindexter that you could be helpful with that  
10 kind of activity?

11 A No, sir.

12 MR. BELNICK: What I'd like to do, then, is  
13 stop here for today and pick a time when we can continue,  
14 if that's okay. Thank you.

Q Now, [REDACTED] let me take you back, if I may, to the period around November 22, 1985. That day, for your information, has been determined to be Friday. Do you recall becoming involved in a matter involving the attempt to grant landing rights to a flight originating in Israel and coming [REDACTED] on that day?

A I must, you know, actually clarify the statement there, because I didn't know that it was Israel, that it was coming from Israel, at the time that we were called in. We were called in very early in the morning, about, I would say, the middle of the morning, about 3:00. When I say "we", that was [REDACTED] and I. [REDACTED] was chief [REDACTED]

We received two separate cables which told the communicator to call each one of us in and have us stand by for a series of cables on a matter of extreme national security interest.

Q Now before you go any further, let me just stop you and show you what I will have marked as Exhibits 1 and 2. First I'll have them marked and then I'll show them to you.

(The documents referred to were marked [REDACTED] Exhibit Numbers 1 and 2 for identification.)

2 Q [REDACTED] I'm showing you what has been

4 A Yes, I do.

5 Q What do you recognize them to be?

6 A I recognize them as cables coming from  
7 Washington directing us to stand by for special  
8 assignment.

9 Q That is you and [REDACTED] <sup>C</sup>

10 A That's correct.

11 Q And those are the cables you were referring to  
12 when you said that you and [REDACTED] <sup>C</sup> were called early  
13 in the morning and told to report to the Embassy; is that  
14 correct?

15 A That is correct.

16 Q Now, when you got to the Embassy, who was  
17 there?

18 A The communicator.

19 Q And who was that?

20 A I wish I could remember exactly, because it  
21 could have been [REDACTED] or [REDACTED] I  
22 don't remember which one it was at the time.

3 was smiling when he showed me the thing. I didn't think  
4 it was very funny being awakened at that time.

5 Q Was smiling when he showed you the cable?

6 A Yes. We were just wondering what it was, what  
7 is this all about.

8 Q So what happened next?

9 A Well, we stood by, needless to say, and the  
10 cables did start arriving indicating that there would be  
11 an individual named Copp and a telephone number was given  
12 to us where we could reach him, and [REDACTED] later did contact  
13 Copp. And he himself told us to actually stand by  
14 because he felt that he had the matter well in hand at  
15 the time.

16 Q So what happened?

17 A After that Copp did call [REDACTED] again and told  
18 him that he needed some help, and that's when [REDACTED]  
19 -- and by that I mean just [REDACTED] and me -- actually  
20 started trying to make some calls [REDACTED]  
21 [REDACTED]  
22 [REDACTED]

23 I want to clarify something here also. You  
24 know, insofar as [REDACTED] is concerned, this was not  
25 the only thing that was preoccupying us at the time. [REDACTED]

SECRET  
**UNCLASSIFIED**

10

1 [REDACTED]  
2 what happened there is it was a division of labor at the  
3 time. You know, [REDACTED] took it upon himself to actually  
4 handle and focus on this particular problem, and I was  
5 charged with actually running the rest [REDACTED]  
6 [REDACTED]

7 I was preoccupied [REDACTED]  
8 [REDACTED]

9 So there could have been, you know, a number of items  
10 that could have been sent out or could not have been sent  
11 out, you know, without my knowing as far as that goes.

12 Q I understand. I am going to be asking you to  
13 testify, of course, to the best of your recollection.

14 Now that really divides itself into at least  
15 three categories. There are those things that you  
16 personally experienced. There would be those things that  
17 [REDACTED] might have told you at the time, roughly  
18 contemporaneous with the event, and then there are those  
19 things that perhaps he might have told you following the  
20 event, either immediately after or much later after the  
21 event.

22 When you testify, if you would be careful to  
23 explain how it is you came by the knowledge, then I think  
24 we'll avoid any confusion.

25 A Sure.

UNCLASSIFIED

UNCLASSIFIED

11

1 Q Now I think you had testified that initially  
2 when Mr. Copp was contacted he thought he had the matter  
3 in hand. Later it turned out that he did call upon your  
4 office for assistance.

5 A That is correct.

6 Q Do you recall what happened when he enlisted  
7 your assistance? C C

8 A Well, he was talking to [redacted] and [redacted] was the  
9 guy that called him, and, if I recall correctly, I think  
10 that there was a lady at the first telephone number, and  
11 then I think that subsequently that lady gave him another  
12 number and when he called there it was [redacted] C  
13 individual that answered the phone. And then I think [redacted]  
14 spoke to Copp and Copp told him, okay, I've got the  
15 matter well in hand, it looks like I do. Hold off and  
16 I'll get back to you.

17 Subsequently, like I said, he did call, Copp  
18 did call, and ask for help. He was having problems. So  
19 he requested help and [redacted] took it upon himself to  
20 actually go ahead and try to assist him, following the  
21 instructions that we had received. C

22 Q Now by this point did you and [redacted]  
23 have an understanding as to what Copp was trying to get  
24 you to help him with?

25 A Well, yes, sure. It was a question of

UNCLASSIFIED

**UNCLASSIFIED**

12

1 actually, you know, I mean, I think it was on the  
2 question of the airplane, trying to get some clearances,

3 [REDACTED]  
4 I think, at the time.

5 Q And did you have an understanding as to  
6 whether you were having any problem, or [REDACTED]  
7 picked upon on General Secord's request of getting  
8 assistance [REDACTED] and getting  
9 clearance [REDACTED]

10 A Another thing. At the time I didn't know it  
11 was Secord. You just mentioned Secord. I did not know  
12 it was Secord. In fact, I didn't know that it was Secord  
13 until this last time that I passed through here. All the  
14 time during that time the only individual that I knew,  
15 even if [REDACTED] had mentioned that this is General Secord,  
16 you know, it wouldn't have meant a damn thing to me,  
17 because at the time, you know, Secord was a nobody, at  
18 least to me.

19 So, you know, he was talking to Copp and as  
20 far as I was concerned that was the name that I knew him  
21 by. He never mentioned, okay, this individual is General  
22 Secord. That's just one of the things. What was the  
23 rest of your question?

24 Q The question was, once Copp, whom you later  
25 came to know as Secord, advised you that he did in fact

**UNCLASSIFIED**

UNCLASSIFIED

13

1 need your help, do you recall whether there was any or do  
2 you recall whether there was any problem with the foreign  
3 ministry giving the clearance for the airplane?

4 A There was quite a bit of a problem, and that  
5 was because of some actions that Copp and his [REDACTED]  
6 assistant had taken at the airport.

7 Q Now, if you can, would you explain to me what  
8 those actions were and what kind of problems they  
9 generated?

10 A Actually, what they had tried to do was they  
11 had tried to intercept the Prime Minister [REDACTED]  
12 [REDACTED] and some of his staff members at the  
13 airport and I would imagine at the time tried to enlist  
14 their support in trying to get a clearance for the  
15 aircraft to actually come in.

16 Q How did you learn this?

17 A I think this was from conversation I would  
18 probably have had with [REDACTED]

19 [REDACTED]  
20 [REDACTED]  
21 [REDACTED]  
22 [REDACTED] this was an action that [REDACTED] and I had  
23 discussed.

24 We felt that this was a very stupid thing. In  
25 fact, I remember that clearly now -- at the time that it

UNCLASSIFIED

UNCLASSIFIED

14

1 was stupid for them to actually make such a thing.

2 Q Do you recall who it was that Copp was with at  
3 the time he tried to intercept -- was it the Foreign  
4 Minister or the Prime Minister?

5 A I think it was the Prime Minister.

6 Q Do you recall who he was with, who his  
7 [REDACTED] contact was?

8 A Well, I've seen the name subsequently. It's a  
9 guy named [REDACTED] and I know that he was -- at  
10 the time also that we did know that he was a rather  
11 unsavory individual.

12 Q I gather you already had intelligence on him  
13 up to that point?

14 A We did have his name on file.

15 Q Now you say that information indicated he was  
16 unsavory. In what way did it indicate he was unsavory?

17 A He had a reputation for actually trying to  
18 bribe some officials or to bribe people in order to get  
19 some of those things done. And we subsequently also  
20 found out [REDACTED]

21 [REDACTED] he had tried to bribe a foreign  
22 ministry official to try to get clearances.

23 Q And this is connected with the same event?

24 A That is true.

25 Q In an attempt to get landing rights for this

1 airplane?

2 A Exactly. [REDACTED]

6

7

8 Q And you understood that this had already  
9 occurred by the time you and [REDACTED] were brought  
10 into the matter; is that correct?

11 A At the time we didn't know that this had  
12 happened. We found this out subsequently, and this was  
13 one of the things that was causing the problems.

14 Q I gather when you found out subsequently that  
15 this had happened it had already happened before you and  
16 [REDACTED] were brought into the matter; is that right?

17 A That is correct, yes.

18 Q What then happened?

19 A Well, there was a lot of negotiating back and  
20 forth. Copp was constantly on the telephone with [REDACTED] and  
21 I think that they -- well, I know that they met once.  
22 [REDACTED] went out to meet with him. I want to clarify  
23 something here, that I never did meet with Copp.

24 Q Did you ever speak to him?

25 A I never did speak to him either.

1 MR. PEARLINE: Could we go off the record for  
2 a second?

3 (A discussion was held off the record.)

4 THE WITNESS: Let me explain this. Here, in  
5 this instance, it applies to this subject. I did receive  
6 a communication, a cable, from the IG asking me to  
7 explain as much as I could remember about this  
8 circumstance.

9 BY MR. WOODCOCK: (Resuming)

10 Q When do you recall that request coming in?

11 A What was it, about a month or so ago? Maybe a  
12 month and a half or so ago. I know there are two cables  
13 on the subject that I sent in.

14 Q Sounds like the IG heard the footsteps of Tom  
15 Polgar.

16 A Anyway, what happened is that I recall at the  
17 time -- well, I wrote a cable indicating that I had  
18 spoken, [REDACTED] and I had spoken with Copp, and what it is  
19 is, actually what I do recall was actually talking to  
20 another individual [REDACTED]  
21 [REDACTED]  
22 [REDACTED]  
23 [REDACTED]  
24 [REDACTED]  
25 [REDACTED]

**UNCLASSIFIED**

**UNCLASSIFIED**

17

1 [REDACTED]  
2 [REDACTED]  
3 [REDACTED]  
4 [REDACTED]

5 And this is what,  
6 at the time that I sent that first cable, I put down  
7 there that we had spoken to Copp. That was what I was  
8 thinking of at the time, because I just related that  
9 right away.

10 Actually it isn't. Again I repeat I never did  
11 meet with and never did talk to Copp either orally or  
12 anything or on the telephone, for that matter.

13 Q The person that you did in fact speak to [REDACTED]  
14 [REDACTED] was not Copp; is that correct?

15 A That is correct.

16 Q And not the person you now know to be Second;  
17 is that correct?

18 A That is correct.

19 Q So you have refreshed your recollection on  
20 that point and you now firmly recall that during this  
21 late November event you did not speak with Copp; is that  
22 correct?

23 A That is correct, and in fact the reason also  
24 that was clarified to me is because, you know, I have  
25 spoken to [REDACTED] you know, on this thing, and in fact  
I asked him explicitly. I said, who the hell was that

**UNCLASSIFIED**

18

1 guy that we spoke to on [REDACTED] I said wasn't  
2 that Copp? He says, no. I never brought Copp into [REDACTED]  
3 [REDACTED] which is true.

4 [REDACTED] sitting back, I said, well, who is this guy.  
5 He says, [REDACTED] that was another [REDACTED]  
6 [REDACTED]  
7 [REDACTED]  
8 [REDACTED]  
9 [REDACTED]  
10 [REDACTED]

11 Q Do you recall, as this series of events  
12 unfolded on November 22, whether [REDACTED] was in  
13 communication with CIA headquarters at Langley?

14 A It very definitely was in communication with  
15 it. Again, I have to emphasize one thing. You know, I  
16 mean, during the whole sequence of events here [REDACTED] and I  
17 did have a division of labor and [REDACTED] in fact even stayed  
18 in [REDACTED] you know, for those three days, I think  
19 it was, three days and nights, really only going home to  
20 actually refresh himself or grab a bite or something like  
21 that, you know.

22 C And during the interim I was in charge, but  
23 again [REDACTED] was handling most of the traffic that was  
24 coming in and out.

25 Q Do you recall whether you handled any of the

UNCLASSIFIED

UNCLASSIFIED

19

1 traffic?

2 A I would imagine that I did. I mean, I know I  
3 subsequently did handle cable, but, you know, this was  
4 after I recall sending a lessons learned cable on the  
5 subject, [REDACTED]  
6 [REDACTED]  
7 [REDACTED]

8 Q That was a post facto assessment?

9 A It was a post facto thing. But during the  
10 interim again, you know, [REDACTED] did handle most of the  
11 information that was coming in and going out, and  
12 whatever I gleaned was essentially through conversation  
13 with him. [REDACTED]  
14 [REDACTED]

15 Q Do you recall the mission first being  
16 explained as one involving humanitarian assistance?

17 A Very definitely. That was one of the things,  
18 you know, I mean, that came up [REDACTED]  
19 [REDACTED]  
20 [REDACTED]  
21 [REDACTED]  
22 [REDACTED]

23 This was also one of the things that was  
24 discussed with [REDACTED] <sup>DCM</sup> and one of the arguments that  
25 <sup>DCM</sup> [REDACTED] himself was using with the Foreign Minister --  
26 [REDACTED]

7 [redacted]

8 Q [redacted] I gather that [redacted] C  
9 [redacted] made some effort on his own before involving

11 [redacted] to seek clearance rights; is that correct?

12 A I honestly can't say [redacted]  
13 [redacted]  
14 [redacted] we  
15 eventually brought in [redacted] b2m on the question. I say  
16 "we" because it was [redacted] but [redacted] C was the guy that

Q Let's limit ourselves at this point to November 22. I gather that originally as this mission gathered steam you did not know that it was a hostage recovery mission; is that correct?

A Not in the initial things. This, I think, actually unraveled or unveiled itself -- I can't say whether it was the 23rd or the 24th or something like that.

Q I understand. I'm trying to pin down a sequence more than exact dates at this point. Initially, however, you understood that this was a mission involving humanitarian assistance; is that correct?

A Yes.

Q That understanding was later, I gather, illuminated by an understanding that it also involved hostages; is that correct?

A And that it also involved arms.

Q We're going to proceed to that in a moment.

UNCLASSIFIED

**UNCLASSIFIED**

22

1 But there was an initial period when your understanding  
2 was that this was a humanitarian assistance mission and  
3 you didn't know a lot more about it than that; is that  
4 correct?

5 A That is correct.

17 Q Now, do you know or did you have an  
18 understanding at the time as to whether the fellow that  
19 you knew as Copp himself was in touch with CIA  
20 headquarters?

21 A We got that impression because he kept calling  
22 the office and indicating what to expect, so we figured  
23 that he obviously did have some way of actually  
24 contacting, you know, I mean, headquarters. It was  
25 rather strange, of course, in that sense.

**UNCLASSIFIED**

**UNCLASSIFIED**

23

1 Q And why do you say that?

2 A Because in a sense, you know, just about  
3 everything that he said, you know, what to expect, you  
4 know, actually usually came through. Expect such and  
5 such a cable to be coming indicating something or other,  
6 and eventually we'd get it. Needless to say, you know,  
7 [REDACTED] noticed this and he says, geez, he must have  
8 something on the outside. It was just rather obvious.

9 Q Did you have any understanding as to whether  
10 he was in secure communication with Washington?

11 A Well, we -- no, we didn't have any indication  
12 that he wasn't secure. We could only hope that he was.

13 Q And I gather you would also have understood  
14 that the persons at the CIA headquarters, or at least the  
15 office that was interested in this matter was the  
16 European Division; is that correct?

17 A Yeah, sure.

18 Q Did you have an understanding as to whether  
19 Mr. Clarridge himself was involved?

20 A Well, quite a few of the communications came  
21 from him, like this here, so we assumed that everything  
22 that was coming was coming from Dewey himself, Dewey  
23 Clarridge.

24 Q That's Duane and Dewey is his nickname; is  
25 that correct?

**UNCLASSIFIED**

SECRET  
UNCLASSIFIED

24

1 A Yeah.

2 Q Now let me bring you to the point -- and I'll  
3 stipulate for the record that this occurred on November  
4 22 -- let me bring you to the point where [REDACTED] DCM  
5 becomes involved. Do you recall what it was that  
6 generated the involvement of [REDACTED] DCM

7 A [REDACTED]  
8 [REDACTED]  
9 [REDACTED]  
10 [REDACTED] recommending that it would be a heck of a lot  
11 easier and a heck of a lot better if [REDACTED] was  
12 brought into it. DCM

13 Initially there was some resistance, but it  
14 was after, you know, a number of attempts were made to  
15 actually get the clearances on our own and also, I guess,  
16 Copp, through his own, that Copp finally realized that  
17 time was getting short and he called -- in fact, this was  
18 one of those things, you know, where we told [REDACTED]  
19 to stand by and await the clearance or an okay for  
20 DCM

21 That was very much one of the instances, you  
22 know, to actually bring in [REDACTED] DCM and to have him use  
23 whatever influence he could to assist us in this.

24 Q Now when [REDACTED] DCM became involved, do you  
25 recall him having some question about his authority to  
become involved?

SECRET  
UNCLASSIFIED

UNCLASSIFIED

25

1 A Very definitely. [REDACTED] that type of  
2 person. He's a very professional State Department  
3 officer whom I respect personally, and it was in his  
4 character to actually ask a question like that -- very  
5 definitely. And in fact the cable did go out [REDACTED]  
6 [REDACTED] indicating that [REDACTED] b7C was questioning on  
7 whose authority, and a cable did come back indicating  
8 that this was NSC, and I assumed that some officials in  
9 the State Department knew about it.

10 Q Do you recall that cable coming in?

11 A I recall the cable coming in, yes. In fact, I  
12 think it was directed to [REDACTED] if I recall  
13 correctly. *DCM*

14 Q Okay. I'm going to show you what will be  
15 marked as Deposition Exhibit 3 and ask you if you are  
16 able to identify that.

17 (The document referred to was  
18 marked **BC** Exhibit Number  
19 3 for identification.)

20                   A     Yes. I remember it.

21 Q Is that the cable that you were referring to  
22 earlier when you said that [REDACTED] <sup>DCM</sup> received cable  
23 giving him authority to proceed?

**24**                      **A**     **Yes.**

25 Q That cable, I gather from its identification,

**UNCLASSIFIED**

UNCLASSIFIED

26

1 indicates that it was originated at the office of the  
2 Chief of the European Division, Mr. Clarridge; is that  
3 correct?

4 A That is correct.

5 Q Now again remaining on November 22, do you  
6 recall a point in this undertaking where you or [REDACTED] C  
7 [REDACTED] was advised that the plane for which you were  
8 seeking clearance rights in fact was airborne and was on  
9 its way and was reaching a go or no-go point?

10 A That is correct. I remember that, yes, very  
11 definitely, because that was one of the reasons why  
12 [REDACTED] DC/M was brought in, to try to actually assist us  
13 through his own influence to get clearance as fast as we  
14 could.

15 Q Now do you recall that also at this period of  
16 time part of the trouble that was plaguing this operation  
17 was that the Foreign Minister was unavailable because he  
18 was in a Cabinet meeting?

19 A Yes, I remember that. In fact, I think that  
20 some of the foreign ministry officials were instructed  
21 that this was a matter of great urgency and to please  
22 call him out of the meeting.

23 Q Do you recall what the response to that was?

24 A I think there was some more delay, actually,  
25 at the time.

UNCLASSIFIED

**UNCLASSIFIED**

27

1 Q I gather that as of the close of business on  
2 November 22 this matter still hadn't been resolved; is  
3 that correct?

4 A I truthfully, you know, wouldn't be able to  
5 answer, but I know that it took quite a bit of time to  
6 actually try to get to the foreign ministry, and I can't  
7 honestly say that by midnight of the 22nd -- you know  
8 what I mean -- that the matter had not been resolved.

9 The reason for this, again, is that I took  
10 off.

11 Q You didn't stay there all night; is that  
12 correct?

13 A That is true.

14 Q Let me ask you the question somewhat  
15 differently. By the time you left [REDACTED] on  
16 November 22, was it your understanding that clearance  
17 rights were granted or not granted?

18 A Not granted. This was, I would say, maybe  
19 about 7:00 at night or so.

20 Q Now you returned, I gather, [REDACTED] the  
21 next morning; is that correct? That would be Saturday?

22 A Yes, yes, very definitely.

23 Q Now what was happening when you returned? Was  
24 [REDACTED] still there?

25 A Yes, he was.

**UNCLASSIFIED**

**UNCLASSIFIED**

28

1 Q And what was he doing?

2 A He was somewhat sleepy and tired, I tell you.

3 If I remember correctly, I think that he took time out to  
4 actually go home for an hour or two, clean up and grab a  
5 bite, and then he came back.

6 Q And I gather you would have been in charge [REDACTED]

7 [REDACTED] while he was gone; is that correct?

8 A That's correct.

9 Q Did anything happen while he was gone?

10 A Not that I can recall. In fact, I mean,  
11 obviously nothing happened because it didn't leave any  
12 impression with me at the time.

13 Q Then after [REDACTED] returned from having  
14 visited his home or getting cleaned up or whatever he  
15 did, do you recall Mr. Copp coming back into the picture?

16 A I know that it was during one of these days  
17 that [REDACTED] and Copp did get together. Now it could have  
18 been on Saturday. It could have been on Sunday. I don't  
19 know. But I know they did get together to talk  
20 personally.

21 Q Was that generated in part by a concern for  
22 security?

23 A If it were up to me, no. If I were going to  
24 be involved in an operation, you know, I would want to  
25 talk to the individual, you know, rather than conduct the

**UNCLASSIFIED**

**UNCLASSIFIED**

1 whole thing over the phone or anything like that. I'd  
2 like to speak to him face to face, especially on an  
3 operation as sensitive as this.

4 Q Did you have a feeling that that's what  
5 C analysis was as well? C

6 A I imagine it would be. C is a very  
7 professional and very thorough individual, so I would  
8 imagine that this was his decision.

9 Q I've seen him fairly recently. He still  
10 appears to be.

11 Now I gather from your testimony that you  
12 don't have a specific recollection as to whether Mr. Copp  
13 and C met on either Saturday the 23rd or  
14 Sunday the 24th, but you do have a specific recollection  
15 that they did meet at some point?

16 A Yes, I do.

17 Q Now, do you recall following that meeting  
18 C coming back and imparting any information to you  
19 with respect to the substance of the meeting?

20 A I would say it was probably from this  
21 discussion that I gleaned that what the plane was  
22 carrying was arms. But, you know, given this discussion  
23 and especially since C was in a hurry, again knowing  
24 that he wanted to send the information out, I do not know  
25 and I did not see the cable that went out. But I know

**UNCLASSIFIED**

30

1 that he did sit down and that he did work on a cable  
2 concerning his discussions with Copp.

3 And I do recall that he did -- you know what I  
4 mean -- to me advise that the subject that they had  
5 discussed and that what the plane was carrying was arms.  
6 There was no breakdown, you know. He didn't say the  
7 plane is carrying this, this, this, and this. He did not  
8 say that to me.

9 Q Now let me ask you to do this, if I may, [REDACTED] DC

10 C [REDACTED] First let me back you up to the point where  
11 [REDACTED] has returned [REDACTED] following his  
12 discussion with Mr. Copp. You, I gather from your  
13 testimony, were told by [REDACTED] that Copp had  
14 revealed that the cargo of the plane was arms; is that  
15 correct?

16 A Yes.

17 Q Now did he also reveal to you from Mr. Copp  
18 what the destination of the plane, the ultimate  
19 destination of the plane was?

20 A Not that I recall. I can't say. I cannot say  
21 that, no. The only thing that I know is where it was  
22 coming from, and I think it was Israel.

23 Q Do you recall whether he told you whether the  
24 arms shipment was in any way related to Americans held  
25 hostage?

UNCLASSIFIED

UNCLASSIFIED

31

1           A     That I do. At about that time it actually  
2           came out that it was going to be for the hostages in  
3           Lebanon.

4           Q     Do you recall, when he related this  
5           conversation to you, was [REDACTED] <sup>DCM</sup> present?

6           A     I don't think so. I don't recall that. In  
7           fact, I don't recall ever engaging with [REDACTED] <sup>DCM</sup> on this,  
8           talking to [REDACTED] <sup>DCM</sup>

9           Q     Let me proceed in your testimony. You then  
10          testified that [REDACTED] <sup>C</sup> committed to writing the  
11          substance of the conversation that he had with Mr. Copp;  
12          is that correct?

13          A     Um-hum.

14          Q     You also, I believe, testified that you  
15          yourself did not actually see the cable; is that correct?

16          A     That is correct.

17          Q     Now how is it that you come by an  
18          understanding of the contents of the cable?

19          A     I'm saying that he relayed it to me.

20          Q     Let me break this into a couple of pieces.  
21          Your recollection is that [REDACTED] <sup>C</sup> sat down and wrote  
22          a cable; is that correct?

23          A     That's an assumption on my part, that he  
24          wrote, obviously, on the substance of his conversation  
25          with Copp.

**UNCLASSIFIED**

32

1 Q Now let me ask you this. If that's an  
2 assumption, why do you so assume? C

3 A Because, you know, of what I know about [REDACTED]  
4 Again I repeat that [REDACTED] is a very professional and very  
5 thorough individual and on an operation of this  
6 sensitivity, of this magnitude, one of the first things  
7 that he would do after holding a conversation of this  
8 nature with a guy like Copp, he would come down and  
9 knowing what it was all about he would document it.

10 And again, you know, after having worked with  
11 him for about a couple of years I know how he thinks  
12 operationally, and okay, I'm assuming that this is what  
13 he did and he'd be crazy not to.

14 Q Okay. Let me just go over that analysis of  
15 yours in a little greater detail. By the time [REDACTED]  
16 [REDACTED] returned from his meeting with Mr. Copp you  
17 yourself already had an understanding that this was an  
18 extremely sensitive mission; is that correct?

19 A Very definitely.

20 Q And [REDACTED] knew more about it than you  
21 did at that point; is that correct?

22 A That is correct.

23 Q I gather that the information that he brought  
24 back with him, when you heard it you yourself deemed it  
25 to be significant information; is that correct?

**UNCLASSIFIED**

**UNCLASSIFIED**

33

1 A Yes.

2 C Q Did you have an understanding as to whether  
3 [REDACTED] also deemed it to be significant  
4 information?

5 A Very definitely.

6 Q And I gather that your testimony is that you  
7 had knowledge that some kind of cable was being  
8 generated; is that correct?

9 A That is correct.

10 Q Was that something that he told you about or  
11 that you somehow saw him sit down?

12 A Well, I know he went into his office and he  
13 started to work [REDACTED] on the word  
14 processor, and started to type up something.

15 Q Now was that immediately following his  
16 conversation with you?

17 A Yes. And again the conversation was just in  
18 passing, if you will.

19 Q That is, he gave you the brief outlines of his  
20 conversation with Mr. Copp as you have just described it;  
21 is that correct?

22 A Yes, that is correct.

23 Q Did he say anything to you like I'm going to  
24 transmit this to headquartere or anything like that?

25 A No. I just assumed it, you know. I mean, you

**UNCLASSIFIED**

UNCLASSIFIED

34

1 know, we don't sit down and say I'm going to send this to  
2 headquarters right now or anything. You just go ahead  
3 and do it.

4 Q Did he later confirm to you that he had sent  
5 out a cable on that subject?

6 A No, I can't say that he did.

7 Q So your conclusion is based on your  
8 understanding of the sensitivity of the mission; is that  
9 correct?

10 A Yes. C

11 Q And [REDACTED] general --

12 A His professionalism.

13 Q And his method of operating; is that correct?

14 A His thoroughness and the fact that under those  
15 circumstances he would want to have something documented.

16 Q Documented in the sense that he himself would  
17 not be later put in a position where he would be accused  
18 of withholding significant information; is that correct?

19 A Well, it's very important information. I  
20 don't think the question of actually withholding came  
21 into question at the time or even crossed his mind. I  
22 just think, again, that he wanted it to be made a matter  
23 of record.

24 MR. POLGAR: Would it not be normal for a  
25 chief [REDACTED] with [REDACTED] experience to send a

UNCLASSIFIED

**UNCLASSIFIED**

35

1 message on an important matter as almost second nature?

2 THE WITNESS: Yes, it is, very definitely.

3 BY MR. WOODCOCK: (Resuming)

4 Q And I gather it would not be second nature to  
5 withhold that kind of information?

6 A Of course. That's why I said he'd be crazy  
7 not to.

8 MR. POLGAR: Isn't it also true that any [REDACTED]  
9 [REDACTED] with any experience, when he gets interesting  
10 information, has an urge to send it to headquarters  
11 because he likes to be noticed?

12 THE WITNESS: It's almost Pavlovian, you know.  
13 It's automatic. It's an automatic reaction, really.

14 BY MR. WOODCOCK: (Resuming)

15 Q C Now, following this conversation that you had  
16 with [REDACTED] where he had related some of the  
17 conversation that he had just had with Mr. Copp what do  
18 you recall happening with this effort to gain landing  
19 rights?

20 A The foreign ministry requested notes.

21 Q That is, [REDACTED] Foreign Ministry?

22 A [REDACTED] Foreign Ministry requested  
23 notes be drafted up and sent to them and drafted in such  
24 a way as to explain the nature of the mission. The first  
25 note was turned down because they felt that it was not

SECRET

**UNCLASSIFIED**

UNCLASSIFIED

36

1 sufficient, did not give a sufficient explanation. So  
2 they asked that two notes be sent.

3 By this time I think, if memory serves, that  
4 time was getting short, and I think what happened at that  
5 time, during the time that we were working on the second  
6 note -- I say "we", I mean [REDACTED] -- I mean [REDACTED] DCM  
7 [REDACTED] and [REDACTED] on the second note, you know -- is  
8 instructions were sent [REDACTED]  
9 [REDACTED]  
10 [REDACTED]  
11 [REDACTED]  
12 [REDACTED]  
13 [REDACTED] indicating  
14 that in fact there was a very, very strong note telling  
15 them the U.S. Government was sorry that [REDACTED]  
16 [REDACTED] had not seen fit -- something, words to that  
17 effect -- to assist in this humanitarian mission.

18 Q That was the concluding note?

19 A That was the concluding note, correct, because  
20 obviously at that time the plane or flight had aborted or  
21 something, at least turned off.

22 Q That no doubt was warmly received by [REDACTED]  
23 [REDACTED]

24 A It was not warmly received. In fact, if I  
25 remember [REDACTED] word, I think they used the word

DCM

1 "indignant" at having received it.

2 I apologize for sucking on Sucrets, but my  
3 throat is in pretty sad shape.

4 Q You should know that but for your remark your  
5 sucking of Sucrets would have been absolutely unknown to  
6 the record.

7 (Laughter.)

8 Do you recall on November 23 -- and this would  
9 be the Saturday -- [REDACTED] was involved as the  
10 communicator?

11 A I can't truthfully say. [REDACTED]  
12 [REDACTED]

13 Q You don't recall, I gather, having any direct  
14 interaction with the communicator on the subject  
15 yourself?

16 A The only thing I know is -- I don't know  
17 whether it was during this time or not -- that I went in  
18 to send out a cable and this was at night [REDACTED]

A Yes.

Q And the final word on that for the moment was the very abrupt note?

A The note to the Foreign Ministry.

Q That, I gather, was delivered by [REDACTED]

Q Is that something that he told you or [REDACTED]

Q Let me back up just a moment. I'm going to show you what will be marked as Deposition Exhibit 4, which actually consists of two pieces of paper. I'm going to direct your attention in particular to paragraph four and ask you if that relates to the information that you had about [REDACTED] and Mr. Copp being associated with one another.

(The document referred to was

(Pause.)

A Yes. This is it.

Q Now, [REDACTED] DC in the course of your  
involvement in this effort, which I understand was less  
than that of [REDACTED] C do you recall coming across  
any information that Thomas Clines was assisting Mr.  
Copp?

A None whatsoever.

Q Was Thomas Clines somebody who was known to  
you?

A Yes.

Q Through the CIA; is that correct?

A That is correct [REDACTED]  
[REDACTED]

Q Did you have any information as the deputy  
chief [REDACTED] linking Clines with [REDACTED]  
[REDACTED]

A No, none that I can think of, none that I

Q Did you come across any information linking  
this operation with the name of Albert Hakim?

A Negative. You're talking about during the  
time that I was there?

1 Q Correct.

2 A No, negative, none whatsoever.

3 Q I gather from your testimony you did not learn  
4 that Mr. Copp was in fact General Richard Secord until  
5 sometime fairly recently; is that correct?

6 A In fact, it was on the 8th of this month.

7 Q The 8th of July?

8 A The 8th of July, when I was passing through  
9 [REDACTED] I sat down and talked to [REDACTED] and I said, I  
10 didn't know Copp was Secord. He says, 'I didn't tell you?  
11 I says no, for God's sake. Again, I must say that if he  
12 had told me that it was Secord at the time, you know, it  
13 wouldn't have meant a damn thing to me because I didn't  
14 know Secord from Adam.

15 Q Well, in fact Adam was the pseudonym of yet  
16 another person here. In fact, let me ask you about Adam  
17 for a moment. Did you have any understanding as to  
18 whether Amiram Nir -- had you ever heard that name  
19 before?

20 A Who?

21 Q Amiram Nir.

22 A No, doesn't ring a bell.

23 Q Also known as Adam. Or Al Schwimmer?

24 A No.

25 Q Or <sup>Yakov</sup> ~~Yakov~~ Nimrodi?

1 A No.

2 Q None of those names came to your attention in

4 A No. None rings a bell either, for that  
5 matter.

6 Q To this day?

7 A To this day.

8 Q Haven't they distributed the Tower report  
9 among CIA personnel at [REDACTED]  
10 (Laughter.)

11 MR. PEARLINE: It hasn't gotten to [REDACTED]

12 BY MR. WOODCOCK: (Resuming)

13 Q Now in these communications, I won't say in  
14 your communications but in the communications coming from  
15 [REDACTED] to Washington, were those  
16 proceeding on a privacy channel? Do you have any  
17 understanding of that?

18 A Yes, very definitely. They were in a privacy  
19 channel. In fact, it's right here on this one here,  
20 which is the privacy channel restricted for the Chief of  
21 the European Division.

22 Q And messages coming back to you from [REDACTED]

4 A It would be. They use the same slugs.

5 Q Do you recall at any point receiving -- either  
6 you or [REDACTED] receiving -- telephonic contact from  
7 the Chief of the European Division?

8 A Once very definitely I remember, and I don't  
9 know exactly what date, whether it was on the 22nd or  
10 whether it was on the 23rd or 24th. In fact, I answered  
11 the phone and I couldn't get Dewey's name, and finally I  
12 just gave up. He says I want to talk to [REDACTED] I want to  
13 talk to [REDACTED] I said okay, just a minute.

14 So I called [REDACTED] and [REDACTED] answered the phone.  
15 He says who is it, and I said I don't know. I can't make  
16 out the name. It sounds like Donnie or something like  
17 that. And so Dewey gets on the phone. According to [REDACTED]  
18 -- this is [REDACTED] telling me -- he said that Dewey had asked  
19 him, he said, you know who this is? And [REDACTED] says yeah,  
20 Donnie. I don't know.

21 He says this is Dewey. This is Dewey. And I  
22 don't know what transpired. I was not on the other  
23 phone. I don't know what transpired, but I do know that  
24 Dewey did call him once.

25 Q Now, did you have any understanding that

1 Lieutenant Colonel North was involved in this in any way?

2 A No, not at that time.

3 Q I gather you did have information indicating  
4 that this was an effort undertaken with at least the  
5 blessing of the National Security Council; is that  
6 correct?

7 A Yes, of course. You know, some of them are  
8 titled the NSC mission. Quite a bit of the traffic  
9 indicated that.

10 MR. POLGAR: Was [REDACTED] at [REDACTED]  
11 at that time?

12 THE WITNESS: Yes. She was. [REDACTED]  
13 [REDACTED]

14 MR. POLGAR: Did she have any role in handling  
15 these messages?

16 THE WITNESS: Not that I know of. She could  
17 have been the person that actually hand-carried some of  
18 the stuff [REDACTED]

19 MR. POLGAR: But under the practice then  
20 prevailing [REDACTED] the officer initiating a  
21 cable would type it up [REDACTED] C

22 THE WITNESS: That is correct. [REDACTED] when he  
23 was doing it, would type it up and he would then have it  
24 printed up and then it would be ripped off and put in an  
25 envelope and hand-carried [REDACTED]

7 Is this the cable communicating the terse note  
8 from the United States that you referred to in your  
9 testimony earlier?

10 A That is correct. DCM?

11 Q And that is the message that [REDACTED]  
12 to your understanding, ultimately delivered [REDACTED]  
13 [REDACTED] is that correct?

14 A Right, and he subsequently drafted a message  
15 indicating the reaction of the Foreign Ministry to it,  
16 which was also sent up, by the way.

17 Q I gather he was relieved that [REDACTED]  
18 [REDACTED] practiced the art of not killing the  
19 messenger with the bad news; is that correct?

20 [REDACTED] <sup>DC</sup> let me ask you if you would take  
21 a moment to review a cable sent out on December 4, 1986,  
22 by [REDACTED] and ask you if there is anything  
23 in this that you do not agree with or is inconsistent  
24 with your recollection of events.

25 Let me note for the record that I have not

1 given you this cable before because I did not want to

5 mark this as Deposition Exhibit Number 6.

6 (The document referred to was  
7 marked <sup>DC</sup> [REDACTED] Exhibit Number

9 (Pause.)

10 [REDACTED] you've had an opportunity to  
11 review Deposition Exhibit Number 6, and that is a cable  
12 from [REDACTED] to the Inspector General on the subject  
13 of the events of November 22 and 23 and 24. I gather you  
14 have reached a conclusion as to whether there are parts  
15 of it or all of it that you agree to; is that correct?

16 A That is correct. There's only one item  
17 actually here, and this is a question of I'll tell you  
18 that the question on the HAWK missiles itself, again I  
19 cannot actually say -- I didn't know at the time that  
20 HAWK missiles were even mentioned and I did not know what  
21 the breakdown of the cargo that the plane was carrying  
22 contained.

23 I know it was a question of arms.

24 Q Correct, and I think the record should be  
25 clear, and you may want to state this to make the record

**UNCLASSIFIED**

1 clear, that I'm not asking you whether you have a  
2 specific recollection of everything in that cable, and I  
3 gather from your testimony that you do not have a  
4 specific recollection or knowledge of everything that is  
5 in that cable; is that correct?

6 A That is correct.

7 Q However, there is nothing in that cable that  
8 you know to be false; is that correct?

9 A That is correct.

10 Q Now I would state for the record that there  
11 are, I believe, two references in that cable to a  
12 [REDACTED] company by the name [REDACTED] and I advised  
13 [REDACTED] before he began reading the cable that [REDACTED]  
14 [REDACTED] had corrected those references and that he had  
15 in fact meant to refer to [REDACTED]  
16 so that your comments on that cable are made with the  
17 understanding that it was [REDACTED] rather than [REDACTED] that  
18 was intended by [REDACTED] when he wrote that cable; is  
19 that correct?

20 A Yes. And it is a natural mistake that he  
21 made, very definitely.

22 MR. WOODCOCK: I don't think I have anything  
23 further. DC
